2CV Championship - Qualifying procedure:

For Qualifying, the session will be split into two 10 minute sessions. At the end of the first 10 minute session, a chequered flag will be shown and all cars are to return to the pit lane via the Oval/Paddock Gate (Do not go up to the hairpin) Once driver changes have been made, the cars will then be released from the pit lane for

the second 10 minute qualifying session. This is so that any entry with two drivers can complete the required 3 laps to qualify for the races.
