Race 4 & 13 - CTCRC CLASSIC THUNDER

Rolling starts for the Classic Thunder

Once in assembly, all race cars will be put into their start positions. Once gridded up in assembly the countdown will start, the safety car will commence a green flag lap (full lap of circuit) around the circuit with the race cars following in grid order. They will not stop on the grid. After the last corner on the green flag lap, the safety car will extinguish its lights, and pull into the pit lane. The race car in pole position will now become the leader of the pack. All race cars are to drive in grid order towards the start/finish Line for a rolling start. The starting lights will be illuminated Red as the grid rolls towards the start/finish Line. Once the red lights are extinguished, the race will start.
