Competitors are advised that they must ensure that the ignition of their vehicle remains continually switched on for a period of one hour after the time of the showing of the chequered flag in each Race so that the authorised Officials can access each DVR to download any footage required for judicial investigation.

This requirement is in order for the Judicial Officials to review and reach a timely decision on any judicial matter (as detailed in Championship Regulation 3.8).

Failure to comply with this requirement will be reported to the Clerk of the Course for his consideration of any appropriate judicial action.
