**CARRERA CUP
GREAT BRITAIN**

PORSCHE CARRERA CUP GREAT BRITAIN 2026

REGULATIONS

PUBLISHED COPY

These Regulations set out the key information relating to the motor racing championship called the "Porsche Carrera Cup Great Britain" to be staged in 2026.

These Regulations are set out as follows:

<u>Contents</u>	<u>Page number</u>
MISSION STATEMENT	3
CODE OF CONDUCT	4
CHAMPIONSHIP REGULATIONS	5

MISSION STATEMENT

The objective of running the Porsche Carrera Cup Great Britain 2026, for Porsche Cars Great Britain Limited, is to demonstrate and promote motorsport as an integral part of the Porsche brand at a local level. Through the Porsche Carrera Cup, Porsche aims to demonstrate the Porsche 'Race to Road' engineering philosophy encapsulated within the 911 GT3 Cup and shared across the Porsche product range, and at the same time engage Porsche customers and fans in this philosophy, whether at the circuit, digitally, through television coverage and within the wider media, directly and indirectly.

The Championship will provide a one-make racing platform, which nurtures and develops driver talent. The organisation of the Championship puts the emphasis on driver development and looks to play an important role in the career path for career minded drivers by providing a platform to develop the racing and commercial skills required to progress, for example, into the Porsche Mobil 1 Supercup, other motor racing formats or to become a Porsche works driver.

For the participating teams, the Championship seeks to be a commercially viable series, with tightly controlled technical regulations to support affordable but competitive racing and to allow teams to promote their engineering and technical expertise and any wider commercial interests that they may have.

For the numerous sponsors involved within the Championship, (both the partners of the Championship and the partners of participating drivers and teams), the Championship must provide a positive and engaging platform for their brands.

All of those involved in the Championship, including drivers and teams, are expected to uphold Porsche's values of being sporting and always fair.

And, of course, Porsche hopes that all drivers, teams and fans enjoy the Championship.

.....
James MacNaughton
Manager, Motorsport and Championship Coordinator

Date 16 March 2026

CODE OF CONDUCT

Porsche Carrera Cup Great Britain 2026 is a racing series characterised by equality of opportunity and fairness – in both technical and sporting terms. Everyone involved in the Championship makes a significant contribution to how the Championship is perceived – both internally and by the general public – and to the atmosphere in the Championship through their conduct and their communication.

All those involved in the Championship are responsible for conducting themselves in such a way as to uphold and safeguard the professionalism that prevails in the Championship, as well as the esteem in which the Championship and its participants are held by the general public. Moreover, fair and sporting competition is an important contributor to exciting and safer racing.

For these reasons, all those involved in the Championship agree to acknowledge the philosophy of the Championship, to comply with the spirit of this code of conduct and to adhere strictly to these Regulations.

Both on the race track and in all matters related to the Championship, all those involved in the Championship must adopt and adhere to the spirit and intent of the following principles:

- To act in good faith and treat other participants, officials and organisers respectfully;
- To act with the utmost integrity at all times;
- To respect and follow the laws and the rules of the sport, and by their behaviour exemplify and promote fairness and the rules of conduct;
- To neither express themselves or behave in an insulting, offensive or abusive way, nor tolerate such expressions or modes of conduct, either in direct conversations, interviews, etc. or in other communication, e.g. press releases, posts in social media, etc;
- Motor racing can be dangerous: it is of paramount importance and incumbent upon all those involved in the Championship to always behave in the interests of safety and to continually and consistently cooperate in all efforts to reduce risks;
- To use resources in a sustainable way, giving priority to the well-being, safety and satisfaction of others before their own personal interest or goals;
- To always further the purpose of the sport;
- To challenge others where their conduct is not characterised by fairness, sportsmanship, respect and tolerance;
- To cooperate with all other persons involved so as to continually further develop and improve the Championship and its good status;
- To, promote the Championship positively, otherwise comply with Section 1.23 of the Regulations and demonstrate the Motorsport UK's Racing with Respect Code which is appended to these Regulations at Appendix 14; and
- To commit to the sustainable management of the Championship in accordance with Section 6.1.5 and Appendix 15 of the Regulations, and improve the environmental, social and economic impact of all stakeholders' participation in the Championship.

1	SPORTING REGULATIONS
----------	-----------------------------

1.1 Glossary

1.1.1 The glossary in Appendix 18 applies to these Regulations.

1.2 Title and jurisdiction

1.2.1 The Championship Permit is granted by the ASN to and held by BARC. The Events are organised by BARC and the Championship is promoted and administered by Porsche. The Championship is organised pursuant to the National Competition Rules of Motorsport UK (incorporating the provisions of the International Sporting Code of the FIA) (the "NCRs") and these Championship Regulations.

Motorsport UK Championship Permit Number: CH2026/R006 (B)

Race Status: Race National

Motorsport UK Championship Grade: B

1.2.2 For the purposes of these Championship Regulations:

(A) references to BARC (or Organising Club) shall be construed as meaning BARC and/or Porsche; and

(B) references to Porsche shall be construed as Porsche and/or BARC.

However, for the avoidance of doubt BARC, as the Organising Club as defined in the NCRs, shall be accountable to the ASN as the Championship Permit Holder.

1.2.3 The Championship shall be governed by and conducted in accordance with these Regulations and the NCR and each Driver and each Entrant shall comply in full with the foregoing and with all applicable law in relation to their/its participation in the Championship. In the event of any conflict between the NCR and these Regulations then the NCR shall prevail.

1.2.4 Subject to NCR 3.10, Porsche has the right to amend or vary these Regulations at any time before or during the Season and to issue additional statements in the form of a Bulletin. All Entrants and Drivers agree to be bound by the Regulations (including any amendments, variations and statements from time to time) and to procure compliance by persons associated with them.

1.2.5 Any request by a Driver or Entrant (or potential Driver or Entrant) for clarification of the Regulations should be made in writing to the Championship Coordinator. The request together with the reply will be made known to every other Entrant. Any verbal requests for clarification and any verbal replies will not be binding and will not therefore be made available to each Entrant.

1.3 Officials

1.3.1 The following individuals shall fulfil the following roles:

Championship Coordinator: James MacNaughton (Porsche)

Championship Clerk of the Course: Colin Oakley (BARC)

Deputy Clerk of the Course: Nigel Jones (BARC)

Eligibility Scrutineer: Alan Clancy (BARC)

Championship Stewards (at least three of): Alan Gow (TOCA)

Ian Watson (BARC)

EXECUTION VERSION

Ray Sumner (BARC)

Pat Blakeney (BARC)

Eddie Corr (Porsche)

Ian Fletcher (Porsche)

Motorsport Planner: Louise Duckett (Porsche)

Medical Adviser: Dr Paul Trafford

1.3.2 Judges of Fact for each Event will be appointed in accordance with NCR 5.0.21.1.

1.3.3 The Officials shall have the rights, powers and duties specified in the NCR. In particular, at least three of the Championship Stewards must sit to make a decision. In accordance with NCR 5.0.5.3 and NCR 4.1.1.2, the Championship Stewards may only adjudicate on any disputes, irregularities or appeals arising from these Regulations. Under NCR 5.0.5.3 and NCR 4.1.1.2, the Championship Stewards are also empowered to consider any request from the Championship Co-ordinator to penalise any Driver or Entrant for any breach of these Regulations after holding a formal hearing to impose a penalty in accordance with NCR 2.2.4 (subject to the rights of appeal provided for in NCR Chapter 2).

1.3.4 The Organising Club may appoint additional Officials and/or source replacement Officials from time to time and either Porsche or the Organising Club shall notify each Entrant accordingly by the official Championship Bulletin.

1.3.5 The contact details for certain Officials listed in Section 1.3.1 are set out in the Contact Sheet.

1.4 Registration

1.4.1 Any individual wishing to register as a Driver for the Championship must complete the Registration Form (including the details in relation to that Driver's Entrant and the signature of that Entrant Manager) and the Medical Form. The Registration Form must be submitted to the Championship Coordinator and the Medical Form must be submitted to the Medical Adviser, in each case between 1 November 2025 and 14 April 2026 (inclusive). Each Driver warrants that the information provided in their Registration Form and Medical Form is true, complete and accurate.

1.4.2 If any registration is submitted by a Driver after 14 April 2026 and such application for registration is accepted, that Driver shall pay (or arrange for such payment to be made on their behalf) the pro rata amount of the Registration Fee to reflect the number of Events left in the Championship at the point of Registration (e.g., if six of the eight Events remain, the pro rata Registration Fee shall be 75% of the full Registration Fee). No application for registration can be made such that the Driver only participates in the final Event.

1.4.3 Subject to Section 1.4.15, any Driver that registers for the Championship after the conclusion of the third Event shall not be eligible for Championship Points and/or Category Points and that Driver's Entrant shall not be eligible for Entrant Points based on that Driver's performance, save that if such Driver is a Substitute Driver and the substituted Driver's Entrant would have been eligible for Entrant Points based on the substituted Driver's performance, then in that circumstance the Entrant shall be eligible for Entrant Points based on the performance of the Substitute Driver.

1.4.4 The Registration Fee payable by (or on behalf of) a potential Driver to register for the Championship is as follows:

Category	Registration Fee
Professional	£32,000 plus VAT
Professional Amateur	£32,000 plus VAT
Masters	£27,000 plus VAT

EXECUTION VERSION

- 1.4.5 Any individual applying for registration as a Driver for the Championship must be at least 16 years of age by the Friday prior to the first Event in which they compete.
- 1.4.6 The Registration Fee is payable against the chassis number of the Car listed on the Registration Form. In the event that the chassis of a Car is destroyed during the Championship, such registration may be transferred to the replacement Car, provided that the relevant Entrant Manager notifies the Championship Coordinator and the Championship Coordinator has issued consent to the replacement Car. In such circumstances, any Driver and Entrant shall be eligible for Championship Points, Category Points and Entrant Points.
- 1.4.7 The Registration Fee is required in full when submitting a Registration Form and, subject to NCR 6.1.11 and Section 1.7.6, is non-refundable.
- 1.4.8 Porsche shall, within the later of: (i) seven days of receipt of each Registration Form; or (ii) seven days of the Championship Permit being issued, acknowledge receipt of such Registration Form and notify the relevant Driver whether the application has been accepted, rejected or the decision deferred.
- 1.4.9 Porsche reserves the right to refuse any application for registration. Porsche will notify the potential Driver in writing if that potential Driver's application is refused and Porsche will refund that Driver's Registration Fee (if paid).
- 1.4.10 If Porsche accepts a potential Driver's registration, Porsche will notify that potential Driver in writing and, on and from the date of such notification, that individual will become a "Driver" and issued with a Race Number. Unless otherwise approved by the Championship Coordinator, the Race Number will not be changed during the Championship. Each Driver must display their Race Number as set out in NCR 7.10 and 12.4.5.
- 1.4.11 Each Driver must participate in all Rounds, except where this Section 1.4.11 or Section 3.1.1 applies
- (A) Any Driver that cannot participate in a Round must notify the Championship Coordinator (with reasons) in writing no later than 48 hours before the Round in question. Any Driver that fails to notify the Championship Coordinator by this deadline will incur a fine of £1,000 unless the Championship Coordinator determines that exceptional circumstances apply.
- (B) If the Driver has notified the Championship Coordinator that they cannot participate in a Round in accordance with Section (A) above, their Car may be driven in that Round by a different Driver (the "**Substitute Driver**") with the prior written permission of the Championship Coordinator, provided that:
- (i) the Substitute Driver is either registered as a Driver for the Championship for the same Entrant or registers as a Driver in accordance with the terms of these Regulations for the same Entrant for the Championship prior to that Round; and
- (ii) if the Substitute Driver is registered in the Professional or Professional Amateur Category and is replacing a Driver in the Masters Category, an additional fee of £625 plus VAT is paid by (or on behalf of) that Substitute Driver to Porsche.
- (C) The Substitute Driver is eligible to be awarded Points (as applicable for that Substitute Driver's relevant Category) and the Entrant to which the Car is registered is eligible to be awarded Entrant Points. For the avoidance of doubt, the Driver that does not participate in the Round and is replaced by the Substitute Driver will not be awarded any Points.
- 1.4.12 An Entrant may only replace a Car during the Championship if the relevant Entrant Manager notifies the Championship Coordinator and the Championship Coordinator has issued consent to the replacement. Unless Section 1.4.6 applies, any Driver and Entrant racing with a replacement Car in accordance with the foregoing shall only be eligible for Championship Points, Category Points and Entrant Points if the Entrant Managers of each other Entrant unanimously agree.
- 1.4.13 The Registration Fee includes the entry fee for each Round, Qualifying Session, Friday Free Practice and Porsche Test Day as well as four hospitality passes for each day of each Fixture. For the avoidance of doubt, it is the Driver's responsibility to obtain use of a Car to participate in the Championship and the Registration Fee does not include any costs in relation to the purchase or hire of such Car or any costs related to the running, repair or replacement of such Car. The Registration Fee does not cover the provision of generator power to private motorhomes, caravans or suchlike

EXECUTION VERSION

during a Fixture. Generator power can be provided for such use via TOCA's official power supplier, provided that sufficient Drivers book this at least seven days in advance of each Fixture to warrant a separate generator for such use being provided. Any Driver connecting to the TOCA Official Power Supplier's generators without pre-booking or paying upon demand will be immediately disconnected and fined a minimum of £100.

1.4.14 Porsche may publicise a Driver and/or Entrants' registration upon payment of the Registration Fee. An official list of the Drivers and Entrants for the Championship shall be circulated via a Bulletin no later than 48 hours prior to the first Event.

1.4.15 In the event that a Driver wishes to change from one Entrant to another Entrant during the course of the Season then they must submit a new Registration Form and re-submit to the process detailed in this Section 1.4 (or otherwise act in accordance with the instructions of Porsche in relation to such application). In the event that the Driver's new registration is approved by Porsche, exercising its discretion to accept such application based on all the circumstances of the case, the Category Points and Championship Points accrued by the Driver will remain with the Driver and any Entrant Points accrued by the Driver for their original Entrant will remain with their original Entrant. The Driver may accrue Entrant Points for their new Entrant from their first Round as a Driver of that Entrant.

1.4.16 Porsche reserves the right to cancel the Championship at any point. If Porsche cancels the Championship, it shall notify each Driver and each Entrant via a Bulletin and such Bulletin will set out the consequences of such cancellation.

1.5 Online Tests

1.5.1 Prior to each Driver and Entrant Manager participating in their first Event of the Championship, that Driver or Entrant Manager must complete and pass the Online Test.

1.5.2 Certain Drivers and Entrant Managers may, in addition to the testing in Section 1.5.1, be selected at random on one day of each Event and those Drivers and Entrant Managers must complete and pass the Online Test.

1.5.3 If any Driver or Entrant Manager fails a test required under Sections 1.5.1 or 1.5.2, that Driver may not participate in any Event until either:

- (A) that Driver or Entrant Manager has subsequently completed and passed the Online Test; or
- (B) the Clerk of the Course notifies that Driver or Entrant Manager that the Clerk of the Course is satisfied that such Driver or Entrant Manager understands the Regulations and the NCR to a standard satisfactory to the Clerk of the Course.

1.5.4 If a Driver is not permitted to compete in an Event (or part of an Event) due to failing an Online Test then Porsche shall provide a pro rata refund of the Registration Fee for that Event (or part of an Event) (eg, if the Driver is not permitted to complete in one Event, the pro rata refund shall be one eighth of the full Registration Fee).

1.6 Medical

1.6.1 Drivers must notify the Medical Adviser if:

- (A) they are involved in any serious medical incident;
- (B) there is a significant change in their physical or mental condition from the condition stated on their Medical Form;
- (C) they are hospitalised for any reason; or
- (D) they take drugs for any medical condition that was not noted on their Medical Form (or otherwise notified in writing to the Medical Adviser).

1.6.2 At any time during a Round the Clerk of the Course can require a Driver to have a medical examination by the Medical Adviser (or their nominee).

1.7 Category selection

1.7.1 The Championship will have three categories (each, a "Category", and "Categories" shall be construed accordingly):

EXECUTION VERSION

- (A) Professional;
- (B) Professional Amateur; and
- (C) Masters.

- 1.7.2 Any individual interested in participating in the Championship as a Driver shall indicate on their Registration Form the Category in which they believe they should participate.
- 1.7.3 Porsche will review each individual's selected Category and decide whether to accept that selection. The criteria applied by Porsche in making this decision will include the potential Driver's "sporting spirit", past performances, professional profile, age, FIA Driver Categorisation and any other criteria determined by Porsche from time to time. If a Driver or potential Driver disputes Porsche's determination, the process set out in Section 1.8 shall apply, save that no right of protest shall apply in the event that Section 1.7.4 applies.
- 1.7.4 Drivers that wish to compete in the Masters Category must have, at all times when competing in the Masters Category, the FIA Bronze Driver Categorisation. In the event a Driver has obtained the FIA Bronze Driver Categorisation, and Porsche, pursuant to Section 1.7.3, permits any such Driver to compete in the Masters Category, no other Driver shall have the right under Section 1.8 to appeal the categorisation of such Driver. In the event that, during a Season, a Driver who is competing in the Masters Category receives a higher FIA Driver Categorisation than the FIA Bronze Driver Categorisation, Porsche shall have the right to amend such Driver's Category pursuant to Section 1.7.5.
- 1.7.5 Porsche reserves the right to amend a Driver's Category at any time (except where a decision on a Driver Protest has been rendered pursuant to Section 1.8.7). Where a decision on Driver Protest has already been rendered pursuant to Section 1.8.7, Porsche shall follow the process set out at Section 1.8.2 for the purposes of amending a Driver's Category.
- 1.7.6 A Driver may, at any stage in the Season, apply to Porsche to have their Category changed to compete in a higher Category only. Porsche shall have sole discretion as to whether to accept any such application from a Driver.
- 1.7.7 Any change to a Driver's Category will not affect the Championship Points or Entrant Points earned by that Driver prior to the Category change. With respect to Category points, if a Driver's Category is changed at any time (either through Porsche's discretion under Section 1.7.5 or Section 1.7.6, or as a result of a Driver Protest or Porsche Review pursuant to Section 1.8) all Drivers:
- (A) in the Category from which the applicable Driver is moving shall have their Category Points revised to reflect the number of points that they would have obtained had the applicable Driver not competed in that Category that Season; and
 - (B) in the Category to which the applicable Driver is moving (including the Driver that is being moved) shall have their Category Points revised to reflect the Category Points they would have obtained had the applicable Driver competed in that Category from the beginning of that Season.
- 1.7.8 In the event that a Driver is re-categorised between the Professional Amateur and Masters Categories, a refund will be provided or additional payment will be required (as the case may be) to the value of the difference in the Registration Fees applicable for the remaining Rounds (ie, the difference in the Registration Fee for the Professional Amateur and Masters Categories, pro-rated for the remaining Rounds).

1.8 Category protests and reviews

- 1.8.1 If any Driver disputes the Category that either they or another Driver has been assigned following review by Porsche under Section 1.7.3, they may protest in writing to the Championship Coordinator no later than 30 minutes after the second Test Session on the Friday Free Practice prior to the seventh Round in which the Driver that is the subject of the protest competes ("**Driver Protest Deadline**"), provided that a £305 ("**Driver Protest Fee**") fee has also been paid by the Driver or the applicable Entrant to the Organising Club (who is receiving the Driver Protest Fee for and on behalf of Porsche) ("**Driver Protest**"). Any failure to pay the Driver Protest Fee prior to a Driver Protest Deadline shall result in the Driver Protest being invalidated.
- 1.8.2 If Porsche, taking into account the circumstances set out at Section 1.7.3, considers that a Driver's Category is incorrect, Porsche may, irrespective of whether a decision has already been rendered under Section 1.8.7 in relation to that Driver, form a Championship Stewards Panel under Section 1.8.3 to make an assessment as to the Driver's correct Category ("**Porsche Review**").

EXECUTION VERSION

- 1.8.3 Porsche will appoint a Championship Stewards Panel consisting of the following Championship Stewards to consider any Driver Protests or Porsche Reviews lodged under Section 1.8.1 or Section 1.8.2 (the "**Panel**"):
- (A) Ian Fletcher;
 - (B) Alan Gow (Head of TOCA); and
 - (C) Eddie Corr (Technical Team Manager).

Notwithstanding the foregoing, Porsche reserves the right to amend the composition of the Panel at its sole discretion at any time (notwithstanding that the Panel will at all times consist of at least three Championship Stewards set out in Section 1.3.1 (as amended from time to time pursuant to Section 1.3.4).

- 1.8.4 Any Driver Protest lodged under Section 1.8.1 must be accompanied by detailed evidence in support of the protest that substantiates the claims made. The Driver that submits the protest must prove, on the balance of probabilities, that the Driver that is the subject of the Driver Protest should, based on their ability relative to the other Drivers in the Championship and the factors set out in Section 1.7.3, have been allocated to a Category different to the Category they were in fact allocated to.
- 1.8.5 With respect to any Porsche Review lodged under Section 1.8.2, Porsche shall make available to the Panel any evidence that Porsche considers to substantiate Porsche's belief that the Driver's Category is incorrect. The Panel, in determining whether a Porsche Review is upheld, must determine, on the balance of probabilities, that the Driver that is the subject of the Porsche Review should, based on their ability relative to the other Drivers in the Championship and the factors set out in Section 1.7.3, have been allocated to a Category different to the Category they were in fact allocated to.
- 1.8.6 The Driver who is subject to a Driver Protest or Porsche Review shall have the opportunity to make written submissions to the Panel.
- 1.8.7 The Panel will consider all Driver Protests and Porsche Reviews and supporting evidence on the papers, without an oral hearing, applying the test set out at Section 1.8.4 or Section 1.8.5 (as applicable), and will determine the protest by majority (no Panel member may abstain). The Championship Coordinator will notify the Driver who submitted the Driver Protest or the Porsche representative that requested the Porsche Review (as applicable), and the Driver who was the subject of the Driver Protest or Porsche Review of the Panel's decision in a Bulletin. Subject to Section 1.8.2, the Panel's decision is final and binding and cannot be appealed.
- 1.8.8 If a Driver Protest is successful, an amount equal to the Driver Protest Fee shall be returned to the Driver or the Entrant who made the Driver Protest Fee payment.

1.9 Talent Pool Championship

- 1.9.1 Any Driver that satisfies the conditions set out in Section 1.9.2 (each, a "**Talent Pool Driver**") is eligible for the Talent Pool Championship in addition to competing in the Category designated for that Driver in accordance with Sections 1.7 and 1.8.
- 1.9.2 Subject to Section 1.9.3, a Driver is eligible for the Talent Pool Championship if that Driver:
- (A) has not competed in any other Carrera Cup or Supercup racing championship organised by (or on behalf of) Porsche or the Porsche Group in a 911 GT3 Cup, save that the Driver may have participated in three events (up to six rounds) of a previous Carrera Cup or Supercup racing championship promoted by Porsche in a 911 GT3 Cup (as either a registered driver or a guest driver);
 - (B) competes in all Rounds unless, in the Championship Coordinator's opinion, that Driver was unable to compete in one or more Rounds due to reasons outside of that Driver's reasonable control;
 - (C) is under 25 years old as at 1 March 2026; and
 - (D) has not previously been designated the 'Porsche Junior' driver by Porsche,

EXECUTION VERSION

provided that there must be a minimum of three Drivers eligible for the Talent Pool Championship registered before the first Round, failing which there shall not be a Talent Pool Championship and no Talent Pool Championship Prize Money or other Talent Pool benefits will be awarded.

1.9.3 Porsche may disqualify any Driver from the Talent Pool Championship if, in its discretion, such Driver's driving experience means that they cannot be described as a Talent Pool driver.

1.9.4 Each Talent Pool Driver will be eligible to receive Points and prizes in their Category and in addition is eligible to receive the Talent Pool Championship Prize Money.

1.9.5 Any Driver eligible for the Talent Pool Championship in accordance with Section 1.9.2 will be automatically enrolled in the Porsche 'Talent Pool Programme', through which the Driver will be entitled to a number of benefits including branded clothing, PHP assessments, media training, and (if the Driver competes in every Round) up to three free sets of slick tyres for the final Event of the Season.

1.10 Licence and BARC membership

1.10.1 Each Entrant must possess a valid 2026 Motorsport UK National Entrants Licence throughout the Season.

1.10.2 Each Driver must, at the point of submitting their Registration Form and throughout the Season:

(A) be a racing member of BARC; and

(B) be in possession of a valid Motorsport UK Competition Licence Race National minimum or equivalent Licence issued by Motorsport Ireland or, if the Driver is registered with a different ASN: (i) meet the requirements set out in NCR 6.3.1.6 to the satisfaction of BARC; and (ii) have (and provide) a valid medical certification, together with their ASN's written consent (FIA International Sporting Code article 2.3.7 applies).

1.10.3 In addition to Section 1.10.2, each Driver may only compete in a Round if that Driver is registered with Porsche in accordance with these Regulations. Porsche may (at its discretion) permit individuals who satisfy Sections 1.4.5 and 1.10.2 who are not registered as Drivers to participate in Rounds as guest drivers (each, a "**Guest Driver**"), save that Porsche is likely to reject any application by a potential guest driver if such application is for the final Round only. Any obligations that apply to Drivers in Sections 3 to 6 (inclusive) shall apply to Guest Drivers (as relevant).

1.10.4 During the signing-on prior to each Event:

(A) each Entrant Manager must present to the Championship Coordinator that Entrant's 2026 Motorsport UK National Entrants Licence;

(B) each Driver must submit to the Championship Coordinator their licence in accordance with Section 1.10.2(B) (which will be returned to the Driver); and

(C) each Driver and/or Entrant Manager must submit to the Championship Coordinator any other documents specified in a Bulletin prior to that Event.

1.10.5 The:

(A) Clerk of the Course and/or the Stewards of the Event may disqualify from any Event (before, during or, if the results are provisional, after that Event); or

(B) Championship Stewards may disqualify from future participation in the Championship,

any Driver or person connected with an Entrant that they consider(s) as possibly unfit by reason of health, consumption of alcohol or illicit substances, and disqualify any Driver or person connected with an Entrant found smoking and/or using electronic alternatives while participating in any Fixture.

1.10.6 The Championship Stewards may disqualify from future participation in the Championship any Driver convicted at law of an offence committed during a Fixture (and shall also report such Driver to Motorsport UK).

EXECUTION VERSION

1.11 Car

- 1.11.1 Each Entrant may only permit its Drivers to use, and each Driver is only permitted to use, vehicles in the Championship that:
- (A) subject to Section 1.4.12, are listed on the Registration Forms submitted in relation to that Entrant;
 - (B) are GT3 Cup Cars (type 992) with the model year being 2021, 2022, 2023 or 2024; and
 - (C) comply with the Technical Regulations (including Appendix 7).

1.12 Early registration

- 1.12.1 Each Driver that submits their Registration Form within certain time periods will be entitled to a credit for their early registration. Please see Section 6.17 for more information.

1.13 Rounds

- 1.13.1 The Championship will be contested over eight Events, with the final schedule as follows:

<u>Rounds</u>	<u>Circuit</u>	<u>Date</u>	<u>Event Type</u>
Rounds 1 and 2	Donington Park (National)*	18 - 19 April 2026	Double Header
Rounds 3 and 4	Brands Hatch (Indy)*	9 – 10 May 2026	Single Header
Rounds 5 and 6	Snetterton 300*	23 - 24 May 2026	Single Header
Rounds 7 and 8	Thruxton*	25 - 26 July 2026	Single Header
Rounds 9 and 10	Donington Park GP*	22 – 23 August 2026	Single Header
Rounds 11 and 12	Croft*	5 - 6 September 2026	Double Header
Rounds 13 and 14	Silverstone (National)*	26 - 27 September 2026	Double Header
Rounds 15 and 16	Brands Hatch (GP)*	10 - 11 October 2026	Double Header

**subject to a valid track licence being issued*

- 1.13.2 BARC is the Organising Club for all Events.
- 1.13.3 Subject to Sections 1.21 and 1.13.4, Porsche may amend the number, composition and location of the Rounds at any stage of the Season and will issue a Bulletin as soon as reasonably practicable to inform Drivers and Entrants accordingly.
- 1.13.4 If a Round is cancelled due to reasons of safety or force majeure, Porsche may arrange an alternative date on which the Round will take place, in accordance with NCR 12.2.4.
- 1.13.5 The length of each Round will be notified to each Driver and each Entrant via a Bulletin prior to that Round.

1.14 Scoring

- 1.14.1 Subject to Section 3.12, Drivers will be classified for each Round according to the number of laps completed. Drivers having completed the same number of laps will be classified in the order in which they passed the finish line.

Professional Category

- 1.14.2 Each Driver competing in the Professional Category listed as a classified finisher in the final results of each Round will be awarded points (the "**Professional Points**") for the following positions in the leader board for the Professional Category as follows:
- (A) for a Double Header Event:
 - (I) for the first Round of a Double Header Event, Professional Points as follows:

EXECUTION VERSION

Position	Professional Points	Position	Professional Points
1 st	12	5 th	4
2 nd	10	6 th	3
3 rd	8	7 th	2
4 th	6	8 th	1

(II) for the second Round of a Double-Header Event, Professional Points as follows:

Position	Professional Points	Position	Professional Points
1 st	10	5 th	4
2 nd	8	6 th	3
3 rd	6	7 th	2
4 th	5	8 th	1

(B) for each Round of a Single Header Event, Professional Points as follows:

Position	Professional Points	Position	Professional Points
1 st	10	5 th	4
2 nd	8	6 th	3
3 rd	6	7 th	2
4 th	5	8 th	1

1.14.3 In addition to Section 1.14.2, the Driver that sets:

- (A) the fastest lap during a Double Header Qualification Session in the Professional Category will be awarded two Professional Points for that Double Header Event; and
- (B) the fastest lap during each Single Header Qualification Session in the Professional Category will be awarded one Professional Point for each Single-Header Qualification Session at that Single Header Event; and
- (C) the fastest lap in each Round in the Professional Category will be awarded one Professional Point for that Round, unless the Driver's Car exceeded the Track Limit when the lap time was set, in which case, any such lap time will not be counted for fastest lap purposes.

Such Professional Points will count for the purposes of Sections 1.16.3 and 1.16.4 but not, for the avoidance of doubt, for the purposes of Section 1.15.1.

Professional Amateur Category

1.14.4 Each Driver competing in the Professional Amateur Category listed as a classified finisher in the final results of each Round will be awarded points (the "**Professional Amateur Points**") for the following positions in the leader board for the Professional Amateur Category as follows:

- (A) for the first Round of an Event:

EXECUTION VERSION

Position	Professional Amateur Points	Position	Professional Amateur Points
1 st	10	5 th	4
2 nd	8	6 th	3
3 rd	6	7 th	2
4 th	5	8 th	1

(B) for the second Round of an Event:

Position	Professional Amateur Points	Position	Professional Amateur Points
1 st	10	5 th	4
2 nd	8	6 th	3
3 rd	6	7 th	2
4 th	5	8 th	1

1.14.5 In addition to Section 1.14.4, the Driver that sets:

- (A) the fastest lap during a Double Header Qualification Session in the Professional Amateur Category will be awarded two Professional Amateur Points for that Double Header Event; and
- (B) the fastest lap during each Single Header Qualification Session in the Professional Amateur Category will be awarded one Professional Amateur Point for each Qualification Session at that Single Header Event; and
- (C) the fastest lap in each Round in the Professional Amateur Category will be awarded one Professional Amateur Point for that Round, unless the Driver's Car exceeded the Track Limit when the lap time was set, in which case, any such lap time will not be counted for fastest lap purposes.

Such Professional Amateur Points will count for the purposes of Sections 1.16.3 and 1.16.4 but not, for the avoidance of doubt, for the purposes of Section 1.15.2.

Masters Category

1.14.6 Each Driver competing in the Masters Category listed as a classified finisher in the final results of each Round will be awarded points (the "**Masters Points**") for the following positions in the leader board for the Masters Category as follows:

(A) for the first Round of an Event:

Position	Masters Points	Position	Masters Points
1 st	10	5 th	4
2 nd	8	6 th	3
3 rd	6	7 th	2
4 th	5	8 th	1

EXECUTION VERSION

(B) for the second Round of an Event:

Position	Masters Points	Position	Masters Points
1 st	10	5 th	4
2 nd	8	6 th	3
3 rd	6	7 th	2
4 th	5	8 th	1

1.14.7 In addition to Section 1.14.6 the Driver that sets:

- (A) the fastest lap during a Double Header Qualification Session in the Masters Category will be awarded two Masters Points for that Double Header Event; and
- (B) the fastest lap during each Single Header Qualification Session in the Masters Category will be awarded one Masters Point for each Single Header Qualification Session at that Single Header Event; and
- (C) the fastest lap in each Round in the Masters Category will be awarded one Masters Point for that Round, unless the Driver's Car exceeded the Track Limit when the lap time was set, in which case, any such lap time will not be counted for fastest lap purposes.

Such Masters Points will count for the purposes of Section 1.16.3 and 1.16.4.

Championship Points

1.14.8 Each Driver listed as a classified finisher in the final results of each Round will (in addition to their Category Points) be awarded points (the "**Championship Points**") for the following positions in the leader board of the Round as follows:

Position	Championship Points	Position	Championship Points
1 st	20	9 th	7
2 nd	18	10 th	6
3 rd	16	11 th	5
4 th	14	12 th	4
5 th	12	13 th	3
6 th	10	14 th	2
7 th	9	15 th	1
8 th	8		

Talent Pool Championship

1.14.9 The points for the Talent Pool Championship will be the Championship Points accrued by each Driver competing in the Talent Pool Championship.

Entrants Points

1.14.10 Prior to the first Round, each Entrant must nominate (in writing to the Championship Coordinator) up to two Cars from its team to score points (the "**Entrant Points**"). The Entrant Points will be calculated by aggregating the Championship Points accrued by the Driver(s) of such nominated Car(s). An Entrant is not permitted to change its nominated two Cars during the course of the Championship unless a Driver of one of the Entrant's two nominated Cars either leaves the Championship or leaves the Entrant to race for another Entrant within the Championship, and in which case the first Entrant is permitted to nominate either the previously-nominated Car (driven by a new Driver to replace the Driver who has left) or another Car in the Entrant's team (if any).

EXECUTION VERSION

Additional scoring provisions

1.14.11 Guest Drivers will not be eligible for Championship Points or Category Points, and if a Guest Driver represents an Entrant, that Entrant will not be eligible for Entrant Points from the placing of that Guest Driver. For the avoidance of doubt, no Guest Driver is eligible to win prizes under Sections 1.15 and/or 1.16.

1.14.12 If a Driver is disqualified from the Championship:

- (A) they will forfeit all Championship Points and/or Category Points they have accrued;
- (B) they will not be eligible for any prize money; and
- (C) their Entrant will forfeit all Entrant Points accrued due to their participation in the Championship.

For the avoidance of doubt, if a Driver is disqualified from the Championship under this Section 1.14.12, no other Driver's Points or Entrant's Entrant Points will be adjusted as a consequence.

1.14.13 If two or more Drivers in the same Category finish the Championship with the same number of Championship Points or Category Points (as appropriate), the higher place in that Category shall be awarded using the following process:

- (A) by considering the number of first places of the relevant Drivers; and
- (B) in the event there is still a tie, by considering the number of second places and so on until a winner emerges.

Guest Drivers will be removed from the relevant classification(s) prior to making the above consideration.

1.15 Prizes awarded for each Event

1.15.1 For each Double Header Event Round, Drivers in the Professional Category will be eligible for the following prizes based on their position in the leader board for that Round in the Professional Category:

Position	Prize	
	Round 1 of a Double Header Event	Round 2 of a Double Header Event
1 st	£1,500	£1,200
2 nd	£1,200	£1,000
3 rd	£1,000	£700

1.15.2 For each Single Header Event Round, Drivers in the Professional Category will be eligible for the following prizes based on their position in the leader board for that Round in the Professional Category:

Position	Prize	
	Round 1 of a Single Header Event	Round 2 of a Single Header Event
1 st	£1,350	£1,350
2 nd	£1,100	£1,100
3 rd	£850	£850

1.15.3 For each Round, Drivers in the Professional Amateur Category will be eligible for the following prizes based on their position in the leader board for that Round in the Professional Amateur Category:

EXECUTION VERSION

Position	Prize
1 st	£1,000
2 nd	£700
3 rd	£500

1.15.4 All prizes awarded for each Event shall be paid by or on behalf of Porsche by bank transfer to the relevant Driver or Entrant no later than 28 days after the results of the relevant Event are declared final in accordance with Section 3.16.3 using the bank details for the recipient Driver or Entrant set out in the relevant Registration Form, provided that:

- (A) that Driver or Entrant (as relevant) has no outstanding payments due to Porsche;
- (B) that Driver or Entrant (as relevant) has complied with these Regulations;
- (C) in the case of a Driver, that Driver (or any other Driver) has no proceedings (including proceedings under Section 2.1) pending that might influence the Championship Points and/or Category Points accrued by that Driver; and
- (D) in the case of an Entrant, that Entrant (or any other Entrant) has no proceedings (including proceedings under Section 2.1) pending that might influence the Entrants Points accrued by that Entrant.

1.16 Prizes awarded at the end of the Championship

1.16.1 At the end of the Season, the Entrant Points for each Entrant will be calculated and the three Entrants with the highest number of such Entrant Points will be awarded the following prizes:

Position	Prize
1 st	£10,000
2 nd	£5,000
3 rd	£3,000

1.16.2 Porsche will provide the Entrant Manager of the winning Entrant with the use of a Porsche car until the date of the End of Season Awards, provided that:

- (A) such Entrant is based in the United Kingdom and the Porsche car will only be used by that Entrant in the United Kingdom;
- (B) such Entrant Manager accepts Porsche's hire terms and conditions; and
- (C) such Entrant Manager takes out the insurance policies in relation to that Porsche car as requested by Porsche.

1.16.3 Following the final Event of the Season, the Championship Coordinator shall calculate the aggregate of:

- (A) each Driver's Category Points for the Season in accordance with Section 1.14; and
- (B) all points awarded to that Driver in accordance with Section 1.14.3, 1.14.5, or 1.14.7 (as appropriate),

and the three Drivers with the highest aggregate Points in the Professional Category, Professional Amateur Category, Masters Category and Talent Pool Championship with the highest number of Championship Points will be awarded the following prizes:

EXECUTION VERSION

Position	Professional	Professional Amateur	Masters	Talent Pool Championship
1 st	£25,000	£7,000	A paid for Porsche experience determined by Porsche at Porsche's sole discretion	£12,000 or 50% reduction from the 2027 Porsche Carrera Cup GB Registration Fee for that Driver
2 nd	£15,000	£4,000	N/A	N/A
3 rd	£10,000	£2,000	N/A	N/A

1.16.4 The winning Driver in the Professional, Professional Amateur and Masters Categories for the Championship under Section 1.16.3 will receive the use of a Porsche car for one year from the date of the End of Season Awards, provided that:

- (A) such Driver is resident in the United Kingdom and the Porsche car will only be used by that Driver in the United Kingdom;
- (B) such Driver accepts Porsche's hire terms and conditions; and
- (C) such Driver takes out the insurance policies in relation to that Porsche car as requested by Porsche.

1.16.5 If Porsche is able to obtain a suitable sponsor who is willing to fund the "Driver of the Year" award, the Championship Coordinator shall select a Driver after the Championship to be the "Driver of the Year" and such Driver shall be awarded a monetary sum selected by the applicable sponsor. The Championship Coordinator shall consider the performance, presentation, results and other criteria in selecting any applicable "Driver of the Year" award.

1.16.6 If Porsche appoints a Commercial Partner for the Season that is a watch manufacturer then, for each Category, the Driver that has the fastest lap in the highest number of Rounds for the Championship in that Category may be awarded a watch supplied by that Commercial Partner. For the avoidance of doubt, if:

- (A) Porsche does not appoint a Commercial Partner that is a watch manufacturer (or if Porsche does appoint a Commercial Partner that is a watch manufacturer but that Commercial Partner does not supply watches to Porsche, then no prizes shall be awarded under this Section 1.16.6; and
- (B) two or more Drivers obtain the same number of fastest laps for the Championship in that Category so as to make them entitled to a watch supplied by that Commercial Partner, the Driver who obtained that number of fastest laps first shall be entitled to the watch. For the avoidance of doubt, a Driver (or Drivers) who achieves that same number of fastest laps after the Driver who achieved that number of fastest laps first shall not be entitled to this prize.

1.16.7 All monetary awards and prizes under this Section 1.16 shall be paid by or on behalf of Porsche by bank transfer to the relevant Driver or Entrant no later than 28 days after the End of Season Awards, using the bank details for the recipient Driver or Entrant set out in the relevant Registration Form, provided that:

- (A) that Driver or Entrant (as relevant) has no outstanding payments due to Porsche;
- (B) that Driver or Entrant (as relevant) has complied with these Regulations;
- (C) in the case of a Driver, that Driver (or any other Driver) has no proceedings (including proceedings under Section 2.1) pending that might influence the Championship Points and/or Category Points accrued by that Driver; and
- (D) in the case of an Entrant, that Entrant (or any other Entrant) has no proceedings (including proceedings under Section 2.1) pending that might influence the Entrants Points accrued by that Entrant.

1.17 Presentations

1.17.1 Trophies and sparkling wine are to be provided for a presentation at the end of each Round, which will include:

EXECUTION VERSION

- (A) a presentation for the three best-placed classified finishers in the Round overall (which, for the avoidance of doubt may include Drivers assigned to the Professional Amateur and/or Masters Categories as well as Drivers assigned to the Professional Category);
- (B) a presentation for the three best-placed classified finishers in the Professional Amateur Category; and
- (C) a presentation for the three best-placed classified finishers in the Masters Category.

1.17.2 In the event that the Championship Points, Category Points and/or Entrant Points for any Round or the Championship are revised by Porsche after the provisional presentations, any Driver and/or Entrant (as relevant) must return to Porsche any awards and prizes wrongly awarded to them within 14 days.

1.17.3 Each award winner under Section 1.16 is required to attend the End of Season Awards on a date and at a venue to be determined by Porsche. Any award winner that fails to attend the End of Season Awards will forfeit their award, unless the Championship Coordinator determines that exceptional circumstances apply.

1.17.4 Certain Drivers will be invited to attend the Porsche Night of Champions event, which is held at a location to be confirmed by Porsche around the end of the Season. Each Driver invited to attend such event shall attend that event. Travel and accommodation shall be arranged by Porsche (at Porsche's cost), save that a Driver may arrange their own travel (economy class only) and, provided such cost is approved in advance by Porsche, Porsche shall reimburse the Driver for such cost. If a Driver is permitted to bring a guest (as determined by Porsche at its sole discretion), the guest's travel and accommodation costs will not be arranged, or paid for, by Porsche.

1.18 Withholding tax for foreign performers and income tax

1.18.1 Porsche is obliged under applicable law to make certain withholdings for tax purposes from any payments made to Drivers and/or Entrants based outside of the United Kingdom in respect of their appearances in the United Kingdom (the United Kingdom does not include the Isle of Man, Channel Islands or the Republic of Ireland). More specifically, in accordance with current UK government legislation, Porsche is legally obliged to withhold income tax at the basic rate (currently 20%) on all payments to non-UK resident sportspersons and entertainers, and to account for this to HMRC using form FEU1, the quarterly return of payments made to non- resident entertainers and sportspersons.

1.18.2 A non-UK resident is defined as someone who does not have a normal permanent residence in the UK. The UK does not include the Isle of Man, Channel Islands or the Republic of Ireland. This means that, as the Organiser, Porsche is required to deduct tax at the current rate applicable from any such payments they may make to non-UK residents.

1.18.3 Under certain circumstances, Drivers and Entrants may apply to HMRC for a reduced withholding tax rate, or for an exemption, if they can demonstrate that the standard deduction exceeds their actual UK tax liability. Such applications must be submitted in writing at least 30 days before the payment is due. For further information, please contact:

Charities, Savings and International 1
HM Revenue & Customs
BX9 1AU
United Kingdom
Tel: 0300 322 7877

1.18.4 Each Driver and each Entrant is responsible for any taxes payable on any awards or prizes received by that Driver or Entrant, including income tax.

1.19 Championship livery

1.19.1 Porsche will issue per Car:

- (A) one set of Race Numbers and Championship decals prior to the Championship Launch Day; and
- (B) upon request from an Entrant, additional Championship decals in any combination up to a value equal to two full sets of Championship decals (based on Porsche's standard pricing, available on request).

These cannot be modified under any circumstances and should fixing require cutting of the decals to accommodate vehicle shut lines it must be achieved without defacing the logo. If additional or replacement Championship decals are required, they must be ordered prior to the relevant Fixture directly from SDS Racegraphics, the Championship's

EXECUTION VERSION

preferred decal supplier, and fitted in the correct locations as set out in Appendix 1 prior to the Qualifying Session of the Event.

1.19.2 Each Entrant must ensure that each Car involved in any Fixture displays the Championship decals in the manner set out in Appendix 1 and no Driver will be permitted to drive a Car that does not comply with the foregoing.

1.19.3 Any additional Championship decals ordered by an Entrant over and above the decals supplied by Porsche for each Car pursuant to Section 1.19.1 will be charged at cost (based on Porsche's standard pricing, available on request), including any delivery costs by Porsche's nominated decal supplier.

1.20 Timetable regulations

1.20.1 If fewer than 15 Drivers are expected to participate in a Round then that Round may be re-scheduled for the start or the end of the next scheduled Event (in addition to the Round(s) scheduled in that next scheduled Event).

1.20.2 Porsche may amend the timetable for each Event at its discretion (including on the instruction of TOCA), subject to NCR 3.0.22 and 3.11.1.1.d.

1.20.3 Each Entrant and Driver should listen carefully to the Paddock public-address system announcements and the Championship Coordinator regarding the time the Driver is required to be at the assembly area at each Fixture. Each Entrant and Driver should note that the Driver may be prohibited from taking part in their Qualifying Session or a Round if they are not ready in the assembly area when the Cars are released.

1.21 Postponement, abandonment or cancellation of an Event

1.21.1 The Clerk of the Course and/or the Championship Coordinator may postpone or cancel any Event in accordance with NCR 3.5.13.

1.21.2 In the event that an Event is cancelled, Porsche shall reimburse to each Driver a pro rata proportion of that Driver's Registration Fee (i.e., for each Event, an amount equal to one eighth of such Registration Fee).

1.21.3 In the event that a Round is postponed by more than 12 hours (including in accordance with Section 1.20.1), a Driver may elect not to participate in the re-arranged Round and, if so elected, Porsche shall reimburse that Driver a pro rata proportion of that Driver's Registration Fee (i.e., for each Round, an amount equal to one sixteenth of such Registration Fee).

1.22 Shareholding

1.22.1 Each Driver, Entrant and Funder represents, warrants and undertakes that, as of the date it submits an application to register for (or otherwise be involved in) the Championship, and on a repeating basis on each day until the end of the Season, it is not a shareholder of any of the following entities:

- (A) Porsche Automobil Holding SE, including its subsidiaries;
- (B) Federal State of Lower Saxony & companies in which it has a majority holding;
- (C) State of Qatar & companies in which it has a majority holding; or
- (D) Companies and Foundations of the Porsche and Piëch families.

1.22.2 Each Driver, Entrant and Funder will notify Porsche immediately if it becomes a shareholder of any of the entities referenced in Section 1.22.1.

1.22.3 Porsche may terminate any Driver or Entrant's involvement in the Championship with immediate effect at any time by giving written notice to the relevant Driver or Entrant if that Driver or Entrant breaches any of Sections 1.22.1 and/or 1.22.2 above. Porsche may terminate any Driver's involvement in the Championship with immediate effect at any time by giving written notice to the relevant Driver if a relevant Funder breaches any of Sections 1.22.1 and/or 1.22.2 above. If:

- (A) Porsche terminates a Driver's involvement in the Championship then Porsche shall reimburse that Driver (or, as appropriate, the relevant Funder) a pro rata proportion of that Driver's Registration Fee (ie, for each Event

EXECUTION VERSION

that has not taken place on the date of such termination, an amount equal to an eighth of such Registration Fee); and

- (B) Porsche terminates an Entrant's involvement in the Championship then any Drivers registered to that Entrant may apply to change their registration to another Entrant in accordance with Section 1.4.15.

1.23 Racing with Respect

- 1.23.1 By registering for the Championship, the Driver shall, and shall procure that any member of the Driver's family, the Driver's Entrant and/or any other invitee of the Entrant and/or Driver shall, promote the Championship positively and demonstrate the Motorsport UK's Racing with Respect Code which is appended to these Regulations at Appendix 14.
- 1.23.2 Where any reports of disrespectful conduct are judged to be well founded, the Organising Club and/or Porsche may issue warnings or require remedial actions and/or report the matter to the Championship Stewards who may impose appropriate penalties which can include loss of Points and/or race bans through to expulsion from the Championship and referral to Motorsport UK.
- 1.23.3 It is imperative that Motorsport UK promotes the safety and wellbeing of young people and adults at risk. In addition to this all participants must be aware of their behaviour and conduct at all times and abusive language and harmful behaviour will not be tolerated. Any such incidents must be reported to the Championship Coordinator who will also relay the report to Motorsport UK. Details of the Motorsport UK Policies and Guidelines are available at www.motorsportuk.org/resource-centre by selecting Policies and Guidelines.

1.24 Code of Conduct for Business Partners

- 1.24.1 By registering for the Championship, the Driver shall, and shall procure that any member of the Driver's family, the Driver's Entrant and/or any other invitee of the Entrant and/or Driver shall, (to the extent applicable) comply with Porsche's Code of Conduct for Business Partners which can be found here: <https://www.porsche.com/uk/aboutporsche/overview/compliance/overview/>.

2.1 Protests, appeals and investigatory powers

2.1.1 Any protest or appeal against the decision of the Clerk of the Course and/or the Stewards shall be dealt with under NCR Chapter 2. In particular, note:

- (A) the right to protest against another Driver or Entrant, and the process of any such protest, shall be governed by NCR 2.9;
- (B) the rights of appeal against a decision of the Clerk of the Course, and the process of any appeal, shall be governed by NCR 2.4; and
- (C) Motorsport UK's investigatory powers under NCR 2.7.F.9; and
- (D) the right of review set out at NCR 2.10.

2.2 Governing law and jurisdiction

2.2.1 These Regulations shall be governed by and construed in accordance with English law.

2.2.2 Except for matters arising under Section 2.1.1 above and/or Sections 4 and 6 below, any dispute between the parties to these Regulations shall be referred to arbitration before the Motorsport UK National Court (the "**Court**") as a mandatory reference by way of exception under NCR 1.0.1.4 to the provisions of NCR 2.7.G.10 and whereby the process to be adopted shall be determined by the Court taking into account representations of the parties.

2.2.3 The parties to these Regulations agree:

- (A) that any dispute (contractual or non-contractual) arising out of or in connection with Section 6 below shall be submitted to the exclusive jurisdiction of the English courts; and
- (B) in the event that the Court elects not to hear a dispute referred to it pursuant to Section 2.2.2, that dispute (contractual or non-contractual) shall be submitted to the exclusive jurisdiction of the English courts.

3.1 Entries into a Round

3.1.1 There will be a maximum number of Drivers allowed to race in relation to each Round and Friday Free Practice, as determined by the Track Licence for that Track (the "**Track Licence Limit**"). In the event that the number of Drivers wishing to compete in the relevant Event or Friday Free Practice exceeds the relevant Track Licence Limit, Porsche or the Organising Club shall notify each Entrant via a Bulletin and the Drivers to be admitted to that Event or Friday Free Practice (as applicable) shall be determined as follows:

(A) Porsche and the Organising Club (as applicable) may permit up to 20% more Drivers than the relevant Track Licence Limit to participate in a Qualifying Session or Friday Free Practice prior to the first Round for that Event (and if there are more Drivers than the relevant Track Licence Limit plus 20%, Porsche will select and notify via a Bulletin the Drivers who will be permitted to participate in a Qualifying Session or Friday Free Practice based 'first-come-first-served' on the dates that the Drivers submitted their Registration Form); and

(B) the fastest Drivers in that Qualifying Session (irrespective of Category) will qualify for that Event.

By way of example only, if the Track Licence Limit is 20 Drivers, Porsche and the Organising Club may permit up to 24 Drivers to participate in a Qualifying Session and the top 20 fastest Drivers in such Qualifying Session shall qualify to compete in that Event.

3.1.2 Any Car to be raced by a Driver in an Event may only be used to the extent that it passes all Scrutineering (or, if remedied to the satisfaction of the Scrutineers any issues that arise in such Scrutineering prior to use of that Car).

3.2 Signing-on and briefings

3.2.1 Drivers must sign-on at the times advised to them in the Bulletin prior to each Round. Any Driver that fails to sign-on at the correct time may incur a fine of up to £250 for each offence.

3.2.2 Drivers will be informed via a Bulletin and on the "Race Centre Information Board" of the time and location of the Drivers' Briefing for each Event. Drivers' Briefings may be called during an Event and, in this case, the Championship Coordinator or their appointed representative will make known the time of that Drivers' Briefing. Attendance at each Drivers' Briefing is mandatory for every Driver participating in that Event and any Driver that fails to attend or arrives late may incur a fine of up to £205 for each offence. To the extent a Briefing is carried out in writing, such briefing shall constitute an official document.

3.2.3 All Drivers and Entrants must consult the BARC Digital Noticeboard for Event final instructions and for all judicial decisions in relation to an Event.

3.3 Testing

3.3.1 Porsche shall arrange for a Friday Free Practice on the Friday (or other date as notified in a Bulletin) to take place prior to each Event to give each Driver an opportunity to test their Car in accordance with the terms of this Section 3.3.

3.3.2 Each Driver may participate in each Friday Free Practice, provided that they are eligible to participate in the Round(s) for the relevant Event.

3.3.3 Porsche may (but, for the avoidance of doubt, is not obliged to), from time to time, also arrange for Porsche Test Days to take place during the Season to give each Driver an opportunity to test their Car in accordance with the terms of this Section 3.3.

3.3.4 If a Driver causes two stoppages during the course of a Test Session then their continued participation in that Test Session will be at the discretion of the Championship Coordinator.

3.3.5 Should any Test Session be shortened or cancelled at the discretion of the Championship Coordinator (or representative of any other relevant entity) then there will be no refund of any of the Registration Fee paid by (or on behalf of) a Driver.

3.3.6 Only Drivers and Guest Drivers may take part in Friday Free Practices and Porsche Test Days. For Porsche Test Days, subject to the prior approval of Porsche (in its sole discretion), a Driver may be accompanied by their driving coach (who must complete and submit to the Championship Coordinator an Indemnity Form).

EXECUTION VERSION

- 3.3.7 Drivers must sign-on at the times advised to them in the Bulletin prior to each Friday Free Practice and Porsche Test Day. Any Driver that fails to sign-on at the correct time may incur a fine of up to £250 for each offence.
- 3.3.8 Save as set out in Sections 3.3.9, 3.3.10 and 3.3.11, Drivers may not test (or otherwise race on a track) a Car. For the avoidance of doubt, such restriction includes testing (or otherwise racing on a track) a Car that has been modified such that it no longer qualifies as a "Car" under these Regulations and/or any car that has an identical or substantially similar technical specification to a Car.
- 3.3.9 Drivers may participate in each Friday Free Practice. In addition, Drivers may test their Cars on Porsche Test Days and Other Test Days, subject to the following conditions:
- (A) each Driver and each Entrant acknowledges that Porsche does not organise, arrange or promote such Other Test Days and accordingly shall have no liability in relation to any injury or damage suffered by any Driver or Entrant in relation to such Other Test Days;
 - (B) testing by Drivers after the last round of the 2025 Porsche Carrera Cup Championship is unrestricted until two days prior to the first Event of the Championship;
 - (C) subject to Sections (D) and (E) below, from the period starting on and from two days prior to the first Event of the Championship to the end of the Season, Drivers may participate in the following number of Porsche Test Days and Other Test Days (in addition to Friday Free Practices):

Category	Maximum number of Porsche Test Days and Other Test Days (in aggregate)
Professional	Five days (or, if the Professional Driver is a Talent Pool Driver, six days)
Professional Amateur	Five days (or, if the Professional Amateur Driver is a Talent Pool Driver, six days)
Masters	Unlimited

- (D) any Driver who has not competed in any Round in the Championship or previous Porsche Carrera Cup Championships may participate in one additional Porsche Test Day or Other Test Day; and
 - (E) for testing on any track not based in the United Kingdom, an unlimited number of Other Test Days are permitted.
- 3.3.10 Each Driver may participate in:
- (A) the Goodwood Festival of Speed; and
 - (B) any other event in which Porsche requires the Driver to perform promotional duties in a Car,
- and such participation shall not constitute Other Test Days or Porsche Test Days.
- 3.3.11 In certain limited circumstances (such as after a major repair of a Car), a Driver may request from the Championship Coordinator permission to test the Car on a track (or such other location determined by Porsche at Porsche's sole discretion). The Championship Coordinator shall have absolute discretion to determine the circumstances where such testing is permitted by a Driver.
- 3.3.12 A Driver or Entrant Manager (on the Driver's behalf) must submit to the Motorsport Planner a completed copy of the Testing Form at least 48 hours in advance of each Porsche Test Day and Other Test Day for which that Driver wishes to participate. The Motorsport Planner will confirm receipt of such forms to the relevant Drivers or Entrant Managers (as applicable).
- 3.3.13 Any Driver that fails to submit (and whose Entrant Manager also fails to submit) a completed Testing Form prior to that Driver participating in a Porsche Test Day or an Other Test Day shall be subject to the following penalties imposed by the Championship Stewards:

EXECUTION VERSION

- (A) deduction of 44 Championship Points; and/or
- (B) a fine of up to £25,000.

3.3.14 Porsche may send representatives to attend any Test Day.

3.4 Qualifying

3.4.1 Each Driver participating in an Event shall have the opportunity to participate in a Qualifying Session (or in the case of a Single Header Event, Qualifying Sessions) on that Track in advance of the first Round of that Event.

3.4.2 For the purposes of:

- (A) a Double Header Event, the Qualifying Session shall consist of one session of a minimum scheduled time of 20 minutes ("**Double Header Qualifying Session**"); and
- (B) a Singled Header Event, the Qualifying Session shall consist of two sessions each of a minimum of 10 minutes (each, a "**Single Header Qualifying Session**").

Drivers are referred to NCR 12.6.3 for further rules in relation to the duration of, and participation in, Qualifying Sessions.

3.4.3 During any Qualifying Session, Drivers must ensure that their Cars remain in the Pit Lane when not driving on the Track. Cars stationary in the Pit Lane at the end of a Qualifying Session come under Parc Fermé conditions at the showing of the chequered signal in accordance with Section 3.15. At no time will any Car be allowed in the Pit Lane garages or Paddock areas until such time as that Qualifying Session has ended and the Car has cleared any Post-qualification Scrutineering checks by the Scrutineers and been released from Parc Fermé Conditions, except with the express permission of the Clerk of the Course and/or the Eligibility Scrutineer.

3.4.4 Subject to Section 3.4.6 and Section 3.4.7, each Driver must complete a minimum of three laps : (i) in the case of a Double Header Event, during each Double Header Qualifying Session; or (ii) in the case of a Single Header Event, in total across both Single Header Qualifying Sessions, in the Car to be raced by that Driver at that Track in order to qualify for participation in the Round(s) for that Event.

3.4.5 The Clerk of the Course may enforce NCR 12.6.3 in the event that a Driver's best lap time in a Qualifying Session exceeds by more than 10% that of the third fastest car within that Driver's Category (where similar weather conditions prevailed).

3.4.6 If a Qualifying Session cannot be organised prior to a particular Round due to events outside of Porsche's or the Organising Club's reasonable control, the grid for that Round will be formed according to the Drivers' best lap time on the relevant Friday Free Practice completed prior to the Qualifying Session. If the Friday Free Practice also cannot be organised due to events outside of Porsche's or the Organising Club's reasonable control, the grid for that Round will be formed according to the then current Championship Points positions. Where there is a tie on Championship Points, the Driver with the best result in the previous Round will take priority.

3.4.7 The requirements in Section 3.4.4 shall not apply, subject always to approval by the Stewards, in the following circumstances:

- (A) the Driver has satisfactorily completed three laps on a Test Session at the relevant Track in the Season in that Car; and/or
- (B) the Driver has competed at the relevant Track in the relevant Car within the previous 12 months.

3.4.8 In the event of a driving infringement during a Qualifying Session, the Clerk of the Course may drop a Driver such a number of grid positions for the relevant Round as the Clerk of the Course considers appropriate. Any such incident will normally be investigated after the relevant Qualifying Session.

3.4.9 Any Driver taking part in any Qualifying Session who, in the opinion of the Clerk of the Course, stops unnecessarily on the Track or unnecessarily impedes another Driver shall be subject to the penalties detailed at Section 4.

EXECUTION VERSION

3.5 Rounds

- 3.5.1 Each Event will be comprised of two Rounds (in addition to a Qualifying Session). Each Round will be run to a maximum timed duration of 30 minutes (or lap equivalent), save for: (i) Rounds at Croft which shall run for a maximum timed duration of 25 minutes (or lap equivalent); and (ii) any changes notified to Entrants via a Bulletin in advance of the relevant Event.
- 3.5.2 The Clerk of the Course and/or the Stewards of the Event may, at their discretion, reduce the length of any Round and such reduced Round will (unless the Clerk of the Course determines at its sole discretion that Section 3.12.5 shall apply) count as a full Point scoring round.
- 3.5.3 When either the starter or the Clerk of the Course decides a delayed start is necessary, the standard procedure will be as follows:
- (A) 'Start Delayed' board will be displayed by the starter;
 - (B) the Drivers must not stop their engines unless instructed to do so by the Clerk of the Course;
 - (C) the issue that caused the delayed start will be resolved by the Clerk of the Course; and
 - (D) the normal start procedure will apply (including the commencement of a Green Signal Lap(s)).

When the Clerk of the Course notifies the Entrants of a "Start Delayed" situation, the above procedure will automatically apply unless otherwise notified.

3.6 Starting grid

Single Header Events

- 3.6.1 The starting grid for the first Round of a Single Header Event will be formed (subject to the Track Licence Limit regarding the number of starters for that Track) in order of each Driver's fastest lap during the first Single Header Qualifying Session for that Single Header Event in accordance with Section 3.4. In the event that a Driver does not participate in the first Single Header Qualifying Session, subject to Section 3.4, that Driver shall start in the grid for the first Round behind the lowest finishing Driver in that Driver's Category. The starting grid for such Round will be published as soon as reasonably practicable after the completion of that Single Header Qualifying Session.
- 3.6.2 The starting grid for the second Round of a Single Header Event will be formed (subject to the Track Licence Limit regarding the number of starters for that Track) in order of each Driver's fastest lap during the second Single Header Qualifying Session for that Single Header Event in accordance with Section 3.4. In the event that a Driver does not participate in the second Single Header Qualifying Session, subject to Section 3.4, that Driver shall start in the grid for the second Round behind the lowest finishing Driver in the Driver's Category. The starting grid for such Round will be published as soon as reasonably practicable after the completion of that Single Header Qualifying Session.

Double Header Events

- 3.6.3 The starting grid for the first Round of a Double Header Event will be formed (subject to the Track Licence Limit regarding the number of starters for that Track) in order of each Driver's fastest lap during the Double Header Qualification Session for that Event in accordance with Section 3.4. The starting grid for such Round will be published as soon as reasonably practicable after the completion of that Double Header Qualification Session.
- 3.6.4 The starting grid for the second Round of a Double Header Event will be formed (subject to the Track Licence Limit regarding the number of starters for that Track) from the finishing order of the first Round of that Double Header Event (with any penalties imposed during the first Round of that Double Header Event applied before the reversal is effected), subject to the following:
- (A) the winning Driver from the first Round of that Double Header Event shall select at random (using a process determined and administered by the Championship Coordinator) a number between 4 and 6 (inclusive). The number selected by the winning Driver shall result in the same number of Drivers from the top of the results for the first Round of that Double Header Event having their positions reversed. For example, if the winning Driver selects the number six, then:

EXECUTION VERSION

- (i) the winning Driver from the first Round of that Double Header Event shall start the second Round in sixth;
 - (ii) the second place Driver from the first Round of that Double Header Event shall start the second Round in fifth;
 - (iii) the third place Driver from the first Round of that Double Header Event shall start the second Round in fourth;
 - (iv) the fourth place Driver from the first Round of that Double Header Event shall start the second Round in third;
 - (v) the fifth place Driver from the first Round of that Double Header Event shall start the second Round in second; and
 - (vi) the sixth place Driver from the first Round of that Double Header Event shall start the second Round in first;
- (B) any Driver in the Professional Category who did not finish the first Round of that Double Header Event shall start the second Round immediately behind the last Driver starting the second Round in the Professional Category (not including any Driver falling under Section 3.6.2(E) or Section 3.6.4(F) below) and if more than one Driver in the Professional Category does not finish the first Round then they shall be ordered between them to reflect how long each such Driver remained in the first Round;
- (C) any Driver in the Professional Amateur Category who did not finish the first Round of that Double Header Event shall start the second Round immediately behind the last Driver starting the second Round in the Professional Amateur Category (not including any Driver falling under Section 3.6.4(E) or Section 3.6.4(F) below) and if more than one Driver in the Professional Amateur Category does not finish the first Round then they shall be ordered between them to reflect how long each such Driver remained in the first Round;
- (D) any Driver in the Masters Category who did not finish the first Round of that Double Header Event shall start the second Round at the back of the grid (not including any Driver falling under Section 3.6.4(E) or Section 3.6.4(F) below) and if more than one Driver in the Masters Category does not finish the first Round then they shall be ordered between them to reflect how long each such Driver remained in the first Round;
- (E) any Driver that took part in the Double Header Qualifying Session for a Double Header Event (and successfully qualified) but did not start the first Round of that Double Header Event will start immediately behind the last Driver starting the second Round in the their Category (not including any Driver falling under Section 3.6.4(F) below) if the Driver is to compete in that second Round and if more than one Driver in the Category took part in the Double Header Qualifying Session for a Double Header Event (and successfully qualified) but did not start the first Round, then they shall be ordered between them to reflect the order from the Qualifying Session for that Double Header Event; and
- (F) any Driver disqualified from the first Round of a Double Header Event may start the second Round of that Double Header Event, but shall do so immediately behind the last Driver starting the second Round in their Category and if more than one Driver in the Category was disqualified from the first Round of a Double Header Event, then they shall be ordered between them to reflect the order in which the action causing each Driver's disqualification in the first Round of the Double Header Event occurred. For the avoidance of doubt, if one Driver was disqualified from the first Round of an Event due to an action on lap 7, whilst another Driver was disqualified due to an action on lap 10, the Driver who was disqualified due to an action on lap 10 would start the second Round ahead of the Driver who was disqualified due to an action on lap 7.

The starting grid for such Round will be published as soon as reasonably practicable after the completion of the random selection by the winning Driver of the first Round of that Double Header Event.

3.7 Formation Lap

- 3.7.1 Each Round will be a standing start unless notified via a Bulletin in advance of the relevant Event, in which case it will be a rolling start.

EXECUTION VERSION

- 3.7.2 The grid formation for each Round will be in a 1 x 1 formation for all standing start Rounds (and a 2 x 2 formation for any rolling start Round).
- 3.7.3 When the signal is given, the Cars will be released onto the Track behind the Safety Car for the Drivers to execute a Formation Lap.
- 3.7.4 During the Formation Lap, Drivers must keep their Cars in formation with no overtaking and the Safety Car will set the pace. Drivers must keep their Cars at (or as close as possible to) the speed of the Safety Car. No practice starts may be executed during the course of the Formation Lap. The Safety Car will stop at the front of the grid and the Drivers will place their Cars in their grid positions behind it. Any Driver unable to join the train of Cars following the Safety Car shall be held in the Pit Lane and may only start the Round after the last Car to take the start has passed the Pit Lane exit on the first Round lap, but shall only do so under the instructions of the Marshals of the Pit Lane.

3.8 Standing start procedure

- 3.8.1 This Section 3.8 applies to any Round that has a standing start. For most Rounds, the standing start will be preceded by a Green Signal Lap but, for shorter tracks (including Brands Hatch (Indy layout), Silverstone (National layout) and Knockhill), there shall be two Green Signal Laps.
- 3.8.2 The countdown procedures/audible warnings sequence for each Round shall be as follows:
- (A) there shall be an audible warning two minutes prior to the start of the Green Signal Lap(s). Each Driver must start their Car's engine. Clearing of the grid of persons other than Drivers and Officials shall commence;
 - (B) there shall be an audible warning one minute prior to the start of Green Signal Lap(s) and the grid shall be clear save for Officials;
 - (C) there shall be an audible warning and a visual warning 30 seconds prior to the start of the Green Signal Lap(s); and
 - (D) each Driver will start the Green Signal Lap(s) behind the Safety Car.
- 3.8.3 There shall be no alterations made to a Car that is being raced in that Round after the audible warning pursuant to Section 3.8.2(B) for that Round and a time penalty of 60 seconds shall be imposed on the Driver of that Car for any breach of this Section 3.8.3.
- 3.8.4 During the Green Signal Lap(s), the Drivers will keep in formation with no overtaking, and the Safety Car will set the pace. Drivers must ensure that their Cars keep to the speed of (or as close as possible to the speed of) the Safety Car.
- 3.8.5 A five-second board will be shown to indicate that the grid is complete after the Green Signal Lap(s) and the start light sequence is imminent. Approximately five seconds after this board is withdrawn, the red lights will be switched on and, after a further two to seven seconds, the red lights will be switched off to signal the start of the Round.
- 3.8.6 In the event of any starting lights failure, the starter will revert to use the national flag, after showing a "Start Delayed" board and recommencing the countdown from the one-minute board.
- 3.8.7 Any Cars pushed from the grid after the two-minute signal or driven into the Pits on the Green Signal Lap(s) shall be held in the Pit Lane and the Drivers of those Cars may only start the Round after the last Car to take the start from the grid has passed the Pit Lane exit on the first Round lap, but shall only do so under the instruction of the Marshals of the Pit Lane.
- 3.8.8 Any Driver unable to start the Green Signal Lap(s) or start the Round is required to indicate their situation by switching on their hazard warning lights and to comply with NCR 12.6.6.11.
- 3.8.9 Any Driver unable to maintain their grid position on the Green Signal Lap(s) to the extent that all other Cars are ahead of him, may complete the Green Signal Lap(s) but must remain at the rear of the last row of the grid but ahead of any Cars to be started with a time delay.
- 3.8.10 Any Driver deemed to have caused an aborted start must take the restart from the back of the grid. Depending on the layout of the Track for that Round, that Car will either be moved to the back of the grid before the Green Signal Lap(s) commences or the Driver will be instructed to commence the Green Signal Lap(s) from their original grid position. That

EXECUTION VERSION

Driver must, however, during the course of the Green Signal Lap(s), allow Cars starting behind him to overtake, thus ensuring that such Driver takes the restart from the back of the grid. If more than one Driver is penalised in this way then their order at the back of the grid will reflect their relative original grid positions.

3.8.11 Drivers must not during any Green Signal Lap:

- (A) undertake excessive weaving to warm up tyres (excessive is using more than 50% of the Track width);
- (B) fall back in order to accelerate; and/or
- (C) undertake practice starts,

and the Clerk of the Course may apply a 'Drive Through' or time penalty for any breach of the foregoing.

3.9 Rolling start procedure

3.9.1 This Section 3.9 applies to any Round that it has been determined in accordance with Section 3.7.1 will have a rolling start and to any Round which is being re-started pursuant to Section 3.12.4. For most Rounds, the rolling start will be preceded by a Green Signal Lap but, for shorter tracks (including Brands Hatch (Indy layout), Silverstone (National layout) and Knockhill) there shall be two Green Signal Laps.

3.9.2 Any Driver unable to start the Green Signal Lap(s) or start the Round is required to indicate their situation by switching on their hazard warning lights and to comply with NCR 12.6.6.11. Any Driver unable to maintain their grid position on the Green Signal Lap(s), to the extent that all the other Cars are ahead of him, may complete the lap but must remain at the rear without any overtaking. Gaps on the grid will not be filled and Drivers must maintain their allocated position.

3.9.3 The Green Signal Lap(s) will be controlled by the Safety Car.

3.9.4 During the Green Signal Lap(s), Drivers must respect the position of other Drivers around them, remain in their assigned row and not encroach on other Drivers' positions. At the end of the Green Signal Lap(s), the Safety Car will pull into the Pit Lane and the Driver leading the field is responsible for maintaining the speed established by the Safety Car until seeing the red lights go out at the start line.

3.9.5 Drivers must ensure that all Cars are back in perfect grid formation as soon as is reasonably practicable and must be in position at the completion of 50% of the Green Signal Lap(s). The Driver occupying pole position is responsible for setting the distance behind the Safety Car at the completion of 50% of the Green Signal Lap(s) of approximately 30 metres. The Safety Car observer will indicate if the distance is incorrect. The Driver in the outside front row will draw level with the Driver in pole position. All following Drivers will line their Cars up neatly two-by-two, line astern, and approximately five metres behind the Car in front of them. Drivers must maintain their grid positions at the speed determined by the lead Car. Once the Safety Car has pulled into the Pit Lane, each Driver must ensure that their Car passes over their grid slot and continues to maintain the pace of the Safety Car until the red lights are extinguished.

3.9.6 Drivers must not during any Green Signal Lap:

- (A) undertake excessive weaving to warm up tyres (excessive is using more than 50% of the Track width);
- (B) undertake any weaving in the second half of the Green Signal Lap(s);
- (C) fall back in order to accelerate; and/or
- (D) undertake practice starts during a Green Signal Lap(s),

and the Clerk of the Course may apply a 'Drive Through' or time penalty for any breach of the foregoing.

3.9.7 Upon successful completion of the Green Signal Lap(s) the Safety Car will retire to its designated pull-off point and the Drivers will proceed, maintaining constant speed and formation until the signal is given by the starter that the Round shall begin. Should the starter decide that, for whatever reason, the start of the Round should be delayed then the start signal will not be given and one of the following courses of action will be taken:

- (A) if it is deemed safe to do so, the Safety Car will be instructed to remain at the front of the assembled grid for one or more further laps after which the Round may be started;

EXECUTION VERSION

- (B) if, after the Safety Car has retired and it is deemed safe to do so, the Safety Car will be instructed to re-emerge at the front of the assembled grid and will proceed as in Section (A) above; or
- (C) if after the Safety Car has retired it is not possible to proceed as in Section (B) above, the assembled grid will continue to circulate maintaining constant speed and formation for a further lap with the Driver of the pole position Car setting the pace. The Clerk of the Course will communicate with the Drivers via the Radio and with the start line officials, in order that the start may be given at the end of the lap or the Cars will be brought to a halt on the grid for the Round to be restarted.

3.10 Safety Car

3.10.1 The Safety Car will be operated in accordance with NCR 12.8.2.

3.11 Stopping a Qualifying Session

3.11.1 Should the need arise to stop a Qualifying Session, red lights will be switched on at the start line and red signals will be shown at all Marshal signalling posts. Marshals shall also display yellow flags to indicate to Drivers the particular location of any incident. In this case, Drivers must immediately cease driving at racing speed and proceed slowly without overtaking and with maximum caution to the Pit Lane and be prepared to stop. Work on Cars, including Tyre changes is not allowed unless permission is given by the Scrutineer or Clerk of the Course.

3.12 Stopping a Round

3.12.1 If the Clerk of the Course determines that a Round needs to be stopped, red lights will be switched on at the start line and red signals will be shown at all signalling posts by Marshals. Marshals shall also display yellow flags to indicate to Drivers the particular location of any incident. In this case:

- (A) Drivers must immediately cease driving at racing speed and proceed slowly without overtaking and with maximum caution to the starting grid (or, in the case of Section 3.12.4, the Pit Lane) and be prepared to stop;
- (B) the starting grid ((or, in the case of Section 3.12.4, the Pit Lane) will automatically become a Parc Fermé;
- (C) Drivers should not drive their Cars into the Pits unless directed to do so by Officials or unless repairs are necessary;
- (D) work on Cars already in the Pits must cease and may only continue when permission to do so has been given by a Scrutineer;
- (E) Drivers may only restart their Cars in the Pit Lane after all other Cars have re-started (or, in the case of Section 3.12.4, after the Cars have begun their first racing lap of the re-start); and
- (F) non-runners at the time of the stoppage can re-start from the Pit Lane behind those referred to above.

3.12.2 If a Round is stopped with less than two laps having been completed by the leader of that Round:

- (A) that Round will be null and void;
- (B) that Round will restart from the original grid positions;
- (C) gaps on the grid should not be closed up; and
- (D) the length of the restarted Round will be determined by the Clerk of the Course whose decision shall be final; and
- (E) in exceptional circumstances the Clerk of the Course may determine not to restart the Round.

3.12.3 If a Round is stopped, other than where a Safety Car has been deployed (for which Section 3.12.4 shall apply), after more than two laps having been completed by the leader of that Round but with less than 75% of the total distance for the Round having been completed by that leader:

- (A) the grid for the Round restart shall be the order of the Drivers in accordance with NCR 12.6.9;

EXECUTION VERSION

- (B) the result of the Round will be the finishing order at the end of the restart. The result will not be aggregated. The result will list all Drivers who took the start in the Round even if they did not take part in the restarted Round and will also use the first part of the Round for purposes of establishing fastest lap point scoring ;
- (C) the length of the restarted Round will be determined by the Clerk of the Course. However, in exceptional circumstances the Clerk of the Course may determine not to restart the Round;
- (D) if not restarted, the results will be based on the order of crossing the finish line at one lap less than at the time of the first showing of the red signal and Championship Points and Category Points will be awarded as if the Round had completed with Drivers finishing in that order;
- (E) only Drivers whose Cars are proceeding under their own power, in accordance with NCR 12.8.1.7.J, at the showing of the red signal will be eligible for Championship Points and/or Category Points;
- (F) only Drivers that took part in the original start will be eligible for Championship Points and/or Category Points and then only if they returned to the grid under their own power by an authorised route and were still in the Round at the showing of the red signal; and
- (G) those Drivers not running at the time of the showing of the red signal must go to the Pit Lane if they wish to take the restart after further inspection by Scrutineers.

3.12.4 If a Round is stopped, whilst a Safety Car is deployed, after more than two laps having been completed by the leader of that Round but with less than 75% of the total distance for the Round having been completed by that leader:

- (A) Section 3.12.1 shall apply to this Section 3.12.4;
- (B) the Round time will be paused at the showing of the red signal;
- (C) the Safety Car will lead the Cars to the starting grid or the Pit Lane (at the Clerk of the Courses discretion). In the case of the Safety Car leading the Cars to the Pit Lane, the Cars will remain in single file in the fast lane of the Pit Lane;
- (D) the length of any re-started Round shall be determined by the Clerk of the Course;
- (E) the starting order of any re-start shall be the position of the Cars as at the order of the crossing the finish line at one lap less than the number of laps completed by the leader at the time of the first showing of the red signal;
- (F) any Car reported as overtaking under Safety Car or red signal conditions will be sanctioned in accordance with NCR 12.8.2.6; and
- (G) the Round will re-start from either the starting grid or the Pit Lane behind the Safety Car in accordance with Section 3.9.

3.12.5 Subject to Section 3.5.2, if a Round is stopped and cannot be restarted, such that Drivers are unable to complete the full race distance, the Clerk of the Course may determine (at their sole discretion):

- (A) if less than 50% of the total distance for the Round has been completed, only 50% of the Points shall be awarded for that Round; or
- (B) if 50% or more of the total distance for the Round has been completed, such Round will count as a full Point scoring round.

3.12.6 If a Round is stopped after 75% or more of the total distance for the Round having been completed by the leader of the Round, it shall not be restarted unless determined otherwise in accordance with NCR 12.6.9. If not restarted, the results will be based on the order of crossing the finish line at one lap less than the number of laps completed by the leader at the time of the first showing of the Red Signal. Only Drivers whose Cars are proceeding under their own power, in accordance with NCR 12.8.1.7.J, at the showing of the Red Signal will be eligible for Championship Points and/or Category Points. If restarted, the process at Section 3.12.3 will apply.

EXECUTION VERSION

- 3.12.7 Drivers are advised that two red signal stoppages during a Round may result in that Round being placed at the end of that day's racing, time permitted.
- 3.12.8 Drivers are advised that should the timetable for the Event be running late, the relevant Round may be postponed until later in that day to allow for the feature race to start at its scheduled start time. In addition, the scheduled Round distance may be reduced by the Clerk of the Course in consultation with the Championship Coordinator and with the approval of the Stewards.
- 3.12.9 If time precludes the running of the second part of a two-part Round (see Section 3.12.3 above) at the end of the day, then the terms of Section 3.5.2 and Section 3.12.5 will be used for the purpose of determining the allocation of Points for that Round.
- 3.12.10 In the interval between stopping and restarting the Round, Cars may return to the Pit Lane for repairs. They may not return to the grid but may join from the Pit Lane after all the other Cars have started. Non-runners at the time of stopping must return to the Pit Lane and may restart from the Pit Lane behind those referred to above if approved to do so by a Scrutineer. No work may be carried out on the grid unless on grounds of safety and with the prior approval of a Motorsport UK Scrutineer.
- 3.12.11 If the duration of a Round is adjusted by the Clerk of the Course:
- (A) the new duration shall be used for the calculation of 75% under Section 3.12.3 and 3.12.4;
 - (B) If the first part of the Round was stopped under Section 3.12.2, the duration of the re-run will be determined as the duration of the Round; and
 - (C) if the first part of the Round was stopped under Section 3.12.3, then the duration of the second part will be added to the duration of the first part (the elapsed time at which the red signal was shown) and the amalgamated figure will be used to determine the overall Round duration.

3.13 Re-scrutiny and Driver availability

- 3.13.1 If a Car is involved in an accident or is modified in any way prior to a Round, the Entrant must submit that Car to the Scrutineers for further examination prior to a Driver using that Car in any Round.
- 3.13.2 At any time during an Event, the Clerk of the Course may order that a Car is subject to further Scrutineering, even if this involves stopping that Car whilst it is being used by a Driver in a Qualification Session or a Round.
- 3.13.3 If a Driver is involved in a collision or incident during a Round or Qualifying Session, they must not leave the Track (except where medically evacuated) without the consent of the Clerk of the Course, failing which any judicial action against or relating to that Driver may be heard in their absence.
- 3.13.4 A Driver must remain available at an Event until any protest period relating to their Round has elapsed, failing which any judicial action against or relating to that Driver may be heard in their absence.
- 3.13.5 Cars may not be removed from the Paddock by a Driver during an Event after Scrutineering except for the purpose of competing in the Round(s) comprised in the Event or with the prior written permission of the relevant Scrutineers and the Clerk of the Course.

3.14 Paddock, Pits and Pit Lane safety

- 3.14.1 Drivers are referred to NCR 12.11, which must be complied with at all times when in the Pits, Pit Lanes and Paddocks during Events.
- 3.14.2 In relation to all uses of Pit Lanes by Drivers during Events (and for the purposes of (A), (B), (C), (D), (F) and (H) in relation to all uses of Pit Lanes by Drivers during Events and Test Sessions):
- (A) the outer lane or lanes are to be kept unobstructed to allow safe passage of Cars at all times. Drivers must take due care and drive no faster than the Pit Lane speed limit at any time. Entrants must ensure that all equipment is moved back towards garage entrances as soon as that Driver's Car leaves the Pits during all Qualification Sessions and Rounds;

EXECUTION VERSION

- (B) admission to the Pit Lane will be by the means of Pit Lane passes valid for that Round and/or Test Session only;
 - (C) Entrants must ensure that no-one under 16 years of age enters the Pit Lane;
 - (D) the speed limit is 30 miles per hour (48.2 kilometres per hour) unless notified to Entrants via a Bulletin in advance of the relevant Event (or Test Session);
 - (E) the Pit Lane will be marked by "pit entry" and "pit exit" boards and the published speed limit will apply between these two marked points;
 - (F) the use of radar/speed guns of any type in the Pit Lane is prohibited except for the official radar gun, which will be operated (during an Event) by a Judge of Fact;
 - (G) failure to comply with the Pit Lane speed limits set out in Section (D) above may result in the imposition of the following penalties on Drivers:
 - (i) Qualifying Session – the Clerk of the Course may impose a fine of £25 for each mile per hour above the Pit Lane speed limit; and
 - (ii) Round – the Clerk of the Course may impose a 'Drive Through' penalty. If the 'Drive Through' penalty cannot be served, the Clerk of the Course may levy a fine of £25 for each mile per hour above the speed limit or impose a retrospective time penalty;
 - (H) Drivers joining a Round from the Pit Lane must leave the Pit Lane safely. Whenever reasonably possible, a Marshal with a blue signal will warn of Cars approaching. It is the responsibility of the Entrant to release their Car after a pit stop only when it is safe to do so. Cars in the fast lane have priority over those leaving the working area;
 - (I) it is recommended that all personnel wear a high visibility jacket/vest approved by the organisers. During any period of darkness a high visibility jacket/vest is mandatory;
 - (J) there must be no more than 3 people on the pit wall, per Car;
 - (K) there must be no more than 4 people working on the Car at any one time;
 - (L) all equipment and personnel must be in the pit garage when the relevant Car is not making a pit stop, with the exception of pit signallers. Where there are no garages arrangements must be approved in advance with Motorsport UK; and
 - (M) no work may take place on the Car during refuelling and the engine must be switched off.
- 3.14.3 Each Entrant must ensure that a fire extinguisher (minimum 5 kg or its equivalent) is available within the Car's transporter/awning at each Fixture.
- 3.14.4 Each Entrant must be able to show proof that all high-pressure compressors used to fill air bottles have been maintained by a relevant specialist company within the previous 24 months.
- 3.14.5 Each Entrant must ensure that all compressed air bottles and hoses must not be more than 10 years old at the time of use and they must show no signs of visible damage. All compressed air bottles must be protected from falling over at any time. Any attached pressure reducers, regulators, gauges or valves must be protected from releasing their contents or breaking off should they fall over or be knocked or hit in any way.

3.15 Finishes to Qualifying Sessions and Rounds

- 3.15.1 The provisions in this Section 3.15 apply to each Qualifying Session and Round.
- 3.15.2 After taking the chequered signal or if the Qualifying Session or Round is declared finished due to a Red Signal, each Driver must progressively and safely slow down, remain behind any Drivers ahead of him, enter the Pit Lane, and proceed directly to the Parc Fermé without stopping unless directed to do so by an Official (and unless notified otherwise in advance by Porsche in a Bulletin: for example, where Porsche agrees there is a danger that Cars might

EXECUTION VERSION

sustain punctures driving back to the Paddock, Porsche may permit Entrants to change the tyres on its Cars in the Pit Lane prior to driving back to the Paddock).

- 3.15.3 Each Driver must keep their helmet on and their harnesses fastened until they arrive in the Parc Fermé.
- 3.15.4 The Parc Fermé Conditions will apply in the area between the finish line and the Parc Fermé entrance.
- 3.15.5 Once in the Parc Fermé after a Round, Drivers finishing first, second and third in each Category must attend the podium presentations and must proceed immediately to the podium.
- 3.15.6 Only Officials may enter Parc Fermé and no intervention of any kind is allowed unless authorised by such Officials.
- 3.15.7 Each Driver must ensure that their Car is held in the Parc Fermé or under Parc Fermé Conditions following each Qualifying Session and Round.
- 3.15.8 Parc Fermé Conditions will be controlled by a red/green signal system displayed outside the technical truck for that Event.
- 3.15.9 In the event that a red signal is shown outside the technical truck to indicate Parc Fermé Conditions:
- (A) each Driver must ensure that their Car is returned to its awning and left on the ground unless instructed otherwise by an Official;
 - (B) each Driver must then await further instructions from the Scrutineers;
 - (C) no Entrant may work on the Cars of its Driver(s), clean any Car or download any data from any Data System;
 - (D) the personnel of each Entrant are only allowed into the Parc Fermé at the invitation of a Scrutineer. If unauthorised personnel of any Entrant are present in Parc Fermé, they render that Entrant's Driver liable to a fine or exclusion from the Event; and
 - (E) Drivers must replace their steering wheels in the Parc Fermé. Any breach of this Section (E) by a Driver shall result in £100 fine,
- (the "**Parc Fermé Conditions**").
- 3.15.10 In the event that a green signal is shown outside the technical truck then Cars are no longer under Parc Fermé Conditions.

3.16 Results

- 3.16.1 Timesheets, grids and Round results are provisional until all Cars involved in the relevant Round have been released by the Scrutineers from the Technical Scrutineering and after the completion of any judicial or technical procedures in accordance with NCR 3.6.1.4.
- 3.16.2 The provisional results will be:
- (A) on the website of the Timekeeper within two hours of the end of the relevant Round, unless the circumstances make it impractical to produce the provisional results;
 - (B) post on the BARC Digital Noticeboard; and
 - (C) sent by email to each Driver and Entrant Manager within seven days of the end of the relevant Round.
- 3.16.3 Round results will remain provisional until final in accordance with NCR 3.6.
- 3.16.4 Final Round results will be communicated via a Bulletin.

3.17 General regulations

- 3.17.1 If any Driver experiences a serious mechanical problem with their Car at any stage of a Round or Qualifying Session:

EXECUTION VERSION

- (A) they must leave the Track as soon as it is safe to do so and park their Car in the safest position available, unless doing so causes a hazard to other Drivers;
- (B) they must, unless in exceptional circumstances or immediate danger, leave their Car in neutral and re-attach the steering wheel before they leave the Car; and
- (C) they must, unless in exceptional circumstances or immediate danger, stay near the Car to assist recovery crews.

3.17.2 In the event of a wet Round or when a Car is running on wet tyres during a Friday Free Practice, Porsche Test Day, Qualifying Session or Round, the Driver must ensure that their Car's headlights and rear lights are illuminated at all times. It is at the discretion of the Clerk of the Course to decide if a Driver should be stopped if their Car's headlights and/or rear lights cease to work. Should a Driver be stopped in these circumstances then the Driver may re-join the Round when the fault is rectified.

3.17.3 A Driver may not continue with any Qualifying Session or Round if mechanical assistance is provided in order to move their Car.

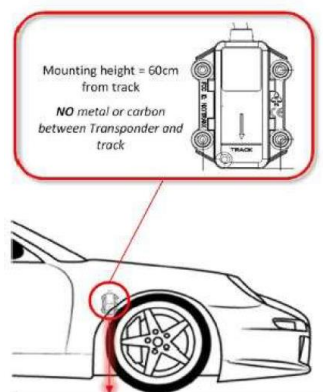

3.17.4 A Driver must activate and keep activated the Radio in all Rounds. Failure to comply with the foregoing shall result in a fine of £250 unless the Clerk of the Course considers there to be exceptional circumstances, in which case the fine may be eliminated or reduced.

3.17.5 If a Car sustains radiator damage that affects the conditions of the Track during any Friday Free Practice, Porsche Test Day, Qualifying Session or Round, the relevant Driver must ensure that their Car leaves the Track in a safe position at the earliest opportunity. Failure to do so will result in a fine or grid slot penalty in the next Round.

3.17.6 Porsche may arrange for a tyre raffle at an Event. Drivers who entered in the full Season and who joined the Championship before Round One in all Categories shall be eligible for that tyre raffle. If a Driver has won a tyre raffle, they will not be eligible to win tyre raffles at future Events during the 2026 season.

3.18 Timing modules

3.18.1 Drivers are referred to NCR 12.6.2 in relation to the use of electronic self-identification modules (transponders) (each, a "**Module**") for the purposes of accurate timing. It will be the responsibility of each Driver's Entrant to acquire and fit a Module in that Driver's Car, wired into a power source in the position and manner to be specified by the Scrutineers and the diagram below.

3.18.2 The Modules must be in place and functioning correctly during all Events and must also be used by Drivers at Friday Free Practices, Porsche Test Days and the Championship Launch Day. In the event that the Module is not installed and/or functioning at a Fixture or at the Championship Launch Day, Porsche shall fine the Driver's Entrant £500 for each instance of non-compliance.

3.18.3 Each Driver's Entrant must notify the Championship Coordinator of the transponder number of the Module for each Car no later than two (2) weeks before the Championship Launch Day. Any changes to the transponder number of the Module must be communicated to Porsche no later than three (3) days before the Friday Free Practice prior to an Event. Failure to notify Porsche in accordance with the requirements of this Section 3.18.3 shall result in a £500 fine for the Driver's Entrant.

EXECUTION VERSION

3.18.4 The setting and servicing of the Modules must be only carried out by properly authorised Motorsport UK-licensed timekeepers.

3.19 Adverse weather conditions

3.19.1 If there is a change in weather conditions after leaving the assembly area and before a Round starts, the start of such Round will be delayed. In these circumstances, each Driver will be allowed to change their Car's tyres from dry to wet and will be permitted one reconnaissance lap prior to the Round. After a maximum of five minutes, the countdown will resume from a five minute signal.

3.20 Alcohol breathalyser test

3.20.1 As a condition of participation in each Event and Friday Free Practice, all Drivers shall submit themselves to an alcohol breathalyser test in accordance with this Section 3.20.

3.20.2 Up to five Drivers each day of an Event and Friday Free Practice shall be randomly selected to be tested at a time to be selected by the Championship Coordinator.

3.20.3 The breathalysers used for testing by the Championship Coordinator will be 'AlcoSense Ultra' breathalysers within valid calibration periods of their current calibration certificates. Calibration and maintenance of such devices will be undertaken by AlcoSense Breathalysers.

3.20.4 All Drivers are required to maintain a Zero Alcohol Level at all times throughout the Event and each Friday Free Practice. To avoid the possibility of a 'false-positive' reading, a "**Zero Alcohol Level**" is defined as a reading of less than 0.02%BAC, meaning that a reading of less than 0.02%BAC is a "**Satisfy**" and a reading greater than or equal to 0.02%BAC is a "**Fail**".

3.20.5 Drivers must declare and show proof in writing of any medical condition and/or medications that could compromise any test (or result in a false-positive reading) under this Section 3.20 to the Medical Advisor at least 48 hours before the start of the relevant Friday Free Practice.

3.20.6 Any Driver who Fails the mandatory test is not permitted to participate in any on-track sessions that day until they Satisfy the Zero Alcohol Level. Such Driver may request a re-test 30 minutes after the failure (or sooner if the next on-track session is within 60 minutes). If that Driver fails that second test they remain ineligible to compete but may request an additional alcohol test no later than 30 minutes before each on-track session of that day. Such Driver will only be allowed to compete in an on-track session if they Satisfy the final test prior to such on-track session.

3.20.7 Should a Driver not participate in either a Qualifying Session or a Round due to failure of any breathalyser test set out above, any further participation in that day's on-track sessions shall be at the sole discretion of the Clerk of the Course.

3.20.8 In addition to the mandatory test times to be determined under Section 3.20.2, the Clerk of the Course and/or the Championship Coordinator may, at their sole discretion, direct that a re-test be carried out on any Driver at any time during any Event or Friday Free Practice should they consider that there are grounds for doing so.

3.20.9 A Driver may also confidentially request a test to be carried out on a particular Driver at any time during the Event or Friday Free Practice should they have reasonable belief that such Driver may be over the Zero Alcohol Level. This request must be made in writing to the Clerk of the Course and/or Championship Coordinator, who will not unreasonably refuse such first request.

3.20.10 If a Driver Satisfies the mandatory test but Fails a subsequent breathalyser re-test on the same day, that Driver will be immediately disqualified from that day's on-track sessions.

3.20.11 The results of all breathalyser tests remain confidential between the Championship Coordinator, the Clerk of the Course and the relevant Driver, save that future Bulletins may include references to any Driver that is disqualified from any on-track session(s) and information may be shared with third parties as required by the Regulations, NCR or applicable law.

3.20.12 If a Driver fails a breathalyser test under this Section 3.20 then they may require one prompt re-test to be taken using another approved device (such request only to be made once per day).

3.20.13 If a Driver refuses to participate in any breathalyser test under this Section 3.20, they will be treated as having Failed and the Driver shall be disqualified from participation in that day's on-track sessions.

EXECUTION VERSION

- 3.20.14 Each Entrant acknowledges and agrees that the Clerk of the Course and/or the Championship Coordinator may also require that Entrant's Senior Entrant Personnel to submit at any time during a Friday Test Day and/or Event to a breathalyser test. The terms of Sections 3.20.3 to 3.20.13 (inclusive) shall apply to any Senior Entrant Personnel (save only for necessary changes for such Sections to apply in this context).
- 3.20.15 Each Driver acknowledges and agrees that if they are prohibited from participating in any part (or all) of the Championship in accordance with this Section 3.20, they shall not be entitled to any refund of the Registration Fee.

3.21 Tail lifts

- 3.21.1 No Entrant may lower the tail lift on any trucks within its control at a Track until all the Cars from all support races for that day's racing at that Track are in the assembly area. Any Entrant that fails to comply with the foregoing will incur a fine of £500.

4.1 Infringement of Technical Regulations

4.1.1 Any Driver whose Car is deemed to be ineligible under the Technical Regulations will be subject to the penalties laid down by the NCR except where amended by these Regulations. In addition the Championship Stewards may, at their discretion, apply an increased penalty, which could include exclusion from part or all of the Championship.

4.1.2 At any time during an Event and Friday Free Practices, each Car will be subject to Eligibility Scrutineering and Technical Scrutineering in accordance with the NCR (including NCR 7.12). In particular:

(A) Cars are subject to Technical Scrutineering during each Friday Free Practice; and

(B) Cars are subject to Eligibility Scrutineering after each Qualification Session (the "**Post-qualification Scrutineering**") and each Round (the "**Post-Round Scrutineering**").

4.1.3 The timing of Scrutineering for each Event will be notified via a Bulletin issued prior to that Event. No Car which has been requested for Scrutineering may be driven by a Driver in a Qualifying Session or a Round (as applicable) until it has been approved by the applicable Motorsport UK Scrutineer. Any Car which is selected for Post-Round Scrutineering after the end of the final Round of an Event must not be taken away from the applicable Circuit until the car has completed the Scrutineering checks and has been released from Parc Fermé.

4.1.4 Each Entrant must ensure that any of its Cars that fail any Technical Scrutineering must comply with the requirements of the Motorsport UK Scrutineers before that Car can be driven by a Driver in a Qualifying Session or a Round.

4.1.5 If any Car fails the Post-qualification Scrutineering and/or Post-Round Scrutineering then that Driver's performance in the relevant Qualification Session or Round (as applicable) will be invalid and the relevant Entrant shall be penalised by the deduction of six Entrant Points, even if this results in a negative Entrant Points total. That Car will only be permitted to be raced in (in the case of a Post-qualification Scrutineering failure) the first Round of that Event and/or in (in the case of a Post-Round Scrutineering failure after the first Round of an Event) the second Round of that Event, if the Entrant submits that Car and a copy of the technical non-compliance report for re-Scrutineering by the Eligibility Scrutineers no later than 40 minutes before the start of the applicable Round. If that Car passes such re-Scrutineering, the relevant Driver may start the applicable Round with that Car from the back of the grid 10 seconds after the official starting signal has been given. If that Car does not pass such re-Scrutineering, that Car may not be raced for the remainder of that Event.

4.1.6 If:

(A) a Car fails the Post-qualification Scrutineering and the relevant Driver does not submit that Car for re-Scrutineering prior to the relevant Round;

(B) a Car fails the Post-qualification Scrutineering and subsequently fails the re-Scrutineering prior to the relevant Round; or

(C) a Car fails the Post-Round Scrutineering,

then (in addition to any penalties set out at Section 4.1.5 (where applicable)) the penalties set out in NCR 2.8.2.4 shall apply.

4.1.7 Scrutineers may require a Car to be dismantled by the Driver or the relevant Entrant in order to check its eligibility or suitability as and when directed by the Scrutineers. A Car (or a component of that Car) may be sealed for subsequent technical examination and, if so, the Scrutineers will state to that Car's Driver the date and time that such Car or component must be made available for inspection. If such Car or component is not made available at that date and time, the penalties set out in NCR 2.8.2 shall apply.

4.2 Infringements of non-Technical Regulations

4.2.1 Any Driver that commits a driving offence during a Qualification Session and/or a Round is subject to the penalties set out in the NCR, including:

(A) the penalties set out in NCR 2.1;

EXECUTION VERSION

- (B) the time penalty set out in NCR 2. Annexe A; and
- (C) the 'Stop-Go' penalty and/or the 'Drive Through' penalty set out in NCR 12.10.2.

4.2.2 In addition to Section 4.2.1, the Clerk of the Course may impose additional sanctions for driving offences in accordance with the terms of these Regulations. In particular, if a Driver commits a false start as set out in NCR 12.6.7 then the Clerk of the Course will impose a time penalty of 5 seconds in accordance with NCR 12.6.8.

4.2.3 Any Driver found guilty of a driving offence by Motorsport UK that generates penalty points under NCR 2.12, at the discretion of the Clerk of the Course, will also have Championship Points and Category Points deducted in line with the severity of any penalty imposed by Motorsport UK, such that if Motorsport UK imposes:

- (A) a formal written reprimand, that Driver will be deducted four Championship Points and four Category Points;
- (B) a fine, time, grid place or position/lap penalty (unless imposed for gaining an unfair advantage in accordance with NCR 2. Annexe A), that Driver will be deducted six Championship Points and six Category Points;
- (C) a disqualification from any Fixture, that Driver will be deducted eight Championship Points and eight Category Points; and
- (D) a disqualification from an Event, that Driver will be deducted twelve Championship Points and twelve Category Points,

and if a Driver is punished for a reasonably similar offence by Motorsport UK for a second time, the Championship Points and Category Points deductions will be double, if a Driver is punished for a reasonably similar offence by Motorsport UK for a third time, the Championship Points and Category Points deductions will be triple, and so on.

4.2.4 In addition to any sanction imposed under the NCR, at the discretion of the Clerk of the Course, a Driver will be deducted Championship Points and Category Points for the following offences:

- (A) failing to attend a Drivers' Briefing: one Championship Point and one Category Point;
- (B) failing to comply with the responsibilities set out at NCR 6.1.2 : six Championship Points and six Category Points; and
- (C) any Driver and/or any member of the Driver's family, the Driver's Entrant and/or any other invitee of the Entrant and/or Driver using abusive language or behaviour, physical assault or threats of physical assault towards anyone present at the relevant Fixture in accordance with NCR 2.1.1.1: nine Championship Points and nine Category Points,

and if a Driver (and/or, in the case of (C) above, any member of the Driver's family, the Driver's Entrant and/or any other invitee of the Entrant and/or Driver) commits any of the offences above for a second time, the Championship Points and Category Points deductions will be double, if a Driver (and/or, in the case of (C) above, any member of the Driver's family, the Driver's Entrant and/or any other invitee of the Entrant and/or Driver) commits any of the offences above for a third time, the Championship Points and Category Points deductions will be triple, and so on.

4.2.5 In addition to the above:

- (A) any other breaches of these Regulations and/or the NCR by a Driver; and
- (B) any conduct by a Driver that a Steward, the Clerk of the Course or the Championship Coordinator deems to be unacceptable,

may result in a deduction of Championship Points and Category Points by the Clerk of the Course.

4.2.6 The Clerk of the Course may impose a 'Stop-Go' penalty or a 'Drive Through' penalty where indicated in these Regulations and, in addition, whenever a Driver is deemed to have gained an unfair advantage or who repeatedly exceeds the Track limits. Any Driver subject to a 'Stop-Go' penalty or 'Drive Through' penalty imposed by the Clerk of the Course will comply with NCR 12.10.2.

EXECUTION VERSION

- 4.2.7 Any Driver alleged to have committed a driving offence may be called to a meeting with the Clerk of the Course who may take further action. The Clerk of the Course may use video evidence and/or data logging evidence at their discretion.
- 4.2.8 As long as the results of an Event are still provisional in accordance with Section 3.16.3, the Championship Coordinator may, within 14 days of that Event, ask the Championship Stewards to investigate any incident even if the Clerk of the Course and/or the Stewards of that Event have already investigated the incident. The Championship Stewards will be empowered to take further action. In addition, Motorsport UK may call an inquiry into the matter under NCR 2.6.
- 4.2.9 The Clerk of the Course or the Championship Co-ordinator (as applicable) may impose the following penalties on any Driver who is reported to be involved in cases of avoidable contact between Cars:
- (A) if the contact occurs during a Friday Free Practice or Porsche Test Day, the Driver concerned shall be black signalled and subsequently may be prevented from taking any further part in that Friday Free Practice or Porsche Test Day unless the Championship Coordinator decides that there are exceptional circumstances not to do so; and
 - (B) if the contact occurs during a Qualifying Session or Round, the Driver concerned may be penalised by the way of a 'Drive Through' penalty unless the Clerk of the Course determines that exceptional circumstances apply.
- 4.2.10 Any Driver who exceeds the limit of the Track should only re-join when safe to do so and without gaining an advantage.
- 4.2.11 In addition to a 'Drive Through' penalty or 'Stop-Go' penalty, a Driver may also be subject to penalties in accordance with NCR 12.7.1.

5.1 Introduction

5.1.1 The Technical Regulations are set out in accordance with Motorsport UK's specified format. The Technical Regulations apply in addition to NCR Chapters 7, 8, 9 (as applicable to the Championship) and 12 with which shall each Driver and Entrant shall comply.

5.1.2 Save for Sections that are expressly stated to apply in a narrower or wider context, each Entrant must procure that its Drivers, and each Driver shall, only drive Cars in Events that comply with:

- (A) Section 1.11 and this Section 5 (including any general provisions, definitions, bulletins and any other clarifications issued in relation to these Technical Regulations);
- (B) Appendix 7;
- (C) the Manual of the Car;
- (D) the technical information of Dr. Ing. h.c. F. Porsche AG for the Car;
- (E) the software information of Dr. Ing. h.c. F. Porsche AG for the Car;
- (F) the spare parts catalogues for the Car; and
- (G) the Porsche Motorsport Racecar Service Information for the Car.

5.1.3 No Entrant may make any modifications to a Car save as expressly set out in this Section 5 or otherwise expressly agreed in advance by the Championship Coordinator.

5.1.4 All part numbers set out in this Section 5 are subject to change at Porsche's sole discretion from time to time.

5.1.5 The chassis of each Car must be registered on the Porsche Motorsport Racecar Service Information ("PMRSI") prior to the Championship Launch Day, in accordance with any instructions issued by the Technical Team. As a result of registering on the PMRSI, Porsche may send bulletins from time to time which require confirmation of an action relating to a Car. All steps required to be taken by the PMRSI must be carried out prior to each Fixture. The Scrutineer may, at its sole discretion, issue a technical non-compliance and prevent a Car from being used at a Fixture in the event that the action required via the PMRSI has not been taken prior to the Fixture.

5.2 Safety requirements

5.2.1 The design and fixation of the roll cage of a Car must remain unmodified from the original version of that Car. The Entrant must provide a copy of the roll cage certificate to the Scrutineers prior to the first Event.

5.2.2 The service interval of the fuel cell (FT3 safety fuel cell) of a Car must be maintained. The Entrant must provide a copy of the documents supplied to the Scrutineers prior to the first Event.

5.2.3 Fire extinguisher – a standard fire extinguisher system, which meets the provisions set out in NCR 7.6.1, plumbed-in for discharge into both cockpit and engine compartment, must be fitted to each Car. The fire extinguisher must be within its service period, as provided by the manufacturer.

5.2.4 Towing straps – the towing straps supplied when a Car was originally built by Porsche (or the Porsche Group) must be properly mounted and clearly marked in that Car in accordance with NCR 12.13.1.3 and 12.13.1.4. Towing straps should be regularly checked and maintained to ensure their integrity.

5.2.5 Drivers must wear the following items at all times when driving the Car at an Event:

- (A) clean flame-resistant overalls in accordance with FIA Standard 8856 – 2000 or FIA Standard 8856-2018;
- (B) clean flame-resistant underwear (with long arms and legs) in accordance with FIA Standard 8856 – 2000 or FIA Standard 8856-2018;

EXECUTION VERSION

- (C) clean flame-resistant balaclava in accordance with FIA Standard 8856 – 2000 or FIA Standard 8856-2018;
 - (D) clean flame-resistant socks and shoes in accordance with FIA Standard 8856 – 2000 or FIA Standard 8856-2018;
 - (E) clean flame-resistant gloves in accordance with FIA Standard 8856 – 2000 or FIA Standard 8856-2018; and
 - (F) a helmet including HANS clips in accordance with FIA Regulations (Appendix L to the International Sporting Code).
- 5.2.6 Drivers must fasten and secure a six-point SCHROTH seat belt with FIA homologation in accordance with FIA-standard 8853 – 2016 and NCR 7.7.
- 5.2.7 Frontal head restraint system ("**FHR**"): the use of an FIA approved FHR (HANS or other comparable device) in accordance with FIA list no. 29 is compulsory in each Car. The certificate of the manufacturer of the FHR must be presented during Eligibility Scrutineering.
- 5.2.8 Each Car must be fitted with Safety nets and fitted in accordance with Porsche (or Porsche Group) instructions. The following parts are to be fitted:
- (A) Z Seat Belt Lateral 9F0857702;
 - (B) Locking Pin 9F0857973B;
 - (C) Locking Pin 9F1857973;
 - (D) Fastening Part 9F1858135;
 - (E) Z Seat Belt Center 9F1857704;
 - (F) Fastening Part 9F1857757; and
 - (G) Pan-Head Screw M6X20 N10653601;
- 5.2.9 The seat in each Car must be a standard Sabelt GT-PRO-CUP seat with FIA homologation in accordance with FIA standard 8862-2009. Adjustments of any such seat by removing or adding padding material are only permitted by utilising the following systems:
- (A) Corbeau Pro-Seat BN 3795 covered in black nylon with accompanying certificate of conformance;
 - (B) the removal of the entire padding system in the seat is not permitted. A minimum padding thickness of 10mm must be maintained as must the original upholstery. The seat structure and seat rails must remain unmodified; and
 - (C) a drinking system without an electric pump may be used. Prior to use it must be approved by Eligibility Scrutineers.
- 5.2.10 A cool suit may be used by each Driver provided that it is approved in advance of use by the Eligibility Scrutineers.
- 5.2.11 Any biometric or physiological monitoring device worn by a Driver must comply with the safety regulations set out in these Regulations, the NCR and the FIA Regulations and be declared to the Eligibility Scrutineers, who in conjunction with the Medical Adviser will make the final decision about its use. Any data recorded must be shared in full with Porsche and the Medical Adviser, if requested.
- 5.2.12 Championship fireproof badges must be attached to the Driver's Race Suits (as specified in Appendix 6). The Championship Coordinator will provide such fireproof badges to each Entrant. As an alternative, such badges may be embroidered into the Driver's Race Suit by the Race Suit manufacturer provided they are embroidered using fireproof material.
- 5.2.13 Entrants must ensure that all Cars are fitted with two FIA impact data recorder ("**IDR**") devices. The devices must be fitted as per the 911 GT3 Cup – FIA IDR Fitting Guide (Appendix 9).

EXECUTION VERSION

5.3 Permitted modifications and built-in components

5.3.1 Subject to Section 5.3.2, modification to a Car that is part of the regular maintenance of that Car or that serves for the replacement of parts that have become defective as a result of wear or an accident is permitted.

5.3.2 Any modifications under Section 5.3.1 are only permitted within the scope defined below:

- (A) parts damaged as a result of wear or accidents may only be replaced by genuine Porsche parts, which are dedicated to the Porsche 911 GT3 Cup (Type 992);
- (B) the only components that can be used are those manufactured by Porsche (or the Porsche Group) for the Car;
- (C) standard fasteners such as screws, nuts bolts, washers, circlips spring washers, split pins may only be replaced with genuine Porsche parts; and
- (D) in case of threads, the thread type, size and pitch (e.g. M8 x 1.25) are to be retained.

5.3.3 Every type of machining, additional fitting of seals, welding, strengthening, polishing, sanding, coating and every type of other possible change to an original part of a Car is forbidden.

5.3.4 Any technical information and safety guideline included in Bulletins must be strictly observed and obeyed.

5.3.5 No Car may have coloured headlight covers. Headlights can be protected with a suitable clear material which must: (i) be fitted on an undamaged headlight; and (ii) have no impact on the functionality of the headlight.

5.3.6 Cars entered into the Masters Category must have the following equipment fitted and fully operational to provide ABS functionality:

- 1 X P9F1614095Z ABS PUMP
- 1 X P992614513 RETAINER FOR ABS PUMP
- 1 X PN90691601 SCREW FOR ABS RETAINER
- 1 X P9F1971109 ABS HARNESS
- 1 X P9F1972081A FASTENING PART
- 2 X PN10613301 FASTENING PART
- 2 X PPAF105921 FASTENING PART
- 1 X P9F1909112 ABS SOFTWARE
- 1 X P9F1906207 G SENSOR ABS
- 2 X PN10734001 FASTENING PART
- 1 X P9F1000313 ABS STICKER

5.3.7 The equipment set out in Section 5.3.6 may be fitted in a Car registered in the Professional or Professional Amateur Category provided that such equipment is not used in any Qualifying sessions or Rounds.

5.4 Weight

5.4.1 The minimum weight of a Car is 1,265kg excluding the weight of the Driver and equalisation ballast. For these purposes, liquids and oils are to be set within their operational levels, the Car is to be fitted with declared tyres and the fuel system is to be empty as per Section 5.17.

5.4.2 The combined weight of a Car and its Driver (including their personal equipment as it is worn in the Car whilst driven on track) must not be less than: (i) 1,350kg for Cars in the Professional Category and the Professional Amateur Category; or (ii) 1,365kg (or such other amount as determined by the Championship Coordinator in their sole discretion from time to time) for Cars in the Masters Category. For these purposes, liquids and oils are to be set within their operational levels, the Car is to be fitted with declared tyres and the fuel system is to be empty as per Section 5.17.

5.4.3 The weight of a Driver must not be: (i) in the Professional Category and the Professional Amateur Category, less than 85kg; or (ii) in the Masters Category, less than 100kg (or such other amount as determined by the Championship Coordinator in their sole discretion from time to time), including their personal equipment as it is worn in the Car. Please see Section 5.4.4 for fitment of equalisation ballast.

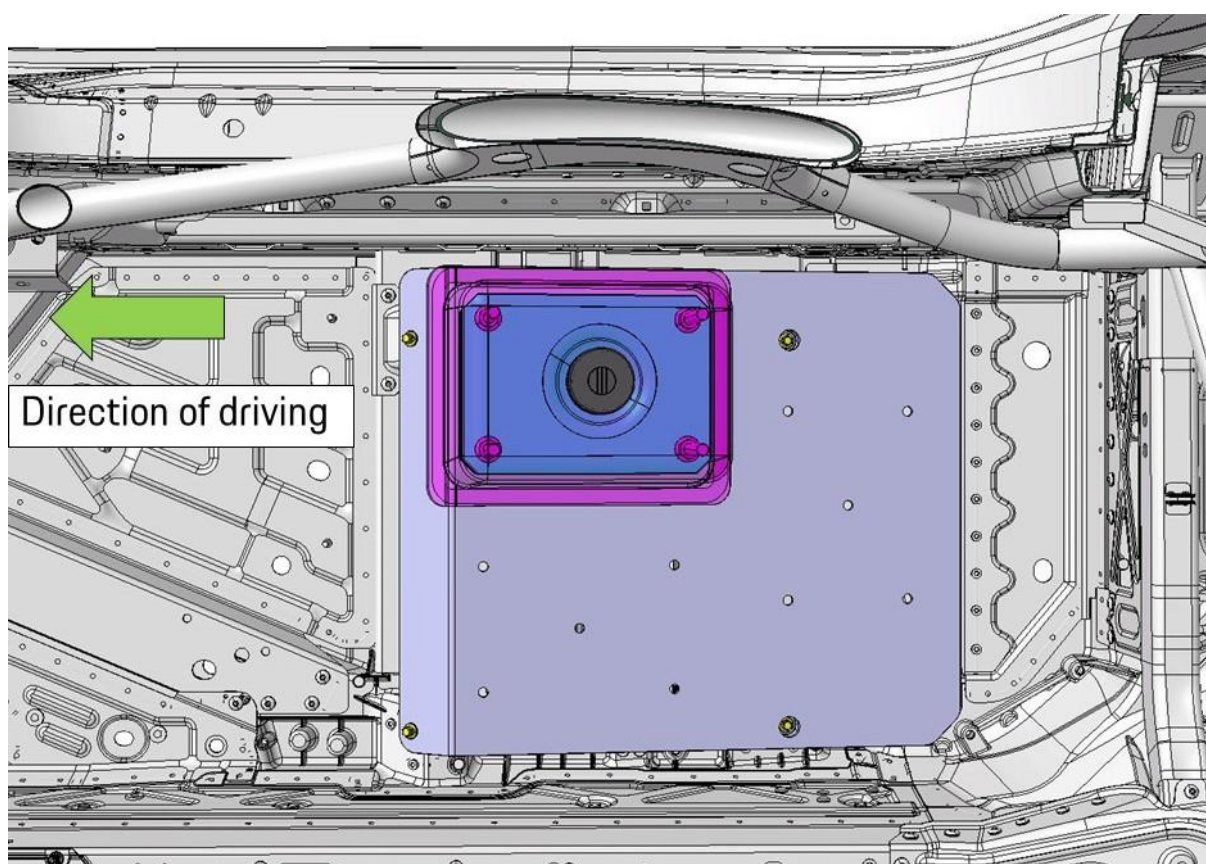

EXECUTION VERSION

5.4.4 The following are to be included when checking the minimum and the combined weight of a Car:

- (A) the Video Data Logger;
- (B) the Radio; and
- (C) the Broadcaster's Camera (if designated to the Driver).

If the weight of the Driver (including their personal equipment as it is worn in the Car) is less than the applicable weight determined in accordance with Regulation 5.4.3, then equalisation weight in the form of Porsche ballast plates must be fitted. Each Driver may use the Porsche official scales prior to any Qualifying Session or Round to assist them in determining the amount of ballast required if they are below the minimum Driver weight determined in accordance with Regulation 5.4.3. Using the official scale for a Driver to determine their weight and/or to calculate their ballast is each Driver's responsibility.

Part numbers 997.504.848.00 / 997.504.848.01 / 997.504.848.02 / 99150484800 / 99150484801 / 99150484802 / 9F1801141 / 9F1801141A / 9F1801141B can only be mounted on base plate 9F1882378 on the passenger side in the defined location, shown below:

5.4.5 The following are the only solutions permitted to achieve any Driver ballast under 16kg as set out in Section 5.4.4 for all Rounds:

Required ballast	Solution	Actual weight	Part number
3kg	997 base plate	3.6kg	997 504 847 90
6kg	2 x 997 base plate	7.2kg	2 x 997 504 847 90

EXECUTION VERSION

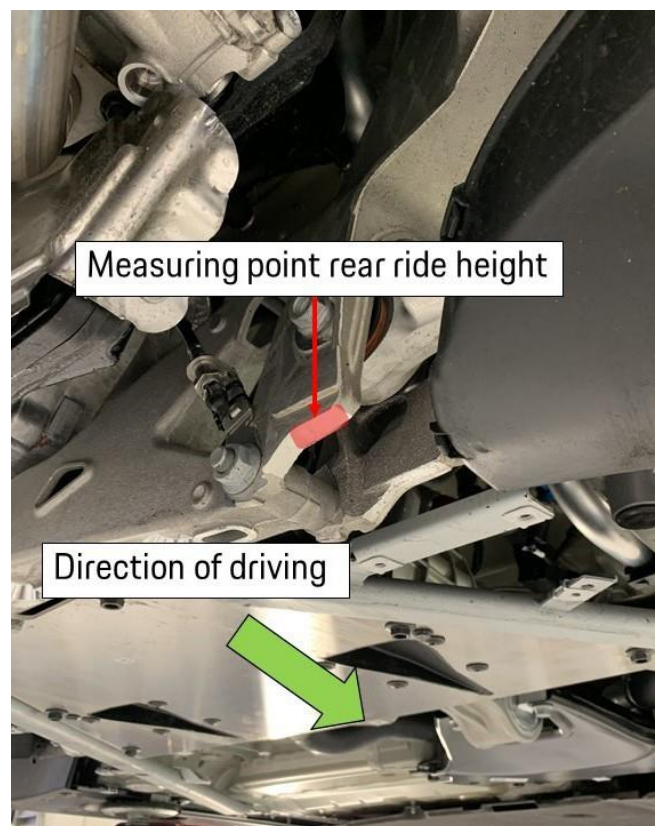

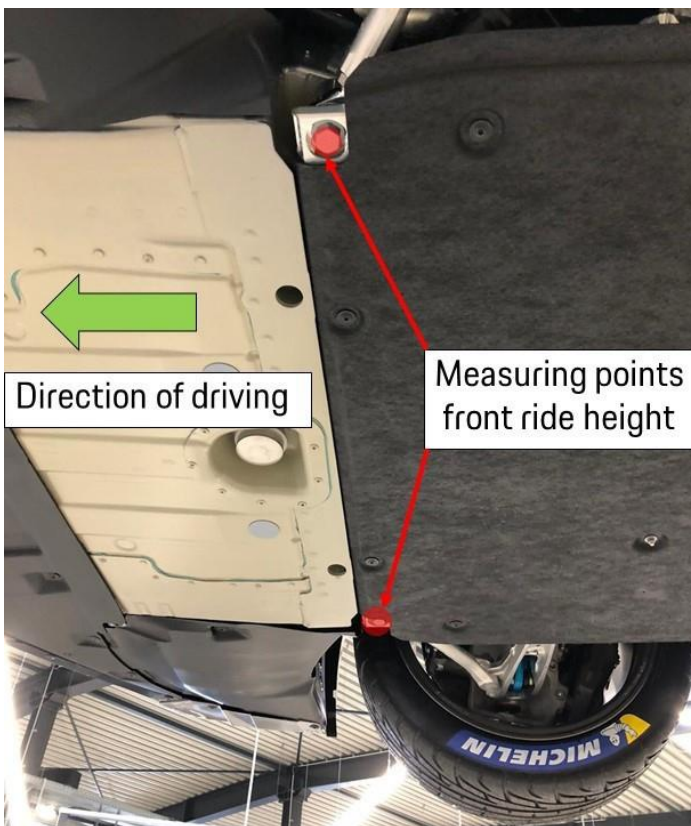

5.4.6 The official scales of the Championship will be located in the technical awning or nominated garage. Alternative certified scales will be nominated by the Technical Team in the event of the official scales of the Championship not being available.

5.5 Ground clearance

5.5.1 Each Car must have a minimum ride height of 72mm front and 106mm rear. This is to be checked with the Driver including their personal equipment as it is worn in the Car whilst driven on a Track and ballast in accordance with Section 5.4 if required. Declared tyres are to be fitted and set to 2.0 bar (+/-0.1 bar). The points of measurement are as illustrated below for both the front and rear axle.

5.5.2 Changing the ride height of a Car by altering the adjustment nuts on the suspension struts is not permitted during Qualifying Sessions and/or Rounds and/or during Parc Fermé.

5.5.3 The official flat patch of Porsche will be located in the technical awning or nominated garage. An alternative flat patch will be nominated by the Technical Team in the event of the official flat patch not being available.

5.6 Brakes

5.6.1 Only the following brake callipers are permitted to be used on a Car:

LF: 9F1615427D

RF: 9F1615428D

LR: 9F1615427E

RR: 9F1615428E

5.6.2 Only the following front brake discs and pads are permitted on each Car:

LF: 9F1615283A

EXECUTION VERSION

RF: 9F1615284A

Racing brake pads: 9F1615432

5.6.3 Only the following rear brake discs and pads are permitted on each Car:

LR: 9F1615583A

RR: 9F1615584A

Racing brake pads: 9F1615432B

5.6.4 Only PFC RH665 Racing DOT4 Brake Fluid WHS001896 is to be used in the brake and clutch hydraulic systems in each Car.

5.6.5 Only the following brake master cylinders are permitted on each Car:

Front axle – 9F1611011C – 19.1mm and

Rear axle – 9F1611011D – 17.8mm. For the avoidance of doubt, Cars delivered with the 15.9mm diameter rear brake master cylinder must be fitted with the replacement 17.8mm brake master cylinder.

5.7 Steering and suspension

5.7.1 Suspension adjustments to a Car may only be made within the limits of the existing adjustment ranges of the Car. All genuine Porsche GT3 Cup Car parts must be retained.

5.7.2 Unless otherwise notified via a Bulletin, the maximum thickness of the spacer washers within the front and rear axle control arms in each Car are shown below in 5.13.2.

5.7.3 The trailing arm axle bearing points in each Car must be left in the original position in which they were originally designed by Porsche (or the Porsche Group) for that Car.

5.7.4 No hub extensions are allowed in any Car.

5.7.5 The adjustment facility in length and height that is available as standard may be used in each Car.

5.7.6 The wheel base on the left and right side of each Car must be 2468mm +/- 15mm.

5.7.7 The anti-roll bars in each Car may be disconnected on the condition that no parts are removed.

5.7.8 The anti-roll bars on each Car can only be adjusted using the given range. Only the following shims may be fitted to increase axial clearance:

Front: 9F1407728

Rear: 9F1407728

5.8 Shock absorbers

5.8.1 Only the following shock absorbers, bump stops and springs, which must be fitted in an unmodified condition in a Car, can be used:

Front shock absorber: 9F1413031C

Front bump stop: 9F1412303B

Front main spring 260N/mm: 9F1411105B

Front helper spring: 9F1411411C

EXECUTION VERSION

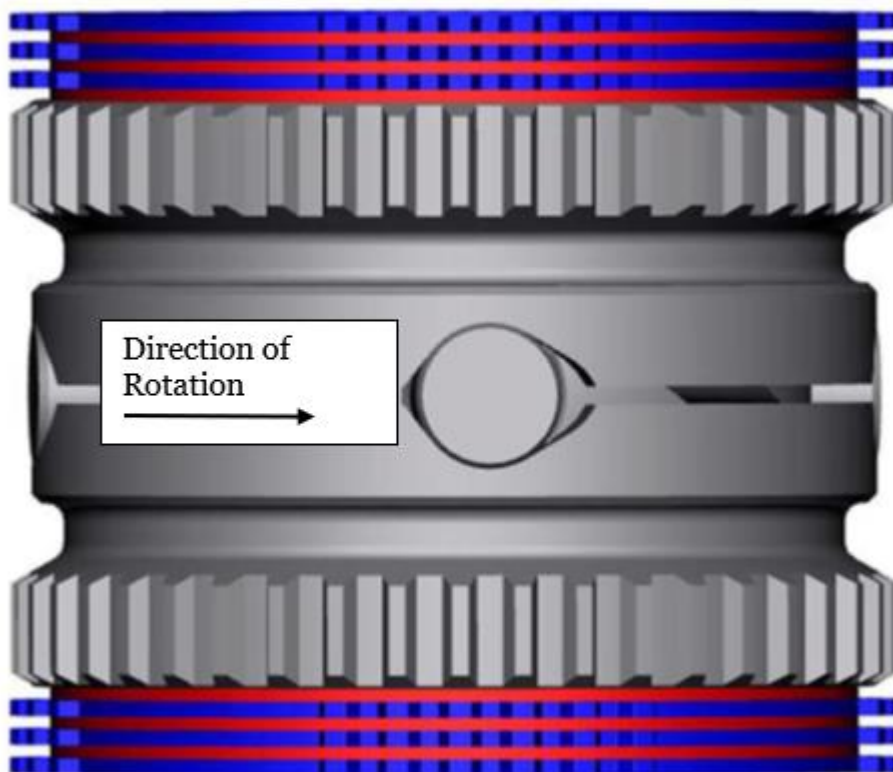

Rear shock absorber:	9F1513031C
Rear bump stop:	9F1412303B
Rear main spring 300N/mm:	9F1511105B
Rear helper spring:	9F1411411C

5.9 Engine

- 5.9.1 The engine on a Car must be as originally designed by Porsche (or the Porsche Group). Only Porsche (or the Porsche Group) sealed engines are allowed.
- 5.9.2 Only Porsche (or the Porsche Group) may carry out any rebuild or service work on an engine in a Car that requires a seal to be broken.

5.10 Gearbox

- 5.10.1 The differential housings provided by Porsche when each Car was originally built must be fitted to that Car and remain in the standard configuration as it was built by Porsche (or the Porsche Group) (shown below). The number of friction plates and assembly order must be as per the Manual. The preload may be adjusted using the special tool 9F1.012.278.D as shown in the Manual.
- 5.10.2 The ramp angle of the differential lock in each Car must be 52° traction and 35° thrust. The ramp angles are determined from the axis of rotation.

- 5.10.3 Any modifications to the gearbox casings and to the internal casing surfaces, gears or gear surfaces and materials or any of the internal parts are strictly forbidden. The gearbox of each Car must remain as it was originally designed by Porsche (or the Porsche Group).
- 5.10.4 The only gear ratios allowed in a Car are as follows (and any changes to the following are not permitted):

Ring & pinion gear	15/23	$i = 1.533$
Final drive	16/39	$i = 2.438$

EXECUTION VERSION

1 st gear	13/41	I = 3.154
2 nd Gear	17/40	I = 2.353
3 rd Gear	20/37	I = 1.850
4 th Gear	24/36	I = 1.500
5 th Gear	24/30	I = 1.250
6 th Gear	28/30	I = 1.071

5.11 Lubricant and coolant

5.11.1 No engine oil additives are permitted.

5.11.2 The only engine coolant to be used in a Car is Porsche coolant 9F0100628 which must be mixed with water as per the instructions in the Car's Manual. No other additives are permitted. All engine coolant provided with the Car at the point of purchase should be replaced with Porsche coolant 9F0100628 in accordance with the instruction in the Car's Manual prior to the Car being used at a Fixture.

5.11.3 No gearbox oil additives are permitted.

5.12 Wheels

5.12.1 The wheels must remain as supplied with the Car by Porsche (or the Porsche Group). They may be painted or powder-coated however this must not affect the fitting of the wheel or tyre.

5.12.2 Any modification to the tyre bead friction strips, including painting, is not permitted.

5.12.3 Wheels must be fitted with operational tyre pressure and temperature sensors as supplied by Porsche (or the Porsche Group).

5.12.4 Only metal valve caps supplied by Michelin, Prot tyre or Porsche may be fitted. Metal valve caps will be supplied by Michelin, Prot tyre or Porsche and must be fitted at all times during the Season.

5.13 Tyres

5.13.1 Only tyres manufactured by Michelin and distributed by Prot tyre may be used on a Car. The permitted Michelin tyres are:

5.13.1.1 Slicks: Pilot Sport Cup N3 front and Pilot sport cup N3 R rear; and

5.13.1.2 Wet tyres: Pilot Sport GT P2L.

For the avoidance of doubt, N2 slicks are not permitted and P2L tyres must only be used on a Car in the correct direction.

5.13.2 Please see below for tyre technical information which must be followed at Fixtures:

FRONT TYRE RECOMMENDATIONS

EXECUTION VERSION

As the documents above do not explicitly show the Tracks, the camber shims for the Tracks are as follows:

	Standard	Mid stress	High stress
	Brands Indy and GP, Croft, Knockhill, Oulton Park	Silverstone - all layouts Donington - all layouts Snetterton – all layouts	Thruxton
Front axle	20mm	19mm	18mm
Rear axle	15mm	13mm	10.5mm

The non-removable spacer of the rear lower control arm (part number 9F1.505.184) will be included when determining the combined thickness of the Camber Shims.

- 5.13.3 “Mini cold pressure” in the illustrations set out at Section 5.13.2 above is the start pressure of each tyre.
- 5.13.4 Start pressure is defined as the pressure in the tyre when the temperature in the tyre is at ambient temperature. The Tyre Pressure Management System values in the Car’s data files will be used to determine the ambient temperature at all times, including while the Car is located in the team’s awning, the paddock, and the assembly area. For the avoidance of doubt, it is not permitted to raise the temperature of the tyres and/or wheels above the natural ambient temperature by any means (see Section 5.13.8 below).
- 5.13.5 Only atmospheric air is to be used as a filling medium for the tyres on a Car.
- 5.13.6 The removal of rubber pickup and stones is permitted for the tyres.
- 5.13.7 Any chemical or mechanical treatment of the tyres on a Car is not permitted.
- 5.13.8 The use of heated covers, tyre tents, exhaust gases or any other means to change the temperature of tyres prior to, during or after Fixtures, is prohibited.

5.14 Tyre allocation

- 5.14.1 The maximum amount of new slick tyres that a Driver can declare and use throughout the Season on Friday Free Practices and Events is 26 sets.
- 5.14.2 If a Driver changes Entrants during the Season then they will transfer their tyre allocation to the new Entrant.
- 5.14.3 The quantity of wet tyres is unlimited.
- 5.14.4 There is no restriction on the quantity of tyres that a Driver may use on Porsche Test Days and Other Test Days.

5.15 Declaration of tyres

- 5.15.1 In this Section 5.15, any reference to an Event includes the Friday Free Practice prior to that Event.
- 5.15.2 A maximum of three sets of new slick tyres can be declared for each Car per Event. In relation to Donnington Park (National) (Rounds 1 and 2) only, an Entrant can use up to two sets of slick tyres from the Championship Launch Day, provided that the total quota of new sets of tyres and sets of tyres from the Championship Launch Day do not together exceed five sets of tyres. The sets of tyres used at the Championship Launch Day will be recorded by the Scrutineer and/or the Technical Team and only the same tyres can be used by an Entrant in relation to Donnington Park (National) (Rounds 1 and 2). In the event that an Entrant does not compete in the Championship Launch Day, the Entrant may procure previously used tyres from third parties and such tyres may be used in relation to Donnington Park (National) (Rounds 1 and 2) provided their condition is approved as used by the Scrutineer.
- 5.15.3 A maximum of five sets of slick tyres can be declared per Event for each Car. This allocation must be achieved by using that Driver’s new tyres and Previously Declared Tyres, save for the Event taking place at Donington Park (National) (Rounds 1 and 2) for which see Regulation 5.15.2 above.

EXECUTION VERSION

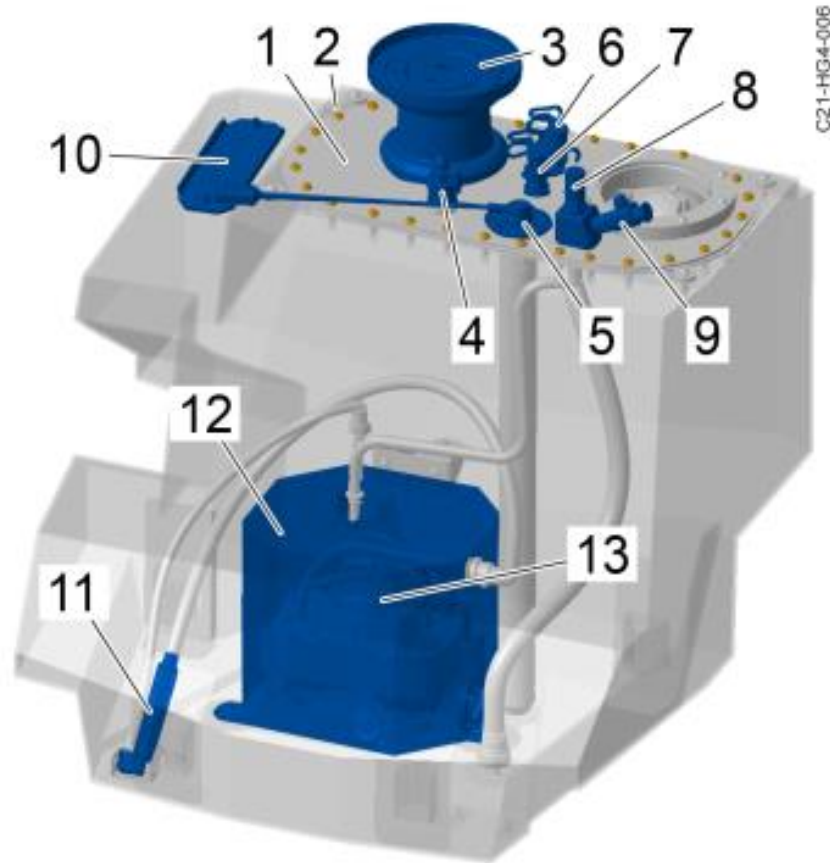

- 5.15.4 Only new slick tyres can be used during Qualifying Sessions, unless the conditions require wet tyres to be used (for which see Section 5.14.3).
- 5.15.5 The quantity and serial numbers of tyres must be declared by each Entrant the Technical Team and Scrutineers using the E-Tyre Declaration Form as provided by the Porsche Technical Team and submitted via email to Alejandro.jimenez@external.dekra.com and porschemotorsportgb@porsche.co.uk. No changes can be made to the format of the form. Tyres for each Friday Free Practice must be declared no later than two hours prior to the start of that Friday Free Practice and the tyres for Qualifying Sessions and Rounds must be declared no later than two hours prior to the start of that Qualifying Session. Once submitted the quantity and serial numbers of the declared tyres are final and new tyres will be deducted from that Driver's allocation.
- 5.15.6 All tyres must be clearly marked with the relevant Car's competition number on the outer side wall and all competition number marks and barcodes must be visible when stored on a tyre trolley.
- 5.15.7 Only declared slick tyres can be in the Pit Lane during any Event.
- 5.15.8 Some of the rules in Sections 5.14 and 5.15 are summarised in Appendix 10.

5.16 Replacement of damaged tyres

- 5.16.1 If a Driver damages a tyre during an Event and/or a Friday Free Practice, then that Driver may, without penalty, replace such damaged tyre with a Previously Declared Tyre from their allocation providing it was declared prior to that Event or Friday Free Practice (as applicable).
- 5.16.2 If a Driver damages a tyre during that Event or Friday Free Practice (as applicable) and wishes to replace such damaged tyre with a tyre that has not been declared prior to that Event or Friday Free Practice (as applicable):
- (A) that Driver must obtain the prior approval of the Technical Team;
 - (B) that Driver must declare such replacement tyre(s) to the Technical Team no later than two hours after the end of the relevant Qualifying Session, Round or Friday Free Practice using the E-Tyre Declaration Form as provided by the Porsche Technical Team and submitted via email to Alejandro.jimenez@external.dekra.com and porschemotorsportgb@porsche.co.uk.; and
 - (C) that Driver will start from the back of the grid for the next Round.

5.17 Control of Fuel

- 5.17.1 The only fuel to be used in a Car is Carless Hiperflo R20 as supplied by Vital Equipment in accordance with the NCR and no additives are permitted.
- 5.17.2 Refuelling or defueling a Car during a Fixture is only permitted when a Car is in its Entrant's awning. Where refuelling or defueling a Car during a Fixture is permitted, the Entrant must ensure that, in addition to the individual refuelling or defueling the Car, there must be a second individual present with a fire extinguisher during the refuelling or defueling process who is adequately trained in the use of the fire extinguisher.
- 5.17.3 A closed fuelling system must be used and purchased from a recognised specialist supplier. Prior to purchase, Entrants can contact Porsche and ask Porsche to confirm whether the closed fuelling system that they wish to purchase complies with Porsche's requirements. A basic closed fuelling system meeting Porsche's requirement is available for purchase from Vital Equipment.
- 5.17.4 The Scrutineers are authorised to take fuel samples from a Car at any time during an Event. The only method for removing fuel from the Car for scrutineering is via the de-fuelling coupling in the luggage compartment, shown below at item 8. Any removal of fuel may only be completed using the cars on-board fuel pumps. For the avoidance of doubt, no external pumps are to be used and no part of the fuel system is to be disassembled.

- 5.17.5 A Car must have a minimum of three litres of fuel in the tank for sampling before, during and after each Event.
- 5.17.6 The temperature of the fuel in a Car will be taken at the fuel tank. At no time is the temperature of the fuel to be lower than the lowest recorded outdoor air temperature in the last 24 hours (this will be available from the Technical Team).
- 5.17.7 Confirmation of correct fuel will be by on-site Fourier Transform Infrared Spectroscopy analysis by an appointed carless chemist.
- 5.18 Noise test**
- 5.18.1 Noise limits will be measured in accordance with NCR 7.8.3.
- 5.18.2 The maximum permitted level for this method of measurement will be 96dB(A) at 2.0m / 108dB(A) at 0.5m with the engine at 75% maximum rpm.
- 5.19 Seals**
- 5.19.1 Each Entrant shall ensure that seals are fitted in that Entrant's Cars in the following positions:
- Valve Cover Left
 - Valve Cover Right
 - Oil pump bottom
 - Bosch Motronic Engine ECU
- 5.20 Radio**
- 5.20.1 Entrants shall be responsible for either: (i) renting a Radio from Porsche, including payment of all rental fees; or (ii) procuring a Radio which can be programmed to MRTC to work on the applicable Driver channel.

EXECUTION VERSION

- 5.20.2 The use of any kind of radio-based information transmission other than the Radio in a Car is forbidden. A Driver or Entrant may only fit into a Car the Porsche Carrera Cup GB – Car Radio Installation Kit that is manufactured by MRTC and conforms with NCR 12.4.4.12.
- 5.20.3 At each Fixture, each Driver must be connected to the Radio at all times from the assembly area until the Car is parked in Parc Fermé for the purposes of receiving instructions from the Clerk of the Course or Championship Coordinator (or their appointed nominee).
- 5.20.4 The Driver may select their choice of headwear for radio reception from the earplug port, however, the mounting of fixed speakers within the Drivers helmet must comply with the FIA Regulations relating to helmets. In the case of any ambiguity, the Entrant must provide proof that components used are suitable for use in a Car (fire protection, etc).
- 5.20.5 Any modifications to the Radio are strictly forbidden and each Radio must only be used for the purposes of a Driver receiving information and instructions from the Clerk of the Course or Championship Coordinator (or their appointed nominee).
- 5.20.6 Porsche may conduct a check of each Radio at each Fixture. Any Driver that fails to attend such check may incur a fine of up to £1,000.
- 5.20.7 To the extent the Radio is rented from Porsche, the Radio will be supplied to each Driver by Porsche on the Championship Launch Day (or, for any Driver that registers for the Championship after the Championship Launch Day, prior to, or during, the first Fixture in which that Driver participates). Suitable headwear must be purchased and then must be used for all Fixtures. The radio installation kit must be purchased and installed in the Car, prior to the Championship Launch Day (or, for any Driver that registers for the Championship after the Championship Launch Day, prior to the first Fixture in which that Driver participates) and must remain installed for the Season. The Radio, if rented from Porsche, remains the property of Porsche. Each Driver shall return the Radio when requested by Porsche.
- 5.20.8 Without prejudice to the generality of Section 5.20.7, if the Radio is rented from Porsche, each Driver must return the Radio to Porsche following completion of the final Round and any Driver that fails to return the Radio will pay to Porsche a sum equal to £200 for each day that the Radio is not returned. Each Driver agrees to indemnify Porsche and keep Porsche indemnified at all times against all or any costs, claims, damages or expenses incurred by Porsche with respect to any loss of, damage to, or destruction of, the Radio that is in that Driver's possession. Without prejudice to the generality of the foregoing, if the Radio is returned not in working order, then such Driver shall be liable to Porsche for the full replacement value of that Radio.

5.21 ECU

- 5.21.1 The engine control unit (Bosch MS 6.4) ECU must be sealed by Porsche (or Porsche Group) for each Event and Friday Free Practice for that Event. The Technical Team reserves the right to re-program the ECU at any time during those Fixtures.
- 5.21.2 The Technical Team and the Scrutineers may check or exchange the Bosch electronic control unit or record engine data at any time during each Event and Friday Free Practice for that Event.

5.22 Data

- 5.22.1 Use of the Data System in each Car is mandatory. The Data System is assigned to the chassis number of each Car and must not be exchanged. A lap trigger to define the lap time will be set up at each Track by the Technical Team.
- 5.22.2 All recorded data from the Data System relating to Fixtures must be made available to the Technical Team and the Scrutineers. No such data may be deleted by an Entrant or Driver prior to such data being provided to Porsche.
- 5.22.3 Any additional electrical connection to a Car's wiring harness is forbidden and the use of any other electronic device (including any mobile phone or tablet device) within a Car is forbidden.
- 5.22.4 No Entrant or Driver may use any computer and/or test equipment in the Pit Lane during any Qualifying Session or Round, other than an Entrant may use computers and/or test equipment for the sole purposes of recording lap times, setting up each Car and to ascertain climatic conditions. For the avoidance of doubt, no Entrant or Driver shall connect a computer and/or test equipment to a Car at any time whilst in the Pit Lane.

EXECUTION VERSION

- 5.22.5 The Technical Team reserves the right to re-program the electronic control units and to reseal the plug-in connector at any time during each Fixture.
- 5.22.6 Porsche may share Driver and/or Entrant data with the Porsche Group to help diagnose faults and improve the reliability of its race cars.
- 5.23 Cameras**
- 5.23.1 Each Driver must have their Car fitted with the following cameras (the "**Cameras**" and each a "**Camera**"): (A) if requested by the Broadcaster, the camera of the Broadcaster (the "**Broadcaster Camera**"); and (B) a Video Data Logger.
- 5.23.2 NCR 7.9 shall apply to these Championship Regulations.
- 5.23.3 Save for the Cameras or otherwise with the prior written consent of the Championship Coordinator, no camera may be fitted in a Car.
- 5.23.4 Once fitted into a Car, the Cameras must not be tampered with. The Video Data Logger remains the property of RaceLogic and the Broadcaster Camera remains the property of the Broadcaster. On receipt of the Video Data Logger, each Entrant must follow the process specified by Porsche to verify its condition. Each Driver shall return any Video Data Logger in their possession when requested by Porsche. Without prejudice to the generality of the foregoing, each Driver must return the Video Data Logger to Porsche when requested and any Driver that fails to return the Video Data Logger by such time as requested by Porsche will pay to Porsche a sum equal to £200 for each day that the Video Data Logger is not returned. Each Driver agrees to indemnify Porsche and keep Porsche indemnified at all times against all or any costs, claims, damages or expenses incurred by Porsche with respect to any loss of, damage to, or destruction of, any Video Data Logger that is in that Driver's possession. Without prejudice to the generality of the foregoing, if any Driver fails to return the Video Data Logger to Porsche when required in accordance with this Section 5.23.4, or such Video Data Logger is returned not in working order, then such Driver shall be liable to, and promptly on demand pay, Porsche for the full replacement value of that Video Data Logger.
- 5.23.5 Each Driver is liable to pay Porsche or the Broadcaster (as appropriate) for any costs incurred in relation to any repair required as a result of any damage to a Camera caused whilst that Camera is installed in that Driver's Car (including, if the Camera cannot be replaced, the cost to replace such Camera).
- 5.23.6 The Entrant must ensure that each Camera is switched on prior to the time of the two-minute Round start signal. Any Entrant that fails to comply with the foregoing is liable to a fine of up to £1,000 per Camera for each offence.
- 5.23.7 The copyright in any visual, audio or audio-visual footage produced via the Broadcaster Camera is owned by the Broadcaster. No Driver or Entrant may use any such footage save as set out in Section 6.11.
- 5.23.8 Porsche shall provide to each Driver, and each Driver shall use, an SD memory card for use in the Video Data Logger during each Qualification Session and Round. Porsche may provide training on how to use the Video Data Logger. For the avoidance of doubt, the SD memory card provided by Porsche shall have sufficient memory for the purposes of recording the applicable Qualification Session and/or Round and the Driver and/or Entrant shall not be permitted to tamper with the SD memory card in any way.
- 5.23.9 The copyright in any data, visual, audio or audio-visual footage produced via the Video Data Logger (the "**VDL Materials**") is owned by Porsche. No Driver or Entrant may use any such footage save as set out in Sections 6.10 and 5.23.10.
- 5.23.10 Porsche licences Drivers and Entrants to download, retain and use the VDL Materials on a revocable, limited basis as follows:
- (A) Subject to Section 5.23.10(B), each Driver and Entrant is permitted to download the VDL Materials in relation to an Event only after the later of the end of the last on-track session on the Sunday of that Event or following the conclusion of any judicial procedure related to that Event, and within a set time period to be notified by Porsche.

EXECUTION VERSION

- (B) At any Event, Porsche may (in its sole discretion) permit Drivers and Entrants to download the VDL Material earlier than the time set out at Section 5.23.10(A). If Porsche so determines, the relevant time and any other conditions will be notified in a Bulletin.
- (C) The Driver or Entrant is responsible for downloading the VDL Materials onto their own device.
- (D) When downloading the VDL Materials onto their own device, the Driver or Entrant must not delete the VDL Materials from the Video Data Logger.
- (E) All uses of the VDL Materials must be in accordance with Section 6.10.
- (F) Drivers and Entrants must use the VDL Materials at all times in the best interests of the Championship. Any improper behaviour relating to the VDL Materials, such as (without limitation) corrupting, tampering with or deleting the information stored on the SD card, or using the VDL Materials in relation to any discussion of a racing incident in a public forum, will be grounds for Porsche to revoke the licence set out in this Section 5.23.10, and, in addition, any Driver or Entrant that deletes, corrupts or tampers with the VDL Materials stored on the Video Data Logger will incur a fine of £1,000 for each offence.
- (G) At the end of the Season, or if the trial is ended prematurely, any Driver who or Entrant that has already downloaded any VDL Materials may retain those VDL Materials, subject to compliance with this Section 5.23.10.

The licence granted by Porsche in this Section 5.23.10 may be revoked by Porsche at any time in its discretion with immediate effect, either for particular Drivers and/or Entrants or for all Drivers and/or Entrants.

5.24 Bodywork

- 5.24.1 The bodywork of each Car must remain in the condition it was in when the Car was originally built by Porsche (or the Porsche Group).
- 5.24.2 Adding tape or any other material to any join or edge on the bodywork or the underside of a Car is prohibited. Taping or using any other material on the original fuel filler flap on the wing of a Car is permitted.
- 5.24.3 The roof shall be fitted with a KED system to assist with removal of the Driver in the event of an accident. The hatch measures 565mm x 475mm and is retained by seven livelock fixings. The livelocks must be accessible at all times and must not be painted or covered. The join between the KED panel and the roof panel must not be covered by tape or any other material.
- 5.24.4 The roof must have two holes to allow the fitment of the TOCA recovery bar. These holes must only be covered with the Porsche (or Porsche Group) red sticker. The holes should not be covered or blocked by any other means. 5 green or red cable ties (as supplied by the Technical Team of Porsche) are to be fitted in the following position at all times to aid removal of the roll cage padding as shown:

5.25 Windscreen, windows and ventilation

5.25.1 To protect a Car's windscreen, tear-off screens may be fitted to that Car's windscreen. The fitting must be controlled and approved by the Scrutineers and must be removed on the request of the Scrutineers. Only windscreens with the following part numbers may be used:

9F1845099 Y

5.25.2 Only the genuine side and rear windows (in accordance with Appendix J to the International Sporting Code) of a Car are to be used as supplied by Porsche.

5.25.3 Only the factory-fitted ventilation pipe (NACA-intake on the front opening hood) is permitted for cockpit ventilation in a Car. The ventilation of the windscreen must not be affected. For additional ventilation of the passenger compartment only the existing original ventilation openings in the rear back windows are permissible.

5.25.4 The dimension of the NACA-intake duct on the Driver's side of a Car may be changed by tape in order to regulate the air inlet into the passenger compartment.

5.26 Rear wing

5.26.1 The position of the wing of each Car may only be changed within the specified range of the rear wing pylons. All parts must be unmodified.

5.26.2 Only the following rear wing is permitted for use in the Championship: Carbon Fibre reinforced plastic adjustable rear wing (11 positions) of Porsche part number 9F1827837.

5.27 Virtual Signal System

5.27.1 All Entrants, prior to the Championship Launch Day, must:

- (A) purchase a loom and antenna kit from Porsche; and

EXECUTION VERSION

(B) install the racelink receiver (the “**Racelink Receiver**”) that the Entrant has received from Porsche. (together, the “**Virtual Signal Equipment**”).

5.27.2 All Entrants must install the Virtual Signal Equipment, in accordance with the instructions provided, in the Cars by the Championship Launch Day (or, for any Driver that registers for the Championship after the Championship Launch Day, prior to the first Event in which that Driver participates) and the Virtual Signal Equipment must remain installed for the Season.

5.27.3 The Virtual Signal Equipment will allow each Driver to use the virtual signal system (the “**Virtual Signal System**”) during Events. The Virtual Signal System will notify Drivers of any signals at the Track through sending digital messages to the Car dashboard. Notwithstanding the foregoing, the Virtual Signal System is a supplementary aid to Drivers only which in no way overrides or replaces the on-Track signals. In the event of any discrepancy between the signals displayed on-Track and the signals displayed under the Virtual Signal System, the on-Track signals shall prevail. Drivers are not permitted to rely on the Virtual Signal System at any time and Porsche, the Organising Club, TOCA and/or Timing Solutions Limited (as the entity from which Porsche hires the Racelink Receiver) shall be in no way liable for any malfunction of the Virtual Signal Equipment.

5.27.4 The Racelink Receiver, as between Porsche and the Entrants/Drivers, remains the property of Timing Solutions Limited and each Entrant will be required to return it (including all components of the Racelink Receiver) to Porsche on or before the date so determined by Porsche at Porsche’s sole discretion. In the event that an Entrant fails to return the Virtual Signal Equipment or any component in accordance with this Section 5.27.4, or the Virtual Signal Equipment or any component is returned not in working order, that Entrant will be liable to, and promptly on demand pay, Porsche for the cost of that Virtual Signal Equipment or component (as applicable).

5.28 Additional requirements

5.28.1 Each Entrant is required to complete the Safety Self-Declaration Form set out in Appendix 16 and return it to the Scrutineers by the date so notified to the Entrants by the Championship Coordinator. The Safety Self-Declaration Form must be completed by an individual who is suitably qualified to inspect the Car.

5.28.2 The seals or markings applied to a Car must not be damaged, altered or copied. All modifications to a Car that are authorised by the Technical Regulations must serve the intended purpose only.

5.28.3 Porsche reserves the right to impound and seal any Car or any of its associated parts at the end of any Event and send such Car or parts (as appropriate) to the Porsche Motorsport Technical workshop for further Scrutineering and the relevant Driver has the right to be present during such Scrutineering (but failure to attend will be deemed to mean that the Driver agrees with the findings should the Scrutineering find any non-compliance with the Technical Regulations). The collection of the Car or parts (as appropriate) after such Scrutineering will be the responsibility of, and at the cost of, the relevant Driver.

6.1 Introduction

- 6.1.1 The Commercial Regulations form part of the terms and conditions of participation in the Championship applying to each Driver and each Entrant. No Driver or Entrant may participate in the Championship unless they/it has accepted the Commercial Regulations and agreed (in the case of an Entrant, on its own behalf and on behalf of each of its Drivers and other persons connected to it) to be bound and to abide by them. Participation in the Championship will be deemed to signify acceptance and agreement of the Commercial Regulations.
- 6.1.2 The Commercial Regulations identify the respective commercial rights of Porsche, the Drivers and the Entrants in connection with the Championship.
- 6.1.3 Porsche has the right to amend, vary or add to the Commercial Regulations from time to time. Such amendments, variations or additions shall be notified to each Driver and Entrant by way of a Bulletin. Continued participation in the Championship by a Driver and Entrant after receipt of a Bulletin shall be deemed to signify acceptance and agreement of the Commercial Regulations as amended, varied or added to.
- 6.1.4 Breach of the Commercial Regulations by a Driver or Entrant will incur the penalties set out in Section 6.13. In the case of an alleged breach of any of the Commercial Regulations, the decision of the Championship Coordinator is final as to the culpability and penalty and there is no appeal to the Motorsport UK National Court. Continued future participation in the Championship may not be permitted until any fine imposed pursuant to the Commercial Regulations is paid in full.
- 6.1.5 When participating in the Championship, Entrants shall, and shall procure that all staff members of the team (including any Driver that represents that Entrant) and any guests of that Entrant shall, comply with the sustainability management policies and recommendations as set out in Appendix 15 to the fullest extent possible.

6.2 Commercial Rights

- 6.2.1 Save as set out in Section 6.2.2, as between Porsche, each Driver and each Entrant:
- (A) Porsche shall own and control, and may exploit in its absolute discretion, all of the Commercial Rights;
 - (B) Porsche may exploit the Commercial Rights itself, authorise others to exploit all of some of the Commercial Rights and/or it may decide not to exploit (and not to allow others to exploit) some of the Commercial Rights; and
 - (C) Porsche shall retain all revenues arising from the exploitation of the Commercial Rights.
- 6.2.2 Porsche grants to each Driver and each Entrant the right to exploit the Commercial Rights set out in Section 6.8 (the "**Reserved Rights**"). The Commercial Rights, less the Reserved Rights, shall be the "**Porsche Commercial Rights**".
- 6.2.3 Each Entrant and each Driver shall support the programme established by Porsche for the exploitation of the Porsche Commercial Rights. In particular, no Driver or Entrant shall, without the prior written consent of Porsche:
- (A) work with any other Driver or Entrant to market any or all of the Reserved Rights collectively; and/or
 - (B) exploit any Reserved Rights in a manner that conflicts with the terms of the Commercial Regulations or that, in the opinion of Porsche, detracts from the primacy of the programme established by Porsche for the exploitation of the Porsche Commercial Rights or is demeaning or damaging to the reputation of Porsche, the Championship, any Commercial Partner or any other Driver or Entrant,

and each Driver and each Entrant agrees that, where the manner of their or its exercise of the Reserved Rights interferes with Porsche's exploitation of the Porsche Commercial Rights, upon request by Porsche, such Driver or Entrant shall immediately cease and desist from exercising the Reserved Rights in that manner.

EXECUTION VERSION

6.3 Commercial Partners

- 6.3.1 Porsche may, in its absolute discretion, appoint Commercial Partners from time to time during the Season. As at the date of these Regulations, the Commercial Partners are: Michelin Tyres, Mobil1, , Hattingley Valley, and Vbox Motorsport. Any amendment to this list of Commercial Partners shall be notified to each Entrant via a Bulletin.
- 6.3.2 Each Driver must wear the cap branded with the marks of Michelin Tyres (or such alternative tyre manufacturer notified to Entrants by Porsche via a Bulletin) provided by Porsche whilst on the podium in accordance with Section 3.15.5.
- 6.3.3 Drivers must use a race suit that complies with the NCR for use at all Fixtures (the "**Race Suit**"). Around the start of the Season, the Championship Coordinator will provide each Driver with certain badges and patches of the Championship Marks that each Driver must attach to their Race Suit as specified by the Championship Coordinator (or, on request, provide copies of the relevant artwork of the Championship Marks to the Driver to enable him to have those marks embroidered onto their Race Suit).
- 6.3.4 Each Entrant shall permit Porsche to brand the Cars, including on the side of the Cars as set out in NCR 6.1.9 with the Championship Marks.

6.4 Specific regulations relating to broadcasting

- 6.4.1 Porsche may, in its absolute discretion, appoint the Broadcaster(s) from time to time during the Season. As at the date of these Regulations, the Broadcaster is ITV. Any amendment to the identity of the Broadcaster shall be notified to each Entrant by way of a Bulletin.
- 6.4.2 All Drivers and Entrants are obliged to assist the Broadcaster(s) in the filming of the Championship through the granting of interviews when requested and other reasonable requests of the Broadcaster or Porsche. Drivers must ensure they are wearing their Race Suit when giving interviews and must not remove, obscure or alter the Championship Marks on such Race Suits.
- 6.4.3 Each Driver must ensure that their Car carries the Cameras in accordance with Section 5.23.
- 6.4.4 Each Driver selected to carry a Broadcaster Camera is required to display a Championship Logo in front of the Broadcaster Camera. No other advertising will be permitted in the cockpit or in view of the Broadcaster Camera.
- 6.4.5 Each Driver and Entrant is prohibited from trying to influence the editorial decision of the Broadcaster in connection with the Championship as it is shown on television.
- 6.4.6 All television rights (as between Entrants, Drivers and Porsche), including all footage recorded at Rounds, are the property of Porsche. Any broadcasts, rebroadcasts or reproduction without the express written permission of Porsche is strictly forbidden, subject to Section 5.23.10.

6.5 Use of Championship Marks

- 6.5.1 Porsche hereby grants to each Driver and each Entrant, by virtue of their registration and participation in the Championship, a non-exclusive, non-transferrable, non-sub-licensable, royalty-free, revocable licence to use the Championship Marks in accordance with the terms of this Section 6.5.
- 6.5.2 Each Driver and each Entrant shall comply with the directions of Porsche with regard to the use of the Championship Marks. General directions shall be notified to each Driver and Entrant by way of a Bulletin, which may (if the circumstances so warrant) be supplemented by instructions to individual Entrants and Drivers.
- 6.5.3 Any and all uses of the Championship Marks shall be subject to the prior written approval of Porsche and/or one or more of its Commercial Partners, as applicable.
- 6.5.4 Ownership of the Championship Marks vests in Porsche and/or one or more of its Commercial Partners, as applicable. All goodwill generated by a Driver's or Entrant's uses of the Championship Marks is held by such Driver or Entrant on trust for the owner of the Championship Marks.
- 6.5.5 For the avoidance of doubt, save as set out in this Section 6.5 no Driver, Entrant or any other party participating in the Championship shall obtain any claim, right, title or interest in any Porsche Group patents, designs, trade marks and trade names (whether registered or unregistered), copyright and related rights, database rights or any other intellectual

EXECUTION VERSION

property and similar or equivalent rights anywhere in the world that currently exist or are recognised in the future (including all applications, extensions and renewals in relation to any such rights) by virtue of their registration, participation in the Championship or howsoever otherwise.

6.6 Use of Entrant Logo and Driver imagery

6.6.1 Each Entrant agrees that Porsche may use on a worldwide basis (and/or licence others - such as the Commercial Partners - to use) without charge (both during the Season and on a perpetual basis):

- (A) the Entrant Logo, name, nickname(s), colours, regalia and results;
- (B) the logos, names, branding, images and representations of the Competitor Sponsors of that Entrant;
- (C) images and representations of the Cars (including any Competitor Sponsor branding on such Cars) of that Entrant; and
- (D) any audio, visual or audio-visual materials produced during the Season that feature the Entrant and/or any of the materials listed in Sections 6.6.1(A) to (C) (inclusive) above,

in each case whether or not in conjunction with the Championship Logo for the following purposes:

- (i) in connection with the transmission (via any medium) of coverage of the Championship;
- (ii) in advertising and promotional material for the Championship or future championships administered by Porsche (such as television promotions, posters and advertising);
- (iii) in advertising and promotional material produced by or on behalf of the Commercial Partners from time to time (such as print advertising, outdoor advertising, point of sale advertising, trade-on-trade promotions, programming and website material) to promote their association with the Championship or future championships administered by Porsche, in each case provided always that no such use shall suggest individual endorsement by that Entrant of the products or services of any of such Commercial Partners;
- (iv) on merchandising or other marketing material relating to the Championship or future championships administered by Porsche; and
- (v) in connection with (and including within) interactive computer games and/or video games (including for the purposes of e-sports, e-sports challenges and championships, and other e-sports-related advertising, promotions, merchandising, marketing or other activities, in each case whether in person or virtual, including on any social media platform, broadcasting platform, or other form of media).

6.6.2 Each Driver agrees that Porsche may use on a worldwide basis (and/or license others - such as the Commercial Partners - to use) (both during the Season and on a perpetual basis):

- (A) the names, images, voices, relevant racing statistics and other attributes of that Driver;
- (B) the logos, names, branding, images and representations of that Driver's Competitor Sponsors; and
- (C) any audio, visual or audio-visual materials produced during the Season that feature the Driver and/or any of the materials listed in Sections 6.6.2(A) and (B),

in each case whether or not in conjunction with the Championship Logo for the following purposes:

- (i) in connection with the transmission (via any medium) of coverage of the Championship;
- (ii) in advertising and promotional material for the Championship or future championships administered by Porsche (such as television promotions, posters and advertising);
- (iii) in advertising and promotional material produced by or on behalf of the Commercial Partners from time to time (such as print advertising, outdoor advertising, point of sale advertising, trade-on-trade

EXECUTION VERSION

promotions, programming and website material) to promote their association with the Championship or future championships administered by Porsche, in each case provided always that no such use shall suggest individual endorsement by that Driver of the products or services of any of such Commercial Partners;

- (iv) on merchandising or other marketing material relating to the Championship or future championships administered by Porsche; and
- (v) in connection with (and including within) interactive computer games and/or video games (including for the purposes of e-sports, e-sports challenges and championships, and other e-sports-related advertising, promotions, merchandising, marketing or other activities, in each case whether in person or virtual, including on any social media platform, broadcasting platform, or other form of media).

6.6.3 For the avoidance of doubt, the agreements in Sections 6.6.1 and 6.6.2 shall survive the termination or expiry of the relevant Entrant or Driver's participation in the Championship.

6.6.4 Each Entrant and Driver hereby represents and warrants that:

- (A) the exercise of the rights under Sections 6.6.1 and 6.6.2 by Porsche (and any other third parties that Porsche licenses such rights to) shall not infringe the rights, including the intellectual property rights, of any third party; and
- (B) it has all rights, licences and permissions necessary from the relevant Competitor Sponsors in order to grant the rights in Sections 6.6.1 and 6.6.2.

6.6.5 Each Entrant shall indemnify and hold Porsche, its affiliates and third party licensees harmless against any losses, liabilities, costs, claims, damages or expenses suffered or incurred by such parties as a result of any claim by a third party that the possession and/or use of the materials set out in Section 6.6.1 infringe the rights (including the intellectual property rights) of a third party. Porsche may at its option satisfy such indemnity (in whole or in part) by way of deduction from any payments due to the Entrant.

6.6.6 Each Driver shall indemnify and hold Porsche, its affiliates and third party licensees harmless against any losses, liabilities, costs, claims, damages or expenses suffered or incurred by such parties as a result of any claim by a third party that the possession and/or use of the materials set out in Section 6.6.2 infringe the rights (including the intellectual property rights) of a third party. Porsche may at its option satisfy such indemnity (in whole or in part) by way of deduction from any payments due to the Driver or that Driver's Entrant.

6.7 Stickers and flags

6.7.1 Porsche will provide to each Driver stickers and livery of the Championship, its Cars and the Commercial Partners (the "**Stickers**") and each Driver must display the Stickers on their Car as directed by Porsche.

6.7.2 In order to be eligible to be awarded Championship Points, Category Points, prize money and bonus awards, a Driver must (provided that these items are available at the Fixture) have their (or their Entrant's) transporter fitted with a minimum of two flagpoles, each six metres high (from the ground). Prior to the start of the Season, if an Entrant is not already in possession of a Championship flag of sufficient quality, the Championship Coordinator will supply a flag of the Championship to each Entrant, which shall be flown on one flagpole on the transporter, and the Entrant may then use the second flagpole to fly a flag of the Entrant. Any replacement flags will be charged to the Entrant at cost price by Porsche, save if the replacement is required due to normal wear and tear of the Entrant's existing flag.

6.8 Reserved Rights

6.8.1 Subject to Section 6.8.2, each Driver and each Entrant may enter into agreements with third parties which grant such third parties the right to sponsor that Driver or Entrant (a "**Competitor Sponsor**").

6.8.2 An Entrant or Driver may only appoint a Competitor Sponsor if it complies with the following conditions:

- (A) the potential Competitor Sponsor does not operate in, and is not associated with, any Excluded Category without the prior written consent of the Championship Coordinator;

EXECUTION VERSION

- (B) the potential Competitor Sponsor is not granted any rights for exercise in any Excluded Category;
- (C) the rights being granted to the potential Competitor Sponsor comply with applicable law and regulations (including the UK Code of Broadcast Advertising issued by the Committee of Advertising Practice); and
- (D) the Entrant or Driver must obtain the prior written consent of Porsche.

6.8.3 Each Driver may display stickers on their Car that bear the marks of Competitor Sponsor(s), provided that:

- (A) such stickers do not overlap, obscure or in any other way interfere with the display of the Stickers or the starting numbers;
- (B) such stickers are approved in advance by the Championship Coordinator and are in the position, size and colour as stipulated by the Championship Coordinator; and
- (C) such stickers comply with NCR 6.1.8 and 6.1.9.

6.8.4 Each Driver and Entrant may post communications on Social Media Platforms in relation to the Championship, provided that they or it at all times complies with the Social Media Policy.

6.9 "Behind the scenes" filming

6.9.1 Each Entrant or Driver may arrange for "behind the scenes" footage to be produced at each Event subject to complying with the following conditions:

- (A) any Entrant or Driver wishing to arrange for "behind the scenes" filming must obtain the prior written consent of the Championship Coordinator and Hugh Dickinson, ITV Sport Archive and Rights Producer (hugh.dickinson@itv.com), by submitting to the Championship Coordinator all details (including the proposed content and use for the content);
- (B) media accreditation, via the team, must also be applied for from the Championship Coordinator and Simon Melliush (simon@smsportsmedia.com) stating the intention of the person or crew to film video footage, not stills photography by submitting to the Championship Coordinator all details (including the proposed content and use for the content);
- (C) if approved, final accreditation for each Event must be applied for by the filming team, directly through each Track. This includes the requirement to sign on with the Track at each Event. They will issue the relevant individuals producing the "behind the scenes" footage with a bib, which must be worn when filming or the camera operator will be ejected from the Track;
- (D) even if an Entrant or Driver is permitted to arrange for "behind the scenes" filming at an Event, under no circumstances is any Driver or Entrant allowed to film, or to arrange filming of the Pit Lane, the grid, the Parc Fermé, assembly area, TOCA technical area, any part of any racing at any Event and/or any moving Cars at any time, or from any location;
- (E) subject to Section (D) above, any "behind the scenes" filming that is permitted may only film: (i) in and around the Paddock areas, spectator and trade areas, transporters, hospitality and motor homes; and (ii) the podium at Events but only from behind the crew of the Broadcaster and such filming crew shall not obscure or hinder the Broadcaster's filming of the podium;
- (F) any film crew undertaking "behind the scenes" filming must remain cognisant of the crew of the Broadcaster, who have priority at all times;
- (G) the results of any "behind the scenes" filming must portray a positive image of Porsche, the Commercial Partners, the Organising Club, Motorsport UK, BTCC, each Track and Track Operator, each Driver, each Entrant, all sponsors of Drivers and Entrants and Officials;
- (H) any consent granted to "behind the scenes" filming may be withdrawn at any time. If such consent is withdrawn prior to the filming, such "behind the scenes" filming will not take place and, if such consent is withdrawn after the filming, any material produced must not be used and must be immediately destroyed; and

EXECUTION VERSION

- (I) any breach of the foregoing terms by any Entrant, Driver or by a film crew acting on its behalf will result in the immediate withdrawal of the consent to film "behind the scenes" and any material produced must be immediately destroyed.

6.10 Video Data Logger footage

6.10.1 Drivers and Entrants may make the following uses of footage obtained from the Video Data Logger, subject to complying with the following conditions:

- (A) Entrants and Drivers may use up to 30 seconds of footage per race from 1800hrs on the Monday immediately following the Fixture;
- (B) Entrants and Drivers may use up to 5 minutes of footage per race from 1800hrs on the Wednesday immediately following the Fixture;
- (C) a complete lap may not be shown and must be interspersed with other angles or footage;
- (D) any footage containing vision or sound of anything out of the ordinary, negative or untoward (including towards another Driver or Entrant) may not be used. By way of example only, the footage must not show another car spinning off the track, having an incident or a mechanical failure; and
- (E) any such proposed use must be approved in advance by the Championship Coordinator.

6.11 Use of Broadcast Footage

6.11.1 A Driver or Entrant may use Broadcast Footage on its official website or other social media channel (such as YouTube) dedicated to that Driver or Entrant or at an Entrant or Competitor Sponsor function, subject to complying with the following conditions:

- (A) Entrants and Drivers may only feature interview footage that is solely relevant to themselves. For the avoidance of Doubt, Entrants and Drivers may not use interview footage of other Entrants or Drivers;
- (B) Broadcast Footage used must not contain other protected aspects of the Broadcast Footage, including but not limited to music, features, edits, presentation, and other non-Championship races or events featured in the Broadcast Footage;
- (C) Entrants and Drivers may use up to 30 seconds of Broadcast Footage (including race commentary) per race from 1800hrs on the Monday immediately following the Fixture;
- (D) Entrants and Drivers may use up to 5 minutes of Broadcast Footage (including race commentary) per race from 1800hrs on the Wednesday immediately following the Fixture;
- (E) the relevant Driver or Entrant must obtain the consent of the Broadcaster to use the Broadcast Footage by contacting the Championship Coordinator;
- (F) with the exception of its official website or other social media channel (such as YouTube) dedicated to that Driver or Entrant or at an Entrant or Competitor Sponsor function, the relevant Driver or Entrant who has obtained consent to use the Broadcast Footage will not use the footage via any television broadcast company or any other medium without explicit agreement from Alan Gow (alan.gow@btcc-toca.com) and ITV;
- (G) the Driver and Entrant acknowledges that the use of Broadcast Footage in accordance with Section 6.11.1(F) will require the Driver and Entrant to obtain rights clearance from the Broadcaster and a rights fee will apply;
- (H) the Driver and Entrant must obtain rights clearance from Alan Gow (alan.gow@btcc-toca.com) to broadcast the Broadcast Footage on any medium outside of the UK and Eire;
- (I) the Broadcast Footage will be provided free of charge by the Broadcaster, save for any technical fees payable in accordance with Section 6.12;
- (J) the clips may not be used on any generic websites or social media channels not dedicated to the relevant Driver or Entrant (such as a non-specific channel on YouTube);

EXECUTION VERSION

- (K) the clips must include the Broadcaster's graphic 'bug' (in the top left or right as appropriate) and all other graphics supplied with the clips by the Broadcaster;
- (L) the clips must be acquired directly from the Broadcaster and not filmed or downloaded from a TV screen or illegal feed of the Broadcaster or any other programme;
- (M) the clips will not be digitally altered or enhanced (for example, not alterations may be made to mask or pixilate signature or graphics); and
- (N) the "GOODYEAR EDIT" is for use by media channels as determined by Simon Melluish (BTCC Press Office) and is not available to Drivers or Entrants.

6.11.2 Subject to the conditions set out in Section 6.11.1, a Driver or Entrant may also sub-license the use of Broadcast Footage to local media news outlets.

6.11.3 Broadcast Footage can be obtained from the Broadcaster in accordance with Section 6.12.

6.12 How to obtain Broadcast Footage

6.12.1 The relevant Driver or Entrant shall sign an agreement with the Broadcaster, in the form as set out in Appendix 17, prior to the relevant Driver or Entrant obtaining access to the Broadcast Footage. The Broadcaster may remove access to the Broadcast Footage from any Driver or Entrant who does not comply with the rules as set out in Section 6.11.

6.12.2 Broadcast Footage can be obtained with the permission of the Championship Coordinator and Hugh Dickinson, ITV Sport Archive and Rights Producer (hugh.dickinson@itv.com).

6.12.3 If a request for Broadcast Footage is approved in accordance with Sections 6.12.1 and 6.12.2, the Championship Coordinator will provide the required contact information for obtaining the Broadcast Footage from Porsche's production company.

6.12.4 Any fees associated with obtaining the Broadcast Footage will be borne solely by the individual or entity that requests the Broadcast Footage and shall in no event be payable by Porsche and/or its production company.

6.13 Penalties

6.13.1 The following penalties shall apply to any Driver or Entrant in breach of the Commercial Regulations:

- (A) a fine of £1,000 for each breach;
- (B) a suspension on eligibility for participation in all Fixtures until payment of the fine set out in Section (A) above has been received by Porsche; and
- (C) for any serious or continual breach (including a breach of Section 6.8.2), ineligibility for the remainder of the Championship,

in each case unless the Championship Coordinator determines that exceptional circumstances apply (in which case a lesser penalty may apply).

6.13.2 In addition or in lieu of any penalty under Section 6.13.1, the Championship Coordinator may require the relevant Driver or Entrant to take such steps as may be reasonable to mitigate publicly any damage to the reputation of the Championship.

6.13.3 Where, in the opinion of the Championship Coordinator, a Driver or Entrant has by an act (or omission to act or otherwise) brought the Championship, any Fixture, Porsche or any Commercial Partner into disrepute (including the use or publication or broadcast of derogatory, defamatory, insulting, unfavourable or disrespectful remarks in any media whatsoever) then irrespective of any penalties imposed under the NCR, the Championship Coordinator may impose any one or more of the penalties set out in Section 6.13.1.

6.13.4 Nothing in this Section 6 shall prevent Porsche from seeking equitable remedies (including injunctive relief and/or specific performance) for any breach of the Commercial Regulations by Drivers and/or Entrants.

EXECUTION VERSION

6.14 Passes

- 6.14.1 Porsche shall issue to each Driver for use by that Driver and their Entrant TOCA passes permitting entry to each Round and Friday Free Practice (the "**Passes**") in accordance with the following provisions of this Section 6.14.
- 6.14.2 Drivers shall make applications for Passes by completing the Staff and Vehicle Information Form and returning it to the Championship Coordinator by 31 March 2026. The Championship Coordinator will not process such form unless such form is fully complete. Submission of an incomplete Staff and Vehicle Information Form or late return of such form to the Championship Coordinator may result in no Passes being available for the first Fixture and the withholding of that Driver's entry.
- 6.14.3 Porsche shall issue to each Entrant Manager 12 Passes per Car competing in that particular Event (and Friday Free Practice). The Passes will grant the Passholders access to either the Paddocks or the Pit Lanes and Paddocks (as appropriate).
- 6.14.4 Each Entrant Manager shall procure that each Passholder is made aware of the terms of this Section 6.14.
- 6.14.5 Each Passholder waives any and all claims they may have now or in the future and releases from all liabilities and agrees not to take any legal action and to always hold harmless, Porsche, the Organising Club, Motorsport UK, the relevant Track Operator and any other participating Entrant and all employees, agents, servants and contractors thereof (the "**Indemnitees**" and each, an "**Indemnitee**") for any personal injury, death, damage or loss of any kind that the Passholder may sustain as a result of or in connection with the Passholder's presence within the relevant Track. The waiver set out in the foregoing shall not apply to any personal injury or death caused by the negligence of the relevant Indemnitee.
- 6.14.6 The Entrant Manager shall sign on receipt of the relevant Passes for each Event and Friday Free Practice. By accepting the issue of a Pass, each Passholder must comply with the following conditions:
- (A) the Pass may only be used to gain access to the areas indicated on the face of the Pass. Any person found within a restricted area without the appropriate Pass may be removed from the Track immediately and/or have their Pass withdrawn;
 - (B) no Passholder may allow anyone else to use their Pass, alter or deface any Pass in any way or allow a Pass to be used to authorise the entry of more than one person;
 - (C) the Pass shall not be removed from its official lanyard and must be worn around the neck of the relevant Passholder so as to remain clearly visible at all times. It is forbidden to combine with or enclose a Pass within a wallet or holder of any kind (unless supplied by TOCA or Porsche) or to attach additional items of any kind to it;
 - (D) the Organising Club, TOCA the relevant Track Operator and/or Porsche may request further proof of identity in addition to a Pass; and
 - (E) the Organising Club, TOCA the relevant Track Operator and/or Porsche may at all times refuse admission to the relevant Track or access to a designated area to any person, notwithstanding that such person may be a Passholder.
- 6.14.7 The Passes remain at all times the property of TOCA and may be issued, altered or withdrawn at any time at the absolute discretion of TOCA and/or Porsche. Passes that have been withdrawn will not, unless under exceptional circumstances, be returned to the relevant Passholder.
- 6.14.8 TOCA and/or Porsche may remove immediately from the Track any Passholder who is found to have violated the conditions set out in Section 6.14.6 and/or withdraw permanently that Passholder's Pass and/or take or institute legal proceedings against that Passholder.
- 6.14.9 The misuse of any Passes allocated to an Entrant will result (without prejudice to any other action that may be taken by TOCA, the Organising Club and/or Porsche under the terms of these Commercial Regulations) in TOCA and/or Porsche imposing on the Entrant a fine of £1,000 for each act or misuse of the Pass together with the confiscation of the Pass concerned for such period of time as the Organising Club and/or Porsche (as appropriate) shall deem appropriate.

EXECUTION VERSION

- 6.14.10 Porsche shall issue the Passes for each Fixture to the Entrant Managers on the Championship Launch Day. Each Entrant Manager must attend the Championship Launch Day to collect the Passes and erect the Entrant's awning (if applicable) for measurement. Passes will not be issued to the Entrant Manager until the plot size for that Entrant has been measured and agreed by Porsche and/or TOCA.
- 6.14.11 If a Championship registration is withdrawn, all Passes issued in connection with that registration must be returned to the Championship Coordinator. Any lost or mislaid passes will be subject to a penalty of £25 per Pass multiplied by the number of remaining Events.
- 6.14.12 Passes will not be replaced if they are lost or mislaid unless they have been stolen and a copy of the police report relating to that offence is submitted to the Championship Coordinator.

6.15 Paddock regulations

- 6.15.1 The terms of this Section 6.15 shall apply to the use of Paddock areas at Tracks on Porsche Test Days, Friday Free Practices and Events.
- 6.15.2 The Entrant Manager shall specify on each Staff and Vehicle Information Sheet the space that Entrant requires in the Paddock. Porsche and/or TOCA shall assess the individual requirements of each Entrant on the Championship Launch Day and will notify each Entrant Manager of the space that the Entrant Manager's Entrant has been allocated in the Paddock.
- 6.15.3 Subject to Section 6.15.5 and the remainder of this Section 6.15.3, each Entrant will be permitted one transporter and awning to be parked in their designated Paddock. Any Entrant requiring an additional awning must make a request in writing to the Championship Coordinator prior to the first Fixture. Only Entrants running five or more cars will be permitted an additional awning. Entrants running three or more cars may be permitted additional space for a support vehicle/flat patch. Awnings are not permitted on support vehicles. Entrants are not permitted to park any car that is not a Car under the awning referred to in this Section 6.15.3. A temporary floor structure and temporary walls must be installed within the awning. The awning, temporary floor structure and temporary walls must be well-presented and clean at the time it is erected each Fixture. Please refer to Section 3.14.3 regarding the mandatory provision of fire extinguishers.
- 6.15.4 Any amendment to the car and/or awning size required must be notified to Championship Coordinator and approved by the Championship Coordinator prior to use.
- 6.15.5 Any Entrant that is running a car in a championship other than the Championship at any event that is also a Fixture may make a request in writing and in advance to the Championship Coordinator for amendment or waiver of any requirement of this Section 6.15 in respect of that Entrant. The Championship Coordinator will determine any such request in their sole discretion, and, if the request is granted or partially granted, they may make the grant conditional on such requirements as they determine in their sole discretion.
- 6.15.6 The space allocated in the Paddock by Porsche and TOCA is granted for the preparation of Cars and team catering. It is expressly forbidden to use this space as a hospitality area or trade site area.
- 6.15.7 Motorhomes/caravans and private cars (including private cars issued with or without a car park pass) are not permitted within the Paddock at any Track unless in exceptional circumstances and with the prior written approval of the Championship Coordinator. Only essential Entrant vehicles will be issued with vehicle passes to access the Paddock.
- 6.15.8 No hospitality or entertaining will be allowed within the Paddock. Entrants may use an area at the rear of their awning specifically for Entrant team catering only.
- 6.15.9 Only small four-wheeled motorised Paddock vehicles that are authorised by the Organising Club may be used within the Paddock. Such vehicles may only be used during authorised times and when driven by a current full road traffic licence holder for Entrant-related business. Recreational use is strictly prohibited. For the avoidance of doubt, all two-wheeled transport or human wheeled transport (including bicycles and scooters) is banned from the Paddock area, unless approved by the Championship Coordinator. Please note that private cars and vans are not considered as Paddock vehicles. Motorised Paddock vehicles may only be used within the venue during the period from two hours prior to the first scheduled Track activity until one hour after the last Track activity on each day of the Event; there is a total ban on their use outside of these times.

EXECUTION VERSION

- 6.15.10 There is a speed limit of 10 miles per hour in the Paddock. The only movement of cars permitted in the Paddock is on the way to the assembly area and on the way back from the Parc Fermé with a competent person seated in the Driver's position and in control of the car.
- 6.15.11 Tailgates on transporters must remain closed at all times except when loading and/or unloading cars.
- 6.15.12 Entrants will be issued with a specific time to park up their race transporters in the Paddock at each Fixture. Access to the Paddock outside that parking-up time is forbidden, unless the express written permission of the Championship Coordinator has been obtained to park up at a different time. Verbal permission from employees of the relevant Track will not be accepted.
- 6.15.13 When a race transporter is parked in position in the Paddock at a Fixture it is expressly forbidden to remove it from its Paddock space until after the start of the third BTCC race of the event organised by TOCA, unless the express permission of the Championship Co-Ordinator or their appointed representative has been obtained to remove it earlier. Awnings may not be dismantled until after the start of the second BTCC race of the event organised by TOCA.
- 6.15.14 Hard covers should protect any pipes, wires or cables trailing from motorhomes, transporters and/or generators where they will be crossed by pedestrians and/or vehicles.
- 6.15.15 All Paddock vehicles that require personnel to be on the roof (i.e. to affix awnings or flag poles/flags) must have relevant safety equipment fitted. Any personnel on the roof of such Paddock vehicles must wear the relevant safety harnesses, which must be affixed to the equipment on the roof.
- 6.15.16 All health and safety regulations (as well as any such directives) issued by Porsche, the Organising Club, Motorsport UK, the FIA and/or the relevant Track Operator must be complied with at all times.
- 6.15.17 It is a condition of registration of Paddock vehicles that third party insurance is in place. Drivers and Entrants are reminded that it is a criminal offence for any person to ride or drive any motor vehicle on the roads or other public areas under the control of the venue promoters unless they are covered by a minimum of third party insurance.
- 6.15.18 It is an offence for any person to ride or drive any motor vehicle on the roads or other public areas under the control of Porsche unless they are covered by third party insurance. It is a condition of registration that such insurance is in place. A copy of the policy must be lodged with the Championship Coordinator before the first Fixture of the Season.
- 6.15.19 Any infringement of the provisions of this Section 6.15 shall be subject to the following fines imposed by TOCA and/or the Championship Coordinator:
- (A) first offence of the same type under this this Section 6.15: £1,000;
 - (B) second offence of the same type under this this Section 6.15: £2,000;
 - (C) third and further offences of the same type under this this Section 6.15: £5,000;

Each Entrant is responsible for the payment of fines incurred by all vehicles entering the Paddock/Pits on their behalf. TOCA's and/or The Championship Coordinator's decision in relation to the fines set out in this Section 6.15 shall be final with no appeal to Motorsport UK under Section 2.

6.16 Confidentiality

- 6.16.1 Each Driver and each Entrant agrees to keep all Confidential Information confidential at all times and shall not, without the prior written consent of the Championship Coordinator:
- (A) use Confidential Information except strictly as required to perform its obligations under these Regulations and/or the NCR; or
 - (B) disclose Confidential Information in whole or in part to any third party, save for its professional legal and financial advisers for the purposes of obtaining such advice.

provided that in all cases such disclosing Driver or Entrant informs the recipient of the confidential nature of the Confidential Information before disclosing the same to it and such disclosing Driver or Entrant is, at all times, responsible for the recipient's compliance with the confidentiality obligations set out in this Section 6.16.

EXECUTION VERSION

6.16.2 The provisions of Section 6.16.1 shall not apply to Confidential Information that:

- (A) comes into the public domain otherwise than through the default or negligence of the recipient Driver or Entrant; or
- (B) the recipient Driver or Entrant is required to disclose by law or by the rules of any governmental or other regulatory body including any applicable stock exchange or by a court or other authority of competent jurisdiction provided that, to the extent it is legally permitted to do so, it gives the Championship Coordinator as much notice of this disclosure as possible and takes into account the reasonable requests of the Championship Coordinator in relation to the content of this disclosure.

6.17 Early registration

6.17.1 Subject to Section 6.17.3, each Driver that submits their Registration Form and pays the Registration Fee no later than 5pm on 5 December 2025 will receive a credit of £5,000 (the "**Early Registration Reward A**") within one calendar month following the final Round, provided that:

- (A) the Driver does not owe any amounts to Porsche at that time; and
- (B) the Driver competed in each Round. If, in Porsche's opinion, a Driver was unable to compete in one or more Rounds due to reasons outside of that Driver's reasonable control, Porsche may permit that Driver to be eligible for the Early Registration Reward A.

6.17.2 Subject to Section 6.17.3, each Driver that submits their Registration Form and pays the Registration Fee after 5pm on 5 December 2025 but no later than 5pm on 30 January 2026 will receive a credit of £2,500 (the "**Early Registration Reward B**") within one calendar month following the final Round, provided that:

- (A) the Driver does not owe any amounts to Porsche at that time; and
- (B) the Driver competed in each Round. If, in Porsche's opinion, a Driver was unable to compete in one or more Rounds due to reasons outside of that Driver's reasonable control, Porsche may permit that Driver to be eligible for the Early Registration Reward B.

6.17.3 Any Driver who is entitled to receive a discount in the Registration Fee under the Registration Form as a result of:

- (A) the Driver was the winner of the Professional or Amateur Categories in the Porsche Sprint Challenge GB 2025; or
- (B) the Driver was the winner of the following 2025 British Championships:
 - (i) GT3 Overall champion of the British GT Championship;
 - (ii) GT4 Overall champion of the British GT Championship;
 - (iii) overall champion of the FIA British F4 Championship;
 - (iv) overall champion of the GB3 Championship
 - (v) overall champion of the GB4 Championship
 - (vi) professional Class champion of the Ginetta GT Championship;
 - (vii) overall champion of the Ginetta Junior Championship;
 - (viii) overall Champion of the Ginetta GT Academy Championship
 - (ix) JCW Class in the MINI Challenge Championship;
 - (x) Class 1 champion of the Porsche Club Championship, or

EXECUTION VERSION

- (C) the Driver attended the 2026/2027 Porsche Carrera Cup GB Junior shootout, but did not become the 2026/2027 Porsche Carrera Cup GB Junior Driver,

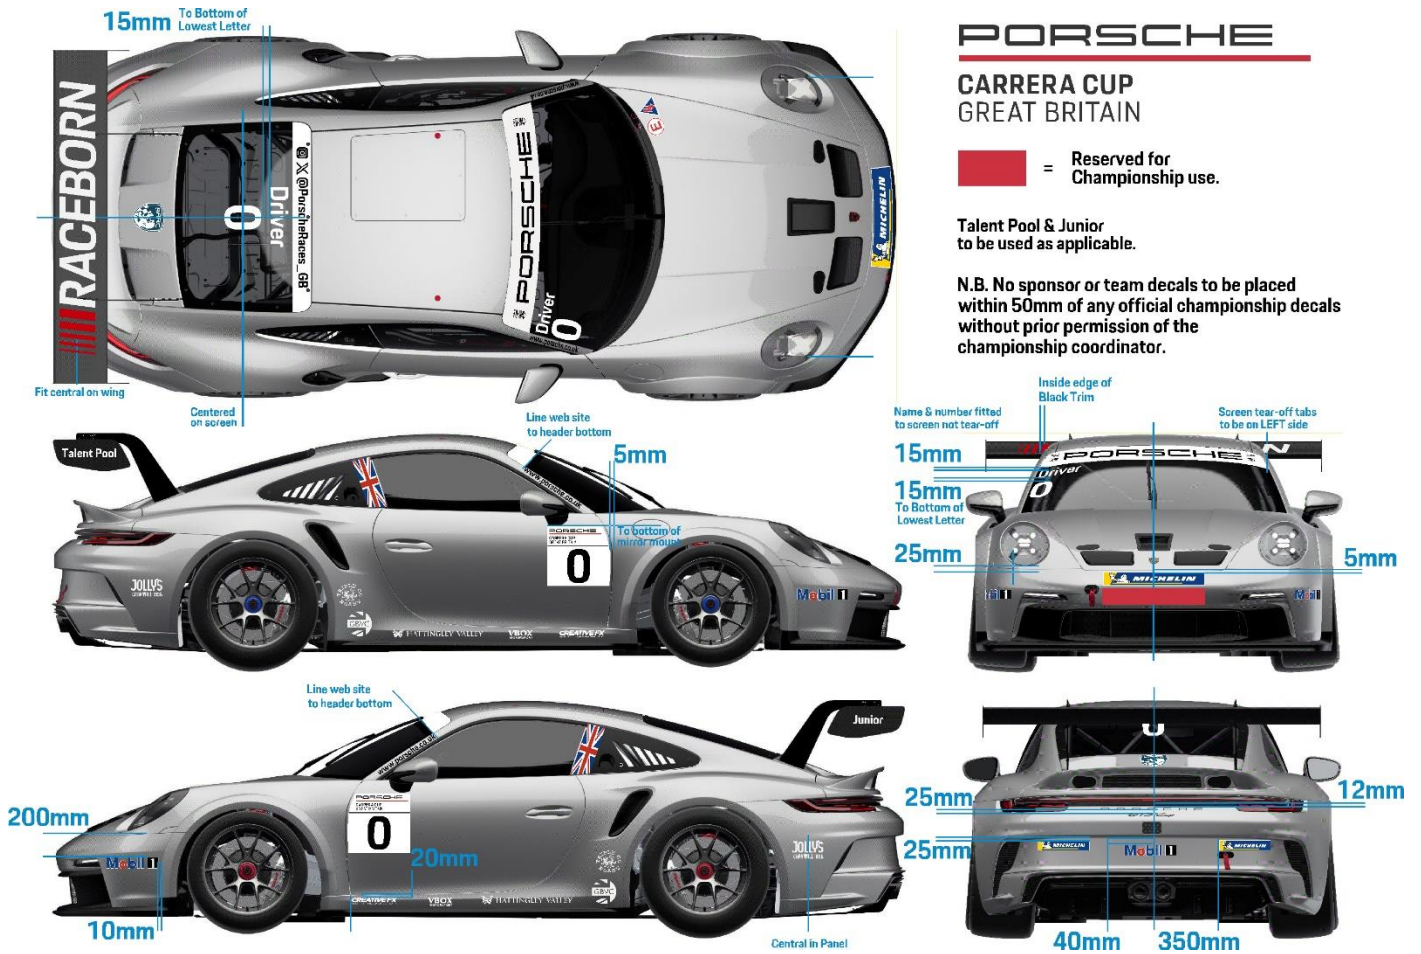

in which case the Registration Fee will be half of the abovementioned price. If the Driver is eligible for a discount pursuant to this Section 6.17.3, the Driver shall be ineligible for Early Registration Reward A or Early Registration Reward B.

- 6.17.4 Porsche will provide any Entrant that has two or more Drivers registered for the Championship before 31 March 2026 with the use of a Cayenne for the duration of the Season, provided that:

- (A) such Entrant accepts Porsche's hire terms and conditions; and
- (B) such Entrant takes out the insurance policies in relation to that Cayenne as requested by Porsche,

save that Porsche may determine, in its sole discretion, not to provide any Entrant with a Cayenne (for example) if that Entrant (or persons associated with that Entrant) was provided with a Cayenne in a previous Season and failed to exercise proper and/or adequate care of, and in relation to their use of, the vehicle, and/or breached the applicable hire terms and conditions.

APPENDIX 1: CHAMPIONSHIP LIVERY POSITIONS

PORSCHE

**CARRERA CUP
GREAT BRITAIN**

= Reserved for Championship use.

Talent Pool & Junior to be used as applicable.

N.B. No sponsor or team decals to be placed within 50mm of any official championship decals without prior permission of the championship coordinator.

APPENDIX 2: CHAMPIONSHIP REGISTRATION FORM

The 2026 Porsche Carrera Cup Great Britain (the "**Championship**") will be governed by regulations issued by Porsche (the "**2026 Regulations**"). This Registration Form is made available by Porsche prior to the 2026 Regulations being finalised. Each driver and (if relevant) entrant that is accepted to participate in the Championship will be provided with a copy of the 2026 Regulations and be required to sign and deliver to Porsche an acceptance form to acknowledge and accept the final published version (the "**Acceptance Form**") prior to that driver or entrant's participation in the Championship. If any driver or (if relevant) entrant does not agree to the terms of the 2026 Regulations, they shall promptly notify Porsche and, unless Porsche and that driver or entrant agree otherwise, that driver or entrant's registration for the Championship shall cease and Porsche shall refund to that driver or entrant the Registration Fee paid by (or on behalf of) that driver or entrant as set out in Section 6 below.

Any defined terms used in this Registration Form (and not otherwise defined in this Registration Form) shall have the meanings given to them in the regulations for the 2025 Porsche Carrera Cup (applied with any necessary changes having been made for the Championship).

Please complete this Registration Form in BLOCK CAPITALS and return it to the Championship Coordinator. All sections must be completed in full and this Registration Form must be signed by the potential Driver and by the Entrant Manager on behalf of that potential Driver's Entrant.

As a responsible business, Porsche takes bribery and money laundering very seriously, and as a consequence Porsche's onboarding process includes orthodox anti-bribery and anti-money laundering investigations.

SECTION 1: DRIVER DETAILS

Please provide the following information about the Driver:

Full name (including any middle names): _____

Home address: _____

Date of birth: _____

Nationality: _____

Preferred contact telephone number: _____

Alternative contact telephone number: _____

Email address: _____

BARC membership number and expiry date: _____

Licence grade/issuing ASN: _____

Licence number: _____

EXECUTION VERSION

Please also provide the details of the person that Porsche should contact in the event that the Driver is involved in a serious accident:

Name: _____

Address: _____

Telephone number: _____

If the Driver is under 18 years of age, please also provide the following information for the Driver's parent or legal guardian:

Name: _____

Address: _____

Telephone number: _____

Email address: _____

Bank details (for payments to/from Porsche, including prize monies. Please note that prize money must be paid directly into the Driver's personal account).

Account name: _____

Account number: _____

Sort code: _____

Swift code: _____

Bank name: _____

Bank address: _____

IBAN: _____

EXECUTION VERSION

SECTION 2: TEAM DETAILS

Please provide the details of the Entrant that the Driver will represent:

Entrant name: _____

Address: _____

Telephone number: _____

Email address: _____

Entrant Manager: _____

Licence number: _____

Type of legal entity (please tick where relevant or otherwise specify).

- Limited Company
- Limited Liability Partnership
- Partnership
- Unincorporated Association
- Other (please specify):

Entity name (please supply registered name, if applicable) _____

Address (please supply registered address, if applicable): _____

Registered number (if applicable): _____

Bank details (for payments to/from Porsche, including prize monies and any registration fees paid by the Entrant):

Account name: _____

Account number: _____

Sort code: _____

Swift code: _____

Bank name: _____

Bank address: _____

IBAN: _____

EXECUTION VERSION

SECTION 3: CAR DETAILS

Please provide the details of the Car:

Model: _____

Model year: _____

Chassis number: _____

Capacity: _____

Engine number: _____

SECTION 4: CHAMPIONSHIP SCHEDULE

Rounds	Circuit	Date
Rounds 1 and 2	Donington Park (National)	16 – 19 April 2026
Rounds 3 and 4	Brands Hatch (Indy)	8 – 10 May 2026
Rounds 5 and 6	Snetterton	22 – 24 May 2026
Rounds 5 and 6	Thruxton	24 – 26 July 2026
Rounds 7 and 8	Donington Park GP	20 – 23 August 2026
Rounds 9 and 10	Croft	4 – 6 September 2026
Rounds 13 and 14	Silverstone (National)	25 – 27 September 2026
Rounds 15 and 16	Brands Hatch (GP)	9 – 11 October 2026

SECTION 5: CATEGORY SELECTION

Please tick where relevant to indicate the Category in which the Driver wishes to compete.

- Professional
- Professional Amateur
- Masters

In addition, please note that any Driver that qualifies as a Talent Pool Driver in accordance with the 2026 Regulations shall be automatically entered in the Talent Pool Championship.

EXECUTION VERSION

SECTION 6: PAYMENT OF THE REGISTRATION FEE

The Registration Fee for each Category is as follows*:

Professional Category - £32,000 plus VAT

Professional Amateur Category - £32,000 plus VAT

Masters Category - £27,000 plus VAT

*save for if: (a) the Driver was the winner of the Professional or Amateur Categories in the Porsche Sprint Challenge GB 2025; or (b) the Driver participated in the 2026/2027 Porsche Carrera Cup GB Junior Shootout but did not become the 2026/2027 Porsche Carrera Cup GB Junior;; or (c) the Driver was the winner of the following 2025 British Championships: (i) GT3 Overall champion of the British GT; (ii) GT4 Overall champion of the British GT; (iii) Overall champion of the FIA British F3; (iv) Overall champion of the FIA British F4; (v) Professional Class champion of the Ginetta GT Championship; (vi) Overall champion of the Ginetta Junior Championship; (vii) Overall Champion of the Ginetta GT Academy Championship (viii) JCW Class in the MINI Challenge Championship; (ix) Class 1 champion of the Porsche Club Championship; or (x) Overall Champion of the GT Cup Championship, in which case the Registration Fee will be half of the abovementioned price.

The Registration Fee must be paid by bank transfer using the following bank account details:

Account name: Porsche Cars Great Britain Limited

Account number: 30658782

Sort code: 20-71-29

Swift code: BARCGB22

Bank name: Barclays Bank PLC

Bank address: 1 Churchill Place, London E14 5HP

IBAN: GB58 BARC 2071 2930 6587 82

Please tick where relevant below to indicate who will be paying the Registration Fee:

Paid in full from the Driver's personal account

Paid in full by the Entrant on the Driver's behalf

Paid by a business account from a third party such as a Competitor Sponsor on the Driver's behalf

 Paid by a family member or other individual on the Driver's behalf

If part or all of the Registration Fee is being paid by anybody or any entity other than the Driver or (if relevant) the Entrant, then that third party must fill in and sign Section 11 below.

SECTION 7: RACE NUMBER REQUEST

Please indicate the three choices, in order, for the Driver's Race Number.

First choice: _____

Second choice: _____

Third choice: _____

EXECUTION VERSION

SECTION 8: SIGNATURE BLOCK FOR ALL DRIVERS

IMPORTANT: All Drivers must read this section, tick each box to confirm his acceptance of each of the below and then sign below. If a Driver is under 18 years of age then a parent or legal guardian must also complete Section 9 below.

I hereby acknowledge and agree to the following in electing to participate in the Championship:

I declare that I have been given the opportunity to read, and agree to be bound by, the Motorsport UK Regulations and further confirm that, once I have signed the Acceptance Form, I agree to be bound by the 2026 Regulations.

I understand that motorsport can be dangerous and accidents causing death, injury, disability and property damage can and do happen. I understand that these risks may give rise to my suffering personal injury or other loss and I acknowledge and accept these risks. In consideration of the acceptance of this entry I agree that neither any one of or any combination of Motorsport UK, the Organising Club, Porsche, the Porsche Group, the Track Owners, the other Drivers and the other Entrants and their respective group companies, officers, servants, representatives and agents (the "**Parties**") shall have any liability for loss or damage that may be sustained or incurred by me as a result of participation in the Championship including but not limited to damage to property, economic loss, consequential loss or financial loss howsoever caused. To the fullest extent permitted by applicable law, I agree to indemnify and hold harmless each of the Parties in respect of any loss or damage arising directly or indirectly from my participation in the Championship or from any breach by me of the terms of this Registration Form (including without limitation providing any false or misleading information), the 2026 Regulations and/or Motorsport UK Regulations. Nothing in this clause is intended to (or shall be deemed to) exclude or limit liability: (i) for death or personal injury caused by the negligence of one or more Parties; or (ii) for any other liability that cannot be excluded or limited under applicable law.

I declare that to the best of my belief I possess the standard of competence necessary for the Championship and that the Car is suitable and roadworthy for the Championship having regard to the Tracks that the Car will be raced on and the speeds that will be reached.

I am a racing member of BARC and am in possession of a valid Motorsport UK Competition Licence Race National minimum (or equivalent licence issued by Motorsport Ireland or, if the Driver is registered with a different ASN (as defined in the Motorsport UK Regulations), meet the requirements set out in Motorsport UK Regulation H25.2.1 to the satisfaction of BARC) for the Car I intend to drive and will produce it for inspection on demand by Porsche.

I will wear a seatbelt at all times when in the Car.

I shall pay attention to, and comply with, all instructions given to me by the employees and/or agents of Porsche, the Organising Club and/or Motorsport UK prior to each Event, and I am fully familiar with the controls and operation of the Car. Accordingly, if there is any aspect of the controls or operation of the Car with which I am uncertain or unfamiliar, I will not drive the Car until further instruction has been given to me by the employees and/or agents of Porsche, the Organising Club and/or Motorsport UK prior to or during that Event.

I declare that: (i) I am physically and mentally fit to take part in the Championship and I am competent to do so, I acknowledge that I understand the nature and type of the Championship and the potential risk inherent with motorsport and agree to accept that risk; and (ii) my eyesight is up to the standard required for the Championship. I am not suffering from haemophilia and have no history of epilepsy, colour blindness or any other medical condition or disability that is likely to adversely affect my ability to take part in the Championship or my normal control of a vehicle. I will not, at any time during any Event, be under the influence of alcohol and I acknowledge and agree that Porsche may require me to submit a breathalyser test prior to participating in any Event as set out in the 2026 Regulations. I am not, and will not be at any time during any Event, taking any form of medication, drugs or other substances, and I do not know of any other reason, which would restrict me from participating in the Championship and/or impair my driving abilities. If any of the foregoing ceases to be correct, I shall immediately notify Porsche.

I understand that should I, at the time of any Event, be suffering from any disability whether permanent or temporary that is likely to affect prejudicially my normal control of my Car, I may not take part unless I have declared such disability to Motorsport UK which has, following such declaration, issued a licence that permits me to do so.

I have read and fully understood the regulations for Control of Drugs and Alcohol as contained in the Motorsport UK Regulations, in particular C1.1.7, H38, D35.1, G15.1.4 and have also fully familiarised myself with the information on the web sites referred to (www.motorsportuk.org, www.ukad.org.uk and www.wada-ama.org) in particular the UK Anti-Doping Rules, which have been adopted by Motorsport UK.

I hereby agree to abide by the Motorsport UK Safeguarding Policy and Guidelines and the National Sporting Code of Conduct, each as set out in the Motorsport UK Regulations.

EXECUTION VERSION

I hereby represent, warrant and undertake that, as of today's date, and on a repeating basis on each day throughout the Championship, I am not a shareholder of any of the following entities: (a) Porsche Automobil Holding SE, including its subsidiaries; (b) Federal State of Lower Saxony & companies in which it has a majority holding; (c) State of Qatar & companies in which it has a majority holding; or (d) Companies and Foundations of the Porsche and Piëch families. I will notify Porsche immediately if I become a shareholder of any of the foregoing entities. Porsche may terminate my registration in the Championship with immediate effect at any time by giving written notice to me if I breach any of the foregoing.

I acknowledge that Porsche Cars Great Britain Limited will process the personal data (including without limitation the personal data provided in this form and provided in accordance with Section 6.6 (Use of Entrant Logo and Driver imagery) of the 2026 Regulations) for the purposes of my participation in, and the administration and operation of, the Championship and the purposes set out in Section 6.6 (Use of Entrant Logo and Driver imagery) of the 2026 Regulations. Further details of how Porsche Cars Great Britain Limited may use my personal data are set out in the privacy policy available at <https://www.porsche.com/uk/privacy-policy/>.

Whilst each Driver benefits from the insurance policy taken out by Motorsport UK in accordance with the Motorsport UK Regulations (see Appendix 2 to the Motorsport UK Regulations) for all Rounds, the Driver will not be covered for certain types of losses that he may suffer or certain types of liability that he may incur in his participation in the Championship. Porsche strongly recommends that the Driver takes out his own insurance policies to protect him against: (1) any liability he may incur for personal injury or property damage caused by his negligence whilst on a Track; and (2) any personal injury or property damage he may suffer participating in Test Days.

Future Contact

Porsche Cars Great Britain Limited would like to contact you in future with information about its products, services or events and/or the products, services or events of its group companies or carefully selected commercial partners. If you would like us to send you information about these products, services or events, please tick the appropriate box or boxes below. Ticking the boxes below and consenting to receiving this information is completely optional and you can unsubscribe and withdraw your consent at any time. EXECUTION VERSION

SECTION 9: SIGNATURE BLOCK FOR PARENT/LEGAL GUARDIAN IF THE DRIVER IS UNDER 18 YEARS OF AGE

IMPORTANT: If the Driver is under 18 years of age, a parent or legal guardian of the Driver must read this section, tick each box to confirm their acceptance of each of the below and then sign below. Drivers over 18 years of age do not need to complete this section.

I hereby acknowledge and agree to the following:

I declare that to the best of my belief the Driver possesses the standard of competence necessary for the Championship and that the Car entered is suitable and roadworthy for the Championship having regard to the Tracks that the Car will be raced on and the speeds that will be reached.

I understand that I shall have the right to be present during any medical procedure being carried out under the 2026 Regulations and the Motorsport UK Regulations. I confirm that I have acquainted myself and the Driver with the Motorsport UK Regulations and the 2026 Regulations, agree to pay any appropriate charges and fees pursuant to the Motorsport UK Regulations and the 2026 Regulations (to include any appendices thereto) and hereby agree to be bound by the Motorsport UK Regulations and the 2026 Regulations and submit myself without reserve to the consequences resulting from the Motorsport UK Regulations and the 2026 Regulations (and any subsequent alteration thereof). Further, I shall use my best endeavours to ensure that the Driver shall adhere to the terms of the Motorsport UK Regulations and the 2026 Regulations (including, but not limited to, the Commercial Regulations) and agree to pay as liquidated damages any fines imposed upon the Driver under the Motorsport UK Regulations and the 2026 Regulations (including, for the Motorsport UK Regulations, up to the maxima set out in Part 3, Appendix 1).

I have read and fully understood the regulations for Control of Drugs and Alcohol as contained in the Motorsport UK Regulations, in particular C1.1.7, H38, D35.1, G15.1.4 and have also fully familiarised myself with the information on the web sites referred to (www.motorsportuk.org, www.ukad.org.uk and www.wada-ama.org) in particular the UK Anti-Doping Rules, which have been adopted by Motorsport UK. In addition to the deemed consent to the testing of the Driver (2021 UK Anti-Doping Rule 5.7.1) I hereby confirm that I give consent for the Driver to be so tested.

I hereby agree to abide by the Motorsport UK Safeguarding Policy and Guidelines and the National Sporting Code of Conduct, each as set out in the Motorsport UK Regulations.

To the fullest extent permitted by applicable law, I agree to indemnify and hold harmless Porsche and its group companies in respect of any loss or damage whatsoever and howsoever arising from the Driver's breach of any of the terms of Section 8 above.

I hereby agree that, as of today's date, and on a repeating basis on each day throughout the Championship, I am not a shareholder of any of the following entities: (a) Porsche Automobil Holding SE, including its subsidiaries; (b) Federal State of Lower Saxony & companies in which it has a majority holding; (c) State of Qatar & companies in which it has a majority holding; or (d) Companies and Foundations of the Porsche and Piëch families. I will notify Porsche immediately if I become a shareholder of any of the foregoing entities. Porsche may terminate the Driver's registration in the Championship with immediate effect at any time by giving written notice to the Driver if I breach any of the foregoing.

I acknowledge that Porsche Cars Great Britain Limited will process both my and the Driver's personal data (including without limitation the personal data provided in this form and provided in accordance with Section 6.6 (Use of Entrant Logo and Driver imagery) of the 2026 Regulations) for the purposes of the Driver's participation in, and the administration and operation of, the Championship and the purposes set out in Section 6.6 (Use of Entrant Logo and Driver imagery) of the 2026 Regulations. Further details of how Porsche Cars Great Britain Limited may use the Driver's personal data are set out in the privacy policy available at <https://www.porsche.com/uk/privacy-policy/>.

Future Contact

Porsche Cars Great Britain Limited would like to contact you in future with information about its products, services or events and/or the products, services or events of its group companies or carefully selected commercial partners. EXECUTION VERSION

Signed by the parent/legal guardian: Dated: _____

NB. if this Registration Form is submitted by facsimile or by any other electronic communication, that parent or legal guardian must submit this Registration Form.

EXECUTION VERSION

SECTION 10: SIGNATURE BLOCK FOR THE ENTRANT

On behalf of the Entrant, the Entrant Manager must read this section, tick each box to confirm acceptance of each of the below and then sign below.

The information provided by the Driver in this Registration Form, to the best of the Entrant's knowledge and after having made reasonable enquiries, is true, accurate and complete.

If any of the information provided in this Registration Form changes or ceases to be accurate during the Season, the Entrant will promptly notify Porsche accordingly.

The Entrant enters the Championship entirely at its own risk and accepts the inherent risks associated with the Championship for the Entrant and each of its employees, agents, directors and consultants (the "**Entrant Members**").

The Entrant holds a valid Motorsport UK National Entrants Licence and will continue to do so throughout the Championship.

The Entrant shall pay attention to all instructions given to any Entrant Member by the employees and/or agents of Porsche, the Organising Club and/or Motorsport UK prior to each Event.

Each Entrant Member is medically both mentally and physically fit to fulfil the role assigned to him in relation to the Championship.

Porsche, the Organising Club, each Track Owner and their respective employees, officers, servants representatives and agents (each, a "**Party**") will not be responsible for any liability, claim, loss, damage, costs or expenses of any kind or nature arising directly or indirectly from the Entrant's participation in the Championship (except for any liability of a Party for death or personal injury caused by any negligence of that Party, its employees or agents). No claim of whatsoever kind shall be made by the Entrant or on the Entrant's behalf against any Party. To the fullest extent permitted by applicable law, the Entrant agrees to indemnify and hold harmless each of the Parties in respect of any loss or damage arising directly or indirectly from the Entrant's participation in the Championship or from any breach by the Entrant of the terms of this Registration Form (including without limitation providing any false or misleading information), the 2026 Regulations and/or the Motorsport UK Regulations. Nothing in this clause is intended to (or shall be deemed to) exclude or limit liability: (i) for death or personal injury caused by the negligence of one or more Parties; or (ii) for any other liability that cannot be excluded or limited under applicable law.

The Entrant holds property insurance and public liability insurance, each in respect of the Entrant's participation in the Championship, and the Entrant will ensure all the conditions of such insurance policies are complied with.

The Entrant has read, and agrees to be bound by, the Motorsport UK Regulations and further confirms that, once the Entrant has signed the Acceptance Form, the Entrant agrees to be bound by the 2026 Regulations.

The Entrant hereby represents, warrants and undertakes that, as of today's date, and on a repeating basis on each day throughout the Championship, it is not a shareholder of any of the following entities: (a) Porsche Automobil Holding SE, including its subsidiaries; (b) Federal State of Lower Saxony & companies in which it has a majority holding; (c) State of Qatar & companies in which it has a majority holding; or (d) Companies and Foundations of the Porsche and Piëch families. The Entrant will notify Porsche immediately if it becomes a shareholder of any of the foregoing entities. Porsche may terminate the Entrant's registration in the Championship with immediate effect at any time by giving written notice to the Entrant if it breaches any of the foregoing.

The Entrant Manager is authorised to bind the Entrant.

I acknowledge that Porsche Cars Great Britain Limited will process the personal data (including without limitation the personal data provided in this form and provided in accordance with Section 6.6 (Use of Entrant Logo and Driver imagery) of the 2026 Regulations) for the purposes of the Entrant's participation in, and the administration and operation of, the Championship and the purposes set out in Section 6.6 (Use of Entrant Logo and Driver imagery) of the 2026 Regulations. Further details of how Porsche Cars Great Britain Limited may use the Entrant's personal data are set out in the privacy policy available at <https://www.porsche.com/uk/privacy-policy/>.

Future Contact

Porsche Cars Great Britain Limited would like to contact you in future with information about its products, services or events and/or the products, services or events of its group companies or carefully selected commercial partners. PORSCHE

CARRERA CUP
GREAT BRITAIN

Teams must install 2 x FIA IDR devices and their labels, into the Cars. The below guide shows how this should be done.

Chassis Fitment

The FIA IDR device with the QR code on top must be placed at the back of the central tunnel and pointing towards the front as it can be seen in figure 1, while the label must be placed on the right side of the central tunnel as it can be seen in figure 2.

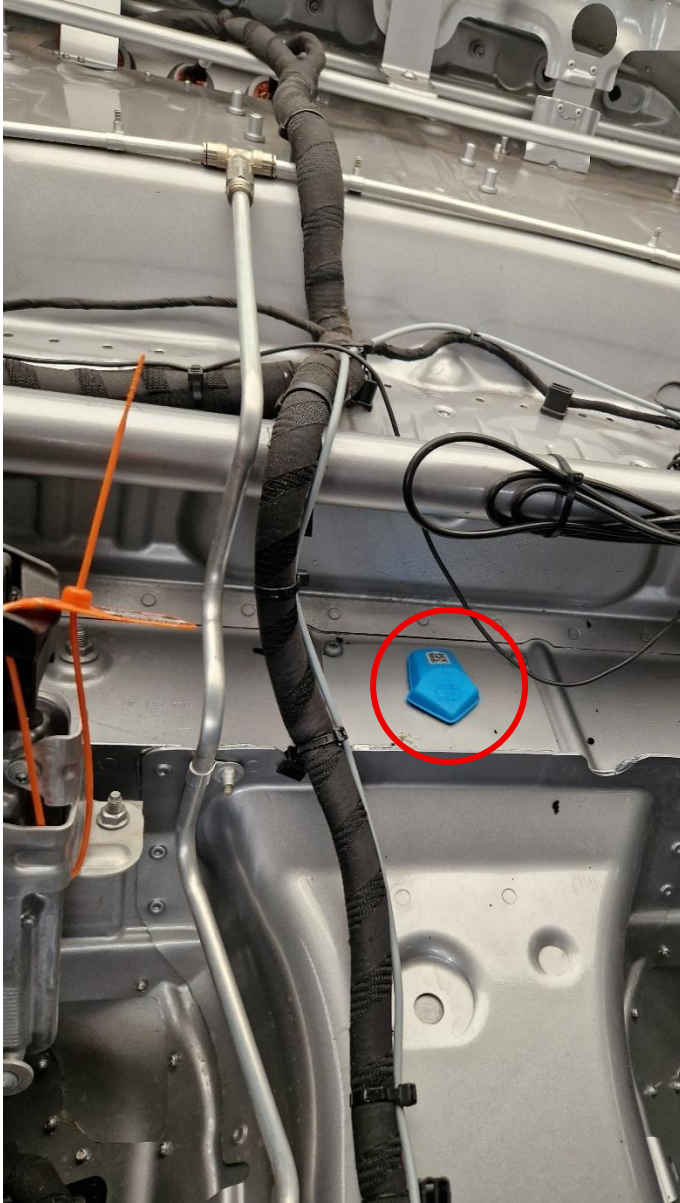

Figure 1. FIA ADR Device

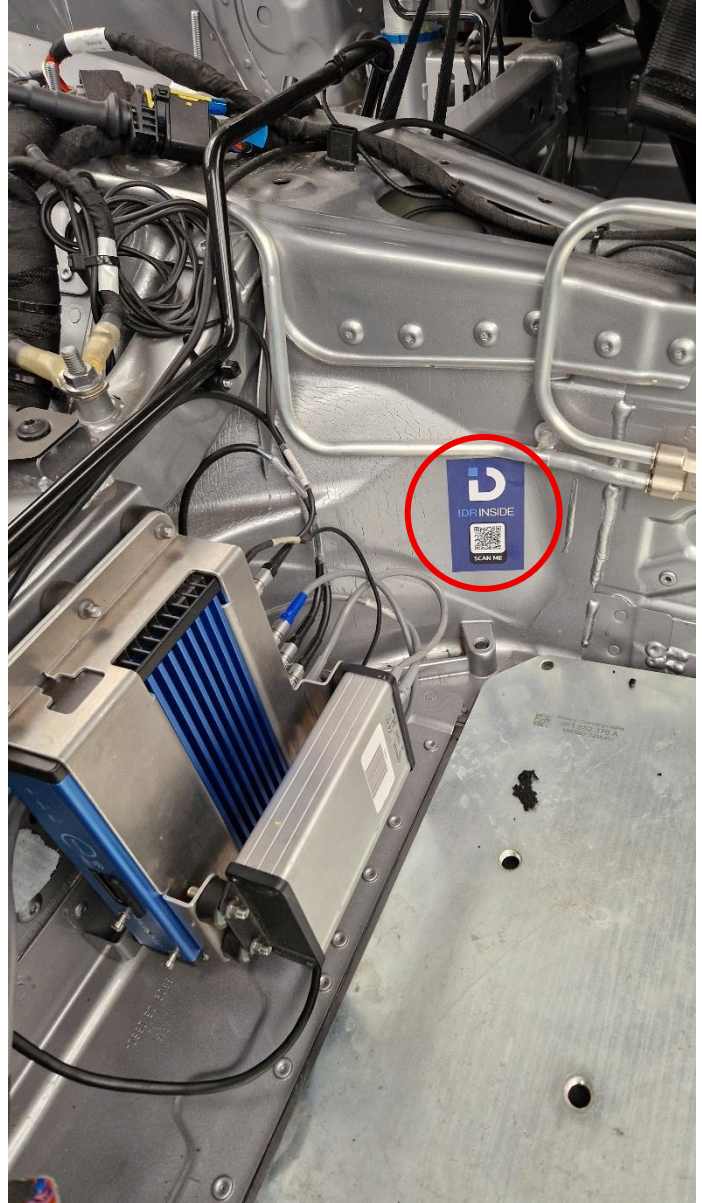

Figure 2. FIA ADR Label

Seat Fitment

The FIA IDR device without the QR code must be placed on the back of the driver seat and pointing upwards as it can be seen in figure 3, while the label must be placed on the left side of the driver seat as it can be seen in figure 4.

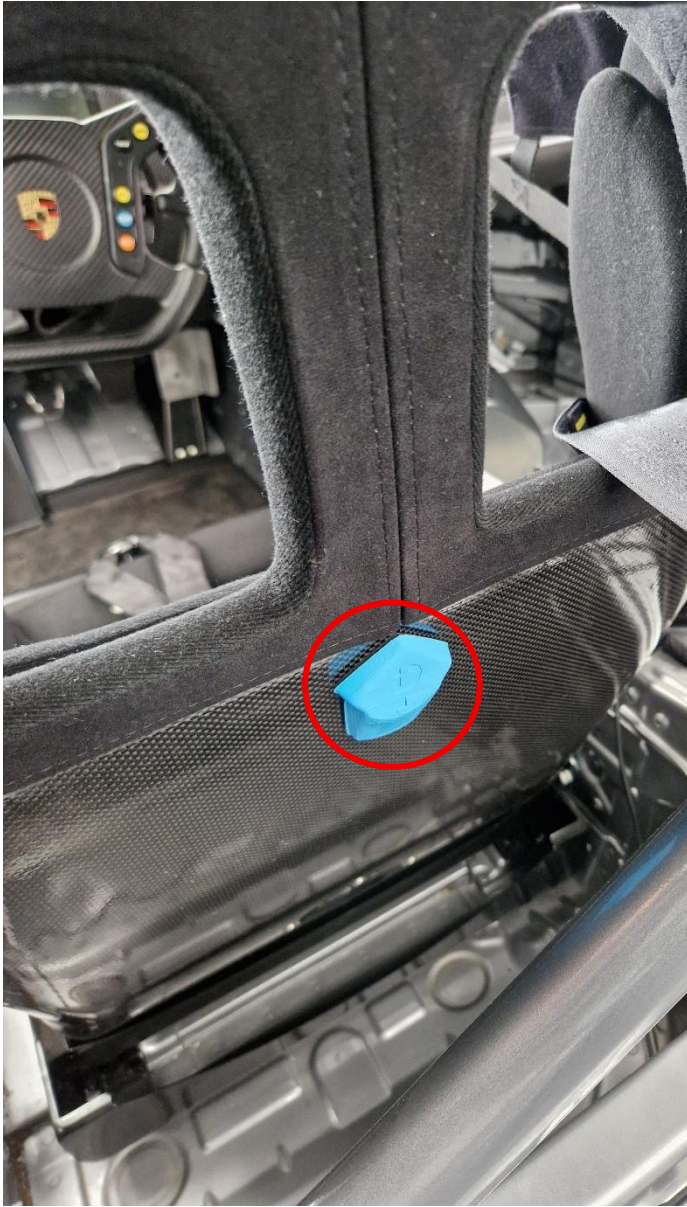

Figure 3. FIA ADR Device

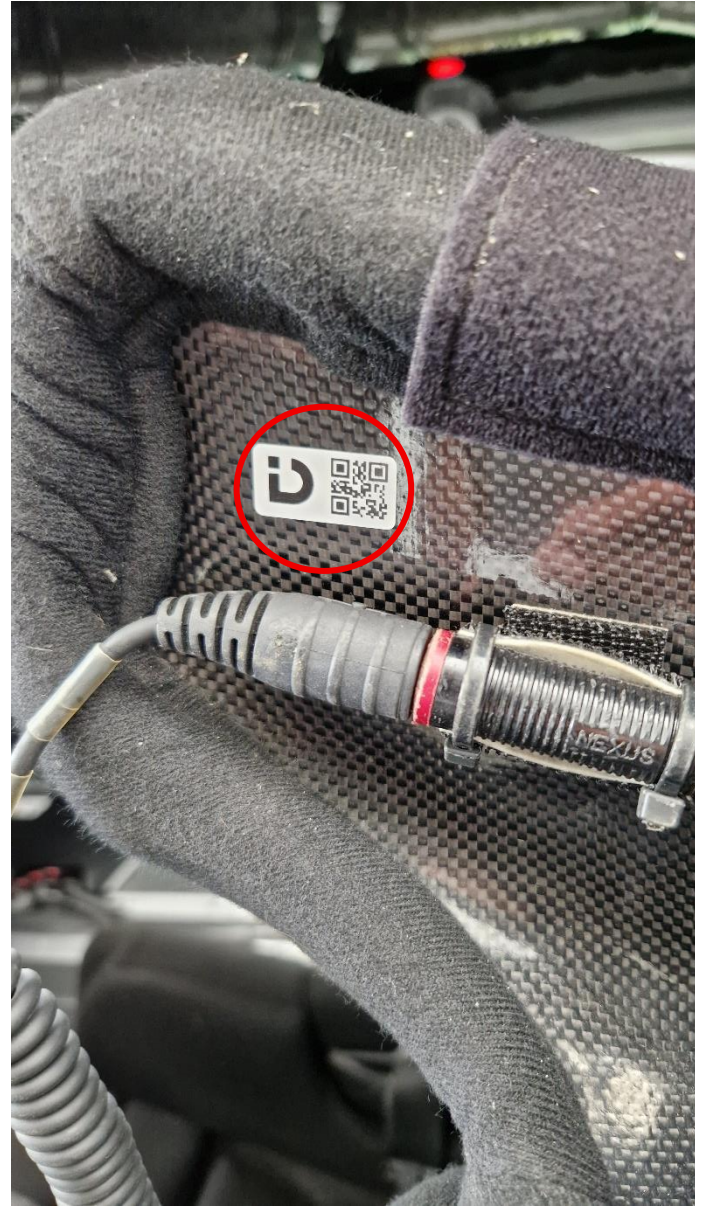

Figure 4. FIA ADR Label

Note that the devices can be transferred to another chassis if required – Porsche MUST be informed of the new Chassis Number. The devices will operate for approximately two years from the date of activation. It is the responsibility of the Entrant / Driver to ensure that the devices are replaced and activated after 2 years.

EXECUTION VERSION

APPENDIX 10: TYRES

The table below sets out a summary of some of the tyre allocation and declaration rules set out in Sections 5.14 to 5.15 (inclusive). This table is not intended to replace Sections 5.14 to 5.15 (inclusive) and each Driver and Entrant should refer to those Sections for the full rules in relation to tyre allocation and declaration.

	Fixtures in relation to the first Event					Fixtures in relation to Event 2 to Event 8 (inclusive)				
	Friday Free Practice	Qualification Session	Race 1	Race 2	Maximum quantity of tyre sets	Friday Free Practice	Qualification Session	Race 1	Race 2	Maximum quantity of tyre sets
New tyre set	No	Yes	Yes	Yes	3	Yes	Yes	Yes	Yes	3
Previously declared tyre sets	N/A	N/A	N/A	N/A	N/A	Yes	No	Yes	Yes	2
Championship Launch Day tyre sets (or such other used tyres approved by Porsche)	Yes	No	Yes	Yes	2	N/A	N/A	N/A	N/A	N/A

APPENDIX 11: INDEMNITY FORM FOR DRIVER COACHES

PARTICIPATION FORM – DRIVER COACH

This form sets out the obligations of the Driver Coach in relation to the Porsche Carrera Cup Great Britain event at the Circuit (in each case, as defined below) (the "Porsche Test Day"). The Driver Coach should read, fill in and sign below.

Please provide the following details:

Porsche Test Day Location: _____

Name of Driver Coach: _____ (the "Driver Coach")

Address: _____

Telephone no: _____

Date of birth: _____

Please read the below and then sign to confirm your acceptance of each issue. Defined terms used in this form have the meaning given to them in the regulations issued by Porsche in relation to the Championship.

I declare that I have been given the opportunity to read, and agree to be bound by, the Regulations. I declare that I am physically and mentally fit to take part in the Porsche Test Day and I am competent to do so, I acknowledge that I understand the nature and type of the Porsche Test Day and the potential risk inherent with motor sport and agree to accept that risk.

I agree to comply with all instructions given to me by (or on behalf of) Porsche in relation to the Porsche Test Day, including all rules relating to the Track issued by the Track Operator.

I agree to attend the Drivers' briefing organised by Porsche in advance of driving on the Track.

I understand that motorsport can be dangerous and accidents causing death, injury, disability and property damage can and do happen. I understand that these risks may give rise to my suffering personal injury or other loss and I acknowledge and accept these risks. In consideration of the acceptance of my participation in the Porsche Test Day I agree that neither any one of or any combination of Porsche, a member of Porsche's group, the relevant Track Operator, the Driver, the Entrant, the other drivers and entrants and the other teams and their respective officers, servants, representatives and agents (the "**Parties**") shall have any liability for loss or damage which may be sustained or incurred by me as a result of participation in the Porsche Test Day including but not limited to damage to property, economic loss, consequential loss or financial loss howsoever caused. To the fullest extent permitted by applicable law, I agree to indemnify and hold harmless each of the Parties in respect of any loss or damage arising directly or indirectly from my participation in the Championship or from any breach by me of the terms of this participation form. Nothing in this clause is intended to (or shall be deemed to) exclude or limit liability: (i) for death or personal injury caused by the negligence of one or more Parties; or (ii) for any other liability that cannot be excluded or limited under applicable law.

I shall at all times during the Porsche Test Day use all reasonable skill and care when in the Car and will not encourage or, to the extent of my control, permit the Driver to drive recklessly or dangerously.

I hold all driving licences necessary to participate in the Porsche Test Day, including a valid Motorsport UK Competition Licence (Racing) Race National minimum or equivalent Licence issued by Motorsport Ireland (or, if the Driver is registered with a different ASN, meet the requirements set out in NCR 6.3.2 to the satisfaction of Porsche). I will produce the relevant licence(s) for inspection on demand by Porsche.

I will wear a seatbelt at all times when in the Car.

EXECUTION VERSION

I acknowledge and agree that Porsche may arrange for audio, visual and/or audio-visual footage to be taken of the Porsche Test Day and that I may appear in such footage. I agree that Porsche may use (and/or license others – such as commercial partners of Porsche related to the Porsche Carrera Cup (the "**Commercial Partners**") – to use) such footage (which may also include my name and voice) in (and in connection with) the transmission (via any medium) of coverage of the Porsche Test Day (including through Porsche Test Day official and other communications equipment and microphones), as well as in advertising and promotional material relating to the Porsche Test Day or current or future Porsche Carrera Cups or other racing championships administered by Porsche (such as, without limitation, media guide covers, programme covers, stadium dressing, television promotions, posters and advertising), and/or in advertising and promotional material produced by or on behalf of the Commercial Partners from time to time to promote their association with the Porsche Carrera Cup or future championships administered by Porsche, in each case without charge; provided always that no such use shall suggest individual endorsement by me of the products or services of any such Commercial Partners.

Porsche strongly recommends that you take out your own insurance policies to protect you against: (1) any liability you may incur for personal injury or property damage caused by your negligence whilst participating in the Porsche Test Day; and (2) any personal injury or property damage that you may suffer from participating in the Porsche Test Day.

I acknowledge that Porsche Cars Great Britain Limited will collect and use the personal data provided in this form for the purposes of my participation as a Driver Coach during the Porsche Test Day. Further details of how Porsche Cars Great Britain Limited may use my personal data are set out in the privacy policy available at <https://www.porsche.com/uk/privacy-policy/>.

Future Contact

Porsche Cars Great Britain Limited would like to contact you in future with information about its products, services or events and/or the products, services or events of its group companies or carefully selected commercial partners. If you would like us to send you information about these products, services or events, please tick the appropriate box or boxes below. Ticking the boxes below and consenting to receiving this information is completely optional and you can unsubscribe and withdraw your consent at any time. Your main point of contact for reviewing, amending or discussing your consent preference is James MacNaughton via telephone at 01189 252732, by email at porschemotorsportgb@porsche.co.uk, or by post at Porsche Motorsport Dept, Porsche Cars GB, Bath Road, Calcot, Berkshire, RG31 7SE.

Yes, I would like Porsche Cars Great Britain Limited to send me this information by:

Signed by the Driver Coach: Dated: _____ 2026

APPENDIX 12: SOCIAL MEDIA POLICY

Porsche acknowledges that social media is an important form of communication for many Drivers and Entrants and provides an excellent opportunity to engage with fans. Use of social media can, however, also create risk to the reputation of Drivers, Entrants, Porsche, the Championship, TOCA and the Organising Club. In addition, use of social media also can risk the confidentiality of information. Therefore, in addition to the obligations set out elsewhere in these Regulations, Porsche requires each Driver and each Entrant to abide by this Social Media Policy in all uses of any Social Media Platform to ensure the appropriate, responsible and professional use of social media in relation to the Championship.

1. This policy applies to the use of all Social Media Platforms by Drivers, Entrants and any person or entity acting on their behalf (including employees (direct or indirect), directors, consultants, mechanics, agents or other third parties).
2. To the extent Porsche has an official Championship account on a Social Media Platform, Porsche encourages each Entrant and Driver to link its/their account on that Social Media Platform to such official account.
3. Each Driver and Entrant represents, warrants and undertakes that:
 - (a) he/it will not use any Social Media Platform in a way that:
 - (i) breaches any obligations of confidentiality owed to the Porsche, the Porsche Group, any Broadcaster, the Organising Club, any Track Operator, Motorsport UK, the FIA, any Official or any other Entrant or Driver or any of the foregoing's employees (direct or indirect), directors, consultants, mechanics or agents (the "**Stakeholders**" and each, a "**Stakeholder**");
 - (ii) breaches these Regulations, the NCR or the FIA Regulations;
 - (iii) is likely to bring any Stakeholder into disrepute;
 - (iv) is likely to cause any Stakeholder to breach these Regulations, the NCR or the FIA Regulations;
 - (v) is likely to cause damage to the reputation of any Stakeholder;
 - (vi) is likely to cause financial liability to any Stakeholder;
 - (vii) unlawfully discriminates against, harasses or victimises any third party, or is defamatory, obscene or offensive;
 - (viii) (unless expressly authorised in advance in writing by the Championship Coordinator) implies that it/he is representing the views of Porsche; and/or
 - (ix) criticises, questions or denigrates any decision made by an Official or the performance of any other Driver or Entrant;
 - (b) it/he will not post or otherwise communicate any audio, visual or audio-visual content related to the Championship, save as permitted in Sections 6.9, 6.10 and 6.11;
 - (c) when using any Social Media Platform, it/he will have regard at all times to the requirement to project a positive image of the Championship and Porsche; and
 - (d) it/he will comply with the reasonable instructions of the Championship Coordinator regarding the use of any Social Media Platform in relation to the Championship (including, without limitation, any instructions to amend and/or remove any communication or similar).
4. In addition to any other remedies for breach of the Commercial Regulations, the Championship Coordinator may require the Entrant or Driver to amend and/or remove any communication or similar that is in breach of this Social Media Policy.
5. Any queries relating to this Social Media Policy should be addressed to the Championship Coordinator.

APPENDIX 14: RACING WITH RESPECT

A socially-minded standard of behaviour is expected from everyone within the motorsport community.

By participating in a Motorsport UK event in any capacity you agree to follow the values of the Respect Code:

Motorsportuk.org/racewithrespect
#RaceWithRespect

The Values

- Respect
- Fair play
- Integrity
- Good Manners
- Self-Control

I pledge to #RaceWithRespect and:

- Contribute to a welcoming and friendly environment that ensures the safety and welfare of all participants.
- Always behave with integrity and uphold fairness in the sport; play my part in keeping the sport safe through my actions
- Treat everyone with respect, regardless of their gender, ethnic or socio-economic background, language, religious or other beliefs, disability, sexual identity or other status
- Recognise that we all represent the sport and therefore have a duty to be polite and respectful to all staff, officials, fellow competitors, volunteers, as well as fans and supporters
- Respect the rules, regulations and authority of the officials and Motorsport UK
- Any breach of these obligations may result in disciplinary action.

APPENDIX 15: ENVIRONMENTAL & SUSTAINABLE MANAGEMENT

As part of our commitment to the environmental and sustainable management of the Championship, participating Entrants, Drivers, suppliers, commercial partners and sponsors, and other stakeholders agree to comply with these core guidelines for improving the environmental, social, and economic impact of their participation in the Championship.

Before a Fixture/Event:

- **Information and Training:**

Entrants must ensure that all its staff members are informed and aware of:

- the significance of sustainable development;
- how their team can contribute to the sustainable management of Porsche;
- the environmental risks associated with their work activities, particularly to minimise the risk of a pollution incident; and
- the control measures implemented to remove or reduce any adverse environmental impacts.

- **Health and Safety**

- Entrants must implement all legal requirements related to workers' health and safety and comply with all applicable national laws on environmental matters.

- **Travel, Logistics & Transportation**

Entrants should take into consideration the following recommendations to minimise CO2 emissions:

- use vehicles with low-emission combustion engines, preferably with hybrid or all-electric technology;
- avoid single-occupancy travel; and
- where possible, use minibus-like vehicles instead of several cars.

When booking accommodation:

- consider accommodation located near the circuit;
- consider the accommodation's commitment to the environment and the local community; and
- take responsibility for the environment and local community.

During a Fixture/Event:

- **Soil, Water & Air Pollution:**

- Prevent spills of fuel, oils, detergents, coolant and brake fluids, or other soil contaminants.
- Use suitable containers to collect waste, oils, detergents, dirty cloths, etc.
- Implement any procedure to prevent the discharge of waste liquids from vehicles into the ground. Any waste spill including oil spills, must be notified to Porsche Motorsport team immediately.

- **Cleaning of Vehicles and Parts**

- Cleaning of trucks, vans, and vehicles should be performed with an effort not to waste water, so without letting the water run unnecessarily.
- If cleaning products are used, they should be eco-friendly or biodegradable.
- Wheel cleaning should be performed with water only and the water should be disposed of in designated areas. All Entrants must wash wheels in wheel washing basins.

EXECUTION VERSION

- **Waste Management**

- Each Entrant is responsible for its own waste. Entrants must dispose of general / recycling waste properly, using the designated containers provided by Porsche's waste management partner, Green Recycling.
- Waste generated by Entrant-specific activities - e.g. damaged car parts, brake pads etc. - should be carefully considered; worn tyres must be collected and returned to Protyre for recycling.
- Entrants should use their best endeavours to refrain from using 'single use plastics' within the Paddock area, their garages or awnings, or hospitality areas. In this respect 'single-use' is a term which can refer to any plastic item either designed to be used for one time, or likely to be used in that way, within the Paddock. Such items include (but are not limited to) disposable single-use plastic bottles of water or drinks, plastic cups, plastic cutlery, plastic straws, thin plastic carrier bags, plastic drink stirrers etc. An Entrant which has no practical alternative to the use of a fully recyclable single use plastic item due to an existing commercial partnership, must first submit for approval a comprehensive plan for the collection within the Paddock and the recycling of those items including providing evidence as to the completion of their recycling after each event.

- **Electricity and Energy Efficiency**

- Any electric power used by the Entrant should be primarily sourced from the permanent power supply available at the circuit rather than from portable generators.
- If a portable generator is needed due to reasons of force majeure, it must meet the following criteria:
 - it must be placed away from staff to avoid disturbance due to noise, vibration and fumes;
 - its size is appropriate for the intended use;
 - it must operate only when needed.
- Any electrical equipment and lighting systems used by the Entrant should preferably be energy-efficient and turned on only when necessary.

- **Promotional Material**

- Each Entrant and its partners and sponsors should opt for a digital advertising format and avoid distributing flyers, brochures or other printed materials.

- **Smoking**

- Entrants with team members who are smokers must ensure that such members refrain from throwing cigarette butts on the ground and utilise suitable fire-safe containers.
- The same behaviour is expected from all guests of the relevant Entrant (including guests of the Driver or team members).

- **Inclusion, Diversity & Communication**

- Entrants should encourage respect for diversity and ensure accessibility for people with disabilities.
- Entrants should adopt good practice by disseminating sustainability development themes amongst team members and guests.

- **Food Wastage**

- Entrants should ensure that its members should not put too much food on their plate during meals and leaving it uneaten, thus wasting it unnecessarily.

After a Fixture/Event:

- **Waste:**

- Entrants must ensure they leave any general / recycling waste in the designated green recycling bins located behind the Porsche Clubhaus.
- Waste should not be left around the paddock or circuit.

EXECUTION VERSION

- **Social and Economic Impact on Local Communities**
 - Entrants should be aware that they have a positive impact - in terms of spending for goods and services and of labour employment - on the areas and local communities hosting the PCCGB/PSCGB events and those where its operating facilities are located.

- **Continuous Improvement and Feedback**
 - Entrants are encouraged to indicate any aspects and areas that can be improved to reduce the environmental impact and enhance the social impact of its activities and those connected with Porsche by sending an email to porschemotorsportgb@porsche.co.uk
 - The suggestions will then be evaluated, including a possible further discussion with the Entrant proposing them.

Other recommendations:

1. Utilise the green recycling bins in your trucks / awnings wherever possible
2. Use environmental mats (should be approx. 1.60 x 3.75m)
3. No single-use plastics in your trucks / awnings i.e. switch from plastic water bottles to cans / boxes of water
4. Use tyre-washing basins
5. Don't leave hoses running when not being used

APPENDIX 16: SAFETY SELF-DECLARATION FORM

Vehicle Checklist - Race Events

Driver name		Fuel tank: expiry date	
Team name		Seat: expiry date	
Car #		Seat belt: expiry date	
Chassis #		Safety net: expiry date	
Cage #		Fire Extinguisher: expiry date	
Fuel Tank #			

Section	Item Inspected	Checked by- Initial	Date
Chassis	FIA homologated monocoque chassis with no splits, cracks or damage		
Roll cage	Certificated specifically designed cage with no modification or damage. FIA approved padding fitted.		
Fuel tank	FIA homologated FT3 foam filled tank. Cut off valve must be operational.		
Brakes	Brake master cylinder fluid levels checked. Brake bias mechanism must be free moving.		
Seat	Sabelt homologated seat securely fitted with no damage. Seat slide adjustment operational.		
Seat Insert (if fitted)	Correct type and material with no external markings.		
Seat belts	Scroth 6-point homologated belts mounted as set out in the Porsche Technical Manual In good condition and within date.		
Safety Nets	FIA homologated side safety nets mounted as set out in the Porsche Technical Manual. In good condition and within date.		
Steering wheel	Original multi-function steering wheel with fully operational quick release mechanism.		

EXECUTION VERSION

Electrical cut out	Functional internal and externally operated cut out switch. Marked with Porsche supplied FIA symbol.		
Fire Extinguisher	FEV electrically triggered fire extinguisher. Within date and battery tested. External trigger point marked with Porsche supplied FIA 'E' Symbol.		
Driver extraction	K.E.D. hatch fixings and hatch perimeter must not be covered.		
Lighting/ wipers	Windscreen wiper and all lights fully functional including FIA approved Rain light.		
Vehicle recovery	Front and rear towing straps fitted and in good condition. Marked lift beam system access. Easily identifiable removable cage padding section as per regulations.		
Bodywork	Front cover and rear engine cover lock pins in good condition. Car Door hinge pins fitted. Fixing bolts in place.		
Driver aids	1 internal rear view mirror and 2 door mirrors securely fitted. 2 cockpit ventilation pipes. Rear quartlight vent slots clear and open.		
Ballast Weights	Positioned on passenger floor using Porsche approved fixings with cover.		
Battery	Battery located and fixed to passenger footwell and covered		
Race Numbers	Door numbers as per MSUK Regulation. Number shown on windscreen and rear window.		
Driver's apparel	All in accordance with 5.2.5 of the Porsche Carrera Cup GB regulations.		

I declare that the above detailed vehicle and Driver's apparel has been checked against the standard set by Porsche Carrera Cup GB regulations which is compliant with all the relevant Motorsport UK Yearbook references in sections J, K & Q and is in compliance. The presentation of this car to scrutineering will be considered as an implicit declaration of conformity. I understand that if it is found that the Car does not comply that a penalty may be imposed.

Ref (to be filled in by ITV Sport):

Date:

Licence of Material for Private and Personal Use

This is to confirm the agreement between us whereby ITV Sport agrees to provide you with an **MP4 File Download** from each episode of the programme entitled **British Touring Car Championship 2026 (BTCC)** ('the Material') for your use on signature of this letter agreement (the 'Letter Agreement').

Upon and subject to the following additional terms and conditions:

1. Your use of the Material shall be restricted to private and personal or viewing purposes by yourself or your company/organisation, and any Additional Agreed Uses under Condition 7. You hereby undertake not to make any public use or performance of the material whatsoever by any means whether before a paying audience or otherwise.
2. (i) Copyright in the Material shall at all times remain vested in the copyright holder and you undertake not to edit the Material, not to cut, add to, delete from, alter or otherwise tamper with the material in any way, unless granted permission to do so under Condition 7: Additional Agreed Uses.

(ii) You understand and agree that you do not have the right to copy or duplicate the electronic file of the Material (sound or vision), save as permitted under Condition 7: Additional Agreed Uses, and at no time shall the electronic file of the Material be converted onto any other form of reproduction system for any commercial purpose or exploitation.

(iii) The Material supplied to you shall at all times remain the property of the copyright holder and shall be deleted upon any breach of this Letter Agreement.
3. You agree to indemnify us against all actions, proceedings, claims, costs, damages and expenses incurred or suffered by us arising out of any breach or non-observance by you of the conditions of this Letter Agreement.
4. You shall not use the Material for advertising, publicity or any commercial purpose or for recruiting membership of any organisation, unless specified under Condition 7: Additional Agreed Uses.
5. You warrant and undertake that this Letter Agreement shall be personal to you and you shall not assign or transfer in whole or in part to any third party any of the rights granted hereunder.
6. This Letter Agreement is made in England and shall be interpreted in accordance with the laws of England and Wales.
7. Additional Agreed Uses: Any use permitted under Porsche Carrera Cup GB 2026 Sporting Regulation 6.11. For the avoidance of doubt, in the event of conflict, the terms of Regulation 6.11 shall take precedence over the terms of this Letter Agreement.

EXECUTION VERSION

Please confirm your acceptance of and agreement to the above by signing and returning to us one copy of this Letter Agreement.

APPENDIX 18: GLOSSARY OF TERMS

1. In these Regulations, unless the context otherwise requires, the following terms shall have the following meanings:
- "**ASN**" has the meaning given to it in the NCR;
- "**BARC**" means the British Automobile Racing Club;
- "**BARC Digital Noticeboard**" means the digital noticeboard that can be found at www.barc.net;
- "**Broadcast Footage**" means the audio, visual and audio-visual footage produced by a Broadcaster in relation to an Event;
- "**Broadcaster**" means each official broadcaster of a Round as appointed by (or on behalf of) the Organising Club for that Event and/or Porsche;
- "**Broadcaster Camera**" has the meaning given to it in Section 5.23.1(A);
- "**BTCC**" means the British Touring Car Championship, organised and administered by TOCA;
- "**Bulletin**" means a bulletin issued by the Championship Coordinator and/or the Organising Club to all Drivers and Entrants relating either to the Championship and/or a particular Fixture;
- "**Camber Shims**" means the universal term used to cover all other such terms used in PMRSI or other Porsche documents including: securing plate, lintel plate, camber spacer washer, camber plate and plate.
- "**Camera**" has the meaning given to it in Section 5.23.1;
- "**Car**" means the vehicle registered to an Entrant as set out in the relevant Registration Form according to the chassis number for that vehicle to be raced in the Championship and that satisfies the conditions set out in Section 1.11 and "**Cars**" shall be construed accordingly;
- "**Category**" has the meaning given to it in Section 1.7.1;
- "**Category Points**" means, for a Driver, the Professional Points, the Professional Amateur Points or the Masters Points, relevant to that Driver's Category;
- "**Championship**" means the Porsche Carrera Cup Great Britain taking place during 2026 in accordance with these Regulations, including all Fixtures, the End of Season Awards and all other events organised by (or on behalf of) Porsche in relation to a Fixture;
- "**Championship Coordinator**" means a representative of Porsche, the identity of whom is set out in Section 1.3.1 as amended pursuant to Section 1.3.4;
- "**Championship Launch Day**" means the day arranged by Porsche in the weeks prior to the first Event for the purposes of allowing each Driver to test their Car and for Commercial Partners and the media to have access to the Drivers and the Entrants;
- "**Championship Logo**" means the logo identified at Appendix 8 or such other logo or logos as Porsche may advise the Entrants and Drivers from time to time;
- "**Championship Marks**" means the marks, logos and title of the Championship, including the Championship Logo and the logos of any Commercial Partner;
- "**Championship Points**" has the meaning given to it in Section 1.14.8, and "**Championship Point**" shall be construed accordingly;

EXECUTION VERSION

"Championship Regulations" means the regulations herein titled "Championship Regulations", including all Appendices, as may be amended, varied or added to by Porsche from time to time in accordance with Section 1.2.4;

"Championship Steward" means a steward appointed for the Championship in accordance with NCR 5.0.5.3 and **"Championship Stewards"** shall be construed accordingly. The identities of the Championship Stewards are set out in Section 1.3.1 and may be amended pursuant to Section 1.3.4;

"Clerk of the Course" means a representative of BARC, the identity of whom is set out in Section 1.3.1 as amended pursuant to Section 1.3.4;

"Commercial Partner" means any sponsor or other commercial partner of Porsche in relation to the Championship and **"Commercial Partners"** shall be construed accordingly;

"Commercial Regulations" mean the Regulations set out in Section 6;

"Commercial Rights" means all commercial rights in and to the Championship, including:

- (A) the right for entities to advertise their brands, products and services in relation to the Championship, whether at a Track or otherwise by any means;
- (B) all rights relating to the licensing and merchandising of the Championship Marks;
- (C) the right to attend at and to film and/or record and transmit, anywhere in the world, audio and audio-visual signals of Fixtures and other Championship-related content, in whole or in part, whether live or delayed, by all methods of communication to the public by way of electronic transmission (whether analogue or digital or otherwise) now existing or as may be developed in the future, including satellite, cable and terrestrial television and radio, internet, mobile and/or wireless telephony and other technologies (eg, WAP technology, SAS, ADSL, SDL, 3G), interactive technology and fixed media (eg, videos, DVDs, CD-Roms and computer games);
- (D) the right to use words, in connection with the Championship Marks or otherwise, that state or imply approval by or in connection with the Championship or Porsche, such as "Official Sponsor of the Porsche Carrera Cup" or equivalent;
- (E) the right to an association with the Championship by any combination of commercial rights;
- (F) the right to issue and sell admission tickets for Fixtures, either alone or packaged with corporate hospitality and/or travel arrangements;
- (G) the right to exploit commercially any data generated by the Data System installed in each Car in relation to each Fixture, provided to Porsche by each Driver under Section 5.22.2;
- (H) the right to exploit commercially any data generated by the Video Data Logger installed in each Car in relation to each Fixture, provided to Porsche under Section 5.23;
- (I) the right to exploit commercially any personal data collected in relation to any marketing or promotional activities undertaken by (or on behalf of) Porsche in relation to the Championship;
- (J) the right to exploit commercially all results and times of each Driver from each Fixture, including lap times, race times and the leader-board for each Category from time to time;
- (K) the right to exploit commercially the fixture list for each Round; and
- (L) any other rights of any nature whatsoever that are capable of commercial protection and exploitation;

"Competitor Sponsor" has the meaning given to it in Section 6.8.1;

EXECUTION VERSION

"**Confidential Information**" means any information in any medium or format (written, oral, visual or electronic), that relates directly or indirectly to the Championship, that is directly or indirectly disclosed to a Driver or Entrant in the course of the Championship, that:

- (A) is made clear to the recipient Driver or Entrant that it should be treated confidentially; and/or
- (B) should, by its nature, be obvious to the recipient Driver or Entrant that it should be treated confidentially;

"**Contact Sheet**" means the contact details set out in Appendix 13;

"**Court**" has the meaning given to it in Section 2.2.2;

"**Data System**" means the factory-fitted data recording system manufactured by Cosworth and supplied by Porsche to each Driver;

"**Double Header**" means the Events categorised in Section 1.13 as Double Headers;

"**Driver**" means each driver registered to compete in the Championship in accordance with Section 1.4.10 and "**Drivers**" shall be construed accordingly. For the avoidance of doubt: (A) a Driver is a "Competitor" for the purposes of the Motorsport UK General Regulations; and (B) a Guest Driver shall not be a Driver for the purposes of these Regulations;

"**VDL Materials**" has the meaning given to it in Section 5.23.9;

"**Video Data Logger**" means the VBox HD2 video data logger provided by Porsche pursuant to Section 5.23; and

"**Zero Alcohol Level**" has the meaning given to it in Section 3.20.4.

EXECUTION VERSION

2. In these Regulations, unless the context requires otherwise:
 - 2.1 any obligations imposed on an "**Entrant**" in these Regulations include an obligation on that Entrant to procure such obligation is complied with by any employees (direct or indirect), directors, consultants, mechanics, agents or third parties acting on that Entrant's behalf (including that Entrant's Drivers) and any third party attending any Fixture on the invitation of that Entrant, and that Entrant shall be primarily liable for any breach of any of these Regulations by any of the foregoing;
 - 2.2 any obligations imposed on a "**Driver**" in these Regulations include an obligation on that Driver to procure such obligation is complied with by any employees (direct or indirect), consultants, mechanics, agents or third parties acting on that Driver's behalf and any third party attending any Fixture on the invitation of that Driver, and that Driver shall be primarily liable for any breach of any of these Regulations by any of the foregoing;
 - 2.3 use of the singular includes the plural and vice versa and words importing any particular gender shall include all other genders;
 - 2.4 any reference to a "**Section**" is to the relevant section of these Championship Regulations and any reference to an "**Appendix**" is to the relevant appendix to these Championship Regulations;
 - 2.5 any reference to a statute, statutory provision, subordinate legislation, code or guideline ("**legislation**") is a reference to such legislation as amended and in force from time to time and to any legislation that re-enacts or consolidates (with or without modification) any such legislation;
 - 2.6 any reference to a document, agreement, regulation, code or equivalent shall be to that document, agreement, regulation, code or equivalent as amended, varied or restated from time to time;
 - 2.7 any phrase introduced by the terms "**including**", "**include**", "**such as**" "**in particular**" or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding those terms;
 - 2.8 in writing includes by email unless otherwise indicated; and
 - 2.9 the Appendices form part of these Regulations and shall have effect as if set out in full in the body of these Regulations and any reference to these Regulations includes the Appendices.
3. Any notice to be provided to a Driver in writing shall be sent by email to the email address for that Driver set out on that Driver's Registration Form and any notice to be provided to an Entrant in writing shall be sent by email to the email address of the Entrant Manager of that Entrant set out on the relevant Registration Form. Any such email shall be deemed delivered on the date and at the time it is sent.
4. Any references in these Regulations to consent or approval to be given by the Championship Coordinator shall be determined by the Championship Coordinator in their absolute and sole discretion and no decision shall be considered to be setting a precedent for any future decision of the Championship Coordinator.
5. (a) If any provision of these Regulations shall be found by any court or administrative body of competent jurisdiction to be invalid or unenforceable, such invalidity or unenforceability shall not affect the other provisions of these Regulations, which shall remain in full force and effect. (b) If any provision of these Regulations is so found to be invalid or unenforceable but would be valid or enforceable if some part of the provision were deleted, the provision in question shall apply with such deletion(s) as may be necessary to make it valid. (c) In the circumstances referred to in paragraph (a) and if paragraph (b) does not apply, Porsche shall attempt in good faith to substitute for any invalid or unenforceable provision a valid or enforceable provision that achieves to the greatest extent possible the same effect as would have been achieved by the invalid or unenforceable provision.
