2024 The Vertu MINI CHALLENGE Trophy Sporting & Technical Regulations

1.6 POINTS SCORING

1.6.1 A driver's 2 worst scores will be dropped at the end of season. If a driver's worst scores are due to Disqualification then the drivers next worst scores will be dropped. For the avoidance of doubt, Competitors are not allowed to drop scores caused by disqualification. Drivers may drop DNF, DNS and races not entered.

For the avoidance of doubt, during the season points tables will show points totals with and without dropped scores where applicable.

1.6.2 For each class points are scored by Drivers for each round on the following scale:

Position in Class	Points	Position in Class	Points
1st	50 pts	11th	24 pts
2nd	44 pts	12th	23 pts
3rd	40 pts	13th	22 pts
4th	37 pts	14th	21 pts
5th	34 pts	15th	20 pts
6th	32 pts	16th	19 pts
7th	30 pts	17th	18 pts
8th	28 pts	18th	17 pts
9th	26 pts	19th	16 pts
10th	25 pts	20th and below	15 pts

Should a race run for less than 50% of the race time (based on the length of the race as planned at the start of the race) then 50% of the normal points will be awarded.

Drivers who do not finish do not score points for their finishing positions, but are eligible for the following:

Fastest time in Qualifying in each class - 6 pts

Fastest race Lap in each class - 6 pts

For the avoidance of doubt class means Cooper Class, not any of the Cups therefore only the overall fastest lap for the class will score fastest lap points, not the fastest Cup driver.

Where 3 or more drivers who have each entered no more than 6 MINI CHALLENGE Trophy race meetings in the previous 36 months register for the MINI CHALLENGE Trophy, points scored by those drivers will also count towards the Rookie Cup. A driver may voluntarily withdraw from the Rookie Cup whilst still scoring points for the overall Championship or another Cup.

Where 3 or more drivers who have each entered no more than 12 MINI CHALLENGE Trophy race meetings in the previous 36 months register for the MINI CHALLENGE Trophy, points scored by those drivers will also count towards the Graduate Cup. A driver may voluntarily withdraw from the Graduate Cup whilst still scoring points for the overall Championship or another Cup.

Where 3 or more drivers aged 35 and over are registered, points scored by drivers aged 35 and over at the time of registration will also count towards the Directors Cup. If a driver has won the Championship or the Directors Cup in the last 3 years they will not be

2024 The Vertu MINI CHALLENGE Trophy Sporting & Technical Regulations

eligible for the Directors Cup. A driver may voluntarily withdraw from the Directors Cup whilst still scoring points for the overall Championship or another Cup.

If a dead heat is declared, all the Drivers concerned will score the average points for all positions which are drawn. Example 1st and 2nd are a dead heat. The points awarded will be $50+44=94/2=47$

- 1.6.3 In the event of a tie in Championship points between two or more Competitors, the number wins achieved by the Competitors involved in the tie will be used to determine the overall final standing.

Should a tie still exist, it will be resolved:-

- i) By taking into account the number of second places achieved; then third places etc. etc.
- ii) By taking into account the number of competitors (i.e. event finishers) beaten during the season by each Competitor.

Disqualification from the meeting will mean that scores from all races at that event will also be dropped.

- 1.6.4 All **MINI CHALLENGE** Trophy rounds will score points as per 1.6.2.

- 1.6.5 Competitors not registered for the Championship may be permitted on an individual round basis and will:

- (a) be deemed "Guest Competitors"
- (b) not score points and for the purpose of points scoring will be ignored
- (c) qualify for Event awards
- (d) comply with the eligibility criteria as prescribed in Article 1.3. above, with the exception of 1.3.1. (b) and 1.3.2. (b), as appropriate.

- 1.6.6 In order to score points, collect trophies and awards, all cars and Drivers competing in the **MINI CHALLENGE** Trophy may be required to display and wear the **MINI CHALLENGE** Trophy Sponsors' decals and badges in the nominated position on clothing and vehicles or may be required wear a championship race suit. Where a championship race suit is required dispensation to wear another race suit may be provided by the championship Organisers.

The competitor may appeal this penalty to the Clerk of the Course, who may on request review any evidence provided by the competitor that demonstrates that the red flag was caused by reasons other than driver error. If the Clerk of the Course agrees that the Red Flag was due to reasons other than driver error, the Clerk may remove this Red Flag from the competitors cumulative tally and if applicable remove the penalty. For the avoidance of doubt, 2 red flags cumulatively will result in a 10 minute penalty at the next qualifying session, 3 red flags will result in a 10 minute penalty at the next two qualifying sessions, 4 red flags will result in a 10 minute penalty at the next three qualifying sessions etc. Once a competitor has served all the penalties they have been awarded their red flag tally will reset to zero.

2024 The Vertu MINI CHALLENGE Trophy Sporting & Technical Regulations

At any time from 5 working days prior to the start of the season until the end of the season should a competitor drive a MINI CHALLENGE Cooper Class car on track they must notify the Championship Coordinator at least 48 hours prior to the on track activity. Should the competitor fail to notify the Championship Coordinator the Championship Coordinator may refer the competitor to the Clerk of the Course for the possible imposition of penalties.

At any time, the organisers may also refer a competitor to the Clerk of the Course due to driving standards concerns during test sessions and the Clerk of the Course may apply any of the following penalties:

- A reprimand or fine of up to £1045
- Disqualification from the next test session
- The requirement to miss part of the next qualifying sessions
- Disqualification from the Meeting
- Disqualification from the Championship

3.1.9 The closing date for entries is the Tuesday before the event.

3.2 BRIEFINGS

The Organising Clubs will notify Competitors of the times and location for all briefings in the Final Instructions either electronically, or at the event. Competitors must attend all briefings or be subject to a penalty.

Any driver operating a mobile device, tablet or similar device will be deemed to be absent and may be fined or subject to a penalty.

3.3 PRE-RACE MEETING TEST DAY

3.3.1 There will usually be a pre-race meeting test day on the Thursday or a Friday immediately before a race meeting. For TOCA rounds competitors will automatically be entered for the pre-race meeting test days. For Non-TOCA event competitors must book direct with the relevant circuit.

3.3.2 There will usually be 2 or more sessions.

3.3.3 All Competitors will be allocated nominated pit lane positions based on garage numbers. This will be communicated before the race meeting.

3.3.4 An area may be fenced/marked off at the start of the pit lane to help facilitate checks of tyres to ensure only nominated tyres are used during the pre-race meeting test day.

3.3.5 Competitors must ensure that their teams only occupy the space directly in front of the nominated garage. Where teams operate multiple cars all cars from that team will be allocated garages sequentially. The pit lane positions will apply to qualifying and races. Where there are no garages, or insufficient

garages, Competitors will be allocated an order to line up in the pit lane and it will be the Competitors responsibility to manage the available space accordingly. Failure to comply with this regulation may result in commercial penalties on a case by case basis.

2024 The Vertu MINI CHALLENGE Trophy Sporting & Technical Regulations

3.4 QUALIFICATION PRACTICE

3.4.1 Should any Practice session be disrupted/stopped/red flagged the Clerk of the Course shall not be obliged to resume or re-run the session; the decision of the Clerk of the Course shall be final.

3.4.2 Any driver deemed to have caused a stoppage during any Official Qualifying will have their Fastest Lap time cancelled. If, in the opinion of the MINI CHALLENGE Clerk of the Course, a stoppage during any Official Qualifying is caused deliberately or by driving in a manner not compatible with general safety by any driver and/or entrant then the driver(s) concerned may have all their times from that session cancelled.

3.4.3 In the event that a Qualification Practice session is disrupted/stopped/red flagged cars will be under parc ferme conditions unless advised otherwise by the Championship Clerk of the Course or Championship Eligibility Scrutineer.

3.4.4 Each driver shall complete a minimum of 3 laps in the car to be raced in either the pre-race meeting test day or the qualifying practice session in order to qualify (MOTORSPORT UK Regulations Q12.4).

3.4.5 At the first race meeting each year the order in which cars/drivers will be positioned in assembly area will be determined by random draw. One car number from each class will be drawn from a hat/bag in the drivers briefing (or other random system). This driver will be positioned as the first to leave assembly in qualifying. All other drivers will be lined up in numerical order behind the first car to be drawn. For subsequent race meetings cars/drivers will be lined up based on their position in the Championship taking into account the impact of dropped scores, with the Championship leader positioned first and be first to leave the assembly area at the start of the session. Failure to comply with this regulation may result in penalties on a case by case basis; they may include but are not limited to:

A reprimand or fine of up to £1,045
Time Penalty
Disqualification from the Session.
Disqualification from the Meeting.

3.4.6 Competitors who post qualifying times more than 107% of the pole time shall not be able to race at the event unless they were within 107% at the previous event, or, at the Clerk of the Course's discretion, they agree to additional testing before the next event to demonstrate they have the ability to qualify within 107% of the pole time.

3.4.7 Each entrant will compete in one qualifying session, from which;

Race One

Race one grid positions will be determined by the competitors' second best qualifying time, as published by the official timekeepers and subject to any judicial matters.

Race Two

The grid for the second race of a race weekend will be determined by reversing the top 6-10 finishers inclusive from the previous race as published by the official timekeepers and subject to any judicial matters with the number to be picked at random by the winner

2024 The Vertu MINI CHALLENGE Trophy Sporting & Technical Regulations

of the previous race, or someone nominated by the Organisers as soon as practical after the finish of that race.

If less than 6 cars start the second race, then all cars grid positions will be reversed.

All other classified finishers will be allocated grid positions in accordance with their finishing order from the previous race. Competitors not classified as finishers in the previous race will start in reverse retirement order. Note 4.2.2 penalties.

Where a grid penalty is to be applied the penalty will be applied after the grid has been reversed.

Where a time penalty is applied, if, after the grid is reversed this results in a competitor being placed in a higher grid position than before the grid was reversed they will be demoted to the grid position that would have applied prior to the application of the time penalty. For the avoidance of doubt, where a competitor receives any penalty they shall never benefit from a higher grid position due to the reversal of the grid, than they would have had prior to the penalty.

Race Three

Race three grid positions will be determined by the competitors' best qualifying time, as published by the official timekeepers and subject to any judicial matters.

- 3.4.8 Non-finishing competitors will be positioned in reverse retirement order behind the last car, but in front of any competitors serving penalties resulting in back of the grid starting positions.

Where classes/championships race together, the class of cars/championship with the fastest qualifying time will be at the front of the grid with a gap to the next fastest class/championship and a further gap to the next fastest class/championship etc etc.

The term fastest qualifying time relates the fastest individual time in the class/championship rather than the average of the class. This is irrespective of whether some cars individually post times faster than some cars in other classes/championships in qualifying & regardless of results of preceding races.

The gap between classes/championship will be the largest possible considering the restriction of the circuit and the gap will be entirely at the discretion of the CoC.

- 3.4.9 Rolling Starts may be used, competitors will be informed of the start procedures at the drivers briefing or before.

3.5 EVENT PROCEDURES

The meeting procedure for the Races will be distributed to competitors by way of Official Bulletins; these must be read in conjunction with individual Event Supplementary Regulations which take precedence.

The Organisers may include restrictions on the time when awnings can be dismantled. This will be at the Organisers sole discretion and competitors will be notified prior to the event. If a restriction is communicated it will form part of these regulations.

2024 The Vertu MINI CHALLENGE Trophy Sporting & Technical Regulations

Foreign Events - Particular attention must be paid to requirements of foreign circuits, and FIA equipment and clothing requirements when competing abroad. See also MOTORSPORT UK Yearbook, Appendix 3, Competing Abroad'.

Adverse Weather Procedures

- 3.5.1 At the discretion of the Clerk of the Course and in the event of a sudden change of weather the release of cars from Parc Fermé may be delayed to facilitate the changing of tyres if not doing so might put the safety of drivers, teams or circuit staff at risk.

3.6 STARTS

Unless modified by the Organising Club's Standing Regulations, the following regulations shall apply:-

Standing Starts

- 3.6.1. All race start countdowns are to have a minimum elapsed period of 3 minutes from the time all cars are released to form up on the grid to the start of the Green Flag lap(s) in the formation specified on the licence for each circuit.
- 3.6.2 The minimum countdown procedures sequence shall be:
1 minute to start of green flag lap – start engines/clear grid.
30 seconds - visible and audible warning for start of green flag lap.
- 3.6.3 Any car removed from the grid after the 1-minute stage or driven into the pits on the green flag lap shall be held in the pit lane and may start the race after the last car to take the start from the grid has passed the start line or pit exit lane whichever is the later.
- 3.6.4 Any drivers unable to start the green flag lap or start are required to indicate their situation as per current MOTORSPORT UK regulation and any drivers unable to maintain grid positions on the green flag lap to the extent that ALL other cars are ahead of them, may complete the green flag lap but MUST remain at the rear of the last row of the grid but ahead of any cars to be started with a time delay.
- 3.6.5 Excessive weaving to warm-up tyres - using more than 50% of the track width and/or falling back in order to accelerate and practice starts, are prohibited.
- 3.6.6 A five second board will be used to indicate that the grid is complete. The red lights will be switched on five seconds after the board is withdrawn; the extinguishing of the red lights is the signal to start the race. In the event of any starting lights failure the starter will revert to the use of the National flag.
- 3.6.7 Where the lap record at a circuit is less than 1 minute there shall be two green flags laps. At the discretion of the Clerk of the Course, 2 green flag laps may be used at other circuits.

Rolling Starts

- 3.6.8 All race start countdowns are to have a minimum elapsed period of 3 minutes from the time all cars are released to form up the grid to the start of the Rolling Lap(s) in the formation as specified on the Track Licence for the Circuit.
- 3.6.9 The minimum countdown procedures/audible warning sequence shall be:

2024 The Vertu MINI CHALLENGE Trophy Sporting & Technical Regulations

Rolling Starts: 2 x 2 Formation (subject to the track licence)

1 minute to start of Rolling Lap - Start

Engines/Clear Grid

30 Seconds - Visible and audible warnings for the start of the Rolling Lap

- 3.6.10 Towards the end of the Rolling Lap(s) the pace car will slow in order to bunch up the grid/s and then leave the circuit after extinguishing its roof lights indicating a start is imminent. The pole position driver will then control the pace of the field and the grid will continue at a similar speed on the approach to the start line, keeping a minimum of 2 car lengths to the car in front. The driver in 2nd position will be required to keep pace with the pole position driver and broadly in line, each row of cars behind should also remain broadly in line with the driver on the same row so that all cars remain paired. It will not be acceptable to move forward from your row. All cars will start racing when the red start light(s) are extinguished. No overtaking may take place until then. In the event that the starting light(s) fail the Starter will revert to using the National Flag.
- 3.6.11 Where there are more than one class/championship sharing the grid at the start of the race each class/championship pole position driver will be responsible for maintaining a gap of at least 4 car lengths and no more than 10 car lengths behind the back of the grid in front. This will not apply to the driver who is pole in the class/Championship in the front grid. All other guidance in 3.6.9 will apply to the other class/Championship.
- 3.6.12 Any cars removed from the grid after the 1-minute stage or driven into the pits on Rolling Lap shall be held in the pit lane. They may start the race after the last car to take the start from the grid has passed the start line or pit lane exit, whichever is the later.
- 3.6.13 Any drivers unable to start the Rolling Lap or start are required to indicate their situation as per current MOTORSPORT UK Regulations. Any drivers unable to maintain grid positions on the Rolling Lap to the extent that all other cars are ahead of them may complete the Rolling Lap. They MUST remain at the rear of the last row of the grid but ahead of any cars to be started with a time delay.
- 3.6.14 Aborted Start:
If the start is aborted prior to the pace car pulling off, the pace car will not extinguish **its** roof lights and will continue to lead the field around the circuit for an additional lap and a new start will be attempted. The race will not start until the pace car pulls off the circuit, the signal to start will not be given, and the start lights may remain at red. When this signal is given, all cars must exercise extreme caution and return slowly round the circuit maintaining their original grid positions stopping on the grid. The race start countdown procedure will then be repeated from the one-minute countdown point. At the discretion of the Clerk of the Course, the race distance may be reduced accordingly.

Safety Car Starts

- 3.6.15 Safety car starts may also be used at the discretion of the Clerk or the Course in conjunction with section Q, Appendix 3, 1.16.

For the avoidance of doubt this rule applies to all official test days and race meetings.

Competitors may purchase a Raceceiver from Total Track or it's nominated supplier. If the problem is not rectified in time to take up their rightful start position a competitor may start from the pitlane once the Raceceiver is worn and working. The Raceceiver must be connected and working until the driver reaches parc ferme.

However, the use of video evidence and/or data-logging evidence in all circumstances is at the sole discretion of the Clerk of the Course.

The Championship Coordinator may also, within 30 (thirty) days of the Event, be entitled to request the Clerk of the Course, or the Championship Stewards, to enquire into any matter, notwithstanding that the Clerk of the Course and/or the Stewards of the Meeting may or may not have already investigated the incident. The Clerk of the Course or Championship Stewards will be empowered to take further action if they deem it necessary in accordance with the above. See SR4.2.2 for penalties.

Only tyres nominated for testing may be used at any test day. For the avoidance of doubt, test tyres may be nominated all at once or over time. Also for the avoidance of doubt a test day includes any on track activity whether a test day, track day or exclusive event.

The competitor/entrant must submit to the Eligibility Scrutineer, or his appointed deputy, a completed tyre nomination via the means of an electronic tyre app prior any test tyre being used. At the sole discretion of the Championship paper nomination forms may be used instead. Further tyres may then be declared thereafter up to the limits set earlier in these regulations.

At the sole discretion of the championship organisers the number of tyres allowable at each event may be increased at any time. This will be communicated by the Championship Coordinator.

Only in exceptional cases where, in the judgement of the Championship Eligibility Scrutineer, damage to nominated tyres makes further participation in an Event impossible, previously nominated 'used' tyres may be substituted. The substitution may only be authorised by the Championship Eligibility Scrutineer. The selection is to be entirely at the discretion of the Championship Eligibility Scrutineer.

A race event will be deemed to start at the end of the pre-race meeting test day and finish when the results of the last race have been declared.

If tyres which have not been nominated are found to be in the assembly area, pit lane or on track, the Competitor will be deemed to be in breach of these regulations and referred to the Clerk of the Course.

If it is not possible to identify the owner of a tyre that has not been nominated it will be confiscated with the wheel to which it is fitted and the Organisers will then communicate to all competitors that the tyre/wheel has been confiscated and will be returned once the competitor responsible claims the wheel/tyre and identifies themselves as the owner, at which point they shall be referred to the Clerk of the Course for a breach of this regulation.

If the wheel/tyre is not claimed we will hold the wheel/tyre until the end of the season and if still not claimed it will be auctioned and the proceeds will be donated to the Marshal's charity.

If a barcode becomes illegible during qualifying or a race the tyre will not be permitted to be used in any further sessions or events. 6.16.5 HOW TO OBTAIN ITV MATERIAL & TRANSFER COSTS:

Written permission needs to be provided to Hugh Dickinson at ITV and Steve Knee at Cloubass.

You can then obtain MINI CHALLENGE Trophy footage from ITV Sport via Cloubass (their media provider).

There is a charge of £200 per 'session' to cover their time and costs in accessing/transferring the archive and fielding requests. This 'session' reasonably covers the quantity of footage from two TOCA events – up to 1TB which is equivalent to 1000mins in some codec's. However requests made at the end of the season for footage from the entire season will be charged as ten separate sessions i.e. £2000 for a whole season's worth of footage.

Cloubass will need a 'drive' to put the footage on. They can supply a 1TB drive for £100 which you then keep. Alternatively you can either send them (at your cost) a blank drive of suitable size ready for use (minimum 1 TB and free of other material) or hand-over your drive in person to a member of Cloubass at the TV compound on Friday or Saturday of a BTCC event only with prior warning. If you intend to hand-over a drive at

an event you must let Hugh Dickinson know - via email – by the close of business on the Thursday preceding an event.

Footage will be transferred in the days following a race weekend with the aim to send out drivers on the Wednesday. There is a charge of £10 p&p to post out your drive from Cloubass or you can arrange to collect from Steve Knee at Cloubass (address as below) from Wednesday afternoon onwards. All costs are plus VAT.

Footage will only be released once ITV have written permission from Alan Gow.

Along with the footage on the drive will be an ITV Sport graphic 'bug' - this must be used top left or right as appropriate over the images & throughout the use of the ITV footage.
