Regulation Amendments & Clarifications

Carbon8 Hyundai Coupe Cup with Toyo Tires

Bulletin Number	01
Date of Implementation:	22 April 2021
Series Permit No:	RS2021/047

With immediate effect, the following amendment is made to the official Series Regulations already issued for the Series above. All additions are underlined and in red text. Where appropriate, deletions are shown in blue strikethrough.

Regulation Amendments:

Article 6.15 - Technical Regs – GK Gen 3-3.5 (2002 – 2007) - Tyres:

6.15 TYRES:

The control tyre is the Toyo R888R GG in 205/45/17 size however, due to Covid related manufacturing issues, the 215/45/17 will also be permitted until further notice. The tyres MUST be purchased from exit13 Limited (01908 415979/07714 291417) to be eligible to run in the Carbon8 Coupe Cup series events and will be marked accordingly. No alteration to the tyres from the manufacturer's specification is permitted. No heat retention devices or tyre treatments allowed. No re-cutting re-grooving or in any way to modify the tread pattern is allowed. All manufacturers' data should be clearly visible.

Reason:

The prescribed 205/45/17 tyres are not available from the manufacturer so an alternative is necessary.
