~~The responsibility for the preparation, maintenance & compliance of the car, throughout the event, rests entirely with the competitor.~~

The responsibility for the preparation, maintenance & compliance of the car, throughout the event, rests entirely with the Competitor. All cars must be maintained to a high standard and presented in a clean condition, so as not to bring the Championship into disrepute and to ensure that new evidence of contact between cars can be easily seen.

Reason for Change

To correct a regulatory gap identified during a review and enhance compliance controls going forward.
