These cars are classified as "CUP" cars and are eligible to score points in the Praga Cup Championship. "CUP" cars are of standard form as defined in the technical regulations and vehicle passport.

To support future development of the Praga R1T, cars that fall outside of the technical regulations and original passport of the Praga R1T are classified as "PERF" cars and are NOT eligible to score points in the Praga Category (Cup) Championship. - 1.7.11 If an entrant has to replace their vehicle and or their engine, they must notify the Licenced Eligibility Scrutineer. As long as the Promoter and the Licenced Eligibility Scrutineer gives their approval that the vehicle is also the same or lesser performance as the vehicle registered for the respective Championships, then the points already awarded from the previous races will be carried over to the new vehicle, also current Motorsport UK General Regulation (D) 25.1.12 applies.
