

CHAMPIONSHIP BULLETIN 2022-06

REGULATION AMENDMENTS & CLARIFICATIONS

BULLETIN NUMBER 06
DATE OF IMPLEMENTATION: 29 July 2022
CHAMPIONSHIP PERMIT NO: CH2022/R011 (B)

In accordance with Championship Regulation 5.15.1.(g) Goodyear have advised that the mandatory minimum tyre pressure is now 1.4 bar.

All dry/slick tyres fitted to cars when in Assembly, in the pitlane, on track or in Parc Ferme must adhere to this minimum pressure.

Pressures may be checked at anytime whilst cars are in Assembly, in the pitlane or in Parc Ferme where requested by Goodyear, a Championship Official or the Championship Scrutineer. Where a request is made it is mandatory for the the competitor to faciliate this.

For the avoidance of doubt, tyres that are not fitted to a car are not subject to this minimum tyre pressure requirement, but as soon as they are fitted to a car they are subject to the requirement.

Any competitor found to have tyres inflated to lower pressures will be reported to the Clerk of the Course and subject to penalties at their absolute discretion.
