AVON TYRES NORTHERN AND SUPER CLASSIC FORMULA FORD CHAMPIONSHIP

Clarification of the race duration in the event of a Safety Car

As per the issued drivers briefing notes for this event, should it be necessary to neutralise any race in the event of a Safety Car the following will apply:

Should the Safety Car be deployed, 5 minutes **may** be added to the scheduled 15 minutes race duration, extending the total race duration to 20 minutes. This is at the sole discretion of the Clerk of the Course. This time addition will only be implemented once per race. A second Safety Car intervention will not have any further time added to the race duration. Please ensure your cars are prepared and fuelled accordingly.

Safety Car procedures are detailed in the Motorsport UK Yearbook (Q App 3); please ensure that you understand this fully before competing. Ensure that you bunch up as rapidly and safely as possible. Remember that during the restart, overtaking is prohibited until you have passed the GREEN FLAG at the start/finish line.
