1 SPORTING REGULATIONS - GENERAL

1.1 Title & Jurisdiction

1.1.1 The 2023 Michelin GINETTA JUNIOR CHAMPIONSHIP is organised and administered by the British Automobile Racing Club Ltd (BARC) on behalf of Commercial Rights Holder Ginetta Cars Ltd in accordance with the General Regulations of Motorsport UK (incorporating the provisions of the International Sporting Code of the FIA) and these Championship Regulations. The Organisers reserve the right to issue additional statements clarifying items in the rules and regulations and all such statements will be issued to all registered drivers by posting to the address details or email details on the Registration form.

1.1.2 Motorsport UK Championship Permit No: CH2023/YD002 (C)

Race Status: Inter Club

Motorsport UK Championship Grade: C

1.2 Officials:

1.2.1 Championship Coordinator: Steph Bush Ginetta Cars Ltd

Deputy Championship Coordinator: Blake Walsh Ginetta Cars Ltd

1.2.2 Licenced Eligibility Scrutineer: Clive Greves BARC

1.2.3 Deputy Licenced Eligibility Scrutineer: Ron Humphreys BARC

1.2.4 Championship Stewards: Bob Lentell BARC
Pat Blakeney BARC
Adrienne Watson BARC
Guy Woodward BARC

Any three of the above may reach a decision.

1.2.6 Championship Clerks of the Course: TBC BARC

1.3 Competitor Eligibility

1.3.1

- a) Entrants must be fully paid-up valid membership card holding members of the BARC and in possession of a valid 2023 Motorsport UK Entrants Licences and Registered with the Organisers as Entrants in accordance with these Championship Regulations. All Entrants must be a Ginetta Franchised Team as per The Franchise Agreement in 3.2.

1.3.2 Drivers and Entrants/Drivers Must:

- a) Drivers and Entrant / Drivers must be a minimum of 14 years of age prior to competing in their first race of the Ginetta Junior Championship. Drivers who reach the age of 17 during the racing season (1st Jan 2023 to 31st Dec 2023) may continue to take part in all rounds of the Championship for the remainder of that season.

- b) A competitor shall not take time off school to participate in motorsport without the prior written approval of their school. If participation in the Championship requires absence from school, drivers in full-time school education are required to have the approval of their Head Teacher and a letter stating such approval from the school in order to fulfil Registration for the Championship.
- c) Where there is no officially licensed entrant the Parent / Legal Guardian or other delegated representative of the driver will assume the role of an Entrant [Motorsport UK General Regulation **H26.1.9**] for all purposes under these Championship Regulations and must be present with the driver at all times.
- d) Where there is a Team that is responsible for preparation of a Competitor's vehicle but that Team is not an Entrant as provided by the Motorsport UK General Regulations nonetheless such Team shall be accountable under these Regulations as though it were an Entrant but subject only to Article 1.2.4 of these Championship Regulations in relation to the Driver. In accordance with Motorsport UK Regulations D.7.1.12 any car entered under this rule will not be eligible for Team points (see Article 1.6.4 – 1.6.6 and 1.8.3).

A Team is a commercial race company or racing team hosting drivers in providing race services or covered accommodation in the Championship and receiving financial gain where the principal is not also the Parent / Legal Guardian. This includes the use of team names, team sticker kits and team race suits/clothing.

A Team shall at all times uphold and respect the provisions of the Code, the General Regulations and these Championship Regulations as may be amended from time to time and shall;

- (a) hold a valid Motorsport UK Entrant licence;
- (b) have at least £5 million Public Liability Insurance;
- (c) uphold the values of the Respect Code and all applicable Motorsport UK policies and guidance;
- (d) act in a professional manner at all times and not act or permit any member of the Team to act in such a manner as to bring motor sport, the Championship or Motorsport UK or any its officers and officials into disrespect;
- (e) adhere to the Motorsport UK Safeguarding Policies and guidance documents, complete Safeguarding training when required and ensure that any person undertaking Regulated Activity is the holder of a valid DBS certificate supplied through Motorsport UK;
- (f) adhere to the General Regulations in respect of anti-alcohol and illicit drugs as well as Motorsport UK processes for anti-alcohol and illicit drugs testing;
- (g) nominate one member of their Team as the Team Representative at each meeting including but not exclusively for the purpose of all judicial proceedings at Events and who shall be present at all judicial proceedings concerning drivers entered under that Team licence in substitution for the driver Parent/Legal Guardian.

It is recommended the Team has:

- (a) a designated team member as a 1st 4Sport, Level 2 qualified coach;
 - (b) a designated UKAD Certified Advisor, and
 - (c) be responsible for carrying out and documenting a risk assessment of their activities; (risk assessment management tool available)
- e) Drivers must be fully paid-up valid membership card holding Racing Members of the BARC and must be Registered for the 2023 Championship and must be in possession of one of the following licences:
 - a. A valid Motorsport UK Competition (Car Racing) licence endorsed "Junior Formulae only" and valid for this Championship.
 - b. A junior race licence issued by Motorsport Ireland.
 - f) All necessary documentation must be presented to the Organisers for checking at all rounds when signing-on.

- g) It is a condition of Registration that any Motorsport UK 'Junior' race licence will be held by the BARC for the duration of Registration in this championship.
- h) Any driver wishing to compete in other 'Junior' formulae must make a temporary or permanent arrangement with the BARC for the transfer of their licence to the person or body responsible for holding the licences on behalf of that formula and vice-versa.
- i) Only those cars complying with the 2023 Technical Regulations for the Championship and / or any amendments to the Technical Regulations issued from time to time by way of an official Championship Bulletin in accordance with Motorsport UK Regulation **D11.2** will be allowed to compete in any round of the Championship.
- j) Entrants/Drivers must ensure that their cars comply with the conditions of eligibility and safety throughout qualifying and racing. At any time during an Event, the Championship Clerk of the Course can require a Driver to have a medical examination by the Medical Adviser or their nominee.

1.4 Registration

- 1.4.1 All Entrants and /or Teams and all driver competitors must register for the Championship by returning the applicable Registration Form in full to the Coordinator. Registrations are accepted on a "first come first served basis" but always subject to Articles 1.3.7 and 1.3.8 of and these Sporting Regulations.
- 1.4.2 The Drivers Registration Form must be completed in full, signed by the driver, and if applicable countersigned by the Entrant / Team and be accompanied by the Drivers Registration Fee in full, in order to be considered. The Drivers Registration Form must also be counter signed by the Parent or Legal Guardian of the driver.
- 1.4.3 The Entrant's / Team Registration Form must be completed in full and be signed by an authorised person being a director in the case of a Limited Liability Company or a partner or sole principal where applicable. Entrants/Teams will be limited to entering 6 drivers at any one event.
- 1.4.4 The acceptance or rejection of a Registration application will be based upon the information given on the Registration Form. It is therefore a condition of Registration that drivers Entrants and Teams accept that the Organisers reserves the right to reject Championship Registration Applications and /or entries to individual events by any applicant for Championship Registration without giving reasons [Motorsport UK General Regulation **H30.1.2(A-E)** applies].
- 1.4.5 The Drivers Registration Fee is £17,100 plus VAT per driver. Cheques should be made payable to Ginetta Cars Ltd. This Registration fee is fully inclusive of entry fees to all rounds of the Championship, timing fees and medical provision. This fee is payable in full by a Ginetta franchised team prior to the 31st January 2023. Entry fees may not be paid by account.
- 1.4.6 The Drivers Registration Fee is NOT inclusive of BARC membership.
- 1.4.7 A Registration once made and accepted shall constitute a legally binding contract and a Registration may only be withdrawn without penalty with the mutual consent of both parties. An Entrant or driver whose Registration is accepted and who otherwise fails to participate in the Championship shall forfeit their Registration fees in their entirety.
- 1.4.8 The Organisers may accept or refuse any Registration and withdraw or revoke a Registration at any time should the continued Registration of the competitor or Entrant or Team be deemed in the Organisers absolute discretion not to be in the best interests of the Championship or the Championship Commercial Regulations.
- 1.4.9 Registrations will be accepted from 1st December 2022 until further notice. A maximum of 34 Registrations will be accepted for entry into the Championship in accordance with Articles 1.3.1 and 1.3.7 of these

Sporting Regulations. Any Registrations received after the first 34 accepted by the Organiser in writing may be held as entry reserves for the Championship at the sole discretion of the Organisers.

- 1.4.10 Registration numbers will be the permanent Competition numbers for the Championship and will be allocated by the Coordinator. Numbers 1-3 are reserved for Championship Organisers use and will be allocated to returning drivers. Number 40 is reserved for Championship Organisers use and may not be assigned by anyone other than the Coordinator.
- 1.4.11 Guest Competitors may be permitted to make guest appearances at the sole discretion of the Organisers and be deemed "Guest Competitors" and subject to such conditions as they may stipulate from time to time but subject to meeting the licence requirements of Sporting Regulation **1.2**. As a condition of Registration and entry, no guest driver is able to score points and for the purpose of points scoring will be ignored or be awarded prize money in the Championship. At the discretion of the Organisers and Ginetta Cars Ltd the driver of any Guest Competitor entered in this way need not comply with the membership requirements of regulation **1.2.3**. The Registration form must be completed. Otherwise, all regulations of the Championship must be observed.
- 1.4.12 By Registering for the Championship all competitors and their associates commit to positively promote and demonstrate the Motorsport UK's Respect Code which is appended to these regulations (Appendix E).

Where any reports of disrespectful conduct are judged to be well founded the Championship organisers may issue warnings or require remedial actions and/or report the matter to the Championship Stewards who may impose appropriate penalties which can include loss of Championship points and/or race bans through to Championship Expulsion and referral to Motorsport UK.

It is imperative that we promote the safety and wellbeing of young people and adults at risk. In addition to this all participants must be aware of their behaviour and conduct at all times and abusive language and harmful behaviour will not be tolerated. Any such incidents must be reported to the Championship Coordinator and/or Safeguarding Officer who will also relay the report Motorsport UK. Details of the Motorsport UK Policies and Guidelines are available at www.motorsportuk.org/resource-centre by selecting Policies and Guidelines.

1.5 Championship Rounds

- 1.5.1 The 2023 MICHELIN GINETTA JUNIOR CHAMPIONSHIP will be contested over 8 EVENTS (27 races) as follows:

Snetterton 300	Friday 16 th June
Cadwell Park	Friday 21 st July
Brands Hatch GP	Tuesday 29 th August
Brands Hatch Indy	Friday 8 th September
Donington GP	Thursday 19 th October
Donington GP	Friday 20 th October

Any official test day will be subject to the prevailing COVID restrictions in place at the time.

1.6 Scoring

1.6.1 Points will be awarded to Competitors listed as classified finishers in the Final Results as follows: **35, 30, 26, 22, 20, 18, 16, 14, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1** plus **1** for the fastest lap in qualifying and **1** for fastest race lap in each race.

If a race is suspended/abandoned and cannot be resumed or rescheduled at another event, the following points will be applied:

- No points will be awarded to the drivers or teams if the leader has completed less than two laps
- The following points will be awarded to the drivers and teams if the leader has completed two or more than two laps but less than 75% of the original race time:
 - o Points will be awarded to Competitors listed as classified finishers in the Final Results as follows: **20, 18, 16, 14, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1**. plus **1** for the fastest lap in qualifying and **1** for fastest race lap in each race.
- Full points will be awarded if the leader has completed more than 75% of the original race time.

The above will be based on the final classification and results published on this basis.

1.6.2 Competitors must count their results from all Championship Rounds run less one score which will be dropped irrespective of whether the competitor be classified as a finisher. A competitor may not drop a round score if any of the following incidences occur with respect to that said round:

The competitor has been penalised with points on their Motorsport UK licence for any incident.

The competitor has been given a points penalty / reduction for any incident.

The competitor is disqualified from a classified race result.

Ties shall be resolved using the formula in Regulation **W1.3.4** of the current Motorsport UK Yearbook.

- 1.6.3 Any Guest Competitor entered under **1.3.11**. will not be eligible to score points or prize money and the car will be ignored for points purposes in the final race classification but will take part in all podium presentations.
- 1.6.4 The Team classification is a classification independent from the driver classification and applies only to Registered Teams / Entrants conforming with Article 1.6.7 of these Championship Regulations. At the start of the season each Team must submit to the Championship Coordinator their nominated vehicle(s) to score points for the Team classification. Any car entered in accordance with Article 1.2.5 is not eligible to score these points.
- 1.6.5 Any changes to these nominations during the Championship must be made in writing to the Championship Coordinator by the Entrant / Team. This must be received 48 hours prior to first official sessions of the weekend where the change is to occur. The Championship Coordinator reserves the right in its entire discretion to accept or decline or cancel the nomination of a nominated vehicle(s).
- 1.6.6 Points will be allocated to the top two scoring vehicles from each Team at each round using the points system described in section 1.6.1. To qualify for the Team award, Teams must be licensed as per D7.1.12 of the 2023 Motorsport UK Yearbook. Any car entered in accordance with Article 1.2.5 is not eligible to score these points.
- 1.6.7 Only Teams with Registered Competitors that are classified as finishers at the first race meeting of the Championship will be eligible to compete in the Teams Championship.

1.7 Awards - Rounds

- 1.7.1 All awards are to be provided by Ginetta Cars Ltd.
- 1.7.2 Trophies per Championship Round: 1st, 2nd, 3rd.
- 1.7.3 An additional trophy will be presented to the three highest placed 'Rookies' in each Championship round. Competitors are deemed to be a 'Rookie', if prior to the current season, they have not competed in any more than 3 race weekend events of the Ginetta Junior Championship. This does not include the Ginetta Junior Winter Series.
- 1.7.4 Any Guest Competitor entered on behalf of Ginetta Cars Ltd will qualify for Championship trophies.

1.8 Awards - Championship

- 1.8.1 Trophies:
Championship: 1st, 2nd & 3rd
Rookie: 1st, 2nd & 3rd
Teams Award: 1st
- 1.8.2 Championship Prizes
- 1st Place - £10,000 or use of a GTP car in the Ginetta GT Championship and 2024 Entry
 - 2nd Place - £5,000 or Ginetta GT Championship GTP 2024 Entry
 - 3rd Place - £3,000 or £5,000 credit towards Ginetta GT Championship GTP 2024 Entry
 - Rookie - £2,500 or £5,000 credit towards Ginetta Junior 2024 Entry

- 1.8.3 The Team award trophy will be awarded to the winning Team Registered for the Team's championship and conforming with these Championship Regulations. For the avoidance of doubt, any car entered in accordance with Article 1.2.5 is not eligible to score these points.
- 1.8.4 Other additional Championship awards – In the event of additional Championship awards being introduced all Registered Competitors will be informed by official bulletin.
- 1.8.5 Championship awards will be presented at the annual awards dinner hosted by Ginetta Cars. An additional Championship Trophy will be presented by the BARC at its Annual Championship Prize Dinner (Date and venue to be announced in the BARC Magazine). Any such recipient failing to attend these events may not be eligible to receive any prizes which may otherwise have been presented. Such prizes may be with-held and may not be re-presented to any other person.
- 1.8.6 In the event of the average grid size being less than 10 cars over the course of the Championship all prizes will be reduced in value by 50%.

1.9 Bonuses

- 1.9.1 In the event of a bonus scheme or schemes being introduced all Registered Competitors will be informed by official bulletin

1.10 Entertainment Tax Liability

In accordance with current government legislation, Ginetta Cars Ltd. is legally obliged to withhold tax at the basic rate on all payments to non-UK resident sportsmen/women and account to HMRC using form FEU1, the quarterly return of payments made to non-resident entertainers and sportsmen/women. That is, those persons who do not have a normal permanent residence in the UK. The UK does not include the Isle of Man, Channel Islands or Eire. This means that, as the organiser, Ginetta Cars Ltd is required to deduct tax at the current rate applicable from any such payments they may make to non-UK residents.

Under certain circumstances, it may be possible for competitors to enter into an agreement with the Inland Revenue to limit the tax withheld. Any application for such an arrangement must be made in writing and not later than 30 days before the payment is due.

For further information contact: HMRC Personal Tax International, Foreign Entertainers Unit, St John's House, Merton Road, Liverpool L75 1BB. Tel: 0151 472 6488 F 0151 472 6483.

2 SPORTING REGULATIONS - JUDICIAL PROCEDURES

- 2.1.1 Rounds: In accordance with the current Motorsport UK Yearbook and these regulations
- Championship: In accordance with the current Motorsport UK Yearbook and these Regulations
- 2.1.2 Driving Standards: Breaches of driving standards during practice or race will be dealt with firmly.
- 2.1.3 The Clerk of the Course may at their discretion, wish to review any evidence in order to assist with their enquiry into an alleged breach of driving standards and accordingly, he may order that the results remain provisional and may take judicial action at a later date.
- 2.1.4 The Championship Organisers may also within 14 days of the meeting and provided that the results have remained provisional be entitled to request the Championship Stewards to enquire into the matter notwithstanding that the Clerk of the Course and / or the Stewards of the Meeting may or may not have already investigated the incident. The Championship Stewards will be empowered to take further action if they deem it necessary which could include disqualification from part or all of the 2023 Championship.
- 2.1.5 Responsibility: It should be noted that the Parent / Legal Guardian or other delegated representative of any competitor in this championship has an obligation to abide by the regulations of the Motorsport UK, as laid down [**D13.1.1.(c)** / **H26.1.9** refers].
- 2.1.6 Indemnity: In accordance with **D13.1.1.(c)**, Parents/Legal Guardians will be required to sign a special indemnity at each event.
- 2.1.7 The Championship Coordinator pursuant to Motorsport UK General Regulation W.2.2.1 and these Championship Regulations in any event may in their discretion refer any Registered Competitor Entrant or Team and in respect of any dispute or irregularity arising howsoever under these Championship Regulations including all and any amendment of them to the Championship Stewards who after conducting a Hearing shall be empowered to impose any penalty permitted under Motorsport UK General Regulation C.2.1.1 and to revoke any Registration under these Championship Regulations.

3 SPORTING REGULATIONS - CHAMPIONSHIP RACE MEETINGS & RACE PROCEDURES:

3.1 Entries

- 3.1.1 The Championship Registration Forms that includes the race Entry Form is contained within Appendix B of these Championship Regulations.
- 3.1.2 Entrants and / or Teams where applicable are responsible for sending in fully completed Registration Forms signed by the competing Entrant or Team where applicable and Driver together with the Registration Fees for Driver and Entrant / Team to the Championship Coordinator prior to the closing date of 31st January 2023. The Championship Coordinator reserves the absolute right to accept Registration/entries after that date.
- 3.1.3 Any withdrawal of entry or amendments to an entry must be notified to the Championship Coordinator in writing by the Registrant. If changes are made after publication of Entry Lists with Final Instructions then the Entrant/Driver concerned must apply for approval of acceptance by the Stewards of the Meeting before signing-on.
- 3.1.4 Entry for each round is included in the Registration Fee.
- 3.1.5 Qualification races will be held at the discretion of the Organisers.
- 3.1.6 Any reserves are to be nominated by the Organisers on the Final List of Entries published with Final Instructions or Amendment Sheet Bulletins. All reserves will practice and replace withdrawn or retired entries in Reserve Number order irrespective of class. If any Reserves are given Grid Places prior to issue of the first Grid Sheets for any round the times set in practice shall determine their grid positions. If Reserves are given Grid Places after publication of the Grid Sheet and prior to cars collecting in the Official "Assembly Areas" they will be placed at the rear of the Grid and will be started WITHOUT any time delay. Otherwise, they will be held in the pit lane and be released to start the race after the last car to start the GREEN FLAG LAP or last car to take the start has passed the startline or pit lane exit, whichever is the later. Such approval to start MUST be obtained from the designated Clerk of the Course.

3.2 FRANCHISE AGREEMENT

- 3.2.1 Ginetta Team Franchise Details
- 3.2.2 In order for teams to run cars in Ginetta Championships they will be required to sign up to a Ginetta Team Franchise agreement. This will ensure that the customer proposition can be more consistent and allows teams to have a more confident future within the Ginetta franchise because drivers will be required to run with those teams who have a franchise agreement with Ginetta.
- 3.2.3 Teams are invited to apply for Franchised status - there is no minimum number of cars a team can run in any one Championship but they will be limited to 6 cars per Championship. If a team signs the franchise agreement then they will appear on the Ginetta website/social media as an approved race team and have the right to have cars entered in any of the three Ginetta championships*.
- 3.2.4 Ginetta will seek to control the number of teams who are signed up to the franchise in order to ensure teams generate a strong income from the championships in return for their commitment.
- 3.2.5 Franchised teams will be required to conform to the following requirements as stated in 1.3:
- Have a Valid Motorsport UK Entrants licence

- Pay entry fees at the prevailing rate
 - Attend all mandatory Ginetta exclusive test days (*1 per weekend*)
 - Run a maximum of 6 cars per category
 - Conform to a set level of presentation for paddock presence
 - Conform to a set level of presentation for all cars
 - Only use Ginetta approved driver coaches to be approved at the start of the season with any changes mid season to be agreed in advance.
 - A Franchise can be removed at any time.
- 3.2.6 As well as the above, we will require all of the following information prior to the start of the season, by 31st January 2023.
- All H&S Documents:
 - Risk Assessment and Method Statement
 - Public Liability insurance
 - A signed copy of the front and back of the Motorsport UK Entrants Licence
 - All relevant signed and completed Championship documents
 - Entry Form
 - Parent/Guardian Form (*Under 18s*)
 - Commentary Form
 - WhatsApp Group Form
 - A fixed fully working transponder for every car, with the numbers submitted prior to the deadline.

Championship entries can only be placed by Franchised teams, not drivers directly.

All teams have to re-apply for 2023 and new teams can register their interest for a Franchise by emailing Steph Bush.

**the only team who can run GTA Rookie drivers is W2R.*

3.3 Briefings

- 3.3.1 The Organisers will notify Competitors of the times and locations for all briefings in the Final Instructions for the meetings, by bulletin prior to the event or at the event. Competitors and their Parent / Guardian / Guarantor must attend all briefings and any competitor who fails to attend or arrives late, may be penalised in accordance with Motorsport UK Regulations.

3.4 Scrutineering Protocol

- 3.4.1 The Championship Organisers will appoint a permanent Eligibility Scrutineer who, with their Team, will be responsible for the scrutineering of the vehicles for the qualifying sessions and races of the Championship in accordance with Regulation **1.2**.
- 3.4.2 For scrutineering, the Entrant / Driver must present the competing vehicle and mandatory Entrant / Driver safety equipment. The vehicle must be submitted as used in the Championship and must correspond to all applicable Technical Regulations. Alternatively, a Motorsport UK self-declaration form may be required to be submitted electronically.
- 3.4.3 A completed set of online seal forms for each vehicle must be correctly submitted, unless the Eligibility Scrutineer requests otherwise.

- 3.4.4 Aside from the Eligibility Scrutineer, the vehicles may also be subject to eligibility scrutineering during and after the Event. Vehicles will be selected at the sole discretion of the Eligibility Scrutineer and/or their nominated representative. The Eligibility Scrutineer and / or their nominated representative will make random checks in addition to scheduled scrutineering checks for vehicle eligibility throughout Events. Any infringement will be subject to a report to the Clerk of the Course.
- 3.4.5 Entrants/Drivers must comply with the directives of the Eligibility Scrutineer and/or their nominated representative in respect of scrutineering and of re-scrutineering after the Event.
- 3.4.6 After each qualifying session and race the vehicles must be presented directly for scrutineering. Any area deemed necessary by the Eligibility Scrutineer and / or their nominated representative will be subject to Parc Fermé conditions with no exceptions. This will include the track from the Finish Line to the scrutineering area, the waiting area in front as well as the track from the scrutineering area to Parc Fermé, Teams awnings or working areas, but all areas may be used if necessary.
- 3.4.7 Public and Team personnel must not enter Parc Fermé unless invited by the Eligibility / Safety Scrutineer and/or their nominated representative. Should unauthorised Team personnel be present in these areas, they render their car liable to disqualification from the qualifying session or race. Any breach to Parc Fermé regs will be reported to the Clerk who may impose penalties as appropriate. At their discretion the Clerk of the Course or Organisers may assign other penalties to any driver / Team breaching Parc Fermé regulations. On request of the Eligibility / Safety Scrutineer, the Parent or Legal Guardian of the driver will be permitted in Parc Fermé. Entrants must have a nominated person available after each session to assist with the post race Scrutineering process, and be waiting to be invited into Parc Fermé as instructed by the Scrutineer.
- 3.4.8 Cars may be held in Parc Fermé for a minimum of 20 (twenty) minutes after each qualifying session and race until released by the Eligibility / Safety Scrutineer.
- 3.4.9 At any time, the Championship Organisers reserve the right to scrutineer any component or vehicle in the presence of the permanent Eligibility / Safety Scrutineer and one other scrutineer at the Ginetta Cars workshop or at a service partners premises. An invited member of the Team may also be present. Removal of components from the car may be required at the Event or at the Ginetta Cars workshop at the discretion of the Eligibility / Safety Scrutineer. After thorough scrutineering of the parts, the result will be submitted to the Clerk of the Course.
- 3.4.10 In the case of a breach of the Technical Regulations or a breach of the procedure surrounding the Technical Regulations, any costs associated with scrutineering and/or eligibility inspections (including, but not limited to transportation, checks, inspections, rebuilds, etc.) will be the sole responsibility of the Entrant.
- 3.4.11 The assembly and dismantling of the vehicle(s) are solely the responsibility of the Entrant(s). Reimbursement of expenses for these measures may not be claimed. Exceptions to this may include appeal / protest according to Section C of the "Motorsport UK Yearbook".
- 3.4.12 The Championship Organisers will nominate a rolling road dyno truck that may be used to assist the Eligibility Scrutineer. At any time, the Championship Organisers or Eligibility Scrutineer reserve the right to test a vehicle on the nominated rolling road dyno machine and may use any data from the rolling road dyno machine as guidance and to assist with their determination of eligibility. Competitors / entrants must sign any associated indemnities to allow their car to be tested on the dyno.
- 3.4.13 In the event of a car being dyno tested after a qualifying session or race the driver/Team will be informed by the Eligibility Scrutineer. The car must then be left in Parc Fermé until it is collected by a designated Ginetta official.

3.5 Qualifying

- 3.5.1 The minimum period of qualifying to be provided at all events will be fifteen minutes. Should any Qualifying Session be disrupted the Clerk of the Course shall not be obliged to resume or re-run sessions and the decision of the Clerk of the Course shall be final.

3.6 Qualification Criteria

- 3.6.1 Any driver who has not raced over the course in its current layout within the preceding 12 months must complete three practice laps in the car to be raced in order to satisfy the Clerk of the Course as to their competence. The Clerk of the Course and / or Stewards of the Meeting shall have the right to disqualify any driver whose qualifying times and / or driving are considered to be unsatisfactory, as per Motorsport UK Regulations. In the case of force majeure, provided that a Driver has satisfactorily completed 3 (three) laps at an official Championship test day in that season and in a similar car at that circuit prior to the Event, it will not be necessary to complete 3 (three) laps of qualifying to qualify for the race.
- 3.6.2 The order in which competitors are released from the assembly area for the Qualifying session will be drawn at random for the first round and then in the order from the previous rounds qualifying result as published by TSL. Drivers will be released from the assembly area/or pitlane with a maximum gap of **TEN** seconds. Drivers will be called to the assembly area in order to facilitate this process.

Drivers will be penalised for slowing down unless it can be proven that there was a significant and/or legitimate reason for doing so including mechanical issues or errors that may arise. This regulation is intended a) to deter drivers from finding a towing partner and put the onus on the drivers ability and b) safeguard the safety of all drivers. At the clerks discretion, the Competitor can incur a deduction of twenty (20) championship points for each and every breach of this regulation. Drivers must remain in the order that they were released from the pitlane/assembly area in order to start their first flying lap.

Drivers are limited to five (5) laps, an out lap, three (3) flying laps and an in lap.

- 3.6.3 Each driver's fastest qualifying time will determine the grid for race **ONE** at each Event.
- 3.6.4 Each driver's second fastest qualifying time will determine the grid for race **TWO** at each Event.
- 3.6.5 The starting grid for the third race (where one is scheduled) will be formed from the finishing order of the second race, as published by the official timekeepers. Competitors not classified as finishers in the second race will be placed on the starting grid for the third race after the last classified competitor according to the number of laps covered.
- 3.6.6 For the Silverstone Ginetta Festival only, each driver's fastest qualifying time will determine the grid for the first race on each day. Each driver's second fastest qualifying time will determine the grid for the second race on each day. For clarity, there will be ONE qualifying session and TWO races on each day, Friday, Saturday and Sunday.
- 3.6.7 During the course of any qualifying session, all competing cars must remain in the Pit Lane while not on the track. At no time will any competing car be allowed in the Pit Garages or Paddock areas until such time as the qualifying session has ended and the car cleared from any post-qualifying scrutineering checks and released from Parc Fermé, except with the express permission of the Clerk of the Course.
- 3.6.8 After taking the Chequered Flag, Drivers are required to progressively and safely slow down, remain behind any Drivers ahead of them and proceed directly to the designated Parc Fermé area without stopping unless directed by an Official of the Meeting. Cars must remain in the designated Parc Fermé area until formally released by the Eligibility / Safety Scrutineer.

- 3.6.9 Any cars in the Pit Lane at the end of a qualifying session, come under Parc Fermé conditions at the showing of the Chequered Flag and should be taken directly to the designated Parc Fermé area.
- 3.6.10 In the event of a partial qualifying session being run, grid order for any drivers who failed to set a time will be formed at the rear of the grid, formed according to the current Championship Drivers' standings. Where there is a tie-on point, the Driver with the best result in the previous round will take priority. Where it is the first round of the Championship, the grid will be formed based on championship race number in ascending order.
- 3.6.11 Where, through force majeure, it is not possible to hold a qualifying session the grid for that race will be formed according to the current Championship Drivers' standings. Where there is a tie-on point, the Driver with the best result in the previous round will take priority. Where it is the first round of the Championship the grid will be formed based on championship race number in ascending order for race one, and reversed for race two.
- 3.6.12 Any penalty applied to competitors which affect the grid, will be applied in the order in which the infringements took place
- 3.6.13 Under the provisions of General Regulations Q12.27, the Clerk of the Course may disallow any lap time achieved during the qualifying session where the driver has been reported for breaching track limits

3.7 Races

- 3.7.1 The standard minimum scheduled race distance shall be 20 minutes whenever practicable (with the exception of events held at Croft and Oulton Park, which will be 15 minutes) and will be set by race Organisers. Should any race distance be reduced at the discretion of the Clerk of the Course or Stewards of the Meeting, it shall still count as a full point scoring round.

3.8 Race Starts

- 3.8.1 All race start countdowns are to have a minimum elapsed period of 5 minutes from the time that all cars are released to form up on the grid to the start of the green flag lap(s) in the formation as specified on the Track Licence for each circuit.
- 3.8.2 When the signal is given, the cars will be released on to the circuit behind the Safety Car and led to the grid. Once the train of cars following the Safety Car has left the Assembly Area, the Assembly Area and Pit Lane Exit will be closed. During this lap the cars will keep in formation with no overtaking. The Safety Car will set the pace. No practice starts may be executed during the course of this lap. At the end of this lap the cars will take up their grid positions. Any car unable to join the train of cars following the Safety Car shall be held in the Pit Lane and may only exit the Pit Lane after the last car has passed the Pit Lane Exit on the Green Flag Lap, but shall only do so under the instruction of the Pit Lane Marshals. The car must then join the train at the back of the grid in front of any car with a time delay.
- 3.8.3 If a car is unable to re-join on the Green Flag Lap it shall be held in the Pit Lane and may only start the race after the last car to take the start has passed the Pit Lane Exit on the first racing lap, but shall only do so under the instruction of the Pit Lane Marshall.
- 3.8.4 All starts will be Standing Starts and grids will be determined in a 2 x 2 formation.
- 3.8.5 The countdown procedures/audible warnings sequence shall be:

2 minutes to start of Green Flag/Pace Lap - Close Pit lane exit / Clear Grid Warning/Grid Closed

1 minute to start of Green Flag/Pace Lap - Start engines/Clear Grid

30 seconds - Visible/audible warning start of Green Flag Lap imminent

Green Flag - Start of green flag lap

- 3.8.6 During the Green Flag Lap, the cars will keep in formation with no overtaking. The Safety Car will set the pace. No practice starts may be executed during the course of this lap. At the end of this Green Flag Lap, the cars will take up their grid positions.
- 3.8.7 Any cars removed from the grid after the 3-minute stage or driven into the pits on the Green Flag Lap shall be held in the pit lane and may start the race after the last car to take the start from the grid has passed the startline or the pit lane exit, whichever is the later.
- 3.8.8 Any drivers unable to start the Green Flag / Pace Lap or Race Start are required to indicate their situation as per Motorsport UK Regulation **Q12.11.2**. and any drivers unable to maintain their grid positions on the Green Flag Lap to the extent that ALL other cars are ahead of them, may complete the Green Flag Lap but **MUST** remain at the rear of the last row of the grid but ahead of any cars to be started with a time delay.
- 3.8.9 Excessive weaving to warm up tyres - using more than 50% of the track width and falling back in order to accelerate and practice starts - is prohibited.
- 3.8.10 Any Driver(s) unable to maintain their grid position on the Green Flag Lap to the extent that all other cars are ahead of him/her may complete the Green Flag Lap but must remain at the rear of the last row of the grid, but ahead of any cars to be started with a time delay. Any Driver(s) unable to maintain their grid position on the Green Flag Lap, but who still has other moving competing cars behind him / her may regain their allocation grid position(s). However, this must be undertaken by exercising maximum caution.
- 3.8.11 A 5-second board will be used to indicate that the grid is complete, the red lights will be switched on 5 seconds after this board is withdrawn and the race will start when the red lights are switched off.
- 3.8.12 Any driver adjudged to have committed a False Start or breached any part of the Start Procedure will be penalised by the addition of 10 seconds to the time taken to complete course.

A Competitor will be adjudged to have made a false start and will be penalised in accordance with the championship regulations if;

- a) the car in an incorrect grid position, or
- b) the car is moving before the start signal is given, or
- c) if any part of the car is forward of their grid marking

For the avoidance of doubt a car is deemed to be forward of their grid marking if any part of the bodywork for saloons and sports cars are forward of the line marking their grid position.

3.9 Start Delayed Procedure

- 3.9.1 If the starter deems that the start needs to be delayed, they will display a "Start Delayed" board. The Countdown Procedure/Audible Warning sequence will then recommence from the one-minute board and the race may be started by use of the National Flag if all Drivers have been informed of the change of start signal.
- 3.9.2 Any Driver(s) unable to start the race must indicate their situation in accordance with Motorsport UK Regulation **Q12.11.2**.

Any Driver(s) deemed to have caused an aborted start will be moved to the back of the grid but ahead of any cars to be started with a time delay. Depending on individual circuit layout, the car(s) will either be removed to the back of the grid before the Green Flag Lap commences or the driver(s) will be instructed to commence the Green Flag Lap from their original grid position but must, during the course of the Green Flag Lap, allow any car(s) starting behind them to overtake, thus ensuring that they take the restart from the back of the grid (but ahead of any car(s) to be started with a time delay). If more than one car is penalised in this way, then their order at the back of the grid will reflect their original grid positions. The onus is on the Driver to comply and failure to do so will result in a report to the Clerk of the Course who may impose a drive through penalty or retrospective 30-second time penalty.

3.9.3 Aborted start procedure will be as follows:

- (i) The start-delayed board is displayed; engines may be switched off and Team members are allowed back onto the grid.
- (ii) When the Operations Clerk and Championship Clerk of the Course are happy, the countdown restarts from the one-minute signal and the grid cleared in the usual way.
- (iii) Any car(s) that then cannot be started will be pushed to the side of the track (or Pit Lane if practical) and covered by a waved Yellow Flag. If any such car(s) at the side of the track can start unaided, it may join the Green Flag Lap under the usual restrictions.
- (iv) The remaining cars are waved off on a Green Flag Lap.
- (v) Any stalled cars are cleared to the Pit Lane if possible, or if not, to a place of safety. Cars, once within the Pit Lane, may be assisted by their Team but may only start the race after the last car has taken the start and passed the Pit Lane Exit on the first racing lap.
- (vi) The race is started, if appropriate, upon return from the Green Flag Lap in the usual way. If one Green Flag Lap has already been completed before the 'start delayed' board is shown then the race is reduced by 1 (one) lap. Then, if the start is delayed again and another lap is lost or if this causes issues with the running of the timetable the Championship Clerk of the Course will set a new race distance.

3.10 Race Stops

3.10.1 Should the need arise to stop any race, RED LIGHTS will be switched on at the Startline and RED FLAGS will be displayed at the Startline and at all Marshals Signalling Points around the Circuit. This is the signal for all drivers to cease circulating at racing speeds, to slow to a safe and reasonable pace and return to the starting grid area which will automatically become a Parc Fermé Area. Cars may not enter the Pits unless directed to do so. Work on cars already in the Pits must cease when a race is stopped.

3.10.2 **Case A** - Less than two laps completed by Race Leader:

The race will be null and void. The race will restart from the original grid positions. Competitors unable to take the restart may be replaced by reserves who will start from the pit lane in reserve order. Gaps on the grid may be closed up at the discretion of the Clerk of the Course and time permitting. The length of the restarted race will be determined by the Clerk of the Course.

3.10.3 **Case B** - More than two laps completed by Race Leader but less than 75% of race distance completed:

The race will restart from a grid set out in the finishing order of part one, in accordance with Motorsport UK regulation **Q12.15.2**. Only cars that took part in the original start will be eligible and then only if they returned to the grid under their own power by an authorised route and were still under their own power at the showing of the Red Flag. The decision of the Clerk of the Course will be final. Parc Fermé conditions will apply on the grid and to cars already in the Pits between the two parts of the race. The only work permitted on the cars will be on the grounds of safety and only with the permission of the Eligibility / Safety Scrutineer. The result of the race will be the finishing order at the end of part two, the result will not be aggregated. The length of the restarted race will be determined by the Clerk of the Course.

3.10.4 **Case C** – The leader has completed more than 75% of the race distance or duration.

The Race shall not be restarted and the results will be declared in accordance with Motorsport UK Regulation **Q12.15.4**.

3.10.5 In the event of a restarted race, Motorsport UK regulation Q12.16 will apply to any repairs to cars required during the interval.

3.10.6 Entrants / Drivers are advised that two Red Flag race stoppages in any one round may result in their race being placed at the end of the day's racing, time permitting. Similarly, Entrants / Drivers are advised that, should the timetable be running late, their race may be postponed until later in the timetable to allow for a British GT race to start at its scheduled start time and/or their scheduled race distance may be reduced by the Clerk of the Course in consultation with the Championship Coordinator and with the approval of the Stewards of the Meeting.

3.10.7 If a race cannot be run or re-started at a venue for any reason then at the Organisers' entire discretion reasonable attempts will be made to provide a substitute race at another event but the Organisers are not contractually bound to provide such substituted race(s) and no refund of any Registration Fee shall be payable and with such occurrence of loss of race(s) being deemed force majeure. Any such substitute race will utilise the original grid and only competitors detailed on the original grid sheet will be eligible to participate.

3.11 Re-Scrutiny / Driver Availability

3.11.1 Any vehicle involved in an accident, or having been modified in any way subsequent to pre-Event scrutiny, must be re-presented to the Scrutineers for further examination.

3.11.2 At any time during an Event the Organisers acting through the Clerk of the Course may order that a vehicle be re-examined, even if this involves stopping a vehicle while qualifying or racing. Failure to comply with Regulations during a qualifying session or failure to comply with the directions of race officials to undertake a check will result in the loss of that Driver's qualifying times to that point in the session.

3.11.3 If a Driver is involved in a collision or incident, he / she must not leave the circuit (except where medically evacuated) without the consent of the Clerk of the Course, failing which, any judicial action against or relating to that Entrant / Driver may be heard in their absence.

3.11.4 Entrants / Drivers must remain available at an Event until any protest period relating to their race has elapsed, failing which, any judicial action against or relating to that Entrant / Driver may be heard in their absence.

3.11.5 Entrants' / Drivers' cars may not be removed from the Paddock during an Event after initial scrutineering except for the purpose of competing in the rounds comprised in the Event or with the prior written permission of the Eligibility / Safety Scrutineer and Clerk of the Course. The Organisers and / or Eligibility / Safety Scrutineer may require the Entrant's / Driver's car to be re-scrutineered at any time.

3.12 Pits & Pit lane Safety

- 3.12.1 Pits: Entrants must ensure that the Motorsport UK, Circuit Management and Organising Club Safety Regulations are complied with at all times.
- 3.12.2 Pit lane: The outer lane or lanes are to be kept unobstructed to allow safe passage of cars at all times. The onus shall be on all drivers to take all due care and drive at minimum speeds in pit lanes.
- 3.12.3 During qualifying sessions and races, Drivers leaving the Pit Lane will do so on their own responsibility, however a marshal with a Blue Flag will warn of cars approaching.
- 3.12.4 Refuelling is not permitted in the pit lane at any time.
- 3.12.5 Speed Limit: The Pit Lane Speed Limit during each Meeting and official test day at all times is 30 mph (48 kph) unless otherwise notified by way of a Bulletin.
- 3.12.6 The Penalty for breaching the pit lane speed limit will be a Drive through Penalty in the race but if the infringement is notified to the Clerk of the Course after the end of a race, he may levy a fine of £10 for each mph above the speed limit (this penalty will also apply for qualifying) or impose a retrospective time penalty. Signs and / or lines are used to indicate the beginning and end of the area to which the speed limit applies.

3.13 Race Finishes

- 3.13.1 After taking the Chequered Flag drivers are required to:

Progressively and safely slow down, remain behind any competitors ahead of them, return to the Pit lane Entrance going directly to Parc Fermé as instructed, comply with any directions given by Marshals or Officials and keeping helmets on and harnesses done up while on the circuit or in the pit lane and should remain in Parc Fermé with their cars until released by the Series Scrutineer or are required for Podium Presentations.

- 3.13.2 Parc Fermé Regulations will apply to the area between the Start / Finish Line and the Parc Fermé entrance. Any area deemed necessary by the-Eligibility / Safety Scrutineer and / or their nominated representative will be subject to Parc Fermé conditions with no exceptions
- 3.13.3 Once in the Parc Fermé area, Drivers required for the podium presentations must proceed immediately to the podium. The Drivers required will be those finishing first, second and third.
- 3.13.4 Team personnel are only allowed into the Parc Fermé area at the invitation of the Series Eligibility / Safety Scrutineer. Should unauthorised Team personnel be present in Parc Fermé, they render their car liable to disqualification from the Event. Any breach to Parc Fermé regs will be reported to the Clerk who may impose penalties as appropriate. At their discretion the Clerk of the Course or Organisers may assign other penalties to any driver / Team breaching Parc Fermé regulations. On request of the Eligibility / Safety Scrutineer, the Parent or Legal Guardian of the driver will be permitted in Parc Fermé.

3.14 Results

- 3.14.1 All Practice Timesheets, Grids, Race Results are to be deemed PROVISIONAL until all vehicles are released by Scrutineers after Post Practice / Race Scrutineering and/or after completion of any Judicial or Technical Procedures. The Clerk of the Course may declare the race results provisional until any investigation of video

or other evidence has been completed and subsequent judicial procedures undertaken regardless of whether this investigation is as a result of a protest or merely a result of establishing if a Regulation has been broken. These results will remain provisional until such time as they are declared final by the Clerk of the Course upon completion of any judicial procedures and this will be communicated to all Entrants / Drivers via a Championship Bulletin.

3.15 Timing Modules

- 3.15.1 All competitors will be required to fit an Electronic Self Identification Module (Transponder, as per **Q12.8.1** of the Motorsport UK yearbook) to their cars for the purposes of accurate timing. Transponders may be purchased from Timing Solutions Limited. Holders for these and detailed fitting instructions will be issued with the transponders and it will be the responsibility of the competitor to fit these in the car in the position and manner specified. The Modules must be in place and functioning correctly for all Championship qualifying practice sessions and races. The setting and servicing of these items must only be carried out by properly authorised Motorsport UK licensed Timekeepers. Competitors will be charged by the timing company for replacement of the Modules due to misuse or loss at any time during the season.
- 3.15.2 Competitors may not place electronic timing equipment within five metres of the official Start, Finish or any other official timing lines at any event or test session / day. Any such equipment placed within these zones will be removed.
- 3.15.3 Timing modules must be positioned in the location as shown within the current Ginetta G40 Junior nomenclature (See regulation **5.2.1**).
- 3.15.4 All competitors will be required to fit a **TSL on-board signalling & GPS tracking system** to their cars for the purposes of using the required 'My Laps RaceLink Club' System. This system links directly with the dash/light bar to broadcast multiple warning flags or relevant colours, i.e., Safety Car, red flag, yellow flag with sector, black/white flag etc. The receivers must be in place and functioning correctly for all Championship qualifying practice sessions and races. Detailed fitting instructions will be issued with the receivers and it will be the responsibility of the competitor to fit these in the car in the position and manner specified. Ginetta will provide the MyLaps RaceLink receiver at each round - there will be an annual hire fee of £370+vat for the MyLaps RaceLink receiver. It will be required that each car has a loom and external antenna (all to be mounted in the same car position) at the cost of £125.00+vat per car. Competitors will be charged by Ginetta for replacement of the receiver due to misuse or loss at any time during the season.

3.16 Difficulty

- 3.16.1 If any Driver experiences a serious mechanical problem at any stage, he / she must leave the track as soon as it is safe to do so and park in a position of relative safety. The car must be left in neutral and any removable steering wheel must be reattached before the Driver gets behind the protective safety barriers. The Driver should stay with the car to assist recovery crews with the task of bringing the car back to the pits at the end of the session.

3.17 Assistance

- 3.17.1 Regardless of the circumstances, once a Driver has received mechanical assistance to move their car from one position to another they are not permitted to continue within that particular session or race even if, after being moved into a position of safety, they feel that they are able to continue.

3.18 Spare Cars

- 3.18.1 Replacement cars may only be permitted with the express permission of the Clerk of the Course and a Championship Coordinator. The presentation of a spare car for scrutineering must be done in accordance with the regulations set out within the current Motorsport UK Yearbook. A competitor using a replacement car will incur a 20-point reduction in their Championship points total.
- 3.18.2 A replacement car is considered to be any car other than that which was originally scrutineered for a particular Event.

3.19 Safety Car

- 3.19.1 Unless specified below or within supplementary regulations, the safety car will operate in accordance with the 2023 Motorsport UK Yearbook (**Section Q, Appendix 3** Operation of Safety Car)
- 3.19.2 The Safety Car will be brought into operation to neutralise a race upon the sole decision of the Clerk of the Course. The Safety Car will be driven by an experienced circuit driver (in accordance with Motorsport UK Regulation **G5**) and will carry an observer capable of recognising all competing cars and who is in permanent radio contact with race control.
- 3.19.3 The Safety Car, yellow / amber lights illuminated, will normally join and exit the circuit from the pit lane and the Safety Car boards will be shown initially from the start / finish line. If these locations are to be varied specific written instructions and verbal briefings will be issued detailing the exact locations to be used.
- 3.19.4 On the order from the Clerk of the Course, the Safety Car will join the circuit with its revolving lights on, regardless of where the race leader is.
- 3.19.5 When the order is given to deploy the Safety Car a waved yellow flag and "SC" board will be displayed at the start/finish line. The waved yellow flags and "SC" boards will flow around the circuit in both directions, as an adjacent post displays both their waved yellow flag and "SC" board. This system may be supplemented by a message being simultaneously broadcast to all marshals' posts if such a communication system is available.
- 3.19.6 Flashing yellow lights may also be used at the start-line and at other points around the circuit.
- 3.19.7 All competing cars, when notified of the Safety Car intervention (by the flag signals, "SC" boards, or by any other means) will reduce speed and line up behind the Safety Car, no more than 5 car lengths apart, and maintaining the same speed as it. Overtaking or overlapping of any other competing car during a Safety Car intervention is forbidden. Overtaking of a Safety Car is forbidden unless the particular competitor concerned is signalled to overtake the Safety Car by the observer in the Safety Car.
- 3.19.8 When ordered to do so by the Clerk of the Course, the observer in the Safety Car will wave past any cars between the Safety Car and the race leader. These cars will continue at reduced speed and without overtaking until they reach the line of cars behind the Safety Car.
- 3.19.9 While the safety car is in operation, competing cars may enter the pit lane, but may only re-join the track when signalled to do so and not when the safety car and the line of cars following it are about to pass or are passing the pit exit. A car re-joining the track must proceed at an appropriate speed until it reaches the end of the line of cars behind the Safety Car.
- 3.19.10 The Safety Car will remain in operation until at least the majority of competing cars on the circuit are lined up behind it.

- 3.19.11 When the Clerk of the Course calls in the Safety Car it will extinguish the yellow/amber flashing lights prior to exiting the circuit. This would normally be such that a minimum of 25% of a lap for circuits over 2 miles and 50% of a lap for circuits under 2 miles should be completed by the Safety Car with its lights extinguished.
- 3.19.12 Following the safety car extinguishing its lights, and prior to passing the green flag, the race leader will dictate the pace and, if necessary, fall more than five car lengths behind the Safety Car. In order to avoid the likelihood of accidents before the Safety Car returns to the pits, from the point at which the lights on the car are extinguished drivers must proceed at a pace which involves no erratic acceleration or braking nor any other manoeuvre which is likely to endanger other drivers or impede the restart.
- 3.19.13 As the Safety Car is approaching the pit entry, the green flag will be displayed at the start/finish line and the "SC" board withdrawn. Following this display of the start signal yellow flags and "SC" boards at the marshal's posts will be withdrawn and be replaced with a waved green flag for one lap. The waved green flag will flow around the circuit in both directions, as an adjacent post displays their waved green flag. This system may be supplemented by a message being simultaneously broadcast to all marshals' posts if such a communication system is available. Overtaking remains strictly forbidden until the start signal at the start/finish line is passed.
- 3.19.14 The first three laps while the safety car is in service will not count as race laps. Subsequent laps covered while the safety car is in service will be counted as a race lap.
- 3.19.15 Under certain circumstances the Clerk of the Course may ask the Safety Car to use the pit lane. In this case, and provided its yellow/amber lights remain illuminated, all cars must follow it into the pit lane without overtaking. Any car entering the pit lane under these circumstances may stop at its designated garage area.
- 3.19.16 Should it be necessary to stop a race during a Safety Car deployment the Safety Car, with all competing vehicles following, will pass through the red flag at the start/finish line, complete one further lap at reduced speed and then, once the Safety Car comes to a stop at a position indicated by the Safety Car observer (which will usually be either the grid or Parc Fermé), all competing cars must stop behind it unless otherwise directed.
- 3.19.17 In exceptional circumstances the following may apply:
- (i) The race may be started behind the Safety Car. In this case its revolving yellow / amber lights will be turned on at the two-minute signal. This is the signal to the Entrants/Drivers that the race will be started behind the Safety Car and it will remain at the front of the grid during the remainder of the countdown. When the Green Flag is shown at the Start / Finish Line, the Safety Car will leave the grid and all cars will follow in single file in grid order no more than 5 (five) car lengths apart. The race will be deemed to have started when the Safety Car leaves the grid and the Green Flag is displayed.
 - (ii) Cars will leave the grid in single file grid order behind the Safety Car under the instruction of the Chief Start / Finish Line Marshal. Cars will remain in single file without overtaking, except that a car that falls behind may regain its grid position if the cars behind it could not avoid passing without unduly delaying the remainder of the field. In this case, Drivers may carefully overtake to re-establish their original starting grid order. If a car falls to the back of the grid, it must remain at the back of the grid.
 - (iii) Any car(s) delayed leaving the grid may not overtake another moving car if stationary after the remainder of the cars had crossed the line. In this case the car(s) shall remain at the back of the grid, in the order they left the grid.
 - (iv) A time penalty or Drive Through Penalty may be imposed on any Driver who, in the opinion of the Clerk of the Course, unnecessarily overtakes another Driver during these laps.

(v) The "SC" boards and Yellow Flags will be displayed at Marshals' Signalling Posts around the circuit until the Clerk of the Course withdraws the Safety Car from use in accordance with Regulation **3.18.10, 3.18.11** and **3.18.12**.

(vi) All laps undertaken in this start procedure will be deemed to be counted as race laps

3.19.18 Any car being driven unnecessarily slowly, erratically or which is deemed potentially dangerous to other drivers at any time whilst the safety car is deployed will be reported to the Clerk of the Course. This will apply whether any such car is being driven on the track, the pit entry or the pit lane.

3.20 Driving Standards

3.20.1 Any competitor who is reported to be involved in cases of contact, which in the opinion of Officials is avoidable, may be subject to the following immediate penalties:

(i) During practice and / or qualifying: The competitor concerned may be Black Flagged and subsequently, may be prevented from taking any further part in that session

(ii) During race: The competitor concerned may be penalised by way of a drive through penalty in accordance with Motorsport UK Regulation **Q12.26**.

3.20.2 A drive through penalty being imposed will be notified by the use of a Black Flag or Black Flag and Penalty Board and must be taken within 3 laps of the notification being given. It will involve the competitor entering the pit lane, observing the pit lane speed limit between the 'in' and 'out' control lines, and exiting the pit lane to re-join the race, without stopping at their pit.

3.20.3 Failure to comply with the imposition of a drive through penalty, may result in disqualification from the race in question.

3.20.4 In the event that a penalty described above cannot be imposed for operational reasons during a race, the competitor concerned may be given a 30 second elapsed time penalty (and relative Licence Penalty Points) as an alternative.

3.20.5 The Organisers will meet following each race weekend to assess all on and off-track incidents.

3.20.6 The Organisers will use any evidence available to them to request that the Championship Stewards investigate any drivers who are deemed to show poor driving standards or bring the championship into disrepute in any such manner through on and / or off-track incidents. In addition, the Organisers shall be entitled to revoke and relevant Championship Registration.

3.20.7 The Championship Stewards have the ability to impose and enforce Championship penalties affecting championship points and potential refusal of race entries in the way of race suspensions. Penalties made through the driving standards panel may be in addition to any penalties made by the race Officials.

3.20.8 Any evidence available to the driving standards panel, such as observers reports and video evidence, may be used to support the imposition of penalties.

3.21 Additional Sporting Regulations issued for the Championship

3.21.1 Any driver competing in the Championship may be called before a meeting of the Championship Stewards who, at their discretion, may take further action that could include disqualification from part or all of the Championship or revocation of Championship Registration.

- 3.21.2 The Organisers of the Ginetta Junior Championship are determined to create a championship which is cleanly fought and with good sporting behaviour prevailing.
- 3.21.3 Breaches of driving standards will be firmly dealt with. If the Clerk of the Course wishes to view any video evidence and / or data logging evidence in order to assist with their enquiry into a breach of driving standards he may order that the results remain provisional and he may take judicial action at a later date. However, the use of video evidence and/or data logging evidence in all circumstances is at the sole discretion of the Clerk of the Course.
- 3.21.4 Any driver found guilty of a driving offence which generates penalty points under Motorsport UK Regulation **C2.1.5** will also have championship points deducted proportional with the severity of penalty imposed. Any deduction of championship points will be three times that of the associated licence penalty points. i.e., formal written reprimand 6 points, fine or time penalty 9 points, disqualification from practice, qualifying or race 12 points, disqualification from meeting 18 points.
- 3.21.5 In addition to the penalties laid down the Championship Stewards are empowered to deduct Championship points if the conduct of the driver is deemed unacceptable.
- 3.21.6 Each Entrant / Driver is required to have one fire extinguisher per car (minimum capacity 5kg or its equivalent) within their transporter/awning at each Event. This shall not include the extinguisher fitted to the car(s).

3.22 Cameras

- 3.22.1 All cars must carry a Championship on-board Judicial camera during all official qualifying sessions and races, [see J5.21]. It is the entrant's responsibility to ensure that the judicial camera is fitted and operational during all official qualifying and races, and that the footage produced is of an acceptable quality. All VBOX and Aim Cameras are to be set to be permanently on and recording from the time that the car leaves the assembly area.
- 3.22.2 Eligible judicial cameras for use within the Championship are as follows:
Any Go Pro variant from the Hero 2 range or newer
Vbox data logging system
Aim Smarty Cam
- 3.22.3 The camera data storage device (data card) will be distributed by a Ginetta official prior to qualifying and races. The onus is on the competitor to ensure the card is fitted and the Judicial camera is switched on and recording for all official qualifying sessions and races. For any camera which is not switched on or has not produced acceptable footage, the Competitor will incur a fine of £250 for each and every offence.
- 3.22.4 It is the responsibility of the competitor / entrant to supply Ginetta with FOUR SD/data cards that are compatible with the judicial camera fitted in the competitors car prior to the start of the season.
- 3.22.5 Judicial cameras must be switched on but not before three minutes prior to leaving the assembly area.-Data cards are to remain in the car until the car has been released from parc ferme, should the clerk of the course require your onboard, the team will be notified and it is to be delivered to a Ginetta Representative or Clerk of the Course immediately. Should the car still be under parc ferme conditions, you may collect the footage with the permission of the eligibility scrutineer.

Any entrant/driver that fails to comply will be reported to the Clerk of the Course and may result in a penalty during the event. The video/images remain the property of Ginetta Cars LTD and it is not to be used on Social Media or for any other public use.

3.22.6 During qualifying and races, the only camera permitted in the car will be the official judicial camera. The only exception to this will be a camera fitted by the television production company in accordance with Commercial Regulations **6.4**. This footage is to be used for judicial purposes; it is at the sole discretion of the Clerk of the Course as to whether competitors will have access to this footage after judicial procedures have been completed.

4 CHAMPIONSHIP RACE PENALTIES

4.1.1 Infringements of Technical Regulations:

Arising from post-practice Scrutineering or Judicial Action:

Minimum Penalty: The provisions of Motorsport UK Regulation **C3.3**.

Arising from post-race Scrutineering or Judicial Action:

Minimum Penalty: The provisions of Motorsport UK regulation **C3.5.1. (a) and (b)**.

4.1.2 For infringements deemed to be of a more serious nature the Clerk of the Course and/or the Stewards of the Meeting are to invoke the provisions of Motorsport UK Regulation **C3.5.1. (c)**.

4.1.3 Further penalties may be imposed by the Championship Stewards as outlined within these regulations.

4.1.4 Infringements of non-technical Motorsport UK Regulations and the Sporting Regulations issued for the Championship:

As per current Motorsport UK Judicial Procedure Regulations and these Championship Regulations.

4.1.5 Up to a 10 Grid Place Penalty may be applied at a driver's future Race, in accordance with Motorsport UK Regulations

4.2 BEHAVIOURAL POINTS

4.2.1 Drivers involved in incidents of any kind, or who have been reported for poor sporting behaviour or driving standards, may be awarded Behaviour Points by the Clerk.

4.2.2 The following may apply, subject to the decision of the Clerk of the Course:

4.2.2.1 Reprimand - 1 Behaviour Point

4.2.2.2 Pit lane speeding - 1 or 2 Behaviour Points depending on the severity of the offence

4.2.2.3 Causing a collision 1 or 2 Behaviour Points depending on the severity of the offence

4.2.3 Other offences may give rise to Behaviour Points as decided by the Clerk.

4.2.4 The number of Behaviour Points will be calculated per driver and the following penalties imposed:

4.2.4.1 A driver with 3 points will receive a 5 place grid penalty

4.2.4.2 A driver with 4 points will receive a 10 place grid penalty

4.2.4.3 A driver with 5 points or more will receive a 10 place grid penalty and -35 championship points

4.2.5 Behavioural points can also be imposed to Entrants (Teams), The following may apply, subject to the decision of the Clerk of the Course:

4.2.5.1 Warning – 1 Behavioural Point

4.2.5.2 Abusive language or Behaviour – 2 behavioural points

4.2.6 Other offences may give rise to Behaviour Points as decided by the Clerk.

4.2.7 The number of Behaviour Points will be calculated per Entrant (Team) the following penalties imposed:

4.2.7.1 An Entrant (Team) with 2 points will receive a £100 fine

4.2.7.2 An Entrant (Team) with 4 points will receive a £500 fine

4.2.7.3 An Entrant (Team) with 6 points will receive a £1000 fine

5 TECHNICAL REGULATIONS

5.1 Introduction

5.1.1 The following Technical Regulations are set out in accordance with the Motorsport UK specified format.

Everything that is not explicitly authorised and anything that is not specified:

- (i) In these regulations
- (ii) In the workshop manual/nomenclature relating to the Ginetta G40 Junior Championship
- (iii) In any official technical bulletin that may be published

is strictly forbidden.

5.1.2 Each Ginetta race car is manufactured to an identical class specification. In the interests of fairness and safety, competitors may not depart from this specification under any circumstances, other than as specified within these regulations.

5.1.3 Any issue howsoever touching upon the conformity to the class specification of a car or any component within a car shall be determined definitively by certificate under the authority of Ginetta Ltd including any matter arising as a consequence of any technical or eligibility examination of the car by or on behalf of the Organisers for all purposes under these regulations and the Motorsport UK General Regulations.

5.1.4 All Ginetta manufactured parts and in particular body panels must be supplied by Ginetta Cars Ltd (or in the case of force majeure a supplier nominated by the Organisers) and fitted in their original position. Entrants Teams and competitors are reminded that the car and all Ginetta parts are the intellectual property of Ginetta and interference with those rights shall be a breach of these Championship Regulations including the Commercial Regulations and without limitation of rights vested in Ginetta will lead to revocation of Championship Registration.

5.1.5 Except as may be permitted expressly by these Regulations or in writing by Ginetta Cars Ltd on behalf of the Organisers no car shall use or have affixed to it any pattern or aftermarket component as part of or in substitution for the class specification of the car and its components.

5.1.6 Whilst the Licenced Eligibility Scrutineer is empowered to check all competing vehicles for compliance and has been provided with the data to determine the continuing eligibility of each car, the onus of responsibility for the eligibility of vehicles competing in this Championship, rests with the Competitor. Notwithstanding Championship Regulations 5.1.3 and 5.1.5 in the event of a dispute concerning the compliance of a vehicle with these Regulations the onus is on the Competitor to satisfy the Organisers with regard to such compliance and NOT the Organisers to prove non-compliance.

5.1.7 Where it is suspected that a component or structure fitted to the competing vehicle may render the vehicle ineligible under these regulations the component or access to the component will be sealed on behalf of the Organisers by the Licenced Eligibility Scrutineer for subsequent examination as directed by the Organisers. Where ineligibility is subsequently proven all points accrued by the competitor from and including the date of sealing the said component to the date of examination shall be forfeit in addition to any other penalty or penalties applied by the Organisers under or pursuant to these Regulations.

5.1.8 Where costs are incurred as a result of any eligibility check conducted either by the Licenced Eligibility Scrutineer or the Championship Organisers these will be borne by the competitor and Championship Registration shall be suspended until such time as those fees have been paid as cleared funds regardless of any Judicial Appeal arising out of the eligibility examination.

- 5.1.9 As a method of control, any component on a competitor's car may be removed by the competitor at the request of the Licenced Eligibility Scrutineer and exchanged for a similar component from the car of another competitor, or provided by the Championship Organisers. This includes the ECU. Whilst efforts will be made to ensure that the condition of the exchanged parts is similar, responsibility for the care of exchanged components lies with the recipient. Exchanged components may be returned to their original owners on completion of the race.
- 5.1.10 Any infringement of these Technical Regulations will render the competitor liable without limitation to penalties as provided by these Regulations including for the avoidance of doubt under the Commercial Regulations.
- 5.1.11 Competitors will be required to complete an online component seals log form for each of the differential, gearbox and engine. Any changes to components will require updated forms to be completed and submitted to the Licenced Eligibility Scrutineer with prior permission.
- 5.1.12 IT MUST BE CLEARLY UNDERSTOOD THAT THE OVERRIDING PRINCIPLE OF THESE REGULATIONS IS THAT UNLESS IT IS STATED THAT YOU CAN DO IT, YOU MUST WORK ON THE PRINCIPLE THAT YOU CANNOT.
- 5.1.13 Whilst Ginetta will endeavour to inform Competitors of any changes of components or part numbers they reserve the right to fit updated components during the life of these Regulations.
- 5.1.14 Lubricants – All cars competing within the Championship must use the lubricants specified and supplied by Ginetta with no additives of any kind, and be able to provide a minimum sample of lubricant from each component as detailed below:
- Engine - Ginetta Tech by Millers 0w30 Engine Oil Part no – G40-N0015.
- Gearbox – Ginetta Tech by Millers 75w90 transmission oil, Part no – G40-N0016.
- Differential - Ginetta Tech by Millers 75w90 transmission oil, Part no – G40-N0016.
- Each component must be able to produce a minimum sample of the following amounts:
- Engine: 3.5 litres.
- Gearbox: 1 litre.
- Differential: 0.5 litres.
- 5.1.15 Oil samples will be taken in accordance with Motorsport UK Regulation **D34.8** and analysed throughout the season in order to police this regulation.
- 5.1.16 Failure to comply with this rule will result in a technical non-compliance being issued, and will be dealt with in accordance with the Motorsport UK guidelines detailed in regulation **4.1**.

5.2 General description

5.2.1 Nomenclature

- 5.2.2 The 2023 MICHELIN GINETTA JUNIOR CHAMPIONSHIP is a 'one make' race series for Ginetta G40 Junior race car as specified herein.

- 5.2.3 The current version of the Workshop Manual / Nomenclature for the Ginetta G40 Junior Car incorporating all clarifications amendments and details of updated components shall remain the only active version of the document and is available from Ginetta Cars Ltd on request. All Entrants and Teams and Competitors warrant and undertake conformity with the Workshop Manual and Nomenclature. Non-conformity will be penalised as provided by these Regulations.
- 5.2.4 The parts used to build a Ginetta G40 Junior Car are described in the document named 'Nomenclature'. These parts are divided into 3 categories.
- (i) Category A: No modifications are permitted. Parts in this category must remain in their original location and fulfil the function/s for which they were originally designed.
 - (ii) Category B: Only such modifications as specified in the regulations or the Ginetta G40 Junior Championship nomenclature are permitted.
 - (iii) Category C: The part is considered to be unrestricted on the express condition that the function for which it was originally designed is not deviated from that it does not fulfil any additional function and that it is located in the same place as the original part.
- 5.2.5 Any query in respect of any technical matter arising out of or touching upon these Regulations must be put in writing to the Organisers for referral to the Licenced Eligibility Scrutineer and / or Ginetta. The only clarifications rulings or permissions under these Regulations that will be acknowledged by the Organisers must be substantiated by the production on demand of written confirmation of such clarification's rulings or permissions. Entrants Team and Competitors are referred to Art. 5.1.3 of these Regulations.
- 5.2.6 Vehicles must comply with the current Junior Formulae Technical Requirements and the appropriate Junior Race Vehicle Identity Form and be issued with a Motorsport UK Vehicle Passport, with which it must also comply.

5.3 Safety requirements

- 5.3.1 The Ginetta G40 race car is manufactured to comply with the following safety requirements of **Section K** of the current Motorsport UK Yearbook and all which must be retained:
- (i) **K** Roll cage - Motorsport UK approved to applicable FIA standards with side and rear safety protection bars, certificate number 09/2278
 - (ii) **K2.1.4.** FIA homologated six-point safety harness. Safety Harness Homologated to 8853-2016 six point
 - (iii) **K3.1.** Plumbed in current FIA homologated fire extinguisher system. This system must be in the 'armed' condition (i.e., be capable of being operated without the removal of any safety device) at all times whilst competing or practicing. The fire extinguisher cannot be disarmed in any Parc Fermé area without the specific permission of the Licenced Eligibility Scrutineer. Any system found to be incapable of being operated, by virtue of the imposition of a safety device (eg.pin) having been made whilst the vehicle is either competing or in Parc Ferme, will be subject to report to the Clerk of the Course for possible penalisation as an offence against Safety Regulations.

The fire extinguisher must be serviced every two years by the manufacturer or the manufacturers agent to remain within its homologation. For the avoidance of doubt this means that only the above applies and not any alternative service facility or persons.
 - (iv) **K2.2.** Be fitted with a seat that is FIA Homologated to FIA 8855-1999 FIA Homologated to FIA 8862-2009 or FIA 8855-2021 in date and complying with K2.2.

- (v) **K5** Two fog lamps which in the Ginetta are integral within the rear light clusters.
- (vi) **K6** Internal fuel filler that can be positively closed.
- (vii) **K8** External Circuit Breaker.
- (viii) **K13** Head restraint – as part of mandatory FIA approved seat.

5.3.2 The attention of all competitors is drawn to Articles **K9**, **K10**, and **K11** of the Motorsport UK Yearbook relating to overalls, crash helmet and visors.

5.3.3 The use of an FIA homologated FHR, (head and neck support systems), is compulsory. The helmet manufacturer must certify the tether anchorages and their mounting.

5.3.4 For clarification on clothing standards and for a list of approved helmets refer to the FIA website, www.fia.com.

5.3.5 Any padding on the roll cage must comply with FIA standard 8857-2001

5.3.6 Roll cage padding (complying with FIA standard 8857-2001) must be used on the sections of roll cage as shown in the diagram below:

Lengths of padding required:

- A = 350mm
- B = 350mm
- C = 400mm

5.4 General technical requirements

5.4.1 The Ginetta G40 Junior race car is built to comply with the provisions of **Sections J** (all vehicles) and **Q** (race vehicles) of the Motorsport UK Yearbook. Competitors are reminded that a catch tank must be fitted and that the location of the vehicle towing eyes should be suitably marked

- 5.4.2 From time to time it will be necessary to approve alternative equivalent components. Only components approved as alternatives and published as such by the Championship Organisers and / or their appointed representatives in official amendments to these regulations are eligible for the Ginetta Junior Championship.
- 5.4.3 In case of force majeure, Ginetta Cars may at any time approve alternative components. Competitors will be notified of any changes to the regulations via a published bulletin. If alternative components are to be used, these must first be approved by the Eligibility Scrutineer, and be declared in writing at the time the component is fitted when the car is presented for scrutineering. The substitute component must then be replaced as soon as the correct part becomes available.
- 5.4.4 All additional equipment fitted to cars in addition to that supplied by Ginetta Cars must be removed completely for any official Practice and Qualifying and Race sessions. For example, if a radio kit is fitted for training purposes this must be fully removed as opposed to just disconnected.

5.5 Chassis

- 5.5.1 The Ginetta G40 Junior car and chassis is manufactured to a standard specification and may not be altered. All chassis repair work must be undertaken only under the control and approval of Ginetta Cars Ltd. Breach of this Regulation may result in evocation of Registration(s).
- 5.5.2 The standard Ginetta G40 chassis as well as the extended pedal box (EPB) are eligible for use in the championship.
- 5.5.3 A car will be required to have fixed lifting points attached to the chassis, either by way of welded in bosses or bolted in fixing. These need to be provided by Ginetta and fitted as instructed.

5.6 Bodywork

- 5.6.1 The Ginetta G40 Junior race car body is manufactured to a standard specification. All body parts must be sourced and supplied exclusively through Ginetta Cars Ltd. Minor fibreglass repairs may be undertaken by the competitor provided that the body profile is not altered in any way, and the material used is of the same construction as the original component. However, the Organisers reserve the right to reject any such repairs whether in the interests of safety technical conformity or Championship aesthetic and to require the Entrant Team or Competitor to substitute the damaged repaired panel with a new panel sourced in accordance with this Regulation.
- 5.6.2 Additional ventilation holes may not be cut into the bodywork unless written consent has been given by Ginetta Cars Ltd and approved by the Eligibility Scrutineer. This includes internal and external bodywork.
- 5.6.3 A bodywork template/profile tool may be used by the Organisers at any time including but not exclusively at scrutineering to ensure that original shape and car profile is retained. This includes any apertures in the bodywork. No extra panelling either under floor or around the wheel arch area is permitted. The presentation of vehicle bodywork and repairs must be deemed acceptable by Ginetta Cars Ltd and the Championship Organisers in the interest of all cars being presented in a way representative of the Ginetta marque. It is not permitted to cover bodywork apertures and joint lines with adhesive tapes unless authorised by the Eligibility Scrutineer as a short-term repair.
- 5.6.4 Cars must be fitted with both left-hand and right-hand door mirrors, Ginetta part number G40-B0226 and G40-B228. Mirrors must be fitted as per the bodywork template provided by Ginetta.
- 5.6.5 It is permissible to use an alternative central rear-view mirror to the one supplied by Ginetta Cars, but must be authorised by the Eligibility Scrutineer prior to being fitted.

- 5.6.6 The driver's seat is fixed and in compliance with Motorsport UK Regulation **J.5.3**. Drivers may change their seat only with written confirmation from the Championship Organisers.
All cars must be fitted with a seat that is FIA Homologated to FIA 8855-1999 or FIA Homologated to FIA 8862-2009 or FIA 8855-2021 in date and complying with K2.2.
- 5.6.7 A standard front screen, as supplied by Ginetta Cars must be fitted.
- 5.6.8 Standard indicator lens units, as supplied by Ginetta Cars must be fitted on each side of the car.
- 5.6.9 It is permitted to cut three holes into the rear window of the car, however, these must be cut as per the official Ginetta rear window template, which is available from Ginetta Cars Ltd upon request.
- 5.6.10 Rear boot spoiler part number G40-B0422 (and associated brackets) must be fitted directly to the boot, i.e., not spaced out with washers. The location of this must be as per the official Ginetta template.
- 5.6.11 The **ONLY** additional bonnet retaining method allowed other than the two standard aluminium bonnet pins/aero catches will be a single Velcro strap fitted to the middle of the bonnet, attached to the scuttle panel. Bonnet pins material must remain of an aluminium construction.
- 5.6.12 The use of additional bonnet Pins and permanent fixings is prohibited.
- 5.6.13 In the event that a bonnet is removed during any on track session for any reason, no further participation in that session will be permitted.
- 5.6.14 All cars must have an oval cut-out added behind the left front wheel, as per the approved Ginetta template.
- 5.6.15 The Ginetta badge must remain attached and visible on both the front bonnet and bootlid at all times.

5.7 Permitted engine

- 5.7.1 The following specifications are for information only and are not intended to infer modification in anyway is allowed.
- 5.7.2 The Ginetta G40 race car must use a standard specification Ford Zetec 1800cc 16 valve engines in its 115PS form (code MVH 418) as supplied by Ginetta Cars. No alterations to this standard specification are permitted. **For the avoidance of doubt Art. 5.1.3 of these Regulations applies in respect of the conformity of the engine.**
- 5.7.3 All engines must have been presented to Ginetta to be bench Dyno tested prior to the start of the 2023 season. Engines will be sealed and logged to identify that this dyno test has taken place.
- 5.7.4 All engines bear six Ginetta approved seals. It is the competitor's responsibility to ensure that their engine bears at least three seals at all times throughout the Championship. The seals will be positioned in such a way as to prevent subsequent removal of the cam cover, sump and throttle bodies and thereby preventing access to the internal components of the engine. It is not therefore possible to and it is not permitted to undertake or perform any work process or alteration from standard on the internal components of the engine or the engine block including the sump pan or the cylinder head as those components are supplied by Ginetta.
- 5.7.5 Removal of or any interference howsoever with the engine seals by competitors or Teams is not permitted. Seals may only be removed or replaced with the authority of and on behalf of the Organisers by a

designated person at Ginetta Cars or the Eligibility Scrutineer. Any seal found to be damaged will result in the engine being declared ineligible by or on behalf of the Organisers and it will be impounded for examination at the sole cost of the Entrant which costs shall be payable on demand as liquidated damages debt. Championship Registrations(s) shall be suspended until such costs have been paid to the Organisers as cleared funds. In the event of such declaration of ineligibility then the competitor and / or Entrant shall be subject to the relevant Judicial procedures under these Regulations including penalties under the Commercial Regulations.

5.7.6 Should any competitor suffer engine failure then the engine must be returned to Ginetta Cars Ltd. If a replacement engine is required this must be obtained from Ginetta Cars Ltd.

5.7.7 Cylinder Head. No work that removes adds replaces or transfers material is allowed on the cylinder head or which may in any way alter the shape of a component or port is permissible. Polishing or abrasive cleaning of either inlet or exhaust ports, and which may result in the removal of the original manufacturer's cast finish is strictly prohibited.

5.7.8 Manifolds. It is permissible to use only inlet and exhaust manifolds as supplied by Ginetta Cars Ltd, and bearing identification stamps. Polishing abrasive cleaning or otherwise altering the manifolds internally is prohibited. There are two eligible inlet manifolds for the Ginetta Junior Championship as follows:

- Part number GCE0077
- Part number G40-E0023

5.7.9 And two eligible exhaust manifolds part numbers are as follows:

- Part Number M062
- Part Number G40-F0016

5.7.10 Flywheel. The cast iron flywheel must remain as supplied by Ginetta Cars Ltd, with a minimum thickness of 33.5mm, and with a minimum weight of 8.4Kg (with ring gear fitted, although excluding all flywheel and crankshaft mounting bolts).

- Part number G40-E0289

5.7.11 Engine Wiring Loom. This must remain as supplied by Ginetta Cars with no modifications permitted.

- Part number G40-L0040

5.7.12 Catalytic Converters. A catalytic converter must be fitted and working at all times and remain unmodified. Tests will be carried out to ensure compliance.

- Part number G40-F0031 – SPB
- Part number G40-F0032 - EPB

5.7.13 The Air Filter, as supplied by Ginetta Cars must be fitted correctly at all times.

- Part number JC50/100

5.8 Transmission / final drive

5.8.1 The Ginetta G40 Junior race car must retain the Quaife 6 speed sequential gearbox as supplied through Ginetta Cars Ltd. It is the competitor's responsibility to ensure that the following prescribed gear ratios are retained at all times during competition: 1st 15:30, 2nd 15:23, 3rd 17:21, 4th 20:21, 5th 25:23, 6th 24:20. All gearboxes bear a Ginetta approved seal. It is the competitor's responsibility to ensure that their gearbox bears the seal throughout the Championship.

- 5.8.2 Any seal found to be damaged will result in the gearbox being declared ineligible by or on behalf of the Organisers and it will be impounded for examination at the sole cost of the Entrant which costs shall be payable on demand as liquidated damages debt. Championship Registrations(s) shall be suspended until such costs have been paid to the Organisers as cleared funds. In the event of such declaration of ineligibility then the competitor and / or Entrant shall be subject to the relevant Judicial procedures under these Regulations including penalties under the Commercial Regulations.
- 5.8.3 The only eligible clutch drive plate to be used in the Ginetta G40 car is one of the following:
- Part number G40G0061
- 5.8.4 The clutch, as supplied by Ginetta Cars Ltd must be retained in its original form.
- 5.8.5** An ATB limited slip differential as supplied by Ginetta Cars Ltd (Ginetta part number GCJ0001), with a final drive ratio of 3.92:1 must be used. All differentials bear two Ginetta approved seals. It is the competitor's responsibility to ensure that their differential bear the seals throughout the Championship. The sealed gearbox and ATB limited slip diff may only be rebuilt by Ginetta Cars Ltd. **Art. 5.8.2 of these Regulations applies in respect of Differential seals.**
- 5.8.6 A hydraulic operated clutch, as supplied by Ginetta cars (see build manual), may be used as an alternative to the standard cable operated system. These components must be fitted by the factory from new.
- 5.8.7 Clutch master cylinder reservoir may be relocated to the front engine brace using the replacement part No G40-A0196 only.
- 5.8.8 An upgraded quick shift kit part number G40-G0167 may be fitted. This kit must be supplied by Ginetta Cars and must not be modified in any way.
- 5.8.9 Prop shaft. The standard Ginetta Prop shaft, part number G40-G0045 must remain in standard specification, and have a minimum weight of 5kg.
- 5.8.10 Drive shafts and CV joints must remain as supplied by Ginetta cars, with no modification permitted, other than the replacement of lubrication in the CV joint.

5.9 Induction System

- 5.9.1 The standard induction system as supplied by Ginetta Cars Ltd, conforming to current specification throttle bodies must be retained. If in doubt as to the current specification then check with Ginetta by written inquiry pursuant to Art. 5.2.5 of these Regulations. If any component of the Induction System is found ineligible then Championship Penalties under these Regulations including the Commercial Regulations will be applied by the Organisers.
- 5.9.2 The inlet manifold and throttle bodies and restrictor must remain as supplied by Ginetta Cars. No modification to this system or inclusion of additional structures is permissible. The throttle body housing shall not be modified internally in any way. No profiling or re-profiling is permitted.
- 5.9.3 The updated restrictor backplate part number G40-E0010 must be fitted, and sealed to the engine throttle bodies. Any modification to the restrictor plate will render them ineligible, including but not limited to any polishing or removal of material, which will can be identified by the removal of any of the coating around the bores of the restrictor plate.
- 5.9.4 The current specification external throttle linkage including the throttle return spring must not be modified. The dimensions of the inlet trumpets are controlled at 45mm (diameter) and 90mm (length) with air filter as supplied as standard by Ginetta Cars Ltd. No modification is permissible to this system whatsoever.

5.9.5 The throttle potentiometer fitted to the throttle body must be set to read a voltage of between 0.60 and 0.79 volts, when the engine is switched off and the throttle pedal is at its resting position. This will be determined by taking a reading from the ECU software Easimap 6.

5.10 Electrics

5.10.1 The battery fitted must be supplied by Ginetta cars

- Part number G40-L0061

5.10.2 The battery fitted must remain in the location as supplied by Ginetta Cars and be secured with the corresponding battery strap. This can be either the passenger foot well area, or mounted in the near-side boot floor.

5.10.3 The only eligible spark plug for use in the engine will be NGK Copper Core Spark Plug Ginetta Part No - GIN-V6-H-0014.

5.10.4 It is prohibited to use any other method or component to trigger distribute or time the ignition or injection.

5.10.5 The fitting of additional instrumentation is not permitted unless under regulation 5.10.6

5.10.6 The standard data acquisition system, as supplied by Ginetta Cars is the only permitted device and must remain set to standard configuration as supplied with the Ginetta G40 Junior Car. This system is either:

- Race Technology DL1 data logger and Dash 3 minidash.
- AIM EVO4 data logger and G-Dash minidash.
- Race Logic VBox Lite Part number G40-L0119 with optional OLED Display Part number G40-L0125
- Race Logic VBox HD2 with OLED display Part number G40-L0157
- AIM EVO 4S datalogger Part number G40-L0176

5.10.7 As a routine part of eligibility control procedures, it may be called upon by either the Championship Organisers or Eligibility Scrutineer to make available all acquired data from the above detailed equipment at any point for the purpose of collecting engine performance data during either race or qualifying sessions and during official test sessions / Ginetta organised sessions. For avoidance of doubt, the engine map file in the ECU must be an exact match to the current version Ginetta hold on file, which will be determined by running a comparison check using the Easimaps 6 ECU software. For this purpose, the ECU download point must remain in its standard location. The Championship Organisers reserve the right to download and access all data at any time during the Championship including but not exclusively race or qualifying sessions and during official test sessions / Ginetta organised sessions. Entrants and competitors shall make the car including but not exclusively the ECU accessible to the Organisers forthwith on request for examination and if desired data capture.

5.10.8 No additional connections whatsoever shall be made to the ECU as supplied by Ginetta.

5.10.9 A gear position indicator (Ginetta Part Number G40L0051) may also be fitted; however, this must be supplied by Ginetta Cars Ltd and bear the appropriate Ginetta branding.

5.10.10 The only additional modification that will be allowed to the data logging system will be as follows:

- (i) Wheel speed hub link loom, Part Number G40 - L0026
- (ii) Gear indicator loom, Part Number G40- L0051

- (iii) Brake pressure sensor kit, Part Numbers G40 – I0049 & G40-L0150
- (iv) Steering angle sensor kit – Ginetta part number – G40-H0049, G40-L0150.

The additional logger inputs must be fitted as per Ginetta guidelines.

5.10.11 Electronic Control Unit (ECU). The standard MBE ECU as supplied by Ginetta Cars Ltd on behalf of the Organisers must not be modified in any way, and must be used in conjunction with the loom supplied. The ECU may be exchanged or electronically interrogated at any time at the instance of the Organisers or on the request of the Licenced Eligibility Scrutineer. The ECU diagnostic connector must be positioned in an accessible position allowing the Organiser and / or scrutineer free access to it at all times.

A Motorsport UK seal must be attached to the ECU following confirmation from Ginetta Cars that the latest map is installed. The MSUK seal number must be recorded on the Formstack system in the same way as engine seal numbers etc. are recorded. This will then be the only ECU permitted to be used in the championship in that specific car. The ECU can only be changed with written permission from the Licensed Eligibility Scrutineer or the Championship Coordinator.

5.10.12 Any competitor may be required by the Organisers to and then shall run additional sensors at any time. It is at the sole discretion of the Organisers and who may act through the Championship Coordinator and Licenced Eligibility Scrutineer as to which cars must run any additional sensors.

5.10.13 The electrical fuses and relays must be fitted in one of the following two positions:

- Battery box in passenger's foot well.
- Bolted to the front vertical face of dashboard on passenger's side.

5.10.14 The 12-volt standard alternator, as supplied by Ginetta Cars must be fitted

- Part number : G40-E0239

5.10.15 The minimum output of the alternator must remain as standard at all times.

5.10.16 An upgraded alternator mounting kit (Ginetta Part number G40L0059) may be used. This kit must be supplied by Ginetta Cars and must not be modified in any way and must not be used in conjunction with the non-upgrade method of mounting the alternator.

5.10.17 The starter motor must remain standard as supplied by Ginetta Cars Ltd.

5.10.18 Cars must be fitted with standard Ginetta front lights with clear lenses or the alternative imitation light pod with clear lenses. In the case of the imitation light pod being fitted the standard light stickers as supplied by Ginetta must be fitted at all times. It is not permitted to cover the light lenses with other stickers or tape when using either of the configurations mandated above.

5.10.19 Cars must be fitted with rear lights including LED brake lights, High level brake light fog lights and indicators including side repeaters. Side repeaters do not have to be operational.

5.11 Cooling system

5.11.1 The standard layout of the cooling system must be in the location as set out by Ginetta Cars Ltd. Only the 'hot climate' version of the G40 radiator may be used, part number G40-P0017 must remain in its location in front of the front most chassis member.

5.11.2 Radiator fan 10" part no G40-P0016 must be fitted. This is the only eligible fan, and must be fitted in the centre of the radiator.

- 5.11.3 Front under tray (Ginetta Part no. G40B0237) must be fitted at all times.
- 5.11.4 Internal bonnet top aluminium cowling (Ginetta Part no. G40B0238) may **NOT** be fitted at any time.
- 5.11.5 Unless advised and approved by Ginetta Cars Ltd it is not permitted to channel air from the nose of the bonnet through the radiator by means of extra cowling.
- 5.11.6 The size of the bonnet apertures must remain unmodified and may not be covered or taped over in any way.
- 5.11.7 An updated water rail with modified water temperature location may be fitted (Ginetta part number G40 – L0132 & I0131).
- 5.11.8 No other modifications than those referred to above are permissible.

5.12 Brakes

- 5.12.1 An upgraded braking system as supplied by Ginetta Cars Ltd must be fitted thus:

Front and rear discs: 280mm o/dia
Part Number: G40I0002

With:

Front Callipers Part Number - G40-I0057 (left-hand) and – G40-I0058 (right-hand)
Rear Callipers Part Number - G40-I0059 (left-hand) and – G40-I0060 (right-hand)

- 5.12.2 Discs and Calipers must remain as supplied by Ginetta Cars. There are NO permitted modifications, other than those specified in 5.12.12 and 5.12.13
- 5.12.3 Brake discs must retain a minimum thickness of at least 23mm on any part of the disk surface that interfaces the brake pad at all times.
- 5.12.4 Brake master cylinders, as supplied by Ginetta Cars, with 0.7 inch bore size front and rear, must be retained as standard.
- 5.12.5 Brake master cylinder reservoir may be relocated to the front engine brace using the replacement part No G40-A0196 only.
- 5.12.6 The use of the following Brake Pads and friction material is mandatory:

Front: Performance Friction 7705.11.14.54 Part No G40-I0071
Rear: Performance Friction 7705.11.14.54 Part No G40-I0072
- 5.12.7 Brake pads must be supplied exclusively by Ginetta Cars. In the event of an eligibility dispute reference will be made by the Organisers to the brake pad manufacturer who will decide if the disputed component is authentic and their certificate shall be definitive.
- 5.12.8 If an alternative type of brake pad is made available drivers will be notified by official bulletin.
- 5.12.9 Brake lines must remain as standard and in the manufacturer's layout.
- 5.12.10 Brake bias may only be altered using the standard balance bar supplied by Ginetta Cars Ltd.

- 5.12.11 It is not permitted to direct air from ducting to the braking system unless advised by Ginetta Cars Ltd as an approved system.
- 5.12.12 Front brake calliper brake pad retaining bolts may be exchanged for a longer bolt, allowing the addition of an additional lock nut to be fitted on the inside edge of the calliper.
- 5.12.13 It is permissible and recommended that the rear brake pad pin r-clips are changed for lock-wire as a method of retainment.

5.13 Suspension

- 5.13.1 The standard suspension components and configuration as supplied by Ginetta Cars Ltd must remain unaltered except as specified and / or permitted below.
- 5.13.2 Front and Rear anti-roll bars must remain standard as supplied exclusively by Ginetta Cars Ltd and must remain in the standard locations and standard material. Anti-roll bar stiffness adjustment is free within the range provided by the supplied standard components. The operating linkage may be disconnected but not removed.
- Front anti roll bar. Part number G40-C0019
 - Rear anti roll bar. Part number G40-D0005
- 5.13.3** There are two minimum ride height requirements which the Ginetta G40 must conform to. The minimum ride height measured from the centre line of the front wheel to the front of the vehicle must be in excess of **80mm** for any part of the vehicle, and the minimum ride height as measured in a vertical plane from the lowest point of the chassis rail to the Event designated level ground surface below shall be in excess of **90mm**.
- 5.13.4 The chassis ride height shall always be measured directly below the front and rear axles. Diagram of chassis showing approximate position at which ride height measurements will be taken, front (F) and rear (R). (Please see the Ginetta G40 build manual for a diagram showing the ride height reference).
- 5.13.5 These measurements shall be applied with the driver on board and with tyres normally inflated. If the ride height is measured at the end of an on-track session the tyre pressures may NOT be altered prior to the ride height being checked.
- 5.13.6 Once a car has ended any on-track session the tyres and / or wheels may not be interchanged for scrutineering purposes.
- 5.13.7 The front and rear wheel camber angle may be adjusted by means of standard size shims. The only permitted shims are those exclusively supplied by Ginetta Cars Ltd.
- 5.13.8 As standard, the shims are supplied in the following thicknesses:
- 2.00mm
 - 3.00mm
 - 5.00mm
- 5.13.9 The front and rear wheel camber may be adjusted to a minimum by use of a single 2.00 mm thick shim per upright.
- 5.13.10 The front and rear wheel toe in/out may be adjusted within standard limits and with no modification.

5.13.11 Springs. The only permitted springs are the standard ones as outlined below and supplied by Ginetta Cars. Springs are required to have legible manufacturer's identification marks to be considered to be compliant with the technical regulations.

- Front Springs: 625 lbs (Ginetta part number G40C0031)
- Rear Springs: 450 lbs (Ginetta part number G40D0012)

5.13.12 If the distinguishing marks become illegible the component may be re-authenticated providing an audit trail and compliance with the component specification can be demonstrated to the satisfaction of the Organisers in their absolute discretion.

5.13.13 All cars must be fitted with front and rear dampers as supplied by Ginetta Cars, parts numbers:

G40-C0083 - Front

G40-D0039 - Rear

5.13.14 Dampers as specified and supplied exclusively by Ginetta Cars Ltd must remain to the original manufacturer's specification and be located as supplied by Ginetta Cars LTD, for example units intended for the front of the car must not be fitted to the rear and vice versa. A damper 'trace' will be issued at the start of the Championship season, which all dampers must comply with at all times. All dampers are fitted with a hologram sticker on the top of the damper body, which must remain intact at all times.

5.13.15 The sealed damper may only be rebuilt or serviced by an official agent of Ginetta Cars Ltd.

5.13.16 The use of additional 'helper' springs and helper spring collars is mandatory on the front dampers. Only helper springs / spring collars supplied exclusively by Ginetta Cars (Part numbers G40-C0034 and G40-C0033) are permitted for use within the Championship. The fitment of the helper springs on the rear dampers of the car is optional.

5.13.17 The original damper bump stops must be fitted and not modified from the standard specification. Additional bump stop rubber may not be fitted.

5.13.18 The standard track and wheelbase dimensions must be retained.

5.13.19 The standard wishbone bush must not be modified in anyway, and must not have a shore durometer type D rating of more than 45.

5.14 Wheels

5.14.1 The standard wheels of size 15"x7" as supplied exclusively and officially stamped by Ginetta Cars Ltd may not be modified or substituted for others.

5.14.2 The use of wheel spacers or other wheel spacing mechanism is not permissible.

5.14.3 Wheels may be painted. However, this must be done in good taste and the Organisers acting through the Championship Coordinator reserve the absolute right as to whether the colour chosen is in good taste. If in doubt please seek prior clarification before painting your wheels.

5.14.4 Wheels which have been painted must not weigh less than a standard wheel. Any painted wheels found to weigh less than a standard wheel will be subject to a technical non-compliance. Art.5.1.3 of these Regulations applies.

5.14.5 Wheel bearings must remain as supplied by Ginetta cars, part number G40-C0021, and retain all its original internal parts. The seals must not be modified in anyway. The only permissible modification to the wheel bearing unit will be the removal of the plastic wheel speed sensor plug housing from the rear surface of the unit.

5.15 Tyres

5.15.1 The intention of these regulations is:

- (i) To contain costs by limiting the number of tyres which can be purchased on behalf of any one driver during the series and for testing.
- (ii) To limit the number of tyres used per car/driver per complete event and during the season.
- (iii) To prohibit the use of any method of raising the temperature of tyres by adding heat artificially.
- (iv) To prohibit the application of any material to alter the standard performance of the tyres.
- (iv) Any attempt whatsoever to circumvent these intentions or any fraudulent attempt to deface, re-mark, counterfeit, or otherwise circumvent the unique tyre numbering system will automatically be the subject of a report to the Clerk of the Course/Stewards.

5.15.2 The only permitted tyres for use in this Championship are MICHELIN 195 / 50-15 V Pilot Sport 3. These tyres must be supplied by Ginetta Cars or their designated tyre supplier, Protyre Motorsport. The tyres will be marked accordingly to certify that they have been supplied by Ginetta Cars or Protyre Motorsport. These tyres must remain road legal with a minimum tread depth of 1.6mm at all times, both during competition and during presentation for post-event scrutiny.

5.15.3 The maximum number of dry tyres that may be required by a car over a full championship season (i.e., 8 meetings detailed in 1.6.1, including pre-event Friday test days detailed in 1.6.3) will be 36 new tyres.

5.15.4 The maximum number of tyres available to each car for use during each championship meeting (to mean Saturday and Sunday, Free Practice when scheduled, Qualifying sessions and Races and pre-event official test day), will be limited to 4 tyres.

5.15.5 The 4 tyres allocated for use over the meeting must be “brand new” (A tyre can be deemed to be brand new if it has not had any use on a vehicle) when the car is presented for Scrutineering prior to the free practice session, on the Friday at the start of the event. These tyres must be purchased from the designated tyre supplier on the same weekend they are due to be used, and will only be released by the designated tyre supplier to the competitors on the morning of the pre-event official test session. It is the competitor’s responsibility to ensure the designated tyre supplier receives a set of rims in good time, to allow the tyres to be fitted prior to the tyres being released at the start of the meeting.

5.15.6 The 4 allocated tyres presented on the car at the start of the meeting must be used for all the official Ginetta Junior Free Practice, Qualifying and Races, and official pre-event test sessions.

5.15.7 The four tyres nominated for the race weekend will be required to be used during the official pre-event Friday test sessions. With the exception of Silverstone, Ginetta Festival (1-4 June) where four tyres will be nominated for the Thursday Test and Friday and an additional four tyres will be nominated for Saturday and Sunday.

5.15.8 Each competitor will be allowed the use of two spare tyres for the event. These must be brand new at the start of the weekend and will be marked up as spare tyres.

Guest drivers entering the last two events (Brands Hatch – 9/10 September and Donington Park – 21/22 October) and are not permitted to nominate two spare tyres.

- 5.15.9 Spare tyres may only be fitted with the express permission of the Licenced Eligibility Scrutineer or Championship Coordinator who will need to be notified when the tyres are fitted, regardless of when this occurs. The only reason a competitor may utilise a nominated spare tyre is through damage to one of the four nominated tyres.
- 5.15.10 Once fitted, the spare tyre must then be used for the remainder of the meeting and will not be replaced.
- 5.15.11 Spare tyres that are not used during a meeting may be carried over to the next round, however must remain in 'brand new' condition. The Eligibility Scrutineer has final say on the condition of a tyre.
- 5.15.12 Thus, a total of 6 tyres must be presented at scrutineering (4 on the car, 2 spares) for Registration with the Eligibility Scrutineer. Bar-coding and/or permanent paint and/or serial numbering will be used to control tyre use. It is the competitor's responsibility to ensure that all tyres are marked before use.
- 5.15.13 In very exceptional cases where, in the judgement of the Eligibility Scrutineer, damage to tyres makes further participation in the event impossible and both spare tyres have been utilised, additional tyres above the total allocation for the meeting may be purchased. However, for every additional tyre purchased, the driver will incur a five (5) championship point deduction. The number of tyres available to purchase above the allocation will depend on the amount of tyres required to make participation possible.
- 5.15.14 The use of tyre heating equipment / heat retention devices, tyre treatments or compounds, is prohibited. Any artificial cooling of tyres is prohibited.
- 5.15.15 Bar-coding and / or permanent paint marking will be used to control tyre use. It is the competitor's responsibility to ensure that all tyres are marked before use and logged by the series coordinator and/or the Eligibility Scrutineer.
- 5.15.16 All tyres must be supplied by Ginetta Cars or their designated tyre supplier, Protyre Motorsport. Tyres will be marked accordingly to certify that they have been supplied by one of these sources.
- 5.15.17 Any attempt to modify the tread depth of the tyre above that caused by wear during the official sessions is prohibited. This includes shaving or buffing of the tyre, excessive spinning of wheels when driving around the paddock, and any other means of removing tread from the tyre.
- 5.15.18 Only the championship Organisers have the authority to alter the tyre allocation. If, through force majeure, the total tyre allocation needs to be altered at any point throughout the season, drivers will be notified by way of official bulletin.
- 5.15.19 During the event checks will be made by the Organisers acting through the Eligibility / Safety Scrutineer or their appointed representative to ensure compliance between the tyres used and serial numbers recorded on the nomination form. At the end of the race all placed cars may be checked for compliance with this tyre regulation. Non-compliance at any time during the event will be the subject of a report to the Clerk of the Course / Stewards and may result in the application of Championship Penalties in accordance with these Regulations including the Commercial Regulations.
- 5.15.20 It is only permitted to inflate tyres with air of atmospheric composition. No other medium may be used. The Eligibility Scrutineer may request for the inflated tyres to be tested at any time to ensure that no medium other than air of atmospheric composition is being used.
- 5.15.21 It is not permitted to use any means to artificially raise the temperature of tyres above ambient at any time prior to or during any event, other than by the natural addition of heat resulting from permitted driving on the circuit.

- 5.15.22 Tyre warmers or any other device intended to modify or maintain tyre temperature is forbidden. Tyre warmers found at the circuit will be judged to be available for use and appropriate action will be taken.
- 5.15.23 Tyres must only be used in the standard condition as supplied by the manufacturer. The application of any material (liquid, solid or gas) to any part(s) of the tyre, is therefore forbidden. The only exceptions are the use of a mixture of pure domestic water and household detergent or the lubricant applied to the tyre bead for fitting purposes. The Championship Organisers reserve the right to take samples of tyres / tyre material at any time for laboratory analysis.
- 5.15.24 It is not permitted to remove debris / rubber pick-up from the tyre surface by the use of a tool and / or heat gun.
- 5.15.25 Any tyre protection covers used at any time within the confines of the circuit, must be of a temporary construction and must be capable of being used many times.
- 5.15.26 Pressure regulation valves are forbidden.
- 5.15.27 At the Eligibility Scrutineer discretion, the tyres for the event, may be retained at the end of Official Practice and Race(s) until a minimum of 30 minutes prior to next time that the tyres are required to be used.

5.16 Weight

- 5.16.1 The minimum vehicle weight excluding driver is **810kg**, including driver is **910kg**. The car and driver weight are intended to include the driver suitable dressed for competition, with safety helmet and all safety equipment. It is emphasised that both these minimum weights must be respected at all times during both Qualifying and Competition. Failure to meet either or both will be considered an offence under these regulations.
- 5.16.2 The Organisers reserve the right to amend the weight limit a maximum of twice during the season. This will be done by way of an official Championship Bulletin to all competitors.
- 5.16.3 All drivers entered in the Championship will be weighed, wearing their complete racing apparel, at the first Meeting of the season and may be weighed again at intervals during the remainder of the season. If a driver is entered later in the season, they will be weighed at their first Meeting. If a car is weighed without the driver, the weight determined by this Regulation will be added to the weight of the car to give the total weight.
- 5.16.4 In order to meet the criteria of **5.16.1** only it is permitted to add ballast to the car in accordance with Motorsport UK Regulation **J5.15**. Such ballast must be formed of solid unitary blocks. They must only be fixed using a ballast plate supplied by Ginetta cars (Part number G40R0032) which is bolted to the floor of the passenger seat well in the designated area of the car. The ballast plate fixings must be able to withstand acceleration / deceleration forces of 25G.
- 5.16.5 Provision must be made for the Eligibility Scrutineer to affix seals to any ballast fitted.
- 5.16.6 Following competition, the driver must remain available to the Organisers with the car under Parc Fermé conditions until released by the Eligibility Scrutineer in order to ensure weighing is completed with the minimum of delay. Drivers who are required for post race prize giving and / or media interviews and who are directed from Parc Ferme by an official of the meeting or a Ginetta official are permitted to leave Parc Ferme although must return to their car after such events have taken place to ensure scrutineering is completed.

- 5.16.7 If a car loses a part during qualifying or a race the weight of that part may be taken into account during eligibility checks. Following consultation with the Championship Coordinator the Eligibility Scrutineer will determine whether any lost part should be taken into account.
- 5.16.8 At the requested of the Licenced Eligibility Scrutineer, if a car has abnormal amounts of debris or gravel attached or stored in it, this may be asked to be removed before the car is weighed for post-race checks.

5.17 Fuel, fuel injection and fuel tank

- 5.17.1 A standard FIA approved fuel tank as supplied exclusively by Ginetta Cars Ltd must be retained in its original position. The fuel delivery system must remain as original specification.
- 5.17.2 The standard 45 litre FIA approved fuel tank and fuel delivery system may only be substituted by alternative components that are approved and supplied exclusively by Ginetta Cars.
- 5.17.3 The use of a controlled unleaded fuel complying with the definition laid down in **Section B**, “Nomenclature and Definitions” Section of Motorsport UK Regulations, (Technical Definitions), and supplied by Petrochem Carless, is mandatory. Compliance with this regulation will be verified by fuel testing throughout the season.
- 5.17.4 Fuel will be deemed to be non-compliant if it is found to have a correlation factor of at least 0.9990 (99.90%)
- 5.17.5 At the end of any official practice / qualifying / races, at least 3 litres of fuel from the tank of the competing car must be available to the Eligibility Scrutineer for analysis if required. Compliance with minimum weight for the car will be taken before fuel is removed as part of any eligibility check.
- 5.17.6 Fuel pressure must be regulated by the standard fuel pressure regulator as supplied exclusively by Ginetta and situated in the fuel tank. The fuel pressure must be regulated, by the fuel pressure regulator, to 3.8 bar +/- 0.2 bar.

5.18 Silencing

- 5.18.1 The exhaust system as supplied exclusively by Ginetta Cars Ltd must remain as standard and may not be altered. All cars must comply with Motorsport UK Regulation **J5.17**. concerning noise levels and it is the competitor's responsibility to ensure that the car complies with currently enforced levels.
- 5.18.2 Catalytic Converters. These must be fitted and working at all times and remain unmodified. Tests will be carried out on these during the Season.

5.19 Presentation

- 5.19.1 Having due regard to the best interests of the Championship Sponsors, the Championship image, Ginetta Cars and of safety, competing cars are to be presented in a mechanically and visually acceptable condition. Organisers reserve the right to insist that such standards of presentation are maintained as a condition of racing within the Ginetta Junior Championship. Individual cars may fail scrutineering if they are, as deemed by the Licenced Eligibility Scrutineer, to be of poor presentation and / or mechanically unacceptable.

5.20 Race suits

- 5.20.1 All competitors will be required to wear the official Ginetta branded HRX race suit for all official qualifying and races, as per the diagram in appendix D. The Ginetta logo may be displayed in either black, white or orange to fit with individual designs. The championship logos are to remain in the mandated location on all suits. Link to the HRX online portal <https://www.hrxracewear.co.uk/ginetta>

5.21 Numbers and decals

- 5.21.1 All cars must carry championship and trade sponsor decals.
- 5.21.2 Each car must carry championship decals as per the figure in **Appendix C**. Competitors will be supplied with three number squares incorporating the major sponsors logos. One must be affixed to each side of the car, in the position normally occupied by the doors. The third must be located to the front / top aspect of the car so as to be clearly visible. Competition numbers must be affixed to these squares and to the front / top aspect of the car so as to be clearly visible.
- 5.21.3 It is also necessary for all competitors to carry an additional number placed on the passenger-side of the windscreen. These must be as supplied by Ginetta cars.
- 5.21.4 All cars must carry their official Championship race number in all sessions during the race weekend, including the official Friday test sessions.
- 5.21.5 Ginetta Cars may request at any point that additional championship / trade sponsor decals are carried on cars. This will be done by way of an official championship bulletin. The Organisers reserve the right to remove any decals or branding which is deemed to be unsuitable or conflicts with other championship / Ginetta sponsors or in any way does or may represent interference with any third-party intellectual property.
- 5.21.6 Failure to comply with Regulations **5.21.1** or **5.21.2** will not be subject to a technical non-compliance but will be liable to penalty under the Commercial Regulations.
- 5.21.7 In the event of any issue arising as to whether any component that must be supplied by Ginetta under these Regulations has been so supplied to the competitor then the Entrant and / or Team shall be required to evidence proof of purchase. Inability to evidence such proof of purchase may be treated by the Organisers as evidence ineligibility.

6 COMMERCIAL REGULATIONS

- 6.1.1 The following Commercial Regulations are contractual between the Entrant and / or Teams and / or Driver and the Organisers and / or Promoters and are not considered by the Motorsport UK. Accordingly, the application of these Commercial Regulations by the Organisers and / or Promoters will not be subject to the Judicial processes of either the Championship Stewards and / or the Motorsport UK / MSC. However, these Commercial Regulations are in the nature of a continuing binding contractual warranty and undertakings given by and on behalf of all Entrants Teams and Competitors in the Championship to the Organisers by the action of applying for and during any current period of Registration and accordingly they are enforceable as such.
- 6.1.2 All Entrants Teams and Competitors acknowledge warrant and undertake with the Organisers that any Championship Registration under these Championship Regulations may be suspended withdrawn or revoked by the Organisers for any breach of these Championship Regulations including but not exclusively these Commercial Regulations. Such suspension withdrawal or revocation of Registration shall not serve in the nature of any liquidated damages or penalty for breach of the contract that is represented by the Championship Regulations and the Organisers are at liberty to seek such remedy and in such forum as they may in their absolute discretion deem appropriate.

6.2 Commercial Undertakings

- 6.2.1 The Race Meetings comprising the Championship shall be conducted in accordance with the Regulations and these Commercial Regulations.
- 6.2.2 In these Commercial Regulations the nomenclature definitions and abbreviations specified in the General Regulations of the Motorsport UK from time to time and in the Sporting Regulations of these Championship Regulations shall be adopted.
- 6.2.3 The Organisers acting through the Championship Coordinator have the right to amend vary or add to the Commercial Regulations from time to time. Such amendments variations and additions shall be notified by bulletin to all Registrants by posting to the address detailed on the Championship Registration Form or by sending to the e-mail address detailed on the Registration Form or faxing to the fax number detailed on the Registration Form (if any) or delivery to the competitor by hand.
- 6.2.4 All Competitors Entrants Teams and persons associated with them for the purposes of the Championship agree to be bound by the Commercial Regulations and any additions, variations or amendments thereto and Competitors Entrants and Teams to shall procure compliance by persons associated with them at all material times.
- 6.2.5 All the prizes stated in regulations 1.8 will only be issued to Competitors whose accounts with Ginetta Cars Ltd are up to date as at close of business on 30 November following the race season. Any Competitor whose accounts are not up to date as at close of business on 30 November following the race season relinquishes all rights to prizes.

6.3 Penalties

- 6.3.1 **WARNING:** The terms of the Commercial Regulations are fundamental to the contract between SRO Motorsports Group (where applicable) Ginetta Cars and the Registrants. All Entrants Teams and Competitors acknowledge warrant and undertake with the Organisers that any any breach of these Championship Regulations including any breach of any of the Commercial Regulations may render the Competitor and / or the Entrant and / or Team ineligible for competition and in such circumstances continued participation in this Championship will be entirely at the discretion of the Organisers who may

revoke or suspend or withdraw any Registration. The Organisers as an alternative and/or in addition to revoking or suspending or withdrawing the Registration of the Competitor and / or Entrant and / or the Team for participation in the Championship may but subject to the Organisers' absolute discretion refer the matter to the Championship Stewards in order that if those Stewards see fit they may impose any one or more of the following penalties as a condition of continued participation in the Championship but in respect of such matter there shall be no contractual right of Appeal to the MSC National Court:

6.3.1.1 Reprimand, which may include forfeiture of a qualifying time or times

6.3.1.2 Time penalty

6.3.1.3 Disqualification

6.3.1.4 Forfeiture of Championship points (even if this results in a minus total of points)

6.3.2 In addition, or in lieu of any such penalty this Organisers acting through the Championship Coordinator may require the competitor and/or Team to take such steps as may be reasonable to mitigate the damage to the reputation of the Championship and / or the Organisers.

6.3.3 A breach of any of the Commercial Regulations may additionally or alternatively result in a fine as contractual liquidated damages up to a maximum of £1,000 for each offence being imposed by the Championship Co-ordinator. All such liquidated damages must and shall be paid forthwith as a debt to Ginetta Ltd and Championship Registration will be suspended until such payment has been received, participation in the Championship by that Entrant/Driver will be entirely at the discretion of the Championship Co-ordinator.

6.3.4 In the case of an alleged breach of any Commercial Regulation the decision of the Organisers is final as to the culpability and penalty (and for the avoidance of doubt there is no appeal to the MSC National Court).

6.3.5 Where in the opinion of the Organisers any Competitor and / or Entrant and /or Team has gained an unfair advantage (whether inadvertently or not) from a breach of the Commercial Regulations by its own actions or those of another Competitor or Entrant or Team the Organisers acting through the Championship Coordinator may impose any one or more of the penalties set out in Commercial Regulation 6.3.1 above in order to remove or otherwise compensate for such advantage.

6.3.6 All cars must have a transponder fitted and working for any Friday practice session immediately prior to race weekends. Any competitor running without a transponder during an official test session will have championship points deducted. 5 championship points will be deducted for each test session that a driver fails to fit a working transponder.

6.3.7 It will be at the decision of the Organisers and / or Clerk of the Course as to whether or not a driver is penalised. Any evidence may be used to determine whether or not a working transponder has been fitted, including information / data from the official timekeepers.

6.4 Television

6.4.1 By entering the Ginetta Junior Championship, competitors, entrants and Teams are obliged to assist SRO Motorsports Group , Hayfisher Productions and Ginetta Cars Ltd in the promotion of the Championship and in particular, the television coverage:

6.4.2 All competitors, entrants and Teams are obliged to assist the SRO Motorsports Group and Ginetta Cars nominated TV Production Company in the filming of Championship events and activities through the

granting of interviews when requested and any other reasonable requests of the TV Production Company or the Coordinator.

- 6.4.3 Without prejudice to the generality of **6.4.1** drivers finishing first, second and third in the Drivers' Championship must make themselves available immediately after each Qualifying session, Race and/or the prize giving ceremony for any media interviews in accordance with the requirements and directions of the Coordinator.
- 6.4.4 All cars must carry an in-car camera or on-board camera during testing, free practice, official qualifying sessions and/or the races at the request of the TV Production Company or the Coordinator, and all cars must carry a Championship on-board Judicial camera (See regulation **3.21**).
- 6.4.5 Footage from any camera used by competitors or Teams cannot be used for commercial exploitation or public broadcast. Any footage produced in breach of this Regulation will forthwith upon request be delivered up to the Coordinator in addition to any penalty imposed.
- 6.4.6 Any competitor and/or anyone connected with a competitor is prohibited from trying to influence the editorial decisions of the TV Production Company in connection with the Championship as it is shown on television or of otherwise interfering with television coverage.
- 6.4.7 The decision as to which car is to carry an on-board camera and/or an in-car camera rests solely with the TV Production Company, Ginetta Cars and the Coordinator whose decision shall be final.
- 6.4.8 It is permitted to install own brackets in a competing car in order to incorporate an in-car camera but always subject to the prior approval of the Championship Scrutineer and the nominated TV Production Company.
- 6.4.9 The SRO Motorsports Group and Ginetta Cars nominated TV Production Company shall have unrestricted access to any video footage captured by the drivers and / or Teams or their associates and may incorporate any such material in its coverage of the Championship.
- 6.4.10 All footage obtained or recorded by the SRO Motorsports Group and Ginetta Cars Nominated TV Production Company of the Championship belongs to the SRO Motorsports Group and Ginetta Cars nominated TV Production Company and all competitors, entrants and Teams and their associates consent to their images being used by SRO Motorsports Group, Hayfisher Productions and Ginetta Cars (and those authorised by it) for promoting the Championship and merchandise associated with the Championship.

6.5 Advertising

- 6.5.1 No advertising of tobacco or tobacco products is permitted in any shape or form in this Championship. Additionally, any products that are not permitted to be advertised on UK television are also prohibited, along with any products that have an age restriction of above 16. The Organisers reserves the right to censor any advertising that may at the absolute discretion of the Championship Coordinator and / or the Organisers be deemed to be unsuitable. Any car or driver considered by the Championship Coordinator and / or the Organisers in their absolute discretion to be exhibiting unsuitable advertising may be disqualified from any Round of the Championship.

6.6 Publicity

- 6.6.1 At all Championship Meetings, Drivers, wearing their driving overalls, must take part in any autograph session, paddock walkabout and pre-race parade, when requested by the Championship Coordinator.

- 6.6.2 All drivers who qualify for an award shall attend the podium ceremony and any post-race televised interviews wearing their race winners' caps to be provided by Ginetta Cars. Failure to attend the podium ceremony or failure to attend correctly attired may result in a fine being imposed by the Organisers.
- 6.6.3 In signing the Championship Registration Form, competitors, entrants and Teams agree that Ginetta Cars Ltd (and those authorised by it) may make use of their activities and successes in motor sport for any advertising, publicity, public relations and merchandising purposes. The competitors, entrants and Teams also agree that in any advertising or promotion with which they is associated (relating to the Championship), the full title of the Championship (including the Championship sponsors name) will be used at all times.

6.7 Merchandising

- 6.7.1 The competitor, entrant and Team hereby authorise Ginetta Cars Ltd (and those authorised by it) to use and reuse and licence the use of images and representations of the vehicles competing in the Championship and the name, images and representations of the driver, the Team, the Team logo and Team paraphernalia including (insofar as the same appear on the clothing worn by the competitor or on Team paraphernalia or on the cars driven by the competitor in the Championship) the logo and decals of all sponsors of the competitor and/or entrant for the purposes of producing merchandise exploiting the reputation of the Championship and all elements of the Championship.
- 6.7.2 The competitor, entrant and Team authorise Ginetta Cars Ltd (and those authorised by it) to use and licence others to use all Championship images and other material relating to the Championship in marketing and packaging material and commercial advertisements exploiting the Championship or merchandise of the Championship or any individual elements of the Championship.
- 6.7.3 The competitor, entrant and Team shall assist Ginetta Cars Ltd and those authorised by it with the promotion of the Championship and production and promotion of merchandise associated with the Championship.

6.8 Meeting Arrangements

- 6.8.1 Throughout the course of the Championship, the Coordinator may inspect all race transporters and motorhomes to ensure that they are of smart appearance and in good order. The Coordinator may refuse to issue a Paddock vehicle pass to any vehicle that they deems to be unsuitable for display within the Paddock.
- 6.8.2 At the start of each Meeting, practice session and race, the competing cars and all Team vehicles must be clean, of smart appearance, and in good order. The Coordinator reserves the right to suspend competitors not meeting this requirement from taking further part in the Championship and withdraw passes until this Regulation is fulfilled to their satisfaction.
- 6.8.3 Any Team considered by the Coordinator, in their absolute discretion, to be exhibiting unsuitable advertising may be asked to withdraw it immediately.
- 6.8.4 Any pipes, wires or cables trailing from motorhomes and/or transporters and/or generators must be protected by hard covers where they will be crossed by vehicles or pedestrians. All health and safety requirements must be met at all times and warning signs must be erected where there is any danger to the public or other persons.

6.9 SRO Passes

6.9.1 Permanent passes will be issued to each registered Ginetta Junior competitor for his/her sole use and these will be valid for every round of the Championship. Each competitor shall be given the following number of passes:

- 6 x Pit Lane/Paddock Access Passes
- 2 x Private car passes
- 1 x Transporter Pass

6.9.2 Please note that these passes are issued in accordance with Commercial Undertaking 6.10 with respect to Team transport.

6.9.3 SRO passes will be issued to each registered Entrant/Driver for their sole use and these will be valid for every round of the Championship. Entrants/Drivers shall make applications for passes by completing the Vehicle/Staff Information Form and returning it to the Championship Co-ordinator by 1st March. The Championship Co-ordinator will not process Vehicle/Staff Information Sheets unless they are fully complete. Submission of an incomplete form or late return of the form to the Championship Co-ordinator, may result in no passes being available for the first Event and the withholding of an Entrant's/Driver's entry

6.9.4 SRO passes are issued on condition that the person or organisation to whom they are issued waives any and all claims it may have now or in the future and releases from all liabilities and agrees not to take any legal action and to always hold harmless, SRO Motorsports Group, BARC Ltd and their employees, agents and representatives and servants, the Motorsport UK, the Race Organisers, the Promoters, the Venue Owner, the Championship Coordinator, any participating Team and all employees, agents, servants and contractors thereof for any personal injury, death, damage or loss of any kind that the pass holder may sustain as a result of or in connection with the pass holder's presence within the venue. This indemnity does not apply insofar as injury or death is caused as a result of the negligence of the party seeking an indemnity.

6.9.5 Entrants/Drivers will be required to sign for receipt of their SRO passes. By accepting the issue of these passes, the Entrant/Driver is deemed to agree to abide by the pass conditions and to undertake the obligation to advise each person to whom they are issued of the pass conditions and to ensure the observance thereof.

6.9.6 SRO passes are issued subject to the following conditions:

(i) A SRO pass may only be used to gain access to the areas indicated on the face of the pass. Any person found within a restricted area without the appropriate pass may be removed from the venue immediately and/or have any pass held by them withdrawn.

(ii) A SRO pass may only be used by the Entrant/Driver to whom it is specifically issued. It is forbidden to alter or deface passes in any way or to allow a pass to be used to authorise the entry of more than one person at each Event,

(iii) SRO passes must be worn around the neck of the person to whom it is issued so as to remain clearly visible at all times. It is forbidden to combine with or enclose a SRO pass within a wallet or holder of any kind (unless supplied by SRO or the Championship Organisers) or to attach additional items of any kind to it,

(iv) SRO reserves the right to request further proof of identity in addition to a SRO pass,

(v) SRO at all times reserves the right to refuse admission to the venue or access to a designated area to any person, notwithstanding that such person may have been issued with an appropriate SRO pass.

- 6.9.7 SRO, in conjunction with the Championship Coordinator, reserves the right to remove immediately from the venue any person who is found to have violated the pass conditions contained in these Commercial Undertakings and/or to withdraw permanently a SRO pass issued to such person and/or to take or institute legal proceedings against that person.
- 6.9.8 All registered Entrants/Drivers are fully liable for any personnel and vehicle passes issued to them by SRO and/or received on the Entrant's/Driver's behalf. The misuse of any passes allocated to an Entrant/Driver will result (without prejudice to any other action which may be taken by SRO under the terms of these Commercial Undertakings) in SRO and or Ginetta Cars Ltd imposing a fine of £1,000 for each act of misuse of the pass together with the confiscation of the pass concerned for such period of time as the Coordinator shall deem appropriate.
- 6.9.9 If a Championship Registration is withdrawn/forfeited, all passes issued in connection with that Registration must be returned to the Championship Coordinator. Any lost/mislaid passes will be subject to a penalty of £25.00 per pass multiplied by the number of remaining rounds.
- 6.9.10 SRO passes will not be replaced if they are lost/mislaid unless they have been stolen and a copy of the police report relating to that offence is submitted to the Championship Coordinator.
- 6.9.11 Each Entrant/Driver must also attend this Ginetta Media Day with their intended Paddock vehicle for the season and erect their awning (if applicable) for measurement by the Paddock Team. Passes will not be issued until the plot size has been measured and agreed.

6.10 Paddock Regulations

- 6.10.1 The amount of space requested will not necessarily be the space granted to an Entrant who will assess individual requirements at the Ginetta Media Day.
- 6.10.2 Each Team will be permitted one transporter and awning to be parked in their designated Paddock area. Any Entrant requiring an additional awning must make a request in writing to the Championship Coordinator prior to the first Event. Only Entrants running more than four cars will be permitted an additional awning. Entrants running three or more cars may be permitted additional space for a Support Vehicle/flat patch. Awnings are not permitted on Support Vehicles. Please refer to Regulation 3.20.6 regarding the mandatory provision of fire extinguishers.
- 6.10.3 Any amendment to the vehicle and/or awning size required must be notified in writing to the Championship Coordinator for their approval prior to use.
- 6.10.4 The space allocated by SRO Motorsports Group is granted for the preparation of race cars and Team catering. It is expressly forbidden to use this space as a hospitality area or trade site area.
- 6.10.5 Motorhomes/caravans and private cars are not permitted within the Paddock at any venue unless in exceptional circumstances and with the prior written approval of the Championship Coordinator.
- 6.10.6 No hospitality/entertaining will be allowed by Entrants/Drivers within the Paddock. Teams may use an area at the rear of their awning specifically for Team catering only.
- 6.10.7 Any small two or four-wheeled motorised Paddock vehicles which are authorised by SRO Motorsports Group or the venue may be used within the Paddock. These vehicles may only be used during authorised times and four-wheeled motorised Paddock vehicles can only be driven by a current full road traffic licence holder for race Team related business. Recreational use is strictly prohibited. Please note that private cars and vans are not considered as Paddock vehicles.

- 6.10.8 There is a speed limit of 10mph in the Paddock at each venue. The only movement of race cars permitted in the Paddock is on the way to the Assembly Area and on the way back from Parc Fermé with a current full road traffic licence holder seated in the Driver's position and in control of the car.
- 6.10.9 Tailgates on transporters must remain closed at all times except when loading and/or unloading your race cars.
- 6.10.10 Entrants/Drivers will be issued with a specific time to park up their race transporters in the Paddock at each Event. Access to the Paddock outside your parking-up time is forbidden, unless the express written permission of your Championship Coordinator has been obtained to park up at a different time. Verbal permission from circuit employees will not be accepted.
- 6.10.11 Hard covers should protect any pipes, wires or cables trailing from motorhomes, transporters and/or generators where they will be crossed by pedestrians and/or vehicles.
- 6.10.12 All health and safety regulations as well as any such directives issued by the Championship and/or the venue must be met at all times.
- 6.10.13 It is an offence for any person to ride or drive any motor vehicle on the roads or other public areas under the control of the venue promoters unless they are covered by third party insurance. It is a condition of Registration that such insurance is in place. A copy of the policy must be lodged with the Championship Coordinator before the first Event of the season.
- 6.10.14 A fine of a minimum of £500 may be levied for any infringement of Paddock Regulations contained in these Commercial Undertakings at the absolute discretion of the and/or the Championship Coordinator. Each registered Entrant/Driver is responsible for the payment of fines incurred by all vehicles entering the Paddock/Pits on their behalf. The decision of the Championship Coordinator in respect of this additional penalty shall be final with no appeal to the MSC National Court.
- 6.10.15 No tail lifts are to be lowered until the cars for the last support race of the weekend has gone to the assembly area. Failure to adhere to this will result in a £500 fine.
- 6.10.16 ALL golf buggies or pit vehicles are to be parked either alongside or behind awnings or within the confines of your allocated space in the paddock. No golf buggies or pit vehicles are to be parked in the roadway.
- 6.10.17 All Paddock vehicles that require personnel to be on the roof (i.e., to affix awnings or flag poles/flags) must have the relevant safety equipment fitted. Any personnel on the roof must wear the relevant safety harnesses which must be affixed to the equipment on the roof, a £500 fine can be incurred if not adhered to. Please note that there will be regular H&S checks during the course of the season.
- 6.10.18 Teams should refrain from using 'single use plastics' within the paddock area, their garages or awnings, or hospitality areas. In this respect 'single-use' is a term which can refer to any plastic item either designed to be used for one time, or likely to be used in that way, within the venue. Such items include disposable single-use plastic bottles of water or drinks, plastic cups, plastic cutlery, plastic straws, thin plastic carrier bags, plastic drink stirrers etc.

A team which has no practical alternative to the use of a fully recyclable single use plastic item due to an existing commercial partnership, must first submit for approval a comprehensive plan for the collection within the venue and the recycling of those items including providing evidence as to the completion of their recycling after each event.

6.11 2023 SUPPORT SERIES ENVIRONMENTAL GUIDELINES 2023 CIRCUIT GREEN CHARTER GUIDELINES

6.11.1 The following guidelines address the topics of the Series' carbon emissions, water and waste management and recommend best practice procedures to be put in place by the participating Series, in order to improve the event's environmental footprint. Following the listed guidelines will contribute towards more sustainable operations, which will benefit the overall environmental performance of the Series as well. The guidelines were compiled in accordance with current environmental policies for carbon reduction and carbon footprint improvement.

6.11.2 Carbon Emissions

6.11.2.1 **Carbon reporting:** Series to provide SRO with all required data sets for accurate measure of footprint, when requested, including details of:

6.11.2.1.1 All employee travel related to the event (number of employees, distances travelled and modes of transport used);

6.11.2.1.2 Relevant logistics operations run in preparation for the race event (quantity of fuel consumed, total freight moved (kg) and modes of transport used);

6.11.2.1.3 Any events emissions (all forms of fuel consumed at events for scooters, series operated cars, generators and equivalents);

6.11.2.1.4 Total distance driven by series operated scooters, cars, trucks and machinery at event;

6.11.2.1.5 Total electricity consumed at facilities away from tracks;

6.11.2.2 **Carbon neutrality:** Series to create a carbon reduction plan and management strategy for their carbon emissions where possible for raceweekends, including generators use, mains electricity use and event vehicles (if not already in place).

6.11.2.3 **Facilities electricity:** Series to commit to using 100% renewable electricity by 2025 at the latest, and create a transition road map for how this will be achieved (at facilities away from track).

6.11.2.4 **Event vehicles:** Series to create and implement a plan to minimize the use of fossil fuel powered vehicles through a reduction in kilometres driven at events and switching to lower/zero carbon options (e.g. e-vehicles).

6.11.2.5 **Scooters:** Series to minimize the use of fossil fuel powered scooters, if any, across paddock transportation, either through replacement with e-scooters, or reduction in use of traditional scooters.

6.11.2.6 **Generator use:** Series to create a road map for full replacement of all ICE generators with lower/zero carbon alternatives by 2025 at the latest;

6.11.2.7 Series to eradicate use of space heaters if currently used;

6.11.2.8 **Lower carbon diets:** Series to offer at least one vegetarian and one vegan meal option to guests within the series' hospitality sites.

6.11.2.9 **Logistics:** Series to transition all logistics trucks to be at least Euro6 standard to limit carbon and air quality impacts from logistics.

6.11.2.10 **Employee travel:** Series to introduce employee travel carbon reduction plans, which should include:

6.11.2.10.1 Limiting/ reducing the number of employees taken to each race where possible;

6.11.2.10.2 Prioritizing lower carbon forms of travel such as train travel or car travel rather than flying;

6.11.2.10.3 Increasing the hire of EVs/ Hybrids for transportation where possible;

6.11.2.10.4 Carbon compensation for all flights in cases where flying is unavoidable;

6.11.3 Water

6.11.3.1 Water consumption:

6.11.3.1.1 Avoid excessive washing of trucks in the paddock area, to reduce total paddock water consumption;

6.11.3.2 Fix and prevent all possible leaks during race weekends;

6.11.3.3 **Clean discharge:** Series to work with circuits to ensure all waste water discharged is done so in a safe manner, and does not cause any contamination of water courses or the local environment.

6.11.3.4 **Chemicals:** Series to work with circuits to ensure all chemicals used are safely discharged in the appropriate manners.

6.11.4 Waste

6.11.4.1 **Waste management and recycling:** Series to ensure all waste created is correctly separated and fed into circuits existing recycling infrastructure;

6.11.4.2 Series to create a waste minimization plan to reduce total quantity of waste generated at race weekends;

6.11.4.3 Series to ensure all participating teams follow waste management and recycling practices;

6.11.4.3.1 **Single use plastic:** Series to eliminate the use of single use plastic across their paddock by switching to reusable alternatives for all existing single-use plastic;

6.11.4.3.2 Series to communicate that they are single-use plastic free through communication channels;

6.11.4.3.3 **Food waste:** Series to correctly separate all food waste and other compostable materials generated, and work with circuits to ensure it can be centrally collected for composting or similar (dependent on circuits infrastructure).

6.11.4.3.4 **Tyre collection:** Series to work closely with tyre partner to facilitate the collection and recycling of 100% of tyres used at race weekends.

6.12 Timetable Regulations

6.12.1 SRO Motorsports Group (and those authorised by it) reserves the right to amend the race day timetable at its discretion.

6.12.2 Entrants/Drivers should listen carefully to the Paddock tannoy announcements and their Championship Coordinator regarding the time they are required in the Assembly Area. In ideal conditions the timetable may be brought forward and Entrants/Drivers may be called to the Assembly Area earlier than originally

scheduled. Entrants/Drivers are warned that they will miss their qualifying session or race if they are not ready in the Assembly Area when the cars are released.

6.13 Radios

- 6.13.1 It is not permitted to use any form of pit to car communication systems during any Free Practice, Qualifying and races at any event during the Saturday and Sunday. Systems will be permitted during Friday free practice, and Ginetta exclusive test days, but all equipment must be removed for Qualifying and races.
- 6.13.2 Radio frequencies used by an Entrant/Driver, Team member, and/or any of their suppliers must be licensed for use in the UK by the appropriate regional office of the Radiocommunications Agency. The Championship Coordinator must be notified prior to the start of the season of the Radio Frequency to be used by the Entrant/Driver, Team members, and/or any of their suppliers. A copy of the Licence or Short-Term Hire Agreement for the frequency must also be submitted. The Championship Coordinator reserves the right to request production of the original Licence/Short Term Hire documentation to verify the use of any frequency by an Entrant/Driver, Team member, and/or any of their suppliers at any time during the season.
- 6.13.3 The Entrant/Driver, Team member, and/or any of their suppliers must at all times comply with the terms and conditions specified from time to time by the Radiocommunications Agency for the use of their radio frequency.
- 6.13.4 In the event that a frequency used by an Entrant/Driver, Team member, and/or any of their suppliers interferes with a frequency used by a local emergency service or other third party the Entrant/Driver, Team member, and/or supplier shall forthwith change its radio frequency to a non-conflicting frequency to the satisfaction of the Championship Coordinator and in accordance with the requirements and prior approval of the Radiocommunications Agency. The Entrant/Driver, Team member, and/or any of their suppliers will be suspended from any on track sessions until a change of frequency has been affected and a copy of the approval of the Radiocommunication Agency submitted to the Championship Coordinator.
- 6.13.5 If an Entrant/Driver, Team member, and/or any of their suppliers wish to change their frequency they must first obtain approval from the Radiocommunications Agency and submit a copy of such approval to the Championship Coordinator.
- 6.13.6 It is not permitted to scramble radio speech transmissions or encode them in any way.

6.14 Miscellaneous

- 6.14.1 Competitors, entrants, Teams and officials may not either individually or with any such participants or through any representative or agent, procure, solicit or arrange for any supplies, gratuities, products, merchandise, equipment or any other thing of value to be provided from any source whatsoever bearing or depicting any Championship logo and/or any trademark and/or any copyright and/or any image used or associated with the Championship without the prior written permission of the Coordinator to do so.
- 6.14.2 All images, photographs, recordings or representations of the participation in the Championship or association with the Championship of competitors, entrants and Teams may only be used for commercial purposes with the prior written consent of the Coordinator. No consent is required for normal media reporting of the Championship.
- 6.14.3 All the broadcast, recording, cable, satellite, digital, video, internet and interactive rights and other rights in all media to the Championship and other related events are the sole property of SRO Motorsports Group, Hayfisher Productions and Ginetta Cars Ltd. Any recording or broadcast of the Championship and other related events or, rebroadcast or reproduction of material without express written permission of the Coordinator is strictly prohibited. competitors, entrants and Teams currently registered in the

Championship may, subject to the prior written permission of the Coordinator and subject to any conditions that he may impose at their absolute discretion, be granted rights to use broadcast material for their own specific promotional use within the UK without fee or charge. Rights requested for any other commercial use must be made in writing to the Coordinator and if granted will be subject to Licence which may include a fee or charge.

- 6.14.4 All prizes detailed in regulation **1.8** will only be issued to Competitors whose accounts with Ginetta Cars are up to date as at close of business on 30 November following the race season. Any Competitor whose accounts are not up to date as of close of business on 30 November following the race season relinquishes all rights to prizes.
- 6.14.5 Ginetta Parts Credit may be exchanged for parts only as supplied by Ginetta Cars. For the avoidance of doubt, Parts Credit cannot be used against entry fees, labour costs, lease costs or vehicle acquisition payments. Parts Credit must be redeemed within a 12-month period of being issued to the driver.
- 6.14.6 Parts Credit must be used by the driver it has been issued to and is non-transferable. All free entry prizes are for the driver in receipt of the prize and are non-transferable.

6.15 Championship Livery

- 6.15.1 Approved Ginetta Championship stickers must be fixed to each competing car. Please see regulation **5.21** for further details.

All surfaces which have not been claimed for stickers by Ginetta it's sponsor companies or used for the application of starting numbers are free for use. Conflicting sponsor's stickers must be approved by the Championship Coordinator in advance and the position and size and colours (if approved) will be at the discretion of the Championship Coordinator.

- 6.15.2 All drivers must wear the approved HRX branded Ginetta Championship race suit which includes approved championship badges, unless permission has been granted from the Championship Coordinator to use an alternative. The championship Organisers reserve the right to remove any badges or branding which is deemed to be unsuitable or conflicts with other championship / Ginetta sponsors.

6.16 Team Filming / Footage

- 6.16.1 Teams may only undertake their own 'behind the scenes' filming, providing written permission - clarifying what content you wish to film & where you intend to use it (i.e., Team website etc.) – is first be obtained from;

Steph Bush, GINETTA CHAMPIONSHIP COORDINATOR

- 6.16.2 Accreditation, via the Team, must also be applied for from Tom Hornsby - tom.hornsby@sro-motorsports.com stating the intention of the person or crew to film video footage, not stills photography. All accreditation must be applied for directly with the circuits too.
- 6.16.3 If approved final accreditation for each event must be applied for by the filming Team, directly through each circuit. This includes the requirement to sign on with the circuit at each event. They will issue you with a bib, which **MUST BE WORN WHEN FILMING** or the camera operator will be ejected from the circuit.
- 6.16.4 **ABSOLUTELY NO FILMING IS ALLOWED IN THE PIT-LANE, THE GRID, PARC-FERME OR ASSEMBLY AREA. YOU ARE NOT PERMITTED TO FILM ANY PART OF THE RACES OR ANY MOVING RACE CARS - AT ANY TIME, OR FROM ANY LOCATION.**

- 6.16.5 Teams will be permitted to film in and around the garages, paddock areas, spectator and trade areas, transporters, hospitality & motor homes. Garage filming must only be from within the garage, not from the pit-lane looking in.
- 6.16.6 Film crews must remain cognisant of the tTV crew, who have priority at all times.
- 6.16.7 Film crews may film the podium but only from behind the tTV crew and not obscure or hinder tTV 's filming of the podium.
- 6.16.8 A positive image of the Ginetta and its competitors, sponsors and officials must be portrayed at all times. Hayfisher reserve the right to immediately withdraw any permission granted, should they deem it preferable and/or necessary to do so.
- 6.16.9 Any filming or material obtained that goes outside these guidelines will result in the immediate withdrawal of any further permissions to the Team for the rest of the season.

ON-BOARD FOOTAGE

- 6.16.10 Teams may use short clips of footage (up to 2 minutes in total) taken from the Judicial Cameras in Free Practice 1 or 2, on the following terms;
- 6.16.11 A complete lap cannot be shown - it must be interspersed with other angles or footage. No more than 30 seconds of continuous footage at any one time can be used.
- 6.16.12 Any on-board footage containing vision or sound of anything out of the ordinary, negative or untoward - particularly regarding another competitor - cannot be used (e.g., another car spinning off, or having an incident or mechanical failure etc).

6.17 Testing

- 6.17.1 Unless permitted by the Championship Coordinator, testing for Ginetta Junior Competitors is strictly controlled by the following restrictions:
- 6.17.2 Testing after the last race of the Championship is unrestricted until the first round of the 2023 Championship, due to take place on 08/10 April 2023 at Oulton Park.
- 6.17.3 After the 10th April 2023 testing will only be permitted at venues that host a meeting of the 2023 Championship after the meeting has taken place, with the exception of the official Pre-event test days (details in 1.6.3), and Official Mandatory Ginetta Test Days, which drivers will be notified of by official Championship bulletin.

Ginetta reserve the right to add additional test days during the season with a minimum of two weeks' notice.

- 6.17.4 Additional to the Ginetta exclusive test days detailed in 1.6.3, competitors can nominate one additional test day at the Championship venue prior to the race meeting. These nominations must be lodged with the Championship Coordinator in writing at least one week prior to the test taking place.
- 6.17.5 Testing is unrestricted at non-Championship venues, and Championship venues after the race meeting has taken place. Drivers cannot test within the two weeks leading up to a race meeting at the circuit/venue which is due to host the upcoming race meeting. The start of the race meeting will be from the Saturday.

6.17.6 Drivers can nominate ONE joker test day. The joker test day allows drivers to test a car of choice at a venue of choice. This test day cannot fall within the two week testing ban.

6.17.7 Breach of the testing regulations will result in the following penalties being applied to the competitor as liquidated damages for breach of contract:

6.17.8 loss of 100 Championship points

6.17.9 £5,000 fine

6.17.10 3 Behavioural Points

Ginetta reserves the right to attend all such tests

I declare that:

1. I have read the Motorsport UK General Regulations and the Sporting Technical and Commercial Regulations for my Championship and if any the Supplementary Regulations for this event and agree to be bound by them. I declare that I am physically and mentally fit to take part in the event and I am competent to do so. I acknowledge that I understand the nature and type of the competition and the potential risk inherent with motorsport and agree to accept that risk. Further I understand that all persons having any connection with the promotion and/or organisation and/or conduct of the event are insured against loss or injury caused through their negligence.
2. The use of the vehicle hereby entered is covered by insurance as required by the law which is valid for such part of this event as shall take place on roads as defined by law.
3. I understand that should I at any time of this event be suffering from any disability whether permanent or temporary that is likely to affect prejudicially my normal control of the vehicle I may not take part unless I have declared such disability to the ASN who have following such declaration issued a licence which permits me to do so.
4. Any application form for a Licence that was signed by a person under the age of 18 years was countersigned by that person’s parent / guardian / guarantor whose full names and addresses have been given.
5. If appropriate I am a parent / guardian / guarantor (delete as appropriate) of the Driver and understand that I shall have the right to be present during any procedure being carried out under the Supplementary Regulations issued for this event and the Motorsport UK General Regulations.
6. I commit to race in the Ginetta Junior Championship. I accept that no money will be refunded by Ginetta Cars should I fail to attend a round.
7. I hereby give consent for the use of my child’s personal details, images and biography to be used on social media (including but not limited to Twitter, Facebook, LinkedIn and Instagram), audio and visual media (included but not limited to television stations, radio stations, sponsorship videos and company promotional videos) and within the Group's media and publications (including but not limited to the Group's websites and marketing materials).

Note: Where the parent/guardian/guarantor is not present there must be a representative present who must produce a written and signed authorisation to so act from the parent/guardian/guarantor.

APPENDIX B

GINETTA

APPENDIX C

APPENDIX D

A socially-minded standard of behaviour is expected from everyone within the motorsport community.

By participating in a Motorsport UK event in any capacity you agree to follow the values of the Respect Code:

Motorsportuk.org/racewithrespect
[#RaceWithRespect](https://twitter.com/RaceWithRespect)

The Values

- Respect
- Integrity
- Self-Control
- Fair play
- Good Manners

I pledge to #RaceWithRespect and:

- Contribute to a welcoming and friendly environment that ensures the safety and welfare of all participants.
- Always behave with integrity and uphold fairness in the sport; play my part in keeping the sport safe through your actions
- Treat everyone with respect, regardless of their gender, ethnic or social background, language, religious or other beliefs, disability, sexual identity or other status
- Recognise that we all represent the sport and therefore have a duty to be polite and respectful to all staff, officials, fellow competitors, volunteers, as well as fans and supporters
- Respect the rules, regulations and authority of the officials and Motorsport UK

Any breach of these obligations may result in disciplinary action.
