Before each race there will now only be one green flag/light lap.

If it is wet the Clerk of the Course has discretion to increase this to two green flag/light laps. This will be communicated to the drivers before the first green flag/light lap commences. If there are two green flag/light laps drivers must be in position for race start by the exit of Graham Hill Bend (Post 7) on the first green flag/light lap.

Competitors are reminded that speed when in position for the race start is a maximum of 60 kph [37.28mph] and this is monitored by a judge of fact.

To clarify this bulletin replaces the relevant section of the start procedure in the event briefing notes.
