Caterham Graduates Racing Championship - Safety Car Restart

At this event a Safety Car race restart is available to the Clerk of the Course/Race Director following a Red Flag/Signal.

The starting order will be determined by the position of all cars at the Red Flag/Signal. Any car or cars which enter the Pit Lane after the Red Flag/Signal will be released after the last car in the train when the race resumes. The cars will be led around by the Safety Car, which will be exiting the circuit as stated in the Drivers Briefing, into Pit Lane prior to a Green Flag/Signal at the Start/Control Line.

The length of the restarted race will be determined by the Clerk of the Course/Race Director, and the race time will commence when the Safety Car moves away from the Grid.

Amendments to the Programme
