RACE START PROCEDURE

The race start procedure is as follows:

- 1.. When all cars return to the grid after the Green Signal/Flag no "5 second" board will be displayed.
2. A pair of Red Lights will be illuminated indicating the Grid is complete.
3. Subsequently another four pairs of lights will then be illuminated at one second intervals.
4. Between 0.3 and 3 seconds after the fifth pair of lights come on, all five pairs of lights will go out to signal the start of the race.
5. If it is necessary to abort the start, the red lights will stop and flashing amber lights will also be illuminated.
Competitors should then follow the driver briefing instructions and any further direction from the Grid Marshals.
