

# CHAMPIONSHIP BULLETIN 2023-11

**BULLETIN NUMBER** 11  
**DATE OF IMPLEMENTATION:** 13 September 2023  
**CHAMPIONSHIP PERMIT NO:** CH2023/R010 (B)

## Current Regulation

- 5.10.1 a) It is mandatory to use Nitron suspension / spring kit championship part number MCF56034.
- b) Standard rate springs championship part number MCF56087 (685lbs/inch fronts and 1000lb/inch rear) or optional medium springs championship part number MCF56088 (571lbs/inch front and 800lb/inch rear) may be used.
- or optional soft springs championship part number MCF56100 (471lbs/inch front and 600lb/inch rear) may be used.

In all cases rear springs must be used on the rear axle and the front springs must be used on the front axle. On each axle the same rate spring must be used on left and right side.

## New Regulation

- 5.10.1 a) It is mandatory to use Nitron suspension / spring kit championship part number MCF56034.
- b) Standard rate springs championship part number MCF56087 (685lbs/inch fronts and 1000lb/inch rear) or optional medium springs championship part number MCF56088 (571lbs/inch front and 800lb/inch rear) may be used.
- or optional soft springs championship part number MCF56100 (471lbs/inch front and 600lb/inch rear) may be used.

In all cases rear springs must be used on the rear axle and the front springs must be used on the front axle. On each axle the same rate spring must be used on left and right side.

**For the avoidance of doubt, it is permitted to run different rates of authorised springs across the two axles (e.g., soft front with hard rear)**

## Reason for Change

To clarify original intent and is relaxation of the regulations.
