

CHAMPIONSHIP BULLETIN 2023-06

BULLETIN NUMBER 06
DATE OF IMPLEMENTATION: 20 May 2023
CHAMPIONSHIP PERMIT NO: CH2023/R010 (B)

Clarification of regulation CR 1.4.4 and CR 1.6.2

The intention of these regulations are to make guest drivers/cars invisible for all Championship points so as to ensure that the results of a guest driver do not impact on the overall Championship results of all other drivers who are registered for the Championship and eligible to score points.

This regulation is intended to be applicable to finishing positions in a race and in respect of Championship points for qualifying/pole position and in respect of Championship points for fastest lap.

Therefore, if a guest driver is invisible for Championship points then other drivers finishing below a guest driver will be moved up one place in a race.

In qualifying, if a guest driver takes pole position they will be invisible and second fastest lap in qualifying will score Championship points for pole position.

In a race, if a guest driver takes fastest lap they will be invisible and second fastest lap in the race will score Championship points for the fastest lap.

Where there is more than one guest driver they will also be invisible for Championship points purposes and any driver finishing behind all guest drivers will have their position moved up in respect of their race finishing position, their qualifying results and fastest lap in the race for Championship points purposes only.
